Tommy Woodard and Eddie James, the men who form the widely popular comedy duo The Skit Guys, have been best friends since high school. With encouragement and guidance from their youth pastor, the guys started to write and perform skits for their youth group. Since their high-school days, they've been writing and performing hilarious and poignant skits live around the world and on camera, as well as on their site, SkitGuys.com. Now, this offbeat duo is coming together to present Smells Like Bacon: The Skit Guys Guide to Lifelong Friendships, a book about the power of friendships and how to build the kind of friendships that last. Written in the signature hilarity of a Skit Guys dialogue—with well-placed banter or two sprinkled in for good measure—Smells Like Bacon explores: - Who needs friends? - Let's-Dig-in-the-Dirt Friends - Awkward things not to say to potential friends - Crying at the movie Beaches - How to be a good friend; - What to look for in friends—and what to avoid; - How to handle difficult situations in friendship; and - Why God makes a great friend - And fun and random stories, and of course, bacon references Tommy and Eddie have traveled the world performing for families at events, churches, and conferences. Their SkitGuys.com website has grown into a treasured media resource for families, pastors and churches. Their numerous short films, skits, and scripts are used to reach families all over the world. klove on demand concert: Poverty and Elusive Development Dan Banik, 2010 This book questions the current status of the development agenda and examines why development has eluded large groups of people living in poverty. It argues that there is a general unwillingness to understand, and focus adequate attention on, the factors that explain the continued production of poverty and inequality. Development has also become increasingly buzzword-driven, although little effort is made to operationalise such terms for actual implementation on the ground. The book further highlights how development interventions have become largely synonymous with crises and why there is a need to refocus our attention on the less sensational, and often invisible, processes that perpetuate poverty. Based on a critical analysis of local, national and global efforts to promote social, economic and political development, the book focuses on a selected set of interrelated issues that form an integral part of the current development discourse: corruption, democracy, human rights, climate change and foreign aid. These are discussed on the basis of empirical evidence from South Asia and Sub-Saharan Africa.

klove on demand concert: The Rehabilitation of Cognitive Disabilities Charles J. Long, J.M. Williams, 2012-12-06 The rehabilitation of intellectual impairment resulting from brain injury has become a major professional activity of clinical neuropsychologists. In recent years, neuropsychology has developed from a professional role stressing assessment and diagnosis to one that now includes treatment and rehabilitation activities. Such trends are also manifested in two new research interests of neuropsychologists: the study of the generalizability of neuropsychological test findings to everyday abilities, often referred to as the ecological validity of tests, and outcome studies of cognitive retraining treatments. Discovering the relationships between traditional neuropsychological tests and everyday behavior is important because the referral questions posed to neuropsychologists have changed. Now, the neuropsychologist is asked to comment on the patient's functional intellectual abilities as they relate to the everyday demands of home, work and educational settings. Of course, the development of cognitive retraining theory and procedures allows neuropsychologists to intervene in the treatment of the cognitive problems that the neuropsychological evaluation has documented. Since these approaches are still in their formative

stages, they have been the subject of clinical lore, great controversy and little systematic research. This situation prompted one of our presenters to lament, Either you believe Cognitive Retraining is divinely inspired, or the work of the devil. There is apparently little middle ground. Given this state of affairs, the program committee of the Mid-South Conference on Human Neuropsychology decided to focus on the role of neuropsychologists in rehabilitation.

klove on demand concert: Island of the Blue Dolphins Scott O'Dell, 1960 Far off the coast of California looms a harsh rock known as the island of San Nicholas. Dolphins flash in the blue waters around it, sea otter play in the vast kelp beds, and sea elephants loll on the stony beaches. Here, in the early 1800s, according to history, an Indian girl spent eighteen years alone, and this beautifully written novel is her story. It is a romantic adventure filled with drama and heartache, for not only was mere subsistence on so desolate a spot a near miracle, but Karana had to contend with the ferocious pack of wild dogs that had killed her younger brother, constantly guard against the Aleutian sea otter hunters, and maintain a precarious food supply. More than this, it is an adventure of the spirit that will haunt the reader long after the book has been put down. Karana's quiet courage, her Indian self-reliance and acceptance of fate, transform what to many would have been a devastating ordeal into an uplifting experience. From loneliness and terror come strength and serenity in this Newbery Medal-winning classic.

klove on demand concert: Church Music Through the Lens of Performance Marcell Silva Steuernagel, 2021-03-14 This book is an investigation into church music through the lens of performance theory, both as a discipline and as a theoretical framework. Scholars who address religious music making in general, and Christian church music in particular, use performance in a variety of ways, creating confusion around the term. A systematized performance vocabulary for the

study of church music can support interdisciplinary investigations of Christian congregational music making in today's complex, interconnected world. From the perspective of performance theory, all those involved in church musicking are performing, be it from platform or pew. The book employs a hybrid methodology that combines ethnographic research and theory from ritual studies, ethnomusicology, theology, and church music scholarship to establish performance studies as a possible next step in church music studies. It demonstrates the feasibility of studying church music as performance by analyzing ethnographic case studies using a developmental framework based on the concepts of ritual, embodiment, and play/change. This book offers a fresh perspective on Christian congregational music making. It will, therefore, be a key reference work for scholars working in Congregational Music Studies, Ethnomusicology, Ritual Studies and Performance Studies, as well as practitioners interested in examining their own church music practices.

In short, it will explain how to identify, assess and treat these conditions.

Murray, Darren Wearmouth, 2021-09-21 From writer, producer, and actor best known as Murr on the hit television shows *Impractical Jokers* and *The Misery Index*, James S. Murray, and co-writer Darren Wearmouth, comes *The Stowaway*, a suspenseful masterpiece that leaves a cruise ship stranded at sea with a serial killer hiding aboard. Two years ago, Maria Fontana, the head of the Psychology Department at Columbia University, sat on a jury for one of the most depraved cases ever to pass through the hallowed halls of City Hall. Wyatt Butler, an antique watch restorer and alleged serial killer, was portrayed in the courtroom as a brutal monster. But Maria had to make the tough choice. In good conscience, she couldn't convict him based purely on circumstantial evidence, and her deciding vote set Wyatt Butler free. The media soon outed her as the lone juror and her successful and quaint life was turned upside down. The victims of Wyatt's ritualistic killings never forgave her either. Now, she and her family have decided to take a vacation to get away from everything: a two-week-long transatlantic cruise. Nothing, and nobody should be able to bother her there. With her two twins and her fiancé Steve, she is set to put the past behind her as soon as the ship leaves port. But when a passenger mysteriously disappears, Maria is left to wonder if maybe this was no coincidence. When another passenger is discovered brutally murdered in a similar way to Butler's ritualistic MO, the ship goes on lockdown. Maria, one of only twelve people in the world with intimate knowledge of the case, faces a perilous ticking clock. Is it a copycat? Or is she trapped on board with the bloodthirsty maniac she chose to set free?

klove on demand concert: The Sacrament of Happy Lisa Harper, 2017-06-01 God is good, God does good, and oh, how He wants you to be happy. In her new book, *The Sacrament of Happy: What a Smiling God Brings to a Wounded World*, Lisa Harper unveils that happiness is a gift from God that we can unashamedly enjoy. Happiness tends to be cast as a fluffy emotion without substance rather than a biblical concept, but this is not theologically accurate. Wearing the twin hats of both seminarian and belly-laughing adoptive mom, Lisa Harper dismantles the old-school idea that joy, not happiness, is the truly spiritual emotion, and asserts that Christ-followers are actually called to happiness. We are called to happiness, and this happiness is not impacted by personal or global tumult. In fact, happiness is a sacrament. The general definition of sacrament is "a visible sign of inward grace." In communities of faith, it most often refers to holy communion or the Eucharist. In the broadest understanding, however, a sacrament is a gift bestowed by God, and in that case, 'happiness' is absolutely a sacrament—a visible, sometimes even audible, sign of inward grace! Lisa shares heart-wrenching difficult stories from her past, as well as some side-splitting hilarity along the way. Throughout the book, we see that happiness and sadness can coexist and ebb and flow like the tides. Christine Caine, Founder of A21 & Propel Women, had this to say about Lisa's new book: *The Sacrament of Happy*—like all of Lisa's messages and books—enriches my understanding of God and His Word—and His great love for us. As always, she unfolds biblical truth so clearly and calls me to action. Every. Single. Time."

In *Believing Jesus*, Bible teacher and author Lisa Harper retraces the steps of the apostles in the book of Acts, while throwing in a few of her own crazy adventures along the way. The disciples didn't have much of a road map after Jesus ascended to heaven, but God's grace and spirit filled in the gaps as they moved forward. It required their willingness to risk everything to establish a new community that would change the future world. As a regular speaker on the Women of Faith® tour, Lisa has earned a reputation as a true theological scholar and hilarious storyteller—not necessarily in that order! Best-selling author and pastor Max Lucado calls Lisa one of the "best Bible tour guides around." *Believing Jesus* will highlight both of Lisa's strengths as she tackles every chapter of the Book of Acts with biblical wisdom and modern wit. Lisa keeps it real, telling stories on herself and pointing readers back to Jesus, the only one who can truly lead.

Somewhere along the way, the Christianity you knew began to crumble. You began to suspect your faith was misplaced. Disillusionment set in. Churches hurt you. Their people failed you. klove on demand concert: Syndrome of Nonverbal Learning Disabilities Byron P. Rourke, 1995-06-23 The syndrome of nonverbal learning disabilities (NLD) is a subtype of learning disabilities whose neuropsychological assets and deficits have predictable academic and psychosocial outcomes. Developed by Byron P. Rourke and elucidated in his previous work, the white matter model was designed to encompass the complex manifestations and neurophysiological underpinnings of the NLD syndrome. Now, for the first time, evidence that bears upon the white matter model has been gathered into a single volume. Building upon Rourke's previous work on NLD, Syndrome of Nonverbal Learning Disabilities: Neurodevelopmental Manifestations, further explores the ramifications of NLD in the neuropsychology of learning disabilities and in pediatric neurological disease, disorder, and dysfunction. Following an overview of the white matter model, chapters cover a wide range of pediatric neurological diseases and disorders through which the

model is examined with particular attention to its neurophysiological aspects. The diseases and disorders discussed include callosal agenesis, Asperger syndrome, velocardiofacial syndrome, Williams syndrome, de Lange syndrome, early hydrocephalus, Sotos syndrome, congenital hypothyroidism, acute lymphocytic leukemia, metachromatic leukodystrophy, Turner syndrome, fetal alcohol syndrome, multiple sclerosis, traumatic brain injury, and toxicant-induced encephalopathy. Dimensions relevant to both assessment and treatment are raised throughout the work, as are suggestions for future research. Recommended for neuropsychologists, neurologists, psychologists, psychiatrists, and pediatricians treating children with learning disabilities or with pediatric neurological disease, disorder, and dysfunction, *Syndrome of Nonverbal Learning Disabilities* serves both as an authoritative update on recent advances and as a text for advanced courses in child/developmental neuropsychology, pediatric neurology, and learning disabilities.

klove on demand concert: *Who Stole the American Dream?* Hedrick Smith, 2013-08-27
Pulitzer Prize winner Hedrick Smith's new book is an extraordinary achievement, an eye-opening account of how, over the past four decades, the American Dream has been dismantled and we became two Americas. In his bestselling *The Russians*, Smith took millions of readers inside the Soviet Union. In *The Power Game*, he took us inside Washington's corridors of power. Now Smith takes us across America to show how seismic changes, sparked by a sequence of landmark political and economic decisions, have transformed America. As only a veteran reporter can, Smith fits the puzzle together, starting with Lewis Powell's provocative memo that triggered a political rebellion that dramatically altered the landscape of power from then until today. This is a book full of surprises and revelations—the accidental beginnings of the 401(k) plan, with disastrous economic consequences for many; the major policy changes that began under Jimmy Carter; how the New Economy disrupted America's engine of shared prosperity, the "virtuous circle" of growth, and how America lost the title of "Land of Opportunity." Smith documents the transfer of \$6 trillion in middle-class wealth from homeowners to banks even before the housing boom went bust, and how the U.S. policy tilt favoring the rich is stunting America's economic growth. This book is essential reading for all of us who want to understand America today, or why average Americans are struggling to keep afloat. Smith reveals how pivotal laws and policies were altered while the public wasn't looking, how Congress often ignores public opinion, why moderate politicians got shoved to the sidelines, and how Wall Street often wins politically by hiring over 1,400 former government officials as lobbyists. Smith talks to a wide range of people, telling the stories of Americans high and low. From political leaders such as Bill Clinton, Newt Gingrich, and Martin Luther King, Jr., to CEOs such as Al Dunlap, Bob Galvin, and Andy Grove, to heartland Middle Americans such as airline mechanic Pat O'Neill, software systems manager Kristine Serrano, small businessman John Terboss, and subcontractor Eliseo Guardado, Smith puts a human face on how middle-class America and the American Dream have been undermined. This magnificent work of history and reportage is filled with the penetrating insights, provocative discoveries, and the great empathy of a master journalist. Finally, Smith offers ideas for restoring America's great promise and reclaiming the American Dream. Praise for *Who Stole the American Dream?* "[A] sweeping, authoritative examination of the last four decades of the American economic experience."—The Huffington Post "Some fine work has been done in explaining the mess we're in. . . . But no book goes to the headwaters with the precision, detail and accessibility of Smith."—The Seattle Times "Sweeping in scope . . . [Smith] posits some steps that could alleviate the problems of the United States."—USA Today "Brilliant . . . klove on demand concert: *In Unison* Jeremy Camp, Adrienne Camp, Amanda Hope Haley,

2020-04-07 And the greatest of these is... Jeremy Camp became a GRAMMY®-nominated singer and songwriter, released four gold albums, and received two American Music Awards nominations. While on a three-month-long tour, Jeremy met and built a friendship with the lead singer of another band. In a beautiful and inspiring story their love unfolded taking them both by surprise. After 16 years of marriage, Jeremy and Adrienne have experienced devastating losses and incredible joy, and have grown alongside each other. They continue to build a friendship as they juggle life and frequent separations, due to tour schedules, with the demands and stressors of parenting their three kids. In Unison is the story of the lessons they've learned in love and marriage told from each of their voices. They vulnerably share the highs and lows of life together and offer practical advice for how to deal with conflict, manage finances, move through grief, and work to build your own family culture. You can't do marriage without Jesus, and when you keep Him in the middle, together, you can build a lasting love.

klove on demand concert: Rembrandt and His Critics 1630-1730 Seymour Slive, 2013-03-09 My greatest debt in the writing of this book is to my teacher Dr. Ulrich Middeldorf, who taught me the methodology of research in art history, and who guided my studies of art theory and criticism. This study, which in an earlier form was accepted as a doctoral dissertation by the University of Chicago, was begun under Dr. Middeldorf's guidance, and during all stages of its preparation I benefited from his invaluable suggestions and criticism. A United States Government Grant enabled me to complete my researches on Rembrandt in the Netherlands, where I studied at the Rijksuniversiteit te Utrecht with Dr. J.G. van Gelder, who was particularly generous with his knowledge and time. He read the manuscript and proofs, and offered numerous suggestions and additions which have been of great benefit to me. Special acknowledgement is made to the Kunsthistorisch Instituut der Rijksuniversiteit te Utrecht for generously finding a place for this study in the Utrechtse Bij dragen tot de Kunstgeschiedenis. I am also much indebted to Dr. H. Schulte Nordholt of the Kunsthistorisch Instituut for his valuable advice and his help in seeing the book through the press.

klove on demand concert: Touched By Grace Gary Lucas, 2013-09-01 Suddenly, this skinny, longhaired kid who had been lounging against the wall inside sprang forward to confront me, rolling and popping his eyes, intensely vibing me with his own personal voodoo. He looked electric, on fire--as if he was about to jump out of his own skin. He was the very image of the young Tim Buckley--same sensual, red-lipped mouth, same sensitive, haunted, blazing eyes. He was a beautiful boy: so charismatic, so handsome, his chiseled face both angelic and demonic. This was obviously Jeff Buckley. Touched By Grace is a revealing account of the time Gary spent working with Jeff Buckley during Jeff's early days in New York City. It describes their magical first performance together at the Greetings From Tim Buckley concert in 1991, the creation of their landmark songs 'Grace' and 'Mojo Pin,' their plan to take on the world together in Gary's band Gods and Monsters--and then the moment when Jeff pulled the plug, opting instead to pursue a solo deal with Columbia Records, the very label that had recently cut short its contract with the original incarnation Gods and Monsters. In this fascinating and revelatory book, Gary writes with heartfelt honesty about the highs and lows of this unique creative collaboration, providing an eye-opening insight into a world of music, passion, betrayal, and more.

klove on demand concert: Why Nobody Wants to Go to Church Anymore Thom Schultz, Joani Schultz, 2013-11-04 It's sad but true: The American church is shrinking...fast. God-loving people are leaving in droves, and everything that attracted them in the past simply doesn't work anymore. Is there anything the church can do to turn the tide? Why Nobody Wants to Go to Church Anymore reveals the truth about this steep decline, along with innovative ideas for changing the way people think about church. Through startling statistics, compelling stories, and a surprising Jesus-based approach, you'll be stretched to redefine the way you do church. It all begins by embracing four simple acts of love: Radical hospitality Fearless conversation Genuine humility Divine anticipation Far from theoretical musings, these practical acts show Jesus' love to people who crave it. You'll see why they really work, how they're taking root in hundreds of communities around

the country, and how you can help bring people back into a relationship with God. The time for changing the church is now. And the one who can change it is you.

klove on demand concert: Socialism - The Real History from Plato to the Present: How the Deep State Capitalizes on Crises to Consolidate Control [With Paperback Book] William J. Federer, 2020-07-04 SOCIALISM: THE DREAM OF AN IDEAL SOCIETY? Is it a wonderful utopia or a totalitarian nightmare? Will everything be free or will deep-state bureaucrats decide who gets what? Did Plato, Thomas More, & Francis Bacon propose social ownership of property? Is there a difference between socialism and communism? Did Pilgrims attempt a communistic plan of life? What happened? How did the Pilgrims' covenant under God become the Age of Enlightenment's social contract with a distant God, become the French Revolution's social contract with no god, become Marxism's the state is god? If the state gives rights, it can, and inevitably will, take away those rights-Eisenhower. Was France's Reign of Terror a model for future violent socialist revolutions? The Bible talks about private property, yet Marx wrote: The theory of the communists may be summed up in the single sentence: Abolition of private property. Coolidge wrote: It does not follow that because something ought to be done, the national government ought to do it. What did socialism do to Russia, Romania, Poland, Hungary, China, North Korea, Cuba, Cambodia, and Venezuela? What are honor-shame cultures? What are the group dynamics which can manipulate individuals with peer-pressure to surrender their private views to fit in with a group. Who was Joseph Goebbels, who said: Think of the press as a great keyboard on which the government can play. How did he control mob emotions? Learn about the political tactics of deconstruction, psychological projection, and seizing the moral high ground. Is the form of government the problem or is the problem deeper - the selfishness inherent in the human heart? What is the only real solution?
