The Tenth Edition is an extensive revision that covers HIPAA, health care reform, and offers several chapters not included in previous editions. Under the guidance of new lead editor John E. Steiner, Jr., Esq., Problems in Health Care Law, Tenth Edition, brings together the work of authors who represent some of the best thinking and analyses of the issues by legal practitioners and business advisors in the thick of health care reform, delivery, payment, client counseling and contested legal matters. Key Features: * Each chapter provides a combination of broad concepts, learning objectives, practical examples, and instructor led questions. * Offers more robust pedagogical features including art work, diagrams, checklists, side bars, and more. * Includes a rich diversity of material from leading authorities with private law firm experience, national trade association advocacy and policy work, significant 'hands-on' healthcare institutional work and diverse publishing experiences.
