akechi persona 5 royal confidant: Hirohito: The Shōwa Emperor in War and Peace Ikuhiko Hata, 2007-07-12 This is a most important new work on Emperor Hirohito by one of Japan's leading historians, Ikuhiko Hata. Following the untimely death of Marius B. Jansen (Emeritus Professor, University of Princeton) in December 2000, who had been actively collaborating with the author and translator of the original Japanese edition (*Hirohito Tenno itsutsu no ketsudan*, first published in 1987 and republished in 1994), it was inevitable that there would be a delay in publication of the English edition, which is finally now available. In his extended Foreword as editor, referring to the nature of Hirohito's power, Jansen states: 'We are left with puzzles that will probably never be resolved. Clearly, as Professor Hata and others have shown, the Emperor Hirohito had immense power, but the condition of retaining it was judicious restraint in exercising it.' In offering a view on the merits of Hata's research, Jansen points to the hitherto unknown plots (in parallel but unrelated) by both the Army and Navy to preserve, and if necessary resuscitate, the imperial line in the event the victors decided to depose Hirohito. Jansen also points to the merits of Hata's particular focus on the contribution Hirohito made to Japan in its post-war relations with the United States. Jansen added substantive notes to help place the author's material in historical and historiographical perspective. The book, which is not a biography or a general history of the Showa era, focuses on five decisions taken by Emperor Hirohito, which the author considers the key turning points of his reign: these concern the 26 February 1936 insurrection of young army officers, the termination of the Pacific War, the post-war constitution, the issue of abdication and the San Francisco Peace Treaty.

akechi persona 5 royal confidant: The Masque of the Red Death Edgar Allan Poe, 2020-08-01 The Masque of the Red Death, originally published as The Mask of the Red Death: A Fantasy, is an 1842 short story by American writer Edgar Allan Poe. The story follows Prince Prospero's attempts to avoid a dangerous plague, known as the Red Death, by hiding in his abbey. He, along with many other wealthy nobles, hosts a masquerade ball within seven rooms of the abbey, each decorated with a different color. In the midst of their revelry, a mysterious figure disguised as a Red Death victim

enters and makes his way through each of the rooms. Prospero dies after confronting this stranger, whose costume proves to contain nothing tangible inside it; the guests also die in turn. Poe's story follows many traditions of Gothic fiction and is often analyzed as an allegory about the inevitability of death, though some critics advise against an allegorical reading. Many different interpretations have been presented, as well as attempts to identify the true nature of the titular disease. The story was first published in May 1842 in *Graham's Magazine* and has since been adapted in many different forms, including a 1964 film starring Vincent Price.

akechi persona 5 royal confidant: The Individual, Society and the State Emma Goldman, 2014-12-11 *The Individual, Society and the State* is an essay by Emma Goldman. Emma Goldman (June 27 1869 - May 14, 1940) was an anarchist known for her political activism, writing, and speeches. She played a pivotal role in the development of anarchist political philosophy in North America and Europe in the first half of the 20th century. Born in Kovno in the Russian Empire (present-day Kaunas, Lithuania), Goldman emigrated to the U.S. in 1885 and lived in New York City, where she joined the burgeoning anarchist movement in 1889. Attracted to anarchism after the Haymarket affair, Goldman became a writer and a renowned lecturer on anarchist philosophy, women's rights, and social issues, attracting crowds of thousands. She and anarchist writer Alexander Berkman, her lover and lifelong friend, planned to assassinate industrialist and financier Henry Clay Frick as an act of propaganda of the deed. Although Frick survived the attempt on his life, Berkman was sentenced to 22 years in prison. Goldman was imprisoned several times in the years that followed, for inciting to riot and illegally distributing information about birth control. In 1906, Goldman founded the anarchist journal *Mother Earth*. In 1917, Goldman and Berkman were sentenced to two years in jail for conspiring to induce persons not to register for the newly instated draft. After their release from prison, they were arrested—along with hundreds of others—and deported to Russia. Initially supportive of that country's Bolshevik revolution, Goldman reversed her opinion in the wake of the Kronstadt rebellion and denounced the Soviet Union for its violent repression of independent voices. In 1923, she published a book about her experiences, *My Disillusionment in Russia*. While living in England, Canada, and France, she wrote an autobiography called *Living My Life*. After the outbreak of the Spanish Civil War, she traveled to Spain to support the anarchist revolution there. She died in Toronto on May 14, 1940, aged 70. During her life, Goldman was lionized as a free-thinking rebel woman by admirers, and denounced by critics as an advocate of politically motivated murder and violent revolution. Her writing and lectures spanned a wide variety of issues, including prisons, atheism, freedom of speech, militarism, capitalism, marriage, free love, and homosexuality. Although she distanced herself from first-wave feminism and its efforts toward women's suffrage, she developed new ways of incorporating gender politics into anarchism. After decades of obscurity, Goldman's iconic status was revived in the 1970s, when feminist and anarchist scholars rekindled popular interest in her life.

akechi persona 5 royal confidant: The Music Thief Peni R. Griffin, 2015-08-04 In a harsh and noisy time, a young girl's key to her dreams -- music -- may be closer than she thinks. There was a new song playing in the back of Alma's head. An angry song, for Jovita and her killer, and Eddie, and everybody whose family did things that everybody had to live with. She could feel it, thumping in her brain, but couldn't hear it well enough to even hum it. Not in this house. She needed quiet, and a guitar. She needed Mrs. B's house. Alma misses many things. She misses her grandmother; her big brother Eddie back when he didn't deal drugs; the freedom she had before her baby niece Silvita was born; and now, worst of all, she misses Jovita, the singer she idolized who was recently killed in a drive-by shooting. Just when things seem hopeless, Alma discovers the cat door in her neighbor's often-empty home, and an unintended window opens into a better world, full of music. And what could be the harm in Alma's stealing (borrowing, really) a little peace and quiet, maybe even a ticket to her future? Peni R. Griffin has created a character at once bitter and optimistic. She has succeeded, even more impressively, in making the dark world surrounding Alma shine with small -- but life-changing -- possibility.
