The bulk of this genealogy covers those, while other Sayre families whose ancestral links were not discovered are also included. The three generations of ancestors above each family block makes tracing easier.

how did cassie newman die: The Ice Hunters Shannon Ryan, 1994 The demand for oil to light and lubricate the industrial world changed the face of much of the planet. Newfoundland was part of this widespread transformation as migratory cod fishermen settled here in the early 1800s in order to hunt seals in late winter and early spring. The seal fishery brought prosperity and growth and shaped this new society, but seal hunters and their families paid a heavy human cost in lives lost and suffering experienced. The traditional oil industries were doomed with the discovery of mineral oils and the harnessing of electricity, and Newfoundland-along with other societies-faced painful adjustments while searching for alternative industries. However while its place in the economy declined, the seal fishery left an indelible imprint on Newfoundland's culture and identity. This study, with its tables, maps and illustrations, examines the history of the Newfoundland seal fishery from its origins up to 1914, ranging in scope from the life of the hunter on the ice flows to the demands of the consumer in the market place. Shannon Ryan was born in Riverhead, Harbor Grace, Newfoundland, and educated at Memorial University of Newfoundland (BA Ed, BA, and MA) and the University of London (PH). He worked for nine years as a schoolteacher and principal and in 1971 he was appointed to the faculty of History. His publications and presentations are in the fields of Newfoundland, Maritime, fisheries and oral history. He served as president of the Newfoundland

Historical society during 1984-1988, as Newfoundland's representative on the Social sciences and humanities research council of Canada during 1989-1993 and was elected a fellow of the Royal society in 1988.

how did cassie newman die: Memorials to Shattered Myths Harriet Senie, 2016 Memorials to Shattered Myths: Vietnam to 9/11 traces the evolution and consequences of a new hybrid paradigm, which grants a heroic status to victims of national tragedies, and by extension to their families, thereby creating a class of privileged participants in the permanent memorial process. Harriet F. Senie suggests that instead the victims' families be able to determine the nature of an interim memorial, one that addresses their needs in the critical time between the murder of their loved ones and the completion of the permanent memorial. She also observes that the memorials discussed herein are inadvertently based on strategies of diversion and denial that direct our attention away from actual events, and reframe tragedy as secular or religious triumph. In doing so, they camouflage history, and seen as an aggregate, they define a nation of victims, exactly the concept they and their accompanying celebratory narratives were apparently created to obscure.

how did cassie newman die: Poetic Memory Uta Gosmann, 2012 How do poems remember? What kinds of memory do poems register that factual, chronological accounts of the past are oblivious to? What is the self created by such practices of memory? To answer these questions, Uta Gosmann introduces a general theory of poetic memory, a manner of thinking that eschews simple-minded notions of linearity and accuracy in order to uncover the human subject's intricate relationship to a past that it cannot fully know. Gosmann explores poetic memory in the work of Sylvia Plath, Susan Howe, Ellen Hinsey, and Louise Glück, four American poets writing in a wide range of styles and discussed here for the first time together. Drawing on psychoanalysis, memory studies, and thinkers from Nietzsche and Benjamin to Halbwachs and Kristeva, Gosmann uses these

demanding poets to articulate an alternative, non-empirical model of the self in poetry.

how did cassie newman die: The Essential Richard Outram Richard Outram, 2014-05-14
Richard Outram, long celebrated as a poet's poet, has increasingly found an audience among poets and layreaders alike. As much at home with the physical as with the metaphysical, he is by turns bawdy and decorous, sensual and ascetic. He is a virtuoso ventriloquist, speaking now as a reluctant sailor, now as a heartbroken prophetess, now as 'a bloody great Indian elephant'; he even speaks, occasionally - a rarer feat, this, than is commonly acknowledged - as himself. The Essential Richard Outram is an affordable, pocket-sized selection that will introduce readers to a variety of Outram's registers and personae. When Outram died in 2005, he left behind him more than twenty books of poetry, many of these privately published with his wife, the painter and wood engraver Barbara Howard. The poems in these privately-published books, alongside the deeply personal lyrics that Outram chose not to publish in his lifetime, comprise a little-read oeuvre of great importance. Collecting a selection of these rarities alongside highlights from Outram's trade-publications, The Essential Outram provides a fuller sense of the arc of this poet's career than has yet been made accessible in book form. Since its inaugural year of 2007, the Porcupine's Quill's acclaimed Essential Poets series has celebrated Canadian poets and presented their work in an accessibly succinct and beautiful package -- sixty-four pages to introduce, reacquaint, provoke and enchant. The Essential Richard Outram is the seventh volume of the series.
