judge pirro book: *To Punish and Protect* Jeanine Pirro, Catherine Whitney, 2015-06-16 Former prosecutor Jeanine Pirro's *To Punish and Protect* challenges us to have the will and the courage to wage war on the predators roaming our streets, and to avenge their victims. The office of the district attorney is a battleground, where the fight between good and evil unfolds each day. We see the ugliest side of life, the pain that people go through for no reason. They didn't do anything. They didn't ask for it. Yet here they are, living their personal nightmares. We cannot take away their pain, or turn back time to undo the damage, but we can be the avengers. We can seek justice on their behalf. So begins this riveting account by the former Westchester County District Attorney, Jeanine Pirro, as she takes us inside the violent world of modern crime fighting. Before Pirro was elected DA in 1993, the job was always considered a man's domain, demanding a macho toughness. Pirro can be as tough as any man, and yet she adds an important new dimension to the role. She believes that being tough on crime means much more than just filling the jails. She goes beyond her role to punish criminals, to be a passionate advocate for the victims of crime. In *To Punish and Protect*, Pirro brings readers face to face with the gruesome realities of her daily battles, and tells the true, heartbreaking stories of the victims - the slaughter of a young woman and her two children by a jealous, enraged boyfriend; a teenage girl forced to assume wifely duties after her father murdered her stepmother; a nine-year-old boy chained to a radiator in a dark room and nearly starved to death, as the rest of the family went about its business; a gentle, hardworking man shot fatally in a dispute over a parking place, because he was black; an eighty-year-old woman, savagely beaten by her son and left for two days on the cold floor of her apartment; a beautiful woman whose wealth and privilege could not prevent her murder at the hands of a violent husband; and a group of young girls lured into a sexual nightmare by a cunning predator posing as a trustworthy youth counselor. Pirro presents hard truths about the ways in which parents, communities, and the justice system share complicity in fostering an environment of danger to our children. She describes the dark world of Internet pedophiles and hate mongers, who are allowed to hide behind First Amendment protections to gain access to kids in their own bedrooms. She offers a harsh judgment on parents who fail to address the deadly consequences of teen drinking, and even host keg parties in their homes, while alcohol continues to take young lives and destroy families. Pirro delivers a bold indictment of the criminal justice system, and asks whether we as a nation are truly committed to justice. Increasingly, she warns, our laws, attitudes, and behaviors seem to be veering away from what we say is our moral core as a nation. We say that we exalt good and punish evil, yet we do the opposite. We turn criminals into celebrities, and view victims with suspicion. If we're going to make our communities safer and our society less violent, we need to do more than just pay lip service to our ideals.

At this point in American history, we are the victims of a liberal sabotage of the presidency unlike anything we've ever witnessed. Nevertheless President Trump continues to fight every day to keep his promise to Make America Great Again. Today that bold idea has already led to a conservative judge on the Supreme Court, tax reform, and deregulation that has unleashed an economy stronger than anyone could have imagined. But there are dark forces that seek to obstruct and undermine the president and reverse the results of the 2016 presidential election. They are part of a wide-ranging conspiracy that would seem incredible if it weren't being perpetrated openly. Driven by ambition, blinded by greed, and bound by a common goal -- to unseat the 45th President of the United States -- this cabal is determined to maintain its wrongful hold on national political power. Fox News host Jeanine Pirro uncovers the elements of this conspiracy, including: Fake news propaganda, Law enforcement corruption at the highest levels, National security leaks by the intelligence community, Bureaucratic resistance to lawful and constitutional executive orders issued by the duly elected president, Crooked deals with foreign governments by U.S. officials sworn to defend our Constitution. judge pirro book: *The MAGA Doctrine* Charlie Kirk, 2020-03-03 NEW YORK TIMES BESTSELLER. The movement that brought Donald Trump to the White House has better ideas than the old right or the new left. It's time that the rest of America started listening. The Tea Party began as a protest for patriots who feared Big Government. President Trump has become a hero for patriots who are against Big Everything. Fed up with Silicon Valley, the media, liberal higher education, the military-industrial complex, Twitter mobs, swamp monsters, Big Pharma, out-of-control prosecutors, and gun-grabbing fascists, ordinary Americans miss the days when America cared about rule of the people, by the people, and for the people. Remember when you didn't feel bombarded on all sides by coastal billionaires and their government stooges? The MAGA Doctrine urges an overdue restoration of self-rule by a populace long taken for granted by its rulers. Turning Point USA founder and social media superstar Charlie Kirk explains once and for all why a New York real estate magnate found an audience among young conservatives all over the country. Trump and his allies are working to protect all the small things that both parties dismissed: local businesses, families, churches, and the rights of the individual. Kirk explains why it took a reality TV superstar to see past the sclerotic and power-hungry institutions, from the United Nations and Google to Harvard and Viacom, working to crush real America. The Trump Doctrine is all about giving you a say in the future of America and a hand in making it happen. As the mainstream media keep churning out lies about the "real reasons" behind the new conservative agenda, Charlie Kirk's *The MAGA Doctrine* is a powerful reminder of the true narrative of freedom and greatness that swept Donald Trump to the presidency.

After appearing on *The Apprentice* years ago and receiving a flood of letters from young women asking for guidance, I realized the need for more female leaders to speak out publicly in order to change the way society thinks and talks about “women who work.” So I created a forum to do just that. This book evolves the conversation that started on IvankaTrump.com, where so many incredible women (and men!) have shared their experiences, advice, ambitions, and passions. Women who work lead meetings and train for marathons. We learn how to cook and how to code. We inspire our employees and our children. We innovate at our current jobs and start new businesses. *Women Who Work* will equip you with the best skills I've learned from some of the amazing people I've met, on subjects such as identifying opportunities, shifting careers smoothly, negotiating, leading teams, starting companies, managing work and family, and helping change the system to make it better for women—now and in the future. I hope it will inspire you to redefine success and architect a life that honors your individual passions and priorities, in a way only you can. * The Ivanka M. judge pirro book: Luxury Arts of the Renaissance Marina Belozerskaya, 2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the “major” arts. Yet contemporaries often held the “minor” arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d’Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as “decorative” or “minor” arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

judge pirro book: *Campaign of the Century* Irwin F. Gellman, 2022-01-04 Based on massive new research, a compelling and surprising account of the twentieth century's closest election The 1960 presidential election between John F. Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century, yet the accounts to date have been remarkably unbalanced. Far more attention is given to Kennedy's side than to Nixon's. The imbalance began with the first book on that election, Theodore White's *The Making of the President 1960*—in which (as he later admitted) White deliberately cast Kennedy as the hero and Nixon as the villain—and it has been perpetuated in almost every book since then. Few historians have attempted an unbiased account of the election, and none have done the archival research that Irwin F. Gellman has done. Based on previously unused sources such as the FBI's surveillance of JFK and the papers of Leon Jaworski, vice-presidential candidate Henry Cabot Lodge, and many others, this book presents the first even-handed history of both the primary campaigns and the general election. The result is a fresh, engaging chronicle that shatters long-held myths and reveals the strengths and weaknesses of both candidates.

Dr. Sebastian Gorka's latest book, *The War for America's Soul*, leverages the former White House strategist's expertise, driven by his determination to preserve what made America great in the first place." — MARK LEVIN Our country is at war with itself. On one side are American patriots, dedicated to freedom under the Constitution; on the other side are leftists campaigning not just to win elections, but to radically transform the nation. In this political war for the soul of our country, America's patriots need a strategist with a blueprint for victory. Luckily, we have such a man in Dr. Sebastian Gorka—a former strategist for President Trump and now a nationally syndicated radio host and a fearless culture warrior. In his essential new book, *The War for America's Soul*, Dr. Gorka shows how America's elite—in both parties—betrayed our heartland, sabotaged the American dream, and accepted national decline as inevitable. It took a candidate with remarkable vision, dauntless courage, and unbreakable determination to change the narrative. That man was Donald Trump. A candidate who owed no favors to special interests, Trump articulated a new American nationalism that has been an extraordinary force for economic and political renewal.

judge pirro book: *Live Free Or Die* Sean Hannity, 2020-08-04 #1 NEW YORK TIMES BESTSELLER America's top-rated cable news host offers his first book in over ten years: a look at

America's fight against those who would reverse our tradition of freedom. America is great for a reason. Built on principles of freedom, rugged individualism, and self-sufficiency, no country has ever accumulated more power and wealth, abused it less, or used that power more to advance the human condition. And yet, as America blossomed, leftwing radicalism and resentment festered beneath the surface, threatening to undermine democracy in the form of social justice warriors, the deep state, and compromised institutions like academia and the mainstream media. With the Democratic victory in 2020, we are now at risk for a big step toward full-blown socialism along with the economic dysfunction and social strife that are its hallmarks. With radical Democrats demanding the Green New Deal, socialized medicine, abortion on demand, open borders, abolishing the Electoral College, packing the Supreme Court, and an end to free speech, our great nation will be fundamentally transformed beyond recognition. Ronald Reagan once said, "Freedom is but one generation away from extinction," and his words have never rung truer. In *Live Free or Die*, Sean demonstrates why now is an All Hands on Deck moment to save the Republic.

judge pirro book: *American Spirit* Taya Kyle, Jim DeFelice, 2019-04-02 The New York Times-bestselling author shares "moving and passionate" true stories of people who found their purpose through perseverance and service (Publishers Weekly, starred review). Taya Kyle entered a period of deep grief when she lost her husband, "American Sniper" Chris Kyle. Yet the experience served as a catalyst for profound growth. Taya found her own reserve of strength with the help of family and friends—and also many strangers across America, who shared their own stories of suffering and survival. Inspired by their courage, Taya discovered her calling: spreading a message of how we can triumph over personal pain and heal our communities. Working with trusted collaborator Jim DeFelice (coauthor of *American Sniper* and *American Wife*), Taya tells her own story, as well as those of other Americans who have built extraordinary lives after grappling with loss, illness, all manner of setback: a 9/11 survivor, badly burned over 60% of his body, who asked himself What debt to do I owe to God?; a man with the hole in his heart who runs ultramarathons; a young cancer victim whose lemonade stand inspired a revolutionary new model for fighting cancer; a pastor who became an undercover investigator, and more. The more than thirty individual profiled here embody the "American spirit" of resilience, faith, and togetherness that has built the nation. In the end, their stories teach us that "every action, big or small, has the potential to spark someone else's movement."

"Painfully good. The book could have been called, 'Outrageous.' The story Andy Slavitt tells is not just about Trump's monumental failures but also about the deeper ones that started long before, with our health system, our politics, and more." --Atul Gawande, author of Being Mortal
The definitive, behind-the-scenes look at the U.S. Coronavirus crisis from one of the most recognizable and influential voices in healthcare From former Biden Senior Advisor Andy Slavitt, Preventable is the definitive inside account of the United States' failed response to the Coronavirus pandemic. Slavitt chronicles what he saw and how much could have been prevented -- an unflinching investigation of the cultural, political, and economic drivers that led to unnecessary loss of life. judge pirro book: Unknown Valor Martha MacCallum, Ronald J. Drez, 2020-02-25 NEW YORK TIMES BESTSELLER. In honor of the 75th Anniversary of one of the most critical battles of World War II, the popular primetime Fox News anchor of The Story with Martha MacCallum pays tribute to

the heroic men who sacrificed everything at Iwo Jima to defeat the Armed Forces of Emperor Hirohito—among them, a member of her own family, Harry Gray. Admiral Chester Nimitz spoke of the “uncommon valor” of the men who fought on Iwo Jima, one of the bloodiest and most brutal battles of World War II. In thirty-six grueling days, nearly 7,000 Marines were killed and 22,000 were wounded. Martha MacCallum takes us from Pearl Harbor to Iwo Jima through the lives of these men of valor, among them Harry Gray, a member of her own family. In *Unknown Valor*, she weaves their stories—from Boston, Massachusetts, to Gulfport, Mississippi, as told through letters and recollections—into the larger history of what American military leaders rightly saw as an eventual showdown in the Pacific with Japan. In a relentless push through the jungles of Guadalcanal, over the coral reefs of Tarawa, past the bloody ridge of Peleliu, against the banzai charges of Guam, and to the cliffs of Saipan, these men were on a path that ultimately led to the black sands of Iwo Jima, the doorstep of the Japanese Empire. Meticulously researched, heart-wrenching, and illuminating, *Unknown Valor* reveals the sacrifices of ordinary Marines who saved the world from tyranny and left indelible marks on those back home who loved them.

Washington Post • 50 Notable Works of Nonfiction in 2019 NPR.org • NPR 2019 Concierge Slate • 10 Best Books of the Year Chicago Tribune • Best Books of the Year Publishers Weekly • 10 Best Books of the Year Audience of One reframes America's identity through the rattled mind of an insomniac, cable-news-junkie president. New York Times chief television critic James Poniewozik offers a "darkly entertaining" (Carlos Lozada, Washington Post) history of mass media from the early 1980s to today, demonstrating how a volcanic, camera-hogging antihero merged with America's most powerful medium to become our forty-fifth president. In charting the seismic evolution of television from a monolithic mass medium into today's fractious confederation of spite-and-insult media subcultures, Poniewozik reveals how Donald Trump took advantage of these historic changes by constantly reinventing himself: from a boastful cartoon zillionaire; to 1990s self-parodic sitcom fixture; to The Apprentice reality-TV star; and finally to Twitter-mad, culture-warring demagogue. Already lauded as a "brilliant and daring" (Annalisa Quinn, NPR) work that defines a generation, Audience of One emerges as a classic in cultural criticism.

judge pirro book: The Age of Anxiety Pete Townshend, 2019-11-05 The Age of Anxiety is a great rock novel, but that is one of the less important things about it. The narrator is a brilliant creation - cultured, witty and unreliable. The novel captures the craziness of the music business and displays Pete Townshend's sly sense of humour and sharp ear for dialogue. First conceived as an opera, The Age of Anxiety deals with mythic and operatic themes including a maze, divine madness and long-lost children. Hallucinations and soundscapes haunt this novel, which on one level is an extended meditation on manic genius and the dark art of creativity.

Buy and read Why We Fight to find how we win and what it means to be an American hero. — RUSH LIMBAUGH WAR. It will happen again. We must be ready. Sober words from Dr. Sebastian Gorka, a man who has made the unvarnished truth his specialty. And there's one eternal truth that Americans are in danger of forgetting: the most important weapon in any geopolitical conflict is the will to win. And we must win. In this powerful manifesto, Dr. Gorka explains the basic principles that have guided strategists since Sun Tzu penned The Art of War in the sixth century B.C. To defeat your enemy, you must know him. But that's the last thing liberal elites are interested in. Willful ignorance about our adversary—whether it's Russia, China, or the global jihadi movement—has been crippling. Tearing off America's politically correct blindfold, Dr. Gorka clarifies who our foes are and what makes them tick. An eight-year vacation from geopolitical reality under Obama left our country dangerously weakened. Dr. Gorka addresses the pressing questions we face as we rebuild under President Trump's leadership: - What are the most serious threats to American security? - How are they different from the threats of the past? - What can we do to counter these threats? - How can we achieve the "perfect victory" of vanquishing our enemies without mortal combat? All the money and weapons in the world cannot substitute for the will to fight for our precious country and what she represents. To remind us of what the will to win looks like, Dr. Gorka intersperses the stories of four American heroes—Stephen Decatur, Chesty Puller, "Red" McDaniel, and a warrior who never took up arms, Whittaker Chambers—men who believed in their country and put everything on the line for her.

judge pirro book: This Will All Be Over Soon Cecily Strong, 2022-08-09 A powerful memoir from the Saturday Night Live cast member Cecily Strong about grieving the death of her cousin—and embracing the life-affirming lessons he taught her—amid the coronavirus pandemic. Cecily Strong had a special bond with her cousin Owen. And so she was devastated when, in early 2020, he passed away at age thirty from the brain cancer glioblastoma. Before Strong could attempt to process her grief, another tragedy struck: the coronavirus pandemic. Following a few harrowing weeks in the virus epicenter of New York City, Strong relocated to an isolated house in the woods upstate. Here, trying to make sense of Owen's death and the upended world, she spent much of the ensuing months writing. The result is *This Will All Be Over Soon*—a raw, unflinching memoir about loss, love, laughter, and hope. Befitting the time-warped year of 2020, the diary-like approach deftly weaves together the present and the past. Strong chronicles the challenges of beginning a relationship during the pandemic and the fear when her new boyfriend contracts COVID. She describes the pain of losing her friend and longtime Saturday Night Live staff member Hal Willner to the virus. She reflects on formative events from her life, including how her high school expulsion led to her pursuing a career in theater and, years later, landing at SNL. Yet the heart of the book is Owen. Strong offers a poignant account of her cousin's life, both before and after his diagnosis. Inspired by his unshakable positivity and the valuable lessons he taught her, she has written a book that—as indicated by its title—serves as a moving reminder: whatever challenges life might throw one's way, they will be over soon. And so will life. So make sure to appreciate every day and don't take a second of it for granted.

judge pirro book: Follow the Money Dan Bongino, 2020-10-06 As seen on The Ben Shapiro Show! *Follow the Money* exposes the labyrinth of connections between D.C.'s slimiest swamp creatures—Democrat operatives, lying informants, desperate and destructive FBI agents, Obama power brokers, CIA renegade John Brennan, George Soros, and more—who conspired to attack Trump by manufacturing one bogus scandal after another. Bestselling author, podcast favorite, and Fox News contributor Dan Bongino delivers the third and most shocking of his acclaimed series chronicling the Deep State war against Donald Trump. Starting with the Trump impeachment hearings, Bongino works forward and backward to piece together the connections of a vast, well-funded cabal of wealthy Democrats and D.C. swamp elite to the non-stop deluge of manufactured scandals launched specifically to attack, destabilize, and ultimately remove Trump and his administration. Zooming in on Ukraine, Bongino unspools a complex sequence of corruption—from the miraculous “discovery” of a mysterious black ledger that linked financial transactions to Trump campaign insider Paul Manafort and cast a shadow over the entire Trump team, to Joe Biden's unexamined quid pro quo interference with Kyiv politics as he threatened to withhold a loan unless a prosecutor was removed from office. The former Secret Service agent exposes how Glenn Simpson, the corrupt cheerleader behind the lie-filled Steele dossier, wrangled millions from top Democrat donor George Soros to meddle in Ukraine politics. Bongino also reveals Soros's desperate multimillion-dollar plan to stop Trump's re-election. Using FBI documents, Bongino reveals the outrageous actions of Robert Mueller's investigators, who sat on evidence that proved the supposedly damning Trump Tower meeting between a Russian lawyer and senior campaign officials was nothing more than a twenty-minute waste of time for all involved. Other chapters delve into the disturbing presence of Obama's fixer, obstruction angel Kathryn “Kathy”

Ruemmler, who represents a rogues gallery of Russiagate political operatives; the FBI's inside source on the National Security Council, Anthony Ferrante, who dedicated himself to the fruitless task of trying to prove the Steele dossier was legitimate; and "Special Agent 1" Stephen M. Somma's curious obsession with Lt. Gen. Michael Flynn, which was stoked by a Flynn-fixated paid operative named Stefan Halper. Flynn is the centerpiece of one of the book's most revealing chapters, in which Bongino deconstructs the FBI's elaborate takedown of Trump's National Security Advisor, revealing how and why the three-star general was set up not once...but three times. Bongino also returns to the last, desperate attempt to derail Trump—the impeachment trial—and uncovers Adam Schiff's lies and the Ukraine-call whistleblower's multiple secret ties to never-Trumpers and Schiff himself. In the final chapter, Bongino unveils the newest front to stop Trump: the unleashing of COVID-19 from China and how the disease mutated from a killer plague in Wuhan to a weapon to destroy America's economy and, with it, Trump's re-election chances. Follow the Money displays dizzying detective work from a truly relentless, passionate, and patriotic reporter. An astonishing chronicle of the relentless war to destroy Donald Trump and his administration, this exposé is a must-read for anyone who wants to unravel the most shocking and corrupt campaign to unseat a sitting president in American history.
