hotel congress tucson haunted: **Complexity** M. Mitchell Waldrop, 2019-10-01 "If you liked Chaos, you'll love Complexity. Waldrop creates the most exciting intellectual adventure story of the year" (The Washington Post). In a rarified world of scientific research, a revolution has been brewing. Its activists are not anarchists, but rather Nobel Laureates in physics and economics and pony-tailed graduates, mathematicians, and computer scientists from all over the world. They have formed an iconoclastic think-tank and their radical idea is to create a new science: complexity. They want to know how a primordial soup of simple molecules managed to turn itself into the first living cell—and what the origin of life some four billion years ago can tell us about the process of technological innovation today. This book is their story—the story of how they have tried to forge what they like to call the science of the twenty-first century. "Lucidly shows physicists, biologists, computer scientists and economists swapping metaphors and reveling in the sense that epochal discoveries are just around the corner . . . [Waldrop] has a special talent for relaying the exhilaration of moments of intellectual insight." —The New York Times Book Review "Where I enjoyed the book was when it dove into the actual question of complexity, talking about complex systems in economics, biology, genetics, computer modeling, and so on. Snippets of rare beauty here and there almost took your breath away." —Medium "[Waldrop] provides a good grounding of what may indeed be the first flowering of a new science." —Publishers Weekly

hotel congress tucson haunted: *United States of Socialism* Dinesh D'Souza, 2020-06-02 The New York Times, USA Today, Publishers Weekly, and Wall Street Journal Bestseller For those who witnessed the global collapse of socialism, its resurrection in the twenty-first century comes as a surprise, even a shock. How can socialism work now when it has never worked before? In this pathbreaking book, bestselling author Dinesh D'Souza argues that the socialism advanced today by the likes of Alexandria Ocasio-Cortez, Bernie Sanders, Ilhan Omar and Elizabeth Warren is very different from the socialism of Lenin, Mao and Castro. It is "identity socialism," a marriage between classic socialism and identity politics. Today's socialists claim to model themselves not on Mao's Great Leap Forward or even Venezuelan socialism but rather on the "socialism that works" in Scandinavian countries like Norway and Sweden. This is the new face of socialism that D'Souza confronts and decisively refutes with his trademark incisiveness, wit and originality. He shows how socialism abandoned the working class and found new recruits by drawing on the resentments of race, gender and sexual orientation. He reveals how it uses the Venezuelan, not the Scandinavian, formula. D'Souza chillingly documents the full range of lawless, gangster, and authoritarian tendencies that they have adopted. *United States of Socialism* is an informative, provocative and thrilling exposé not merely of the ideas but also the tactics of the socialist Left. In making the moral

case for entrepreneurs and the free market, the author portrays President Trump as the exemplar of capitalism and also the most effective political leader of the battle against socialism. He shows how we can help Trump defeat the socialist menace.

hotel congress tucson haunted: *The Dillinger Days* John Toland, 1995-03-22 For thirteen violent months in the 1930s, John Dillinger and his gang swept through the Midwest. The criminals of the Depression robbed almost at will (the Indiana State Police had only 41 members, including clerks and typists). Dillinger's daring escapes-single-handed at Crown Point jail or through the withering machine gun fire of FBI agents at Little Bohemia Lodge-and his countless bank robberies excited the imagination of a despondent country. He eluded the lawmen of a half-dozen states and the growing power of the FBI, earning him the dubious honor of Public Enemy Number One and captivating Americans to the present day. His brief but significant career is vividly chronicled here in extraordinary detail, as is the entire outlaw era of Baby Face Nelson, Bonnie and Clyde, Ma Barker, and Machine Gun Kelly. The author conducted hundreds of interviews; his research took him through thirty-four states, into the cells where Dillinger was confined, and into every bank he robbed. *The Dillinger Days* is the inside account of a desperate and determined war between the law and the lawless, a struggle that did not end until a unique set of circumstances led to Dillinger's bloody death outside a Chicago movie house.

hotel congress tucson haunted: *Into the Wild* Jon Krakauer, 2009-09-22 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. It may be nonfiction, but *Into the Wild* is a mystery of the highest order. —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

hotel congress tucson haunted: *Each Wild Idea* Geoffrey Batchen, 2002-02-22 Essays on photography and the medium's history and evolving identity. In *Each Wild Idea*, Geoffrey Batchen explores a wide range of photographic subjects, from the timing of the medium's invention to the various implications of cyberculture. Along the way, he reflects on contemporary art photography, the role of the vernacular in photography's history, and the Australianess of Australian

photography. The essays all focus on a consideration of specific photographs—from a humble combination of baby photos and bronzed booties to a masterwork by Alfred Stieglitz. Although Batchen views each photograph within the context of broader social and political forces, he also engages its own distinctive formal attributes. In short, he sees photography as something that is simultaneously material and cultural. In an effort to evoke the lived experience of history, he frequently relies on sheer description as the mode of analysis, insisting that we look right at—rather than beyond—the photograph being discussed. A constant theme throughout the book is the question of photography's past, present, and future identity.

To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

hotel congress tucson haunted: Slow Violence and the Environmentalism of the Poor Rob Nixon, 2011-06-01 "Groundbreaking in its call to reconsider our approach to the slow rhythm of time in the very concrete realms of environmental health and social justice." —Wold Literature Today The violence wrought by climate change, toxic drift, deforestation, oil spills, and the environmental aftermath of war takes place gradually and often invisibly. Using the innovative concept of slow violence to describe these threats, Rob Nixon focuses on the inattention we have paid to the attritional lethality of many environmental crises, in contrast with the sensational, spectacle-driven messaging that impels public activism today. Slow violence, because it is so readily ignored by a hard-charging capitalism, exacerbates the vulnerability of ecosystems and of people who are poor, disempowered, and often involuntarily displaced, while fueling social conflicts that arise from desperation as life-sustaining conditions erode. In a book of extraordinary scope, Nixon examines a cluster of writer-activists affiliated with the environmentalism of the poor in the global South. By approaching environmental justice literature from this transnational perspective, he exposes the limitations of the national and local frames that dominate environmental writing. And by skillfully illuminating the strategies these writer-activists deploy to give dramatic visibility to environmental emergencies, Nixon invites his readers to engage with some of the most pressing challenges of our time.

hotel congress tucson haunted: I hope you are all happy now Nicholas Zinner, 2014-06-10 Nick Zinner may be a man of few words, but who needs to talk when you can say so much with the click of a shutter button? The rock press has been striving for more than thirty years to show what

life is like for a band on the road. In his own quiet way, by snapping a shot of every crowd the Yeah Yeah Yeahs have played for, every hotel room they've left in disarray, and every moment of consequence they've had together, Zinner makes hacks of us all and brings us behind the music for real. -- Jenny Eliscu, Rolling Stone In four years the Yeah Yeah Yeahs went from underground sensation to internationally acclaimed rock band. Through the lens of his camera, lead guitarist Nicholas Zinner documented the group's meteoric rise to fame. From the Grammys to the concerts, Nick captured the glamour, debauchery and road-weary tedium of his world. I hope you are all happy now gives readers a never-before-seen look at rock 'n' roll. This collection includes essays by Jim Jarmusch, director of Coffee and Cigarettes, and comedian David Cross.

hotel congress tucson haunted: My Antonia Willa Cather, 2024-01-02 A haunting tribute to the heroic pioneers who shaped the American Midwest This powerful novel by Willa Cather is considered to be one of her finest works and placed Cather in the forefront of women novelists. It tells the stories of several immigrant families who start new lives in America in rural Nebraska. This powerful tribute to the quiet heroism of those whose struggles and triumphs shaped the American Midwest highlights the role of women pioneers, in particular. Written in the style of a memoir penned by Antonia's tutor and friend, the book depicts one of the most memorable heroines in American literature, the spirited eldest daughter of a Czech immigrant family, whose calm, quite strength and robust spirit helped her survive the hardships and loneliness of life on the Nebraska prairie. The two form an enduring bond and through his chronicle, we watch Antonia shape the land while dealing with poverty, treachery, and tragedy. "No romantic novel ever written in America...is one half so beautiful as My Antonia." -H. L. Mencken Willa Cather (1873-1947) was an American writer best known for her novels of the Plains and for *One of Ours*, a novel set in World War I, for which she was awarded the Pulitzer Prize in 1923. She was elected a fellow of the American Academy of Arts and Sciences in 1943 and received the gold medal for fiction from the National Institute of Arts and Letters in 1944, an award given once a decade for an author's total accomplishments. By the time of her death she had written twelve novels, five books of short stories, and a collection of poetry.

hotel congress tucson haunted: Heritage, Tourism, and Race Antoinette T Jackson, 2020-03-25 Heritage, Tourism, and Race views heritage and leisure tourism in the Americas through the lens of race, and is especially concerned with redressing gaps in recognizing and critically accounting for African Americans as an underrepresented community in leisure. Fostering critical public discussions about heritage, travel, tourism, leisure, and race, Jackson addresses the underrepresentation of African American leisure experiences and links Black experiences in this area to discussions of race, place, spatial imaginaries, and issues of segregation and social control explored in the fields of geography, architecture, and the law. Most importantly, the book emphasizes the importance of shifting public dialogue from a singular focus on those groups who are disadvantaged within a system of racial hierarchy, to those actors and institutions exerting power over racialized others through practices of exclusion. Heritage, Tourism, and Race will be invaluable reading for academics and students engaged in the study of museums, as well as architecture, anthropology, public history, and a range of other disciplines. It will also be of interest to museum and heritage professionals and those studying the construction and control of space and how this affects and reveals the narratives of marginalized communities.
