Case studies across the genres of popular music in the West are surveyed throughout the book to consider the power of music as a rhetorical tool during cultural flashpoints and times of crisis. Carey analyzes songs such as "This is America" by Childish Gambino, "Alien Superstar" by Beyoncé, "Thought Contagion" by Muse, and more to consider the impact of contemporary music on culture and social justice movements. Scholars of rhetoric and composition, communication, cultural studies, and ethnomusicology will find this book particularly interesting.

luke combs in philly: Feeding the Dragon Chris Fenton, 2020-07-28 "Paced like a thriller, with

comparable doses of international intrigue and conflict, Chris Fenton's bracingly candid business memoir *Feeding the Dragon* takes readers deep behind the scenes of Hollywood's shaky foothold in China. Dealing at the highest levels with Chinese government officials and major American brands like Disney, Marvel, and the NBA, the former Olive Garden waiter-turned-entertainment-industry-power-broker disarmed and defied authorities on both sides of the superpower divide to make billions—and history. Thanks to a brisk, page-turning storytelling style and an evenhanded, insider-level perspective decades in the making, *Feeding the Dragon* manages to be both timeless and timely. Captivating details on Robert Downey Jr., LeBron James, Kurt Cobain, Michael Phelps, and Marvel Universe creative mastermind Kevin Feige (among others) will enthrall average fans and aspiring moguls alike. But the beating narrative heart remains Fenton's down-to-earth recounting of a headline-making journey. Ultimately, the intrepid exec builds a compelling case for the power of “cultural diplomacy”: mutually-beneficial, soft power-sharing exchanges as a better way forward than the hardliner battle lines being drawn across Beijing, Washington, and Los Angeles. Teeming with urgent insights about unlikely alliances and dangerous misperceptions, *Feeding the Dragon* is a must-read for anyone interested in the future of the US-China relationship and the bottom-line realities of show business and professional sports today. Even better, it's a supremely entertaining ride for anyone who simply loves a great story.... Chris often told me about projects and plans off-the-record that I wouldn't have reported on anyway, because they all seemed wildly improbable. Every single one came true. And now they're all down on the page.” —Jamie Bryan, *Fast Company* contributor

Not being able to make or see art would be a major deprivation. The Virginia native's creative path began early, and, during the course of her life, she overcame significant barriers in her quest to make and even see art, including serious vision problems, polio, and paralysis. And then there was her gender. In 1957 Blaine was hailed by *Life* magazine as someone to watch, profiled alongside four other emerging painters whom the journalist praised not as notable women artists but as notable artists who happen to be women. In *Central to Their Lives*, twenty-six noted art historians offer scholarly insight into the achievements of female artists working in and inspired by the American South. Spanning the decades between the late 1890s and early 1960s, this volume examines the complex challenges these artists faced in a traditionally conservative region during a period in which women's social, cultural, and political roles were being redefined and reinterpreted. The presentation—and its companion exhibition—features artists from all of the Southern states, including Dusti Bongé, Anne Goldthwaite, Anna Hyatt Huntington, Ida Kohlmeyer, Lois Mailou Jones, Alma Thomas, and Helen Turner. These essays examine how the variables of historical gender norms, educational barriers, race, regionalism, sisterhood, suffrage, and modernism mitigated and motivated these women who were seeking expression on canvas or in clay. Whether working from studio space, in spare rooms at home, or on the world stage, these artists made remarkable contributions to the art world while fostering future generations of artists through instruction, incorporating new aesthetics into the fine arts, and challenging the status quo. Sylvia Yount, the Lawrence A. Fleischman Curator in Charge of the American Wing at the Metropolitan Museum of Art, provides a foreword to the volume. Contributors: Sara C. Rachel is twenty-four, a lapsed Jew who has made calorie restriction her religion. By day, she maintains an illusion of existential control, through obsessive food rituals, while working as an underling at a Los Angeles talent management agency. At night, she pedals nowhere on the elliptical machine. Rachel is content to carry on subsisting—until her therapist encourages her to take a ninety-day communication detox from her mother, who raised her in the tradition of calorie counting. Rachel soon meets Miriam, a zaftig young Orthodox Jewish woman who works at her favorite frozen yogurt shop and is intent upon feeding her. Rachel is suddenly and powerfully entranced by Miriam—by her sundaes and her body, her faith and her family—and as the two grow closer, Rachel embarks on a journey marked by mirrors, mysticism, mothers, milk, and honey. “A ruthless, laugh-out-loud examination of life under the tyranny of diet culture” (Glamour) Broder tells a tale of appetites: physical hunger, sexual desire, spiritual longing, and the ways that we compartmentalize these so often interdependent instincts. *Milk Fed* is “riotously funny and perfectly profane” (Refinery 29) from “a wild, wicked mind” (Los Angeles Times).

luke combs in philly: Unlikely Brothers John Prendergast, Michael Mattocks, 2012-02-28 "You don't look like brothers . . ." Peace activist and cofounder of the Enough Project, John Prendergast is known as a champion of human rights in Africa. But the not-so-public face of J.P. is the life he's led as a Big Brother to Michael Mattocks. As a curious, driven, and emotionally wounded twenty-year-old, J.P. made the life-changing decision to form a "Big Brother/Little Brother" relationship with then seven-year-old Michael, who was living out of plastic bags and drifting from one homeless shelter to the next with his mother and siblings. Lacking a connection with his own brother and distancing himself from a disastrous relationship with his father, J.P. formed a unique bond with Michael the moment they met. Michael and J.P. became like family, with Michael and some of his siblings even living with J.P. one summer. In the years that followed, J.P. took Michael and his brothers on outings, whether it was fishing, playing basketball, patronizing cheap restaurants, or going on road trips. This friendship would continue for over twenty-five years as the two coped with varying degrees of violence, instability, and trauma in their own lives. Told in duet, Unlikely Brothers follows Michael as he grows up on the tough streets of Washington, D.C., where as a young teenager he watched his best friend get shot, dropped out of school, and started dealing crack cocaine shortly thereafter. By sixteen, Michael had become the kingpin of his neighborhood, guns and drugs always close at hand. Meanwhile, J.P. was traveling to and from African war zones. J.P. offered Michael a refuge from the streets, never really confronting the gravity of what Michael was going through in his adolescence. In turn, Michael afforded J.P. an escape from his own turbulent personal and professional life. As the years go by, the two swoop in and out of each other's lives, slowly disconnecting as they disappear into their respective worlds, but making their way back to each other at a critical moment for both of them. The effect the two have on each other is extremely significant to both of their paths to redemption. Inspirational and deeply moving, Unlikely Brothers beautifully showcases how life's most random moments can often be the most profound.

Even though, deep inside, they may have felt that way. And then along came Hillary. Brave, brilliant, and unstoppable, she was out to change the world. They said a woman couldn't be a mother and a lawyer. Hillary was both. They said a woman shouldn't be too strong or too smart. Hillary was fearlessly herself. It didn't matter what people said—she was born to lead. luke combs in philly: My Father, Lance Richbourg Society for American Baseball Research (Sabr), 2002-12 The National Pastime offers baseball history available nowhere else. Each fall this publication from the Society for American Baseball Research (SABR) explores baseball history with fresh and often surprising views of past players, teams, and events. Drawn from the research efforts of more than 6,700 SABR members, The National Pastime establishes an accurate, lively, and entertaining historical record of baseball. A Note from the Editor, Jim Charlton: My cap is off to my predecessor Mark Alvarez, the Connie Mack of SABR publications director, who toiled in the job for ten years. Mark is a long-time friend and, as it happens, lives in the same county in Connecticut; he has been generous and helpful during this transition. Having been in this job for a few months, I have an even greater appreciation for Mark's excellent work. Before him there were other fine and capable editors, each of whom built on the work of earlier people. These include John Holway, Bob Tiemann, and John Thorn, who edited the premiere issue of The National Pastime, in 1982. The Baseball Research Journal, begun in 1975, was for years edited by Bob Davids. Special editions of TNP were edited or co-edited by Pete Bjarkman, Paul Adomides, and Mark Rucker. Issue 22 of The National Pastime includes a variety of articles, a few of which have been in the works for several years. I particularly recommend Brian Turner's beautifully researched discovery on early integration. Bill Mead, author of Even the Browns, is one of my favorite writers, and his profile of Doc Hyland, the long-time Cards' physician, is most enjoyab≤ the estimable Gene Karst, probably SABR's senior member at 96, adds a wonderful anecdote. While I don't think I'll ever reach my goal of having a complete issue of TNP devoted to the Chicago Cubs, Art Ahrens' fine piece on the 1927 team is a good start. Dixie Tourangeau brings to life baseball's opening day one hundred years ago, and Lance Richbourg's affectionate and knowledgeable portrait of his father is the cover article. I want to thank the SABR members who served as peer reviewers for the articles here, as well as in the forthcoming BRJ: Ed Hartig, Phil Birnbaum, John Pastier, Steve Boren, Voros McCracken, Marshall Wright, Kevin Saldana, David Vincent, Dick Thompson, Rob Neyer, Jeff Orleans, Leslie Heaphy, Rob Wood, Gene Karst, Lyle Spatz, Neal Traven, Fred Ivor-Campbell, Bill Deane, Eric Enders, and Pete Bjarkman.

He wasn't known to mainstream audiences, even though he worked with renowned acts like D'Angelo and Erykah Badu and influenced the music of superstars like Michael Jackson and Janet Jackson. He died at the age of thirty-two, and in his lifetime he never had a pop hit. Yet since his death, J Dilla has become a demigod: revered by jazz musicians and rap icons from Robert Glasper to Kendrick Lamar; memorialized in symphonies and taught at universities. And at the core of this adulation is innovation: a new kind of musical time-feel that he created on a drum machine, but one that changed the way "traditional" musicians play. In *Dilla Time*, Dan Charnas chronicles the life of James DeWitt Yancey, from his gifted childhood in Detroit, to his rise as a Grammy-nominated hip-hop producer, to the rare blood disease that caused his premature death; and follows the people who kept him and his ideas alive. He also rewinds the histories of American rhythms: from the birth of soul in Dilla's own "Motown," to funk, techno, and disco. Here, music is a story of Black culture in America and of what happens when human and machine times are synthesized into something new. *Dilla Time* is a different kind of book about music, a visual experience with graphics that build those concepts step by step for fans and novices alike, teaching us to "see" and feel rhythm in a unique and enjoyable way. Dilla's beats, startling some people with

their seeming "sloppiness," were actually the work of a perfectionist almost spiritually devoted to his music. This is the story of the man and his machines, his family, friends, partners, and celebrity collaborators. Culled from more than 150 interviews about one of the most important and influential musical figures of the past hundred years, *Dilla Time* is a book as delightfully detail-oriented and unique as J Dilla's music itself.

An innovator?and even a hell-raiser?Cline broke all the boys' club barriers of Nashville's music business in the 1950s and brought a new Nashville sound to the nation with her pop hits and torch ballads like "Walking After Midnight," "I Fall to Pieces" and "Crazy." She is the subject of a major Hollywood movie and countless articles, and her albums are still selling 45 years after her death. Ellis Nassour was the very first to write about Cline and did so with the cooperation of the stars who knew and loved her—including Jimmy Dean, Jan Howard, Brenda Lee, Loretta Lynn, Roger Miller, Dottie West, and Faron Young. He was the only writer to interview Cline's mother and husbands. This updated edition features not only a complete discography and a host of never-before-published photographs, but includes an afterword that details controversial claims about her birth, the battle between Cline's siblings for her possessions, the amazing influence Cline had on a new generation of singers and, in Cline's own words from letters to a devoted friend, her excitement as her career soared to new heights and her marriage descended to new depths.
