**islam makhachev dad: Enemies Within** Matt Apuzzo, Adam Goldman, 2014-09-16 Two Pulitzer Prize-winning journalists take an unbridled look into one of the most sensitive post-9/11 national security investigations—a breathtaking race to stop a second devastating terrorist attack on American soil. In *Enemies Within*, Matt Apuzzo and Adam Goldman "reveal how New York really works" (James Risen, author of *State of War*) and lay bare the complex and often contradictory state of counterterrorism and intelligence in America through the pursuit of Najibullah Zazi, a terrorist bomber who trained under one of bin Laden's most trusted deputies. Zazi and his co-conspirators represented America's greatest fear: a terrorist cell operating inside America. This real-life spy story—uncovered in previously unpublished secret NYPD documents and interviews with intelligence sources—shows that while many of our counterterrorism programs are more invasive than ever, they are often counterproductive at best. After 9/11, New York Police Commissioner Ray Kelly initiated an audacious plan for the Big Apple: dispatch a vast network of plainclothes officers and paid informants—called "rakers" and "mosque crawlers"—into Muslim neighborhoods to infiltrate religious communities and eavesdrop on college campuses. Police amassed data on innocent people, often for their religious and political beliefs. But when it mattered most, these strategies failed to identify the most imminent threats. In *Enemies Within*, Appuzo and Goldman tackle the tough questions about the measures that we take to protect ourselves from real and perceived threats. They take you inside America's sprawling counterterrorism machine while it operates at full throttle.

They reveal what works, what doesn't, and what Americans have unknowingly given up. "Did the Snowden leaks trouble you? You ain't seen nothing yet" (Dan Bigman, Forbes editor).

**islam makhachev dad: Economic Aid and American Policy toward Egypt, 1955-1981** William J. Burns, 1985-06-30 Gamal Abdel Nasser's 1955 decision to barter Egyptian cotton for Soviet bloc weaponry thrust Egypt onto center stage in the Cold War in the Middle East. What Egypt needed most, and what the United States was uniquely equipped to provide, was economic aid. For the Egyptian government--eager to take rapid strides toward economic development but crippled by a burgeoning population, a paucity of arable land, and a meager reserve of foreign exchange--American economic aid promised to serve as an enormously important crutch. For American policymakers, economic assistance appeared to be an ideal means of developing American influence in Egypt. Few aid relationships in the last three decades can match the drama and significance of the U.S.-Egyptian experience. This study shows how the American government attempted to use its economic aid program to induce or coerce Egypt to support U.S. interests in the Middle East in the quarter century following the 1955 Czech-Egyptian arms agreement. William J. Burns has analyzed recently released government documents and interviews with former policymakers to throw light on the use of aid as a tool of American policy toward the Nasser regime. He also offers valuable observations on the role of the American economic assistance program in the Sadat era.

**islam makhachev dad: Russia's Own Orient** Vera Tolz, 2011-02-10 Russia's own Orient examines how intellectuals in early twentieth-century Russia offered a new and radical critique of the ways in which Oriental cultures were understood at the time. Out of the ferment of revolution and war, a group of scholars in St. Petersburg articulated fresh ideas about the relationship between power and knowledge, and about Europe and Asia as mere political and cultural constructs. Their ideas anticipated the work of Edward Said and post-colonial scholarship by half a century. The similarities between the two groups were, in fact, genealogical. Said was indebted, via Arab intellectuals of the 1960s who studied in the Soviet Union, to the revisionist ideas of Russian Orientologists of the fin de siècle. But why did this body of Russian scholarship of the early twentieth century turn out to be so innovative? Should we agree with a popular claim of the Russian elites about their country's particular affinity with the 'Orient'? There is no single answer to this question. The early twentieth century was a period when all over Europe a fascination with things 'Oriental' engendered the questioning of many nineteenth-century assumptions and prejudices. In that sense, the revisionism of Russian Orientologists was part of a pan-European trend. And yet, Tolz also argues that a set of political, social, and cultural factors, which were specific to Russia, allowed its imperial scholars to engage in an unusual dialogue with representatives of the empire's non-European minorities. It is together that they were able to articulate a powerful long-lasting critique of modern imperialism and colonialism, and to shape ethnic politics in Russia across the divide of the 1917 revolutions.

Raised in Trinidad Tobago, Carol's experience with cycles of Emotional pain and struggles started in her childhood. It was not until she migrated to the United States that she understood what Emotional and Psychological abuse was all about. Most

victims of abuse are not aware that they are being abused or subjected to unfair treatment from trusted family members and friends. Carol shares deeply her story and takes us behind the scenes to witnessing firsthand her lived experiences through the pain and the silence of her struggle that kept her tightlipped and in agony. In this book, she narrates the events deeply and intimately. While to the outside world, she's known as a mother to a musical Icon and a Hip hop SUPERSTAR Nicki Minaj, Carol shares what it feels like to be celebrated, respected and loved while experiencing abuse and its aftermath in the silence of your soul. She takes you on a journey from her childhood to the present. And while there are many occasions and situations she celebrates, there is also the struggle to heal and redeem what's been left of her from abuse. On this journey of Leaving My Pain, Carol decided to help women across the globe who share the common fabric of having experienced abuse, recover and heal. She has developed tools that helps victims of abuse, share, discover and regain their identity, strength, and safety to living healthy lives. **islam makhachev dad: The Burhān** Mohammed Hijab, 2021-12-15 In The Burhān Mohammad Hijab analyses Ibn Sīnā's argument for the existence of God. Regards as being most invulnerable to any type of counterattack, Ibn Sīnā's Burhān argument postulates that a world with only contingent existences is inconceivable, as a contingent existence cannot cause itself. Ibn Sīnā argues that the only way to explain the existence of anything is to postulate the existence of auncaused necessary being, or a wājib al-wujūd ('necessary existence'). However, despite its impact, the Burhān has not been packaged for apologetic use for a modern audience. Hijab's novel contribution to the discourse surrounding God's existence is found in his re-articulation of this argument for theists attempting to make the case for religion to atheist audiences. Using the Burhān as his guide, Hijab provides his own proofs for the necessary existence of God and answers some of the most prominent objections. Hijab applies the arguments for a necessary being by referring to potential pastoral and apologetic settings using two fictitious characters, Richard and Betty.

**islam makhachev dad: Because It's Saturday** Gavin Bell, 2020-08-10 Because it's Saturday is a compelling portrait of life in the professional grass roots of football, far from the glitz and glamour of Premier League superstars. Why does anyone travel from Grimsby to Accrington on a wet Tuesday night in November to watch players battling on a muddy pitch with more gusto than grace? How do teams survive in half-empty stadia, and how does a Cotswolds village side owned by an ex-hippy challenge the likes of Luton for promotion? Award-winning writer Gavin Bell spoke to the owners, managers, players and supporters of eight lower-league sides, over the course of a season, to discover the fierce passions and loyalties that sustain clubs unlikely to win anything other than the devotion of their fans. Going beyond the fields of dreams, Bell explores the communities for whom these clubs are more than football teams. From gritty northern towns blighted by post-industrial decline, to ivory towers of academia and a seaside resort riven by a fans' civil war - it's a rollercoaster ride of a season.

**islam makhachev dad: Bar Brawler** David Abbott, 2012-06-20 Walter Foxx, Happening Beach, California's most feared bar brawler, works at Sea Lion Beach Liquor at night, attends Wong Beach State College in the day, and dishes out street justice in his spare time to the scumbags, posers, wannabes, and bullies of the world who violate his personal code of honor. Driving a 1987 Chevy Sprint with his faithful pit bull Adolf riding shotgun, Walter and his twisted crew of Poppa Chulo, Rolando, Big Cal, and Gonzo hold court at the Dead Grunion bar where they take on all comers. When Walter sees a man beating his girlfriend one night and steps in to assist her, he gets punched for his trouble and makes the perp pay. The man has friends in high places, though, and Walter soon finds himself facing felony assault charges that his 600 pound bench-press-fueled fighting skills alone can't beat. As he battles liars on the stand and his own hapless attorney John Wittless in a desperate bid to clear his name and avoid prison, Walter struggles to understand what his life means and what his future holds. Author David Tank Abbott, the Huntington Beach Bad Boy and the world's most famous brawler, had over 200 street fights before bursting onto the MMA scene in 1995 when he shocked the world by defeating larger opponents with crushing ferocity inside the cage to become a household name. He later went on to star in the most watched Friends episode of all time before becoming a fixture at Ted Turner's World Championship Wrestling where he quickly became one of its most recognizable and popular personalities. He later returned to the cage with his trademark intensity, leaving an indelible and enduring legacy. This seminal three-novel work chronicles the adventures of fictional character Walter Foxx, who is at the crossroads of his life and who navigates the harsh worlds of bar brawling and street fighting with the goal of living his dream and following his passion and someday becoming a no-holds-barred fighter. Written from the ultimate insider's perspective, Tank Abbott takes readers from the parking lot to the cage with a realism and honesty about mixed martial arts never before told or exposed – until now!
