john blackfeather jeffries obituary: *Unruly Women* Victoria E. Bynum, 2016-08-01 In this richly detailed and imaginatively researched study, Victoria Bynum investigates unruly women in central North Carolina before and during the Civil War. Analyzing the complex and interrelated impact of gender, race, class, and region on the lives of black and white women, she shows how their diverse experiences and behavior reflected and influenced the changing social order and political economy of the state and region. Her work expands our knowledge of black and white women by studying them outside the plantation setting. Bynum searched local and state court records, public documents, and manuscript collections to locate and document the lives of these otherwise ordinary, obscure women. Some appeared in court as abused, sometimes abusive, wives, as victims and sometimes perpetrators of violent assaults, or as participants in illicit, interracial relationships. During the Civil War, women frequently were cited for theft, trespassing, or rioting, usually in an effort to gain goods made scarce by war. Some women were charged with harboring evaders or deserters of the Confederacy, an act that reflected their conviction that the Confederacy was destroying them. These politically powerless unruly women threatened to disrupt the underlying social structure of the Old South, which depended on the services and cooperation of all women. Bynum examines the effects of women's social and sexual behavior on the dominant society and shows the ways in which power flowed between private and public spheres. Whether wives or unmarried, enslaved or free, women were active agents of the society's ordering and dissolution.

john blackfeather jeffries obituary: The Natural Gardens of North Carolina B. W. Wells, 2015-12-01 For seventy years, The Natural Gardens of North Carolina has been a must-read volume for anyone interested in wildflowers, native plants, ecology, or conservation in the state. This handsome revised edition features new line drawings and color photographs, an appendix that updates the botanical nomenclature, an introduction that focuses on B. W. Wells and his passion for the state's landscape, and an afterword that discusses the continuing relevance of Wells's ideas. One of the first scientists to write and lecture about ecology, Wells introduced North Carolinians to the extraordinary tapestry of natural gardens, or plant communities, within the state's borders back in 1932. His purpose was to help readers understand a plant within its community--a pioneering concept at the time--and to promote conservation. Moving from the Atlantic coast westward, Wells identifies eleven major natural gardens: the sand dune community, salt marsh, freshwater marsh, swamp forest, aquatic vegetation, evergreen shrub bog (or pocosin), grass-sedge bog (or savanna), sandhill, old-field community, upland forest, and high mountain spruce-fir forest. He devotes the first part of his book to a general account of the vegetation and habitats of each community and then identifies and describes the wildflowers found there.

john blackfeather jeffries obituary: The Unquiet Grave Sharyn McCrumb, 2019-12-17 From the New York Times bestselling author of Prayers the Devil Answers and The Ballad of Tom Dooley, a "fascinating historical fiction novel you won't be able to put down" (Bustle) based on one of the strangest murder trials in American history—the case of the Greenbrier Ghost. Lakin, West Virginia, 1930: Following a suicide attempt and consigned to a segregated insane asylum, attorney James P.D. Gardner finds himself under the care of Dr. James Boozer. Testing a new talking cure for insanity, Boozer encourages his elderly patient to share his experiences as the first black attorney to practice law in 19th-century West Virginia. His memorable case: defending a white man on trial for the murder of his young bride—a case that the prosecution based on the testimony of a ghost. Greenbrier, West Virginia, 1897: Beautiful, willful Zona Heaster has always lived in the mountains. Despite her mother's misgivings, Zona marries the handsome Erasmus Trout Shue, Greenbrier's newest resident and blacksmith. Her mother learns of her daughter's death weeks later. A month after the funeral, Zona's mother makes a chilling claim to the county prosecutor: her daughter was murdered, and she was told this by none other than Zona's ghost... With her unique and "real knack for crafting full-bodied characters and using folklore to construct compelling plots" (Booklist), Sharyn McCrumb effortlessly demonstrates her place among the finest Southern writers at work today.

john blackfeather jeffries obituary: When the Spirit Speaks Margaret Day Allen, 2015-02-28 This book introduces the reader to 32 self-taught artists in the Southeastern United States. Some have already come to the attention of collectors and scholars. Many others have been unrecognized outside of their immediate neighborhoods. What they all have in common is an unquenchable desire to make art. Often defying the expectations of family and friends, they have pursued this inspiration. In many cases, these artists began to create in response to a personal crisis. Others harbored an interest in art for many years but only had the time to create following retirement. Most were initially unaware of the academic art world, either because they were unable to afford an art education or because their families considered such an aspiration impractical. These stories of perseverance, struggle and triumph illustrate the strength of the creative impulse, which is a part of us all.

john blackfeather jeffries obituary: Chesapeake Bay Crabs Judy Colbert, 2011-09-21 This guide to the Chesapeake Bay crab culture includes dozens of recipes, a history of Bay crabs, and illustrated instructions on buying and cleaning the popular crustacean. As the main ingredient in chowders, pastas, and appetizers, the taste of blue crab is part of life in the Chesapeake Bay area, a region steeped in crab culture. Home to the oldest commercial fishing industries in the country, it provides approximately one-third of the crabs consumed in the United States. Not only does this compilation of crab heritage contain tips on how to steam a crab without losing the claws, it is also a useful tool to take to the docks or market. A handy glossary helps readers tell the difference between a Jimmy and a Sally, not to mention a jumbo and a swamp dog. After listings of themed festivals and museum profiles early in the book, hearty recipes fill the pages with Crab Spring Rolls, Roasted Corn and Crab Chowder, Deviled Crab-Filled Crepes, and many more culinary delights.

john blackfeather jeffries obituary: Entering Ephesus Daphne Athas, 1991 This novel, about three school-aged sisters, originally published by Viking Press made Time magazine's Ten Best Fiction List in 1971. This is a large novel which takes its time, a conducted tour with tempting stopovers at many points within a well-known Southern landscape: the fire which is in its belly is considerable, is largely female and Promethean, amoral, devouring, a headlong seeking of height in the perverse depths. -- Times Literary Supplement New American Writing Award

john blackfeather jeffries obituary: African American Folksong and American Cultural Politics Bruce M. Conforth, 2013-05-16 In African American Folksong and American Cultural Politics: The Lawrence Gellert Story, scholar and musician Bruce Conforth tells the story of one of the most unusual collections of African American folk music ever amassed—and the remarkable story of the man who produced it: Lawrence Gellert. Compiled between the World Wars, Gellert's recordings were immediately adopted by the American Left as the voice of the true American proletariat, with the songs—largely variants of traditional work songs or blues—dubbed by the Left as songs of protest. As both the songs and Gellert's standing itself turned into propaganda weapons of left-wing agitators, Gellert experienced a meteoric rise within the circles of left-wing organizations and the American Communist party. But such success proved ephemeral, with Gellert contributing to his own neglect by steadfastly refusing to release information about where and from whom he had collected his recordings. Later scholars, as a result, would skip over his closely held, largely inaccessible research, with some asserting Gellert's work had been doctored for political purposes. And to a certain extent they were correct. Conforth reveals how Gellert at least assisted in the creation of some of his more political material. But hidden behind the few protest songs that Gellert allowed to become public was a vast body of legitimate African America folksongs—enough to rival the work of any of his contemporary collectors. Had Gellert granted access to all his material, scholars would have quickly seen that it comprised an incredibly complete and diverse collection of all African American song genres: work songs, blues, chants, spirituals, as well as the largest body of African American folktales about Irish Americans (what were referred to as One Time I'shman tales). It also included vast swaths of African American oral literature collected by Gellert as part of the Federal Writers' Project. In African American Folksong and American Cultural Politics, Conforth brings to light for the first time the entire body of work collected by Lawrence Gellert, establishing his place, and the place for the material he collected, within the pages of American folk song scholarship. In addition to shedding new light on the concept of protest music within African American folk music, Conforth discusses the unique relationship of the American Left to this music and how personal psychology and the demands of the American Communist party would come to ruin Gellert's life. African American Folksong and American Cultural Politics will appeal to students and scholars in the fields of American social and political history, African American studies, the history of American folk music, and ethnomusicology.

john blackfeather jeffries obituary: As If! Jen Chaney, 2015-07-07 Will we ever get tired of

Clueless? Ugh, as if! Acclaimed pop culture journalist Jen Chaney celebrates the twentieth anniversary of the classic film's release in the first book of its kind, weaving together original interviews with writer and director Amy Heckerling; key cast members, including Alicia Silverstone (Cher), Paul Rudd (Josh), Stacey Dash (Dionne), Donald Faison (Murray), Elisa Donovan (Amber), Wallace Shawn (Mr. Hall), Twink Caplan (Ms. Geist and associate producer); and other crucial Clueless players like costume designer Mona May, casting director Marcia Ross, director of photography Bill Pope, former Paramount chairwoman Sherry Lansing, and many more. Cast and crew also pay heartfelt tribute to the late Brittany Murphy, who lit up the screen as Cher's protégée, Tai. Chaney explores the influence of Jane Austen's Emma as the unlikely framework for Heckerling's script, the rigorous casting process (including the future stars who didn't make the cut), the functional yet fashion-forward wardrobe, the unique slang that drew from the past and coined new phrases for the future, the sun-drenched soundtrack that set the tone, and—above all—the massive amount of work, creativity, and craft that went into making Clueless look so effortlessly bright and glossy. As If! illuminates why plaid skirts and knee socks will never go out of style, and why Clueless remains one of the most beloved comedies of all time.

john blackfeather jeffries obituary: The Amorous Busboy of Decatur Avenue Robert Klein, 2016-06-14 Dear Reader, When we asked the beloved award-winning comedian and actor Robert Klein to write a book, you can imagine our utter surprise when he told us that he wanted to write about sixth-century Chinese pottery. Thankfully, he hit a creative brick wall (since he doesn't really know anything about pottery from China or anywhere else). Then came similar failures to write books about sea turtles, circumnavigation of the globe, building jet engines at home, the sociology of chickens, or fungi of the skin. Luckily, Mr. Klein's paramount concern was the consumer. He knew that if we, his publishers, were going to boldly ask you to purchase his book (see above for price), he would have to write something so good, so worthwhile, so meaningful as to make you want to send additional money to your bookseller in gratitude for having allowed you to partake in this reading experience. So Mr. Klein set out to write about what he knows best: himself. This book is about the adventures of a child who becomes a young man: how he thinks and dreams and lusts and fears and laughs and handles adversity. From the beginning of his distinguished career as a comedian, Robert Klein established himself as a pioneer in observational humor and razor-sharp routines that are infectiously funny. Now -- for the first time -- Klein brings his trademark humor and honesty to the printed page. In this portrait of a comic as a young man, Klein takes us back to the people and streets of his Bronx neighborhood, the eccentric cast of characters in the Catskills hotels and bungalow colonies where he worked, the college dorms where he received more than an academic education, the 1964 World's Fair where he fell in love, New York City and Chicago in the 1960s as he developed his talent, and Los Angeles just as he was about to embark on a show business career. Throughout, Klein reveals the hilarity of growing up and explores the mysteries and his own foibles in sex and relationships. He recounts with wit and poignancy losing his virginity with a prostitute, bringing home a German girlfriend to his Jewish family, and the amorous adventures of the busboy he once was. With an ego more fragile than Chinese pottery, Robert Klein has written a funny and evocative coming-of-age memoir -- well worth the price (if we say so ourselves). Enjoy. All the best, The Publisher

john blackfeather jeffries obituary: Me of Little Faith Lewis Black, 2008-06-03 What do we believe? And in God's name why? These are the thorny questions that Lewis Black, the biting funny comedian, social critic, and bestselling author, tackles in his new book, Me of Little Faith. And he's come up with some answers. Or at least his answers. In more than two dozen essays that investigate everything from the differences between how Christians and Jews celebrate their holidays, to the politics of faith, to people's individual search for transcendence, Black explores his unique odyssey through religion and belief. Growing up as a nonpracticing Jewish kid near Washington, D.C., during

the 1950s, Black survived Hebrew school and a bar mitzvah (barely), went to college in the South during the tumultuous 1960s, and witnessed firsthand the unsettling parallels between religious rapture and drug-induced visions (even if none of his friends did). He explored the self-actualization movements of the 1970s (and the self-indulgence that they produced), and since then has turned an increasingly skeptical eye toward the politicians and televangelists who don the cloak of religious rectitude to mask their own moral hypocrisy. What he learned along the way about the inconsistencies and peculiarities of religion infuriated Black, and in *Me of Little Faith* he gives full vent to his comedic rage. Black explores how the rules and constraints of religion have affected his life and the lives of us all. Hilarious experiences with rabbis, Mormons, gurus, psychics, and even the joy of a perfect round of golf give Black the chance to expound upon what we believe and why—in the language of a shock jock and with the heart of an iconoclast. To put it as simply as I can, Black writes, this is a book about my relationship with religion, where my—dare I say it?—spiritual journey has taken me...what it's meant and not meant to me, and why it makes me laugh. By the end of *Me of Little Faith*, you'll be a convert.

Privately published and out of print for many years, this work takes on even greater importance in light of the loss of county records in New Kent and in King & Queen counties and the survival of mere fragments for King William County prior to 1865.
