kait leddy obituary: The Perfect Other Kyleigh Leddy, 2022-03-15 All Kait Leddy had ever wanted was a little sister. When Kyleigh was born, they were inseparable; Kait would protect her, include her, cuddle and comfort her, and, to Kyleigh, her big sister was her whole world. As they grew, however, and as Kait entered adolescence, her personality began to change. She was lashing out emotionally and physically, and losing touch with reality in certain ways. The family struggled to keep this side of Kait private—at school and in her social life, she was still the gorgeous, effervescent life of the party with a modeling career ahead of her and big dreams. But slowly, things began to shatter, and Kyleigh could only watch in horror as her perfect sibling's world collapsed around her. Kait was institutionalized with what would eventually be diagnosed as schizophrenia, leaving Kyleigh and their mother to handle the burden, shame, and guilt alone. Then, in January 2014, Kait disappeared. Though they never found her body, security footage showed her making her way onto a big bridge over a river, where it is presumed that she jumped. Kyleigh is left wondering: What could she have done differently? How could this shining light be gone? And how will she find peace without her sister to guide her way there?

kait leddy obituary: *Feeling the Heat* From the Editors of E/The Environmental Magazine, 2005-06-22 For an increasing number of people, global warming is not an academic and scientific debate, but a matter of survival. As the planet warms at a rate of four degrees Fahrenheit per century, violent storms are increasing in frequency, icebergs are melting, sea level is rising, species are losing their habitats, and temperature records are being broken. *Feeling the Heat* consists of chapter-length visits by well-known authors to actual world hot spots, where people are already coping day-to-day with the consequences of climactic disruption. The locations for the book were strategically chosen because each represents a separate and important global warming impact, such as rising tides, melting glaciers, evolving ecosystems and air pollution. *Feeling the Heat* takes global warming out of the realm of armchair speculation and arcane scientific debate, revealing the process of climate change to be ongoing, serious and immediate.

kait leddy obituary: *High Voltage* Jim Motavalli, 2011-11-08 A behind-the-scenes look at the robustly competitive race to dominate the market for electric cars, the larger-than-life moguls behind them, and the changes that are transforming the auto industry In the 1980s, it was unimaginable that the home computer would become as common and easy to use as a toaster. Today, plug-in charging stations and smart grids seem like something still far off in the future. But by 2020, the auto industry will look very different from today's field of troubled auto giants. The combination of technological breakthroughs and charging networks driven by global warming and

peak oil makes it clear that revolutionary change in the auto industry is happening right now. In *High Voltage*, Jim Motavalli captures this period of unprecedented change, documenting the evolution from internal combustion engines to electric power. Driven by the auto world's ambitious and sometimes outlandish personalities, the book chronicles the race to dominate the market, focusing on big players like Tesla and Fisker, as well as a tiny start-up and a battery supplier. Flashing forward to the changes we'll see in the coming years, *High Voltage* shows a not-so-distant future where we will live on a smart grid, our cars fueling, that is, charging, while we shop or sleep. The ramifications of these changes will be on a grander scale than most of us ever imagined—altering foreign policy, reducing trade deficits, and perhaps even ending global warming.

kait leddy obituary: *Supernormal* Meg Jay, 2019-01-15 Clinical psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not only How do they do it? but also How does it feel? These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.

kait leddy obituary: I Will Survive Gloria Gaynor, 2014-03-11 *I Will Survive* is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

kait leddy obituary: You and I, as Mothers Laura Prepon, 2020-04-07 “[Prepon] returns to the written word with this heartfelt, honest look at motherhood, styled as both informative guidebook and raw memoir.” —Entertainment Weekly When actor, director, and author Laura Prepon first became a mother, she felt raw, full of stress, and blindsided. So, Laura decided to write the book she was looking for. *You and I, as Mothers: A Raw and Honest Guide to Motherhood* is part memoir, part handbook, as Laura digs into her own unconventional upbringing and investigates how it shaped her as a person and as a mother, with intimate stories and never-before-shared anecdotes brought forth in an effort to understand our collective experience as mothers. The book is packed with practical tips for moms of any age, at any stage of motherhood, such as stress reduction techniques, self-care, protecting one's partnership, asking for help, and getting a global perspective on maternity. Also included are easy and delicious recipes, from ideas for kids-friendly food, to romantic dinner dates, and batch-cooking favorites that will help any parent feed their family. Unfiltered, honest, and insightful, Laura encourages the reader to acknowledge their challenges, embrace their strengths, and celebrate their victories as we navigate the greatest adventure of all: motherhood. “Every mother, partner, and friend can benefit from the evocative and hard-earned wisdom within these pages.” —Mila Kunis “A powerful multi-hyphenate manifesto examining the most important and often overlooked realities of modern motherhood, written with wit, extraordinary grace, and real guts.” —Amber Tamblyn

kait leddy obituary: Leave It Behind Emily Raabe, 2011-09 LEAVE IT BEHIND expresses the paradoxical wish of every poet, seeking to leave behind-in both senses of that phrase-the language trace of her mind and heart. And what a fine first book Emily Raabe has left behind: vivid and strange, haunted by dreamed animals, alive with the landscapes and losses of her Vermont childhood. Raabe's poetry seeks something like love/ in that it is the absence/ of distance-and yet it faces both absence and distance with unflinching imagination, intelligence and grace. -Dan Chiasson, author of *WHERE'S THE MOON, THERE'S THE MOON* The poems in Emily Raabe's first collection, *LEAVE IT BEHIND*, are distinct and imaginative. Often with a surreal edge, they have the intensity and grip of dream imagery and dream narrative: My best dream/ goes like this: two fields/ cut by a thin line of trees./ In the dream I'm at the line/ when the storm comes in. And so the reader is immediately drawn into the poem with a sense of suspense in which the familiar has a strange and ominous aura. Raabe is able to find her identity in correlations between herself and the outer world as in *Self-Portrait of a House* If I were a house, I'd be a little/ green house, with peeling paint/ and an Ali Baba stairway/ to my swinging green screen door, and so she invites her reader into a world of innuendo. Her poems possess an engaging freshness, and her debut as a new poet is to be welcomed. -Robert Pack, author of *LAUGHTER BEFORE SLEEP*

kait leddy obituary: Handbook of Psychotherapies with Children and Families Sandra W. Russ, Thomas H. Ollendick, 2013-11-11 The aim of this book on psychotherapies with children and families is to present a comprehensive overview of the current array of intervention approaches in the child mental health field. There is a focus on the integration of theory, research, and practice throughout the book. The book proceeds from the more global presentations of basic theoretical approaches to applications of these approaches with specific problems and populations. It then presents more integrated intervention approaches and overviews of the research literature. One of the unique features of this book is its focus on future directions for each approach, both in clinical practice and in research. A second unique feature is its structured format across diverse approaches with a focus on empirical validation of approaches. Another innovation is the presentation of interventions that integrate major components of different theoretical approaches. Thus, the book reflects the current trends in the field of interventions with specific problems and populations, empirical validation of the approach, and the integration of treatment approaches. There are five major sections in this book. Part I consists of four chapters that address a variety of issues related to child psychotherapy. Chapter 1 by the editors examines the historical roots of child psychotherapy and explores current trends in the treatment of diverse child disorders. It emphasizes the movement to treatments that work and sets the stage for the chapters that follow.

Each chapter follows a common outline, allowing comparison among stressors.

kait leddy obituary: Work and the Evolving Self Steven D Axelrod, 2018-12-07 In *Work and the Evolving Self*, Steven Axelrod begins to remedy this serious oversight by setting forth a comprehensive psychoanalytic perspective on work life. Consonant with his analytic perspective, Axelrod sets out to illuminate the workplace by examining the psychodynamic meaning of work throughout the life cycle. He begins by exploring the various dimensions of work satisfaction from a psychoanalytic perspective and then expands on the relationship between work life and the adult developmental process. This developmental perspective frames Axelrod's central task: an examination of the typical work-related problems encountered in clinical practice, beginning with a psychodynamic definition of a work disturbance. Moving on to treatment issues, Axelrod elaborates on the manner in which assessment, supportive, and exploratory interventions all enter into the treatment of work disturbances. Axelrod concludes by considering issues of career development that emerge in individual psychotherapy and exploring the psychological implications of dramatic changes now taking place in the workplace. As such, *Work and the Evolving Self* is an impressive contribution to the task with which psychoanalytic therapists are increasingly engaged: that of broadening their identities and treatment approaches in a world that increasingly demands flexibility and innovation.

kait leddy obituary: *School-Based Prevention Programs for Children and Adolescents* Joseph A. Durlak, 1995-07-26 Fueled by demands for reform of social and educational programs and pressured for solutions to increasing social problems among youths, social policy experts have turned to the promising effectiveness of school-based prevention programs. *School-Based Prevention Programs for Children and Adolescents* reviews and evaluates the design and impact of such programs, pointing out in particular those exemplary prevention efforts that have worked and thus advance knowledge in the prevention field. In addition to tracing the development of basic theories and practice, the author discusses the factors that assist or hinder program implementation and offers specific examples to illustrate how effective programs can be modified to work. He also focuses on understanding the school as an integral social and organizational structure and its special role in prevention programs. This volume covers a broad range of prevention programs - including prevention of behavioral, social, and academic problems as well as education in substance abuse and health - and looks to model school-based prevention programs as a step toward future prevention efforts.

kait leddy obituary: School Consultation William P. Erchul, Brian K. Martens, 2010-08-12 Since its emergence during the 1960s, school consultation has become an important vehicle for delivering psychological and educational services. Cooperative efforts between skilled consultants and teachers, rooted in the principles of problem solving, social influence, and professional development, enhance student learning and adjustment while encouraging consultees to be more effective and proactive in their practice. The Third Edition of *School Consultation: Conceptual and Empirical Bases of Practice* shows in expert detail how this relationship works by synthesizing mental health and behavioral models of consultation with the most effective evidence-based practices (e.g., implementation support, response to intervention) informing the field today. The authors provide real-world contexts for all participants in the equation—consultants, teachers, students, staff, and the school itself—and thoroughly review consultation processes and outcomes for a contemporary practice-oriented approach suited to the new consultant, trainee, or researcher.

Key features of the Third Edition include: An integrated mental health/behavioral model for school consultation. An organizational study of the school as a setting for consultation. Assessment issues and strategies particularly relevant to school consultation. Approaches to providing teachers with implementation support. Conceptual models for selecting academic and behavioral interventions. Administrative perspectives on school consultation. A real, transcribed case study analyzed by the authors. In the tradition of its predecessors, *School Consultation, Third Edition*, is a confidence-building tool for practitioners in school psychology, clinical child psychology, educational specialties, school counseling, special education, and school social work as well as a trusted reference for researchers in these fields.

Lee, Aura Rosenberg, 2020-10-08 Nicolás Guagnini: *Theatre of the Self* is a hybrid catalogue-reader based on the exhibition of the multi-threaded performances of Buenos Aires-born New York-based Guagnini. Many of these works, spanning from 2005 until 2019, have never been seen before or have not been seen since their original live presentation. Raised in Argentina during the Dirty War and violent military dictatorship, Guagnini moved to New York in the late 1990s and co-founded the film production company Union Gaucha Productions with Karin Schneider in 1997. In 2005 Guagnini became co-founder of Orchard Gallery, an artist cooperative based on the Lower East Side. The work in *Theatre of the Self* is informed in part by autobiography, history, politics and through Guagnini's community itself. Some performances were participatory, some were not. But all were made polyvocally in collaboration with a group of artists with shared interests and concerns around performance and the moving image including Ei Arakawa, Leigh Ledare, Jeff Preiss, Aura Rosenberg, Karin Schneider among others. This publication invites internationally acclaimed art historians, curators and artists to think about the material in Guagnini's work within a unique format. kait leddy obituary: *Hate Notes* Gracie Graham, 2021-06-26 Topher Elliot is high school royalty. The king of Lakeview prep. You know the type. Disgustingly rich. Blond-haired. Eyes the color of a clear, blue sky. And muscles for days. He also happens to be enemy #1, the bane of my existence. Only, now my scholarship is in jeopardy and, like the peasant I am, I must tutor the king himself if I want to graduate. Still, if I have to be around him, I might as well make it worth my while. So I send him a scathing text, telling him exactly what I think about him. But he mistakes me for someone else. That's when I hatch a plan: get dirt on the king, and watch his reign crumble. It's about time someone made the king come tumbling down.

kait leddy obituary: *The Consolation of Philosophy (Sedgfield translation)* Anicius Manlius Severinus Boethius, 2022-11-13 *Consolation of Philosophy* (Latin: *Consolatio Philosophiae*) is a philosophical work by Boethius, written around the year 524. It has been described as the single most important and influential work in the West on Medieval and early Renaissance Christianity, and is also the last great Western work of the Classical Period. Anicius Manlius Severinus Boethius, commonly called Boethius (c. 480–524 or 525 AD), was a philosopher of the early 6th century. He was born in Rome to an ancient and prominent family which included emperors Petronius Maximus and Olybrius and many consuls. His father, Flavius Manlius Boethius, was consul in 487 after Odoacer deposed the last Western Roman Emperor. Boethius, of the noble Anicia family, entered public life at a young age and was already a senator by the age of 25. Boethius himself was consul in

510 in the kingdom of the Ostrogoths. In 522 he saw his two sons become consuls. Boethius was imprisoned and eventually executed by King Theodoric the Great, who suspected him of conspiring with the Eastern Roman Empire. While jailed, Boethius composed his *Consolation of Philosophy*, a philosophical treatise on fortune, death, and other issues. The *Consolation* became one of the most popular and influential works of the Middle Ages.

kait leddy obituary: Troy Brauntuch Troy Brauntuch, Johanna Burton, Douglas Eklund, 2010 A member of the so-called Pictures Generation, Troy Brauntuch ndash; whose career spans some three decades ndash; has often been characterized, with his peer Jack Goldstein, as taking a postmodern attitude toward representation. He is well known for his works from the end of the 1970s and beginning of the 1980s in which he decontextualized what would otherwise be hyperbolically charged content. In his most recent work, Brauntuch extends his investigations to the space between a thing and our idea of it. In his photographs, everyday objects assert their ephemerality, and a tangible, intimate silence seems as much a part of the pictures as the simple domestic scenes they convey. This book offers the first survey of Brauntuch's work and includes newly commissioned essays by Johanna Burton and Douglas Eklund (the curator of the recent Pictures Generation exhibition at the Metropolitan Museum in New York). kait leddy obituary: Theaster Gates Carol Becker, Achim Borchardt-Hume, 2015-10-19 The first monograph of Chicago-based Theaster Gates, one of the most exciting and highly regarded contemporary artists at work today. Theaster Gates has developed an expanded artistic practice that includes space development, object making, performance and critical engagement with many publics. Gates transforms spaces, institutions, traditions, and perceptions. Gates's training as an urban planner and sculptor, and subsequent time spent studying clay, has given him keen awareness of the poetics of production and systems of organizing. Playing with these poetic and systematic interests, Gates has assembled gospel choirs, formed temporary unions, and used systems of mass production as a way of underscoring the need that industry has for the body. Gates refers to his working method as 'critique through collaboration' and his projects often stretch the form of what we usually understand visual art to be. His focus is also on the availability of information and the cross-fertilization of ideas. His multi-faceted exhibitions investigate themes of race and history through sculpture, installation, performance and two-dimensional works, furthering the artist's interest in a critique of social practice, shared economies and the question of objects in relation to political and cultural thought. Gates' recent exhibition and performance venues include the Seattle Art Museum, Art Basel Miami Beach, Milwaukee Art Museum, Contemporary Arts Museum Houston, and the Whitney Biennial in New York. Gates was a participating artist in Documenta 13 in Kassel (2012) with his total-living installation *12 Ballads for Huguenot House*. Other notable solo exhibitions include *An Epitaph for Civil Rights* at the Los Angeles Museum of Contemporary Art (2011) and *My Labor Is My Protest*, at White Cube Bermondsey, London (2012). Parallel to his artist career, Gates is also Director of Arts and Public Life Initiative at the University of Chicago and a board member of the city's South Side Community Center. Recently commissioned as the 2012 Armory Show Artist and a Loeb Fellow at Harvard Graduate School of Design in 2011, Gates has received awards and grants from Creative Capital, the Joyce Foundation, Graham Foundation, and the Bemis Center for Contemporary Art.
