moore county nc election results: Lucean Arthur Headen Jill D. Snider, 2020-01-29 Born in Carthage, North Carolina, Lucean Arthur Headen (1879-1957) grew up amid former slave artisans. Inspired by his grandfather, a wheelwright, and great-uncle, a toolmaker, he dreamed as a child of becoming an inventor. His ambitions suffered the menace of Jim Crow and the reality of a new inventive landscape in which investment was shifting from lone inventors to the new industrial scientists. But determined and ambitious, Headen left the South, and after toiling for a decade as a Pullman porter, risked everything to pursue his dream. He eventually earned eleven patents, most for innovative engine designs and anti-icing methods for aircraft. An equally capable entrepreneur and sportsman, Headen learned to fly in 1911, manufactured his own Pace Setter and Headen Special cars in the early 1920s, and founded the first national black auto racing association in 1924, all establishing him as an important authority on transportation technologies among African Americans. Emigrating to England in 1931, Headen also proved a successful manufacturer, operating engineering firms in Surrey that distributed his motor and other products worldwide for twenty-five years. Though Headen left few personal records, Jill D. Snider recreates the life of this extraordinary man through historical detective work in newspapers, business and trade publications, genealogical databases, and scholarly works. Mapping the social networks his family built within the Presbyterian church and other organizations (networks on which Headen often relied), she also reveals the legacy of Carthage's, and the South's, black artisans. Their story shows us that, despite our worship of personal triumph, success is often a communal as well as an individual achievement.

Wood, 2004 Between 1700 and 1775 no colony in British America experienced more impressive growth than North Carolina, and no region within the colony developed as rapidly as the Lower Cape Fear. In his study of this eighteenth-century settlement, Bradford J. Wood challenges many commonly held beliefs, presenting the Lower Cape Fear as a prime example for understanding North Carolina - and the entirety of colonial America - as a patchwork of regional cultures.

moore county nc election results: Disciplined Hope Shannon Craigo-Snell, 2019-01-17 In a time of political turmoil, how should we pray? What is the role of prayer in resisting politics that are based on hatred and division? This book claims prayer as a way to choose hope over fear. Beginning soon after the Inauguration in 2017, Shannon Craigo-Snell offered brief, daily prayers lifting up people and groups who were actively working for the common good. These prayers, collected here, provide a historical record of the rhetorical and political outrages of the first year of the Trump Administration, as well as the actions of those who resisted. They remember the small victories, averted disasters, and ongoing struggles of people of good will. They affirm not only the practical value of political involvement, but also the spiritual value of such engagement in solidarity with those most vulnerable to destructive policies. In addition to these daily prayers, this book offers an introduction and invitation to prayer. Intercessory prayer, in particular, can bridge divides between religious traditions and cultural differences, creating a space in which diverse communities can hope together for a better world.

moore county nc election results: Civil War in the North Carolina Quaker Belt William T. Auman, 2014-01-23 This is an account of the seven military operations conducted by the Confederacy against deserters and disloyalists and the concomitant internal war between secessionists and those who opposed secession in the Quaker Belt of central North Carolina. It explains how the outliers (deserters and draft-dodgers) managed to elude capture and survive despite extensive efforts by Confederate authorities to hunt them down and return them to the army. The author discusses the development of the secret underground pro-Union organization the Heroes of America, and how its members utilized the Underground Railroad, dug-out caves, and an elaborate system of secret signals and communications to elude the hunters. Numerous instances of murder, rape, torture and other brutal acts and many skirmishes between gangs of deserters and Confederate and state troops are recounted. In a revisionist interpretation of the Tar Heel wartime peace movement, the author argues that William Holden's peace crusade was in fact a Copperhead insurgency in which peace agitators strove for a return of North Carolina and the South to the Union on the Copperhead basis--that is, with the institution of slavery protected by the Constitution in the returning states.

moore county nc election results: Wilmington's Lie David Zucchino, 2020-01-07 A Pulitzer Prize-winning, searing account of the 1898 white supremacist riot and coup in Wilmington, North Carolina. By the 1890s, Wilmington was North Carolina's largest city and a shining example of a mixed-race community. It was a bustling port city with a burgeoning African American middle class and a Fusionist government of Republicans and Populists that included black aldermen, police officers and magistrates. There were successful black-owned businesses and an African American newspaper, *The Record*. But across the state—and the South—white supremacist Democrats were working to reverse the advances made by former slaves and their progeny. In 1898, in response to a speech calling for white men to rise to the defense of Southern womanhood against the supposed threat of black predators, Alexander Manly, the outspoken young *Record* editor, wrote that some relationships between black men and white women were consensual. His editorial ignited outrage across the South, with calls to lynch Manly. But North Carolina's white supremacist Democrats had a different strategy. They were plotting to take back the state legislature in November "by the ballot or bullet or both," and then use the Manly editorial to trigger a "race riot" to overthrow

Wilmington's multi-racial government. Led by prominent citizens including Josephus Daniels, publisher of the state's largest newspaper, and former Confederate Colonel Alfred Moore Waddell, white supremacists rolled out a carefully orchestrated campaign that included raucous rallies, race-baiting editorials and newspaper cartoons, and sensational, fabricated news stories. With intimidation and violence, the Democrats suppressed the black vote and stuffed ballot boxes (or threw them out), to win control of the state legislature on November 8th. Two days later, more than 2,000 heavily armed Red Shirts swarmed through Wilmington, torching the Record office, terrorizing women and children, and shooting at least sixty black men dead in the streets. The rioters forced city officials to resign at gunpoint and replaced them with mob leaders. Prominent blacks—and sympathetic whites—were banished. Hundreds of terrified black families took refuge in surrounding swamps and forests. This brutal insurrection is a rare instance of a violent overthrow of an elected government in the United States. It halted gains made by blacks and restored racism as official government policy, cementing white rule for another half century. It was not a "race riot," as the events of November 1898 came to be known, but rather a racially motivated rebellion launched by white supremacists. In *Wilmington's Lie*, Pulitzer Prize-winner David Zucchino uses contemporary newspaper accounts, diaries, letters and official communications to create a gripping and compelling narrative that weaves together individual stories of hate and fear and brutality. This is a dramatic and definitive account of a remarkable but forgotten chapter of American history.

moore county nc election results: Historic Documents of 2023 Heather Kerrigan, River Horse Communications, LLC, 2024-10-15 Published annually since 1972, the Historic Documents series has made primary source research easy by presenting excerpts from documents on the important events of each year for the United States and the World. Each volume pairs 60 to 70 original background narratives with well over 100 documents to chronicle the major events of the year, from official reports and surveys to speeches from leaders and opinion makers, to court cases, legislation, testimony, and much more. Historic Documents is renowned for the well-written and informative background, history, and context it provides for each document. Organised chronologically, each volume covers the same wide range of topics: business, the economy and labor; energy, environment, science, technology, and transportation; government and politics; health and social services; international affairs; national security and terrorism; and rights and justice. Each volume begins with an insightful essay that sets the year's events in context, and each document or group of documents is preceded by a comprehensive introduction that provides background information on the event. Full-source citations are provided. Readers have easy access to material through a detailed, thematic table of contents, and each event includes references to related coverage and documents from the last ten editions of the series.

moore county nc election results: An Introduction to Political Geography Martin Jones, Rhys Jones, Michael Woods, Mark Whitehead, Deborah Dixon, Matthew Hannah, 2014-11-13 An Introduction to Political Geography continues to provide a broad-based introduction to contemporary political geography for students following undergraduate degree courses in geography and related subjects. The text explores the full breadth of contemporary political geography, covering not only traditional concerns such as the state, geopolitics, electoral geography and nationalism; but also increasing important areas at the cutting-edge of political geography research including

globalization, the geographies of regulation and governance, geographies of policy formulation and delivery, and themes at the intersection of political and cultural geography, including the politics of place consumption, landscapes of power, citizenship, identity politics and geographies of mobilization and resistance. This second edition builds on the strengths of the first. The main changes and enhancements are: four new chapters on: political geographies of globalization, geographies of empire, political geography and the environment and geopolitics and critical geopolitics significant updating and revision of the existing chapters to discuss key developments, drawing on recent academic contributions and political events new case studies, drawing on an increasing number of international and global examples additional boxes for key concepts and an enlarged glossary. As with the first edition, extensive use is made of case study examples, illustrations, explanatory boxes, guides to further reading and a glossary of key terms to present the material in an easily accessible manner. Through employment of these techniques this book introduces students to contributions from a range of social and political theories in the context of empirical case study examples. By providing a basic introduction to such concepts and pointing to pathways into more specialist material, this book serves both as a core text for first- and second-year courses in political geography, and as a resource alongside supplementary textbooks for more specialist third year courses.

moore county nc election results: State Parties and National Politics Thomas E. Jeffrey, 2012-02-01 In this study of political party development in North Carolina during the antebellum period, Thomas E. Jeffrey accounts for the persistence of the second-party system in that state, emphasizing the sectional conflict that divided eastern plantation and western small farming counties. Although members of the Whig and Democratic parties disagreed strongly over national issues, the state issues—public school funding, internal improvements, the creation of new counties—divided citizens along sectional rather than party lines. Party leaders attempted to reconcile progressive western interests and conservative eastern interests by accentuating cohesive national issues. Jeffrey reveals factors that preserved the vitality of the secondparty system in North Carolina even as other states became politically stagnant. This vitality would shape politics of the Old North State during the Civil War, Reconstruction, and beyond. The upheaval of the Civil War vindicated the policies of the Whigs, and although extinct outside of the state, this party would lead North Carolina into the age of the New South.

moore county nc election results: Fragile Alliances Samuel W. White, 2005-07-30 How did the alliance between labor and the Democratic Party develop after the First World War? What role does Evansville play in an examination of this alliance? What was the impact of the alliance on U.S politics and society? These are some of the questions that Samuel W. White tackles in his book *Fragile Alliances: Labor and Politics in Evansville, Indiana, 1919-1955*. Focusing on Evansville,

Indiana, as a case study, White challenges traditional assumptions in the field, such as the following: labor has one political voice; labor is monolithic in electoral politics; the New Deal successfully reordered American society and politics. White examines the roles played by political repression, opposition by employers, and anticommunist forces within the community as well as the labor movement in undermining the labor-Democratic Party alliance in Evansville. He contends that by the 1950s, the impact of these forces blunted the potential of the labor movement and the Democratic Party to transform the political system by giving workers and their allies a permanent political space in electoral politics. Much of the published literature on labor and politics in the U.S. is focused on national events and organizations that make labor appear as a monolith in electoral politics. White diverges from the national focus of the majority of this literature, instead looking at labor and politics at the local level. While much of the published literature argues that the alliance between labor and the Democratic Party in the 1930s was a formidable force that reordered American society and politics, White shows that in Evansville, the alliance was anything but that. Racked by political repression, opposition by employers, and anticommunist forces within the community and the labor movement itself, the alliance was remarkably fragile and incapable of sustaining the momentum it had established in the 1930s.

moore county nc election results: Woke Religion: Unmasking the False Gospel of Social Justice Wes Carpenter, 2021-08-03 In today's society, many, including Christians, want to be "woke." But has woke become simply another religion, another ploy of Satan's to shred the fabric of Christianity? As woke critical theory seeps through the teachings of the Church, many Christians are being misled by their own spiritual leaders to take part in the newest attempt for their souls. In *Woke Religion: Unmasking the False Gospel of Social Justice*, Wes Carpenter unashamedly addresses these heretical teachings, calling on those in spiritual authority to deny woke philosophies and cling to the teachings of Scripture. Follow Wes as he takes the reader from the stirrings of woke critical theory in Church history to the teachings that are pervading the Church today.

moore county nc election results: God with Us Ansley L. Quiros, 2018-09-28 For many, the struggle over civil rights was not just about lunch counters, waiting rooms, or even access to the vote; it was also about Christian theology. Since both activists and segregationists ardently claimed that God was on their side, racial issues were imbued with religious meanings from all sides. Whether in the traditional sanctuaries of the major white Protestant denominations, in the mass meetings in black churches, or in Christian expressions of interracialism, southerners resisted, pursued, and questioned racial change within various theological traditions. *God with Us* examines the theological struggle over racial justice through the story of one southern town--Americus, Georgia--where ordinary Americans sought and confronted racial change in the twentieth century. Documenting the passion and virulence of these contestations, this book offers insight into how midcentury battles over theology and race affected the rise of the Religious Right and indeed continue to resonate deeply in American life.

moore county nc election results: Roanoke, Virginia, 1882-1912 Rand Dotson, 2008 Tells the story of a city that for a brief period was widely hailed as a regional model for industrialization as well as the ultimate success symbol for the rehabilitation of the former Confederacy. In a region

where modernization seemed to move at a glacial pace, those looking for signs of what they were triumphantly calling the New South pointed to Roanoke. No southern city grew faster than Roanoke did during the 1880s. A hardscrabble Appalachian tobacco depot originally known by the uninspiring name of Big Lick, it became a veritable boomtown by the end of the decade as a steady stream of investment and skilled manpower flowed in from north of the Mason-Dixon line. The first scholarly treatment of Roanoke's early history, the book explains how native businessmen convinced a northern investment company to make their small town a major railroad hub. It then describes how that venture initially paid off, as the influx of thousands of people from the North and the surrounding Virginia countryside helped make Roanoke - presumptuously christened the Magic City by New South proponents - the state's third-largest city by the turn of the century. Rand Dotson recounts what life was like for Roanoke's wealthy elites, working poor, and African American inhabitants. He also explores the social conflicts that ultimately erupted as a result of well-intended reforms initiated by city leaders. Dotson illustrates how residents mediated the catastrophic Depression of 1893 and that year's infamous Roanoke Riot, which exposed the façade masking the city's racial tensions, inadequate physical infrastructure, and provincial mentality of the local populace. Dotson then details the subsequent attempts of business boosters and progressive reformers to attract the additional investments needed to put their city back on track. Ultimately, Dotson explains, Roanoke's early struggles stemmed from its business leaders' unwavering belief that economic development would serve as the panacea for all of the town's problems.

In this study, Mr. Moore traces the development and changes that took place in the Old Dominion during these troubled postbellum years. The state's massive debt burden touched off an upheaval, splintering the electorate into competing Funder and Readjuster factions. The Funders, composed largely of the conservative farmers of eastern Virginia and the commercial classes of the towns, were committed to pay off Virginia's prewar debt in full. The Readjusters, drawing their support from the fringe elements of society, sought a more realistic, downward adjustment of the debt.

moore county nc election results: The Perot Voters & the Future of American Politics Albert J. Menendez, 1996 Menendez (former statistician with the Bureau of Labor Statistics and associate director of Americans for Religious Liberty) offers a statistical analysis of the 20 million voters who voted for Perot. Drawing on county voting data, select precinct data, and exit polls, Menendez examines the gender, race, education, economic situation, and geographic characteristics of the Perot voter. The author argues that Perot's message has a wide appeal to a powerful voting base which may affect future elections. Lacks an index and bibliography.
