**johnkassnews: The Survivability of Catholic Schools** Michael P. Caruso, 2022-11-28 Catholic elementary and secondary schools in the United States are known for their academic excellence, safety, discipline, good communication, and a Christ-centered focus that permeates the school culture. However, there many unseen challenges to maintain these hard-won benchmarks that school leaders face daily. Ever escalating costs and limited funding streams, rising expectations of families, divisive culture battles, conflicting and sometimes mutually exclusive views of Church teachings and beliefs chipping away at the core mission, a growing and hostile secularism all contribute to some of the challenges confronting this largest private school system. *The Survivability of Catholic Schools: Vigor, Anemia, and a Diffident Flock* guides readers through some of the undetected trials and joys of keeping Catholic schools faithful to their mission by candidly acknowledging some of the headaches while encouraging parents, alumni, and stakeholders to reinvigorate this pearl of great price.

**johnkassnews: What Next, Chicago?** Matt Rosenberg, 2021-09-14 Our nation's big cities are broken. Urban progressive government badly undermines those it claims to lift up. Matt Rosenberg lived in Chicago for thirty years, and came back to live there again amidst the turmoil of 2020. *What Next, Chicago? Notes of a Pissed-Off Native Son* exposes the roots of Chicago's violent crime, failing courts and schools, rotten finances, and ongoing Black exodus, and proposes a rescue plan for this emblematic American city. "What has happened to Chicago? That's Matt Rosenberg's question, and mine as well. His loving tribute to our hometown is a moving, sensitive, humane, and trenchant critical assessment. Read it and weep." —Glenn C. Loury, Professor of the Social Sciences at Brown University, and author of *One By One from the Inside Out: Essays and Reviews on Race and Responsibility in America* "Matt Rosenberg writes about the Chicago Way in the Chicago Style of a Mike Royko.... It's a coherent, honest, and balanced tour of the city's perpetual corruption, unsafe streets, gawd-awful schools, ghost neighborhoods, financial legerdemain, and the false Unified Theory of Systemic Racism that cloaks it all. Yet, *What Next, Chicago?* is no helpless, hopeless wail, but a powerful and useful roadmap for a rebirth of a once-great city, based on the voices of Black families and others who don't need academia to know what to do. Must reading for Chicago lovers." —Dennis Byrne, former Chicago Sun-Times editorial board member

**johnkassnews: The House That Madigan Built** Ray Long, 2022-03-03 Michael Madigan rose from the Chicago machine to hold unprecedented power as Speaker of the Illinois House of Representatives. In his thirty-six years wielding the gavel, Madigan outlasted governors, passed or blocked legislation at will, and outmaneuvered virtually every attempt to limit his reach. Veteran reporter Ray Long draws on four decades of observing state government to provide the definitive political analysis of Michael Madigan. Secretive, intimidating, shrewd, power-hungry--Madigan mesmerized his admirers and often left his opponents too beaten down to oppose him. Long vividly recreates the battles that defined the Madigan era, from stunning James Thompson with a lightning-strike tax increase, to pressing for a pension overhaul that ultimately failed in the courts, to steering the House toward the Rod Blagojevich impeachment. Long also shines a light on the machinery that kept the Speaker in power. Head of a patronage army, Madigan ruthlessly used his influence and fundraising prowess to reward loyalists and aid his daughter's electoral fortunes. At the same time, he reshaped bills to guarantee he and his Democratic troops shared in the partisan spoils of his legislative victories. Yet Madigan's position as the state's seemingly invulnerable power broker could not survive scandals among his close associates and the widespread belief that his time as Speaker had finally reached its end. Unsparing and authoritative, *The House That Madigan Built* is the page-turning account of one the most powerful politicians in Illinois history.

**johnkassnews: *Rigged*** Mollie Hemingway, 2021-10-12 FROM THE AUTHOR OF THE #1 NATIONAL BESTSELLER *JUSTICE ON TRIAL* Stunned by the turbulence of the 2020 election,

millions of Americans are asking the forbidden question: what really happened? It was a devastating triple punch. Capping their four-year campaign to destroy the Trump presidency, the media portrayed a Democratic victory as necessary and inevitable. Big Tech, wielding unprecedented powers, vaporized dissent and erased damning reports about the Biden family's corruption. And Democratic operatives, exploiting a public health crisis, shamelessly manipulated the voting process itself. Silenced and subjected, the American people lost their faith in the system. **RIGGED** is the definitive account of the 2020 election. Based on Mollie Hemingway's exclusive interviews with campaign officials, reporters, Supreme Court justices, and President Trump himself, it exposes the fraud and cynicism behind the Democrats' historic power-grab. Rewriting history is a specialty of the radical left, now in control of America's political and cultural heights. But they will have to contend with the determination, insight, and eloquence of Mollie Hemingway. **RIGGED** is a reminder for weary patriots that truth is still the most powerful weapon. The stakes for our democracy have never been higher.

**johnkassnews: *Arabs of Chicagoland*** Ray Hanania, 2005 Explores the integral role played by both Christian and Muslim Arab Americans in the growth of Chicago.

**johnkassnews: *Handing Down the Faith*** Christian Smith, Amy Adamczyk, 2020-07-02 A new examination of how and why American religious parents seek to pass on religion to their children. The most important influence shaping the religious and spiritual lives of children, youth, and teenagers is their parents. A myriad of studies show that the parents of American youth play the leading role in shaping the character of their religious and spiritual lives, even well after they leave home and often for the rest of their lives. We know a lot about the importance of parents in faith transmission. However we know much less about the actual beliefs, feelings, and activities of the parents themselves, what Christian Smith and Amy Adamczyk call the intergenerational transmission of religious faith and practice. To address that gap, this book reports the findings of a new national study of religious parents in the United States. The findings and conclusions in *Handing Down the Faith* are based on 215 in-depth, personal interviews with religious parents from many traditions and different parts of the country, and sophisticated analyses of two nationally representative surveys of American parents about their religious parenting. *Handing Down the Faith* explores the background beliefs informing how and why religious parents seek to pass on religion to their children; examines how parenting styles interact with parent religiousness to shape effective religious transmission; shows how parents have been influenced by their experiences as children influenced by their own parents; reveals how religious parents view their congregations and what they most seek out in a local church, synagogue, temple, or mosque; explores the experiences and outlooks of immigrant parents including Latino Catholics, East Asian Buddhists, South Asian Muslims, and Indian Hindus. Smith and Adamczyk step back to consider how American religion has transformed over the last 100 years and to explain why parents today shoulder such a huge responsibility in transmitting religious faith and practice to their children. The book is rich in empirical evidence and unique in many of the topics it explores and explains, providing a variety of sometimes counterintuitive findings that will interest scholars of religion, social scientists interested in the family, parenting, and socialization; clergy and religious educators and leaders; and religious parents themselves.

**johnkassnews: *The Children of the Sea*** Joseph Conrad, 2021-10-12 *The Children of the Sea* (1897) is a novella by Joseph Conrad. The story originally appeared with a title featuring a racial slur, a subject of controversy even before Chinua Achebe published his monumental essay "An Image of Africa: Racism in Conrad's 'Heart of Darkness.'" Often considered the first major work of Conrad's career, *The Children of the Sea* is often read as an allegory on the dangers of individualism and the moral shortcomings of modern humanity. The novella is also notable for its preface, in which Conrad provides a brief-yet-stirring manifesto on the art of literature: "A work that aspires, however humbly, to the condition of art should carry its justification in every line." On board the *Narcissus*, a merchant ship bound from Bombay to London, a West Indian man by the name of James Wait lies below deck suffering from tuberculosis. Because of the sudden onset of his illness, some of the

sailors believe he is faking his condition in order to avoid work. When the ship capsizes in a storm near the Cape of Good Hope, a group of brave men goes below deck to rescue Wait from near-certain death. As the weather improves enough for the *Narcissus* to be righted, suspicion regarding the Afro-Caribbean man's health threatens a mutiny among the crew. With a beautifully designed cover and professionally typeset manuscript, this edition of Joseph Conrad's *The Children of the Sea* is a classic work of British literature reimagined for modern readers.

**johnkassnews:** Our Broken Elections John Fund, Hans von Spakovsky, 2021-11-02 Behind the deeply contentious 2020 election stands a real story of a broken election process. Election fraud that alters election outcomes and dilutes legitimate votes occurs all too often, as is the bungling of election bureaucrats. Our election process is full of vulnerabilities that can be — and are — taken advantage of, raising questions about, and damaging public confidence in, the legitimacy of the outcome of elections. This book explores the reality of the fraud and bureaucratic errors and mistakes that should concern all Americans and offers recommendations and solutions to fix those problems.

**johnkassnews:** **Coffee House Memories** Brian J. Noggle, 2018-02-20 Brew Bayou. The Venice Cafe. Mokabe's. The Oasis. The Grind. Sacred Grounds. The Mud Room. The tables were often unsteady, the chairs did not match, and the coffee was of uncertain quality. But coffee houses draw English majors into their dim, warm interiors to compose innumerable sonnets or free verse as they try to figure out life, love, and iambic pentameter. Within this collection, one such poet-narrator muses on those very topics as he sought to transition from youth to adult, and then he reflects upon those days when he spent those hours in coffee houses.

**johnkassnews:** **A Lethal Obsession** Robert S. Wistrich, 2010-01-05 In this unprecedented work two decades in the making, leading historian Robert S. Wistrich examines the long and ugly history of anti-Semitism, from the first recorded pogrom in 38 BCE to its shocking and widespread resurgence in the present day. As no other book has done before it, *A Lethal Obsession* reveals the causes behind this shameful and persistent form of hatred and offers a sobering look at how it may shake and reshape the world in years to come. Here are the fascinating and long-forgotten roots of the "Jewish difference"—the violence that greeted the Jewish Diaspora in first-century Alexandria. Wistrich suggests that the idea of a formless God who passed down a universal moral law to a chosen few deeply disconcerted the pagan world. The early leaders of Christianity increased their strength by painting these "superior" Jews as a cosmic and satanic evil, and by the time of the Crusades, murdering a "Christ killer" had become an act of conscience. Moving seamlessly through centuries of war and dissidence, *A Lethal Obsession* powerfully portrays the creation of the Protocols of the Elders of Zion, the fateful anti-Semitic tract commissioned by Russia's tsarist secret police at the end of the nineteenth century—and the prediction by Theodor Herzl, Austrian founder of political Zionism, of eventual disaster for the Jews in Europe. The twentieth century fulfilled this dark prophecy, with the horrifying ascent of Hitler's Third Reich. Yet, as Wistrich disturbingly suggests, the end of World War II failed to neutralize the "Judeophobic virus": Pogroms and

prejudice continued in Soviet-controlled territories and in the Arab-Muslim world that would fan flames for new decades of distrust, malice, and violence. Here, in pointed and devastating detail, is our own world, one in which jihadi terrorists and the radical left blame Israel for all global ills. In his concluding chapters, Wistrich warns of a possible nuclear “Final Solution” at the hands of Iran, a land in which a formerly prosperous Jewish community has declined in both fortunes and freedoms. Dazzling in scope and erudition, *A Lethal Obsession* is a riveting masterwork of investigative nonfiction, the definitive work on this unsettling yet essential subject. It is destined to become an indispensable source for any student of world affairs.

**johnkassnews:** *Cook County ICU* Cory Franklin, 2015-09-01 An inside look at one of the nation's most famous public hospitals, Cook County, as seen through the eyes of its longtime Director of Intensive Care, Dr. Cory Franklin. Filled with stories of strange medical cases and unforgettable patients culled from a thirty-year career in medicine, *Cook County ICU* offers readers a peek into the inner workings of a hospital. Author Dr. Cory Franklin, who headed the hospital's intensive care unit from the 1970s through the 1990s, shares his most unique and bizarre experiences, including the deadly Chicago heat wave of 1995, treating some of the first AIDS patients in the country before the disease was diagnosed, the nurse with rare Munchausen syndrome, the first surviving ricin victim, and the famous professor whose Parkinson's disease hid the effects of the wrong medication. Surprising, darkly humorous, heartwarming, and sometimes tragic, these stories provide a big-picture look at how the practice of medicine has changed over the years, making it an enjoyable read for patients, doctors, and anyone with an interest in medicine.

**johnkassnews:** *The New Chicago Way* Edgar H Bachrach, Austin Ray Berg, 2019-01-16 For all the wrong reasons, a national spotlight is shining on Chicago. The city has become known for its violence, police abuse, parent and teacher unrest, population decline, and mounting municipal and pension debt. The underlying problem, contend Ed Bachrach and Austin Berg, is that deliberative democracy is dead in the city. Chicago is home to the last strongman political system in urban America. The mayor holds all the power, and any perceived checks on mayoral control are often proven illusory. Rash decisions have resulted in poor outcomes. The outrageous consequences of unchecked power are evident in government failures in elections, schools, fiscal discipline, corruption, public support for private enterprise, policing, and more. Rather than simply lament the situation, criticize specific leaders, or justify an ideology, Bachrach and Berg compare the decisions about Chicago's governance and finances with choices made in fourteen other large U.S. cities. The problems that seem unique to Chicago have been encountered elsewhere, and Chicagoans, the authors posit, can learn from the successful solutions other cities have embraced. Chicago government and its citizens must let go of the past to prepare for the future, argue Bachrach and Berg. A future filled with demographic, technological, and economic change requires a government capable of responding and adapting. Reforms can transform the city. The prescriptions for change provided in this book point toward a hopeful future: the New Chicago Way.

Hasen, 2022-03-08 An informed and practical road map for controlling disinformation, embracing free speech, saving American elections, and protecting democracy A fresh, persuasive and deeply disturbing overview of the baleful and dangerous impact on the nation of widely disseminated false speech on social media. Richard Hasen, the country’s leading expert about election law, has written this book with flair and clarity.”—Floyd Abrams, author of *The Soul of the First Amendment* What can be done consistent with the First Amendment to ensure that American voters can make informed election decisions and hold free elections amid a flood of virally spread disinformation and the collapse of local news reporting? How should American society counter the actions of people like former President Donald J. What can we do to minimize disinformation campaigns aimed at suppressing voter turnout? With piercing insight into the current debates over free speech, censorship, and Big Tech’s responsibilities, Richard L. Hasen proposes legal and social measures to restore Americans’ access to reliable information on which democracy depends. **johnkassnews: Majority Minority** , 2022-03-22 Trenchant and groundbreaking work -- Molly Ball, *National Political Correspondent, TIME Magazine* The go-to source for understanding how demographic change is impacting American politics. - Jonathan Capehart, *The Washington Post* and *MSNBC* A treasure trove -- Thomas B. Edsall, *Columnist, The New York Times* A joy to read. . . A tour de force -- Eric Kaufmann, *Professor of Politics, Birkbeck College, University of London* How do societies respond to great demographic change? This question lingers over the contemporary politics of the United States and other countries where persistent immigration has altered populations and may soon produce a majority minority milestone, where the original ethnic or religious majority loses its numerical advantage to one or more foreign-origin minority groups. Until now, most of our knowledge about largescale responses to demographic change has been based on studies of individual people's reactions, which tend to be instinctively defensive and intolerant. We know little about why and how these habits are sometimes tempered to promote more successful coexistence. To anticipate and inform future responses to demographic change, Justin Gest looks to the past. In *Majority Minority*, Gest wields historical analysis and interview-based fieldwork inside six of the world's few societies that have already experienced a majority minority transition to understand what factors produce different social outcomes. Gest concludes that, rather than yield to people's prejudices, states hold great power to shape public responses and perceptions of demographic change through political institutions and the rhetoric of leaders. Through subsequent survey research, Gest also identifies novel ways that leaders can leverage nationalist sentiment to reduce the appeal of nativism--by framing immigration and demographic change in terms of the national interest. Grounded in rich narratives and surprising survey findings, *Majority Minority* reveals that this contentious milestone and its accompanying identity politics are ultimately subject to unifying or divisive governance.

The Sheridans haven't visited Angel's View in years, not since the patriarch, Wallace, died. They would never know the twins were there...until Tate Sheridan shows up out of the blue two weeks before Christmas. But Tate surprises Annie by asking them to stay and help him get the house ready for one last family Christmas before the ranch is put on the market. Annie and Tate have three days to work their magic before the Sheridan clan arrives—and to work through the growing attraction between them. But Annie simply can't fall for the man who's about to put her out of a job and a home. Still, the sparkle of the season is impossible to deny...and this Christmas has surprises in store for everyone. Return to Hope's Crossing this Christmas in New York Times bestselling author RaeAnne Thayne's latest heartwarming story of matchmaking at the holidays, *All is Bright!*

Recurring dreams about a hundred-year-old carnival side show, a performer known as Alligator Girl, and a man named Monsieur Duval have an eerie familiarity to them. Frankie gets drawn deeper into Alligator Girl's world and the secrets that keep the performers bound together. But a startling encounter with Monsieur Duval when she's awake makes Frankie wonder what's real and what's in her head. As Frankie's and Alligator Girl's stories unfold, Frankie's life takes a sharp turn. Are the dreams her way of working through her trauma or is there a more sinister plan at work? And if there is, does she have the strength to fight it?

**johnkassnews: Black in White Space** Elijah Anderson, 2023-04-05 From the vital voice of Elijah Anderson, *Black in White Space* sheds fresh light on the dire persistence of racial discrimination in our country. A birder strolling in Central Park. A college student lounging on a university quad. Two men sitting in a coffee shop. Perfectly ordinary actions in ordinary settings—and yet, they sparked jarring and inflammatory responses that involved the police and attracted national media coverage. Why? In essence, Elijah Anderson would argue, because these were Black people existing in white spaces. In *Black in White Space*, Anderson brings his immense knowledge and ethnography to bear in this timely study of the racial barriers that are still firmly entrenched in our society at every class level. He focuses in on symbolic racism, a new form of racism in America caused by the stubbornly powerful stereotype of the ghetto embedded in the white imagination, which subconsciously connects all Black people with crime and poverty regardless of their social or economic position. White people typically avoid Black space, but Black people are required to navigate the “white space” as a condition of their existence. From Philadelphia street-corner conversations to Anderson’s own morning jogs through a Cape Cod vacation town, he probes a wealth of experiences to shed new light on how symbolic racism makes all Black people uniquely vulnerable to implicit bias in police stops and racial discrimination in our country. An unwavering truth-teller in our national conversation on race, Anderson has shared intimate and sharp insights into Black life for decades. Vital and eye-opening, *Black in White Space* will be a must-read for anyone hoping to understand the lived realities of Black people and the structural underpinnings of racism in America.

**johnkassnews: The Continental Op** Dashiell Hammett, 2019-12-12 'He is master of the detective novel, yes, but also one hell of a writer' Boston Globe Dashiell Hammett is the true inventor of modern detective fiction and the creator of the private eye, the isolated hero in a world where treachery is the norm. *THE CONTINENTAL OP* was his great first contribution to the genre and these seven stories, which first appeared in the magazine *Black Mask*, are the best examples of Hammett's early writing, in which his formidable literary and moral imagination is already operating at full strength. *THE CONTINENTAL OP* is the dispassionate fat man working for the Continental Detective Agency, modelled on the Pinkerton Agency, whose only interest is in doing his job in a world of violence, passion, desperate action and great excitement.

**johnkassnews: Healing Humanity** Frederica Mathewes-Green, Rod Dreher, 2020-10-01 Western societies today are coming unmoored in the face of an earth-shaking ethical and cultural paradigm shift. At its core is the question of what it means to be human and how we are meant to live. The old answers are no longer accepted; a dizzying array of options are offered in their stead. Underpinning this smorgasbord of lifestyles is a thicket of unquestioned assumptions, such as the separation of gender from biological sex, which not so long ago would have been universally rejected as radical notions. In the spring of 2019, a group of Orthodox Christian scholars drawn from a wide variety of academic disciplines met together to offer responses to the moral crisis our generation faces, elaborating upon its various forms and facilitating a fuller understanding of some of its theological and philosophical foundations. In doing so they offer support to all those who question the claims that are so forcefully insisted upon today &- a clarity that will aid them in standing up and resisting trends that have already shown to be the cause of great suffering and unhappiness. Among the contributors to this volume are NY Times bestselling author Rod Dreher, Frederica Mathewes-Green, Dr David Bradshaw, Fr Chad Hatfield, and Fr Peter Heers. Collectively, these scholars remind us that it is only through our participation in the life of Christ, God who became

man, that we can find the healing of our humanity through the restoration in us of His image, in which we were formed at the beginning of time.

**johnkassnews: Duke, Actually** Jenny Holiday, 2021-11-16 USA Today bestselling author Jenny Holiday follows *A Princess for Christmas* with another delightful contemporary Christmas romance, set in the heart of New York City, about a playboy baron and a woman who has said goodbye to love. "[A] master of witty banter."—*Entertainment Weekly* There's a royal wedding on, and things are about to get interesting. Meet the man of honor Maximillian von Hansburg, Baron of Laudon and heir to the Duke of Aquilla, is not having a merry Christmas. He's been dumped by a princess, he's unemployed, and his domineering father has sent him to New York to meet a prospective bride he has no interest in. In the city, he meets Dani Martinez, a smart (and gorgeous) professor he's determined to befriend before their best friends marry in the Eldovian wedding of the century. Meet the best woman Newly single, no-nonsense New Yorker Dani is done with love—she even has a list entitled "Things I Will Never Again Do for a Man"—which is why she hits it off with notorious rake Max. He's the perfect partner for snow angels in Central Park and deep conversations about the futility of love. It's all fun and games until their friendship deepens into attraction and, oops... Falling in love was never part of the plan.

**johnkassnews: Environmental Criticism for the Twenty-First Century** Stephanie LeMenager, Teresa Shewry, Ken Hiltner, 2011-05-09 *Environmental Criticism for the Twenty-First Century* showcases the recent explosive expansion of environmental criticism, which is actively transforming three areas of broad interest in contemporary literary and cultural studies: history, scale, and science. With contributors engaging texts from the medieval period through the twenty-first century, the collection brings into focus recent ecocritical concern for the long durations through which environmental imaginations have been shaped. Contributors also address problems of scale, including environmental institutions and imaginations that complicate conventional rubrics such as the national, local, and global. Finally, this collection brings together a set of scholars who are interested in drawing on both the sciences and the humanities in order to find compelling stories for engaging ecological processes such as global climate change, peak oil production, nuclear proliferation, and food scarcity. *Environmental Criticism for the Twenty-First Century* offers powerful proof that cultural criticism is itself ecologically resilient, evolving to meet the imaginative challenges of twenty-first-century environmental crises.

**johnkassnews: Re-Imagining Nature** Alfred Kentigern Siewers, 2013-12-24 *Re-Imagining Nature: Environmental Humanities and Ecossemiotics* explores new horizons in environmental studies, which consider communication and meaning as core definitions of ecological life, essential to deep sustainability. It considers landscape as narrative, and applies theoretical frameworks in eco-phenomenology and ecossemiotics to literary, historical, and philosophical study of the relationship between text and landscape. It considers in particular examples and lessons to be drawn from case studies of medieval and Native American cultures, to illustrate in an applied way the promise of environmental humanities today. In doing so, it highlights an environmental future for the humanities, on the cutting edge of cultural endeavor today.

**johnkassnews:** Hallmarks of Lutheran Identity Alvin J. Schmidt, 2017 What do we Lutherans believe, and how do our beliefs differ from other Protestant denominations? Many Lutherans do not know how to answer these questions. As generic Protestantism has infiltrated the Lutheran Church, many Lutherans have come to believe false concepts of faith. Some think that it makes no difference whether they are specifically Lutheran versus another Protestant denomination.
