open sky wilderness reviews: Open Midnight Brooke Williams, 2017-02-20 Open Midnight weaves two parallel stories about the great wilderness—Brooke Williams’s year alone with his dog ground truthing wilderness maps of southern Utah, and that of his great-great-great-grandfather, who in 1863 made his way with a group of Mormons from England across the wilderness almost to Utah, dying a week short. The book is also about two levels of history—personal, as represented by William Williams, and collective, as represented by Charles Darwin, who lived in Shrewsbury, England, at about the same time as Williams. As Brooke Williams begins researching the story of his oldest known ancestor, he realizes that he has few facts. He wonders if a handful of dates can tell the story of a life, writing, “If those points were stars in the sky, we would connect them to make a constellation, which is what I’ve made with his life by creating the parts missing from his story.” Thus William Williams becomes a kind of spiritual guide, a shamanlike consciousness that accompanies the author on his wilderness and life journeys, and that appears at pivotal points when the author is required to choose a certain course. The mysterious presence of his ancestor inspires the author to create imagined scenes in which Williams meets Darwin in Shrewsbury, sowing something central in the DNA that eventually passes to Brooke Williams, whose life has been devoted to nature and wilderness. Brooke Williams’s inventive and vivid prose pushes boundaries and investigates new ways toward knowledge and experience, inviting readers to think unconventionally about how we experience reality, spirituality, and the wild. The author draws on Jungian psychology to relate how our consciousness of the wild is culturally embedded in our

psyche, and how a deep connection to the wild can promote emotional and psychological well-being. Williams's narrative goes beyond a call for conservation, but in the vein of writers like Joanna Macy, Bill Plotkin, David Abram, the author argues passionately for the importance of wildness to the human soul. Reading Williams's inspired prose provides a measure of hope for protecting the beautiful places that we all need to thrive. *Open Midnight* is grounded in the present by Williams's descriptions of the Utah lands he explores. He beautifully evokes the feeling of being solitary in the wild, at home in the deepest sense, in the presence of the sublime. In doing so, he conveys what Gary Snyder calls "a practice of the wild" more completely than any other work. Williams also relates an insider's view of negotiations about wilderness protection. As an advocate working for the Southern Utah Wilderness Alliance, he represents a minority in meetings designed to open wilderness lands to roads and hunting. He portrays the mindset of the majority of Utah's citizens, who argue passionately for their rights to use their lands however they wish. The phrase "open midnight," as Williams sees it, evokes the time between dusk and dawn, between where we've been and where we're going, and the unconscious where all possibilities are hidden.

open sky wilderness reviews: *Shouting at the Sky* Gary Ferguson, 1999-03-15 Gary Ferguson recounts the experiences he had while spending two months in the Utah wilderness with a group of troubled teens.

open sky wilderness reviews: *The Snow Child* Eowyn Ivey, 2012-02-01 In this magical debut, a couple's lives are changed forever by the arrival of a little girl, wild and secretive, on their snowy doorstep. Alaska, 1920: a brutal place to homestead, and especially tough for recent arrivals Jack and Mabel. Childless, they are drifting apart -- he breaking under the weight of the work of the farm; she crumbling from loneliness and despair. In a moment of levity during the season's first snowfall, they build a child out of snow. The next morning the snow child is gone -- but they glimpse a young, blonde-haired girl running through the trees. This little girl, who calls herself Faina, seems to be a child of the woods. She hunts with a red fox at her side, skims lightly across the snow, and somehow survives alone in the Alaskan wilderness. As Jack and Mabel struggle to understand this child who could have stepped from the pages of a fairy tale, they come to love her as their own daughter. But in this beautiful, violent place things are rarely as they appear, and what they eventually learn about Faina will transform all of them.

open sky wilderness reviews: *Invader on My Back* Philip E. High, 2011-09-29 In the far future, the world has fallen to chaos with the criminal elements controlling the cities and vast police forces ruling the unknown wilderness beyond. Only one man, unknowingly, holds the key to the state in which society finds itself - a man named Craig. Craig, however, is an outcast, a pariah, feared by organised crime and despised by the police who, despite themselves, are compelled to use him. This is the tale of how Craig fights back - against forces unknown - and of his attempts to reinstate himself into a society that has rejected him.

open sky wilderness reviews: *Life Lived Wild* Rick Ridgeway, 2021-10-26 At the beginning of his memoir *Life Lived Wild*, *Adventures at the Edge of the Map*, Rick Ridgeway tells us that if you add up all his many expeditions, he's spent over five years of his life sleeping in tents: "And most of that in small tents pitched in the world's most remote regions." It's not a boast so much as an explanation. Whether at elevation or raising a family back at sea level, those years taught him, he writes, "to distinguish matters of consequence from matters of inconsequence." He leaves it to his readers, though, to do the final sort of which is which.--Amazon.

open sky wilderness reviews: *Lands of Lost Borders* Kate Harris, 2018-01-30 NATIONAL BESTSELLER WINNER OF THE RBC TAYLOR PRIZE WINNER OF THE EDNA STAEBLER AWARD FOR CREATIVE NON-FICTION Every day on a bike trip is like the one before--but it is also completely different, or perhaps you are different, woken up in new ways by the mile. As a teenager, Kate Harris realized that the career she most craved--that of a generalist explorer, equal parts swashbuckler and philosopher--had gone extinct. From her small-town home in Ontario, it seemed as if Marco Polo, Magellan and their like had long ago mapped the whole earth. So she vowed to become a scientist and go to Mars. To pass the time before she could launch into outer space, Kate

set off by bicycle down a short section of the fabled Silk Road with her childhood friend Mel Yule, then settled down to study at Oxford and MIT. Eventually the truth dawned on her: an explorer, in any day and age, is by definition the kind of person who refuses to live between the lines. And Harris had soared most fully out of bounds right here on Earth, travelling a bygone trading route on her bicycle. So she quit the laboratory and hit the Silk Road again with Mel, this time determined to bike it from the beginning to end. Like Rebecca Solnit and Pico Iyer before her, Kate Harris offers a travel narrative at once exuberant and meditative, wry and rapturous. Weaving adventure and deep reflection with the history of science and exploration, *Lands of Lost Borders* explores the nature of limits and the wildness of a world that, like the self and like the stars, can never be fully mapped.

open sky wilderness reviews: *Stories from the Field* Will White, 2015-11-15 Wilderness therapy for wayward teens has been in existence, in some form, for over a hundred and thirty years but until now, no comprehensive history existed of the many influences that shaped its evolution. Following up on his doctoral dissertation, Will White looks back and constructs a thorough history from 1860-1988, opening *Stories from the Field* with the 19th century character camps of New England and progressing over the decades, with the invitation to young women and eventually, adolescents in need of therapeutic help. Will first assimilates the emergent influences of the prevailing social theory, regarding the hazards of leisure in the burgeoning upper class of America, the iconography of outdoor adventures and a few philanthropic visionaries. In this way, *Stories from the Field* expands the staid history of dates and names, breathing life into the characters and context of old. Will condenses the disparate trends of a century of experimentation into a cogent framework of what is now loosely called wilderness therapy. Atop this rich chronicle of the previously unsung originators, Will then invited recent game-changers to add to the communal story, providing their enhancements and visions to the account of the continuously evolving treatment model of outdoor behavioral healthcare. The other pages hold contemporary *Stories from the Field*, providing narrative accounts from founders and/or leaders of wilderness therapy organizations developed since 1988 and which provide treatment for families today. These authors have contributed their company stories to help illuminate the diversity and intentions of the present field, confirm the validity and attention that supports the work, and knowing full-well that this inspires tomorrow's innovators to climb higher and doing even better work for the families we serve.

open sky wilderness reviews: *Hints on Child-training* Henry Clay Trumbull, 1893 As Christmas approaches, Katie makes time to help others find the Christmas spirit as the magic wind first switches her with a Christmas tree farm employee, then with an unusual character at North Pole Winter Fun Park.

open sky wilderness reviews: *A Constellation of Vital Phenomena* Anthony Marra, 2013-05-16 *** Granta Best of Young American Novelists 2017 *** In a snow-covered village in Chechnya, eight-year-old Havaa watches from the woods as her father is abducted in the middle of the night by Russian soldiers. Their life-long friend and neighbour, Akhmed, has also been watching, and when he finds Havaa he knows of only one person who might be able to help. For tough-minded doctor Sonja Rabina, it's just another day of trying to keep her bombed-out, abandoned hospital going. When Akhmed arrives with Havaa, asking Sonja for shelter, she has no idea who the pair are. But over the course of five extraordinary days, Sonja's world will shift on its axis, revealing the intricate pattern of connections that binds these three unlikely companions together and unexpectedly decides their fate. 'A Constellation of Vital Phenomena is simply spectacular' Ann Patchett

open sky wilderness reviews: *The Origin of Consciousness in the Breakdown of the Bicameral Mind* Julian Jaynes, 2000-08-15 National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our

psychology, our history and culture, our religion—and indeed our future. “Don’t be put off by the academic title of Julian Jaynes’s *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor.”—*The New York Times* “When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis.”—John Updike, *The New Yorker* “He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior.”—*American Journal of Psychiatry*

open sky wilderness reviews: *A Prayer for the Crown-Shy* Becky Chambers, 2022-07-12 A USA Today Bestseller! “Tender and healing... I’m prescribing a preorder to anyone who has ever felt lost. Stunning, kind, necessary.” —Sarah Gailey on book 1: *A Psalm for the Wild-Built* *A Prayer for the Crown-Shy* is a story of kindness and love from one of the foremost practitioners of hopeful SF. After touring the rural areas of Panga, Sibling Dex (a Tea Monk of some renown) and Mosschap (a robot sent on a quest to determine what humanity really needs) turn their attention to the villages and cities of the little moon they call home. They hope to find the answers they seek, while making new friends, learning new concepts, and experiencing the entropic nature of the universe. Becky Chambers's new series continues to ask: in a world where people have what they want, does having more even matter? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

open sky wilderness reviews: “*The World My Wilderness*” Rose Macaulay, 1983

open sky wilderness reviews: *Mrs. Dalloway* Virginia Woolf, 2023-12-16 *Mrs Dalloway*, Virginia Woolf's fourth novel, offers the reader an impression of a single June day in London in 1923. Clarissa Dalloway, the wife of a Conservative member of parliament, is preparing to give an evening party, while the shell-shocked Septimus Warren Smith hears the birds in Regent's Park chattering in Greek. There seems to be nothing, except perhaps London, to link Clarissa and Septimus. She is middle-aged and prosperous, with a sheltered happy life behind her; Smith is young, poor, and driven to hatred of himself and the whole human race. Yet both share a terror of existence, and sense the pull of death. The world of Mrs Dalloway is evoked in Woolf's famous stream of consciousness style, in a lyrical and haunting language which has made this, from its publication in 1925, one of her most popular novels.

open sky wilderness reviews: “*Open the Sky*” Mark Winheld, 2010-12 On September 1, 1991, bush pilot Dwayne King spearheaded one of the first missionary flights into the crumbling Soviet empire. The historic mission climaxed the transformation of a wild child from upstate New York into a selfless servant. The saga continues at Kingdom Air Corps, where he's training the next generation of young missionaries to fly the Word beyond where the road ends and wilderness begins.--Cover

open sky wilderness reviews: *The Age of Miracles* Karen Thompson Walker, 2012-06-26 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY People • O: The Oprah Magazine • Financial Times • Kansas City Star • BookPage • Kirkus Reviews • Publishers Weekly • Booklist NEW YORK TIMES BESTSELLER “A stunner.”—Justin Cronin “It’s never the disasters you see coming that finally come to pass—it’s the ones you don’t expect at all,” says Julia, in this spellbinding novel of catastrophe and survival by a superb new writer. Luminous, suspenseful, unforgettable, *The Age of Miracles* tells the haunting and beautiful story of Julia and her family as they struggle to live in a time of extraordinary change. On an ordinary Saturday in a California suburb, Julia awakes to discover that something has happened to the rotation of the earth. The days and nights are growing longer and longer; gravity is affected; the birds, the tides, human behavior, and cosmic rhythms are thrown into disarray. In a world that seems filled with danger and loss, Julia also must face surprising developments in herself, and in her personal world—divisions widening between her parents, strange behavior by her friends, the pain and vulnerability of first love, a growing sense of isolation, and a surprising, rebellious new strength. With crystalline prose and the indelible magic of a born storyteller, Karen Thompson Walker gives us a breathtaking portrait of people finding ways to go on in an ever-evolving world. “Gripping drama . . . flawlessly written; it could be the most

assured debut by an American writer since Jennifer Egan's *Emerald City*."—The Denver Post "Pure magnificence."—Nathan Englander "Provides solace with its wisdom, compassion, and elegance."—Curtis Sittenfeld "Riveting, heartbreaking, profoundly moving."—Kirkus Reviews (starred review) Look for special features inside. Join the Circle for author chats and more.

open sky wilderness reviews: *Wild Sky* Zaya Feli, 2021-04-19 Tauran Darrica has been retired from the Valreus Sky Guard for four years following the Battle of the Broken Wings that resulted in the death of his dragon. Now, all Tauran wants to do is spend his days forgetting the past and gambling his way to an unsteady income. So when his old general from the Sky Guard hunts Tauran down to request his help with staving off the increasingly aggressive wild dragon population, Tauran refuses. But a fire ruins his rented room and leaves him without a place to stay, and Tauran finds himself on the road to Valreus, after all. Tauran is determined to stay as far away from dragons as he can get, but a starry-eyed young man from Sharoani, land of the wild dragons, might just ruin his plans. Kalai Ro-Ani has spent his life watching the stars, knowing he could never reach them. With his wild dragon Arrow, he sets out for the city of Valreus in the hope of building himself a better future than he could have stuck at the foot of the Kel Visal dragon temples. But nobody told Kalai that only the Sky Guard is allowed to own dragons, so when Arrow kills a guard in Kalai's defense, it looks like his adventure might be over before it can begin. But a chance encounter at the old Valreus archive offers Kalai the future he'd been hoping for. In the span of a single day, he has a home, a job, and a purpose. In Valreus, something much bigger falls into his lap - along with a tall and striking Valrean man with a rather strange disposition. A new LGBT+ fantasy story from Zaya Feli, featuring dragons, aerial battles and epic journeys through dangerous wilderness.

open sky wilderness reviews: *Open Season* C. J. Box, 2002-05-07 Don't miss the JOE PICKETT series—now streaming on Paramount+ The first novel in the thrilling series featuring Wyoming game warden Joe Pickett from #1 New York Times bestselling author C. J. Box. Joe Pickett is the new game warden in Twelve Sleep, Wyoming, a town where nearly everyone hunts and the game warden—especially one like Joe who won't take bribes or look the other way—is far from popular. When he finds a local hunting outfitter dead, splayed out on the woodpile behind his state-owned home, he takes it personally. There had to be a reason that the outfitter, with whom he's had run-ins before, chose his backyard, his woodpile to die in. Even after the outfitter murders, as they have been dubbed by the local press after the discovery of the two more bodies, are solved, Joe continues to investigate, uneasy with the easy explanation offered by the local police. As Joe digs deeper into the murders, he soon discovers that the outfitter brought more than death to his backdoor: he brought Joe an endangered species, thought to be extinct, which is now living in his woodpile. But if word of the existence of this endangered species gets out, it will destroy any chance of InterWest, a multi-national natural gas company, building an oil pipeline that would bring the company billions of dollars across Wyoming, through the mountains and forests of Twelve Sleep. The closer Joe comes to the truth behind the outfitter murders, the endangered species and InterWest, the closer he comes to losing everything he holds dear.

open sky wilderness reviews: [Pacific Edge](#) Kim Stanley Robinson, 2013-12-31 The concluding book in Kim Stanley Robinson's critically-acclaimed Three Californias Trilogy, *Pacific Edge*. 2065: In a world that has rediscovered harmony with nature, the village of El Modena, California, is an ecotopia in the making. Kevin Claiborne, a young builder who has grown up in this green world, now finds himself caught up in the struggle to preserve his community's idyllic way of life from the resurgent forces of greed and exploitation. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

open sky wilderness reviews: *The Hunting Party* Lucy Foley, 2019-02-12 THE NEW YORK TIMES BESTSELLER "My favorite kind of whodunit, kept me guessing all the way through, and reminiscent of Agatha Christie at her best -- with an extra dose of acid." -- Alex Michaelides, author of the #1 New York Times bestseller *The Silent Patient* Everyone's invited...everyone's a suspect... During the languid days of the Christmas break, a group of thirtysomething friends from Oxford

meet to welcome in the New Year together, a tradition they began as students ten years ago. For this vacation, they've chosen an idyllic and isolated estate in the Scottish Highlands—the perfect place to get away and unwind by themselves. The trip begins innocently enough: admiring the stunning if foreboding scenery, champagne in front of a crackling fire, and reminiscences about the past. But after a decade, the weight of secret resentments has grown too heavy for the group's tenuous nostalgia to bear. Amid the boisterous revelry of New Year's Eve, the cord holding them together snaps, just as a historic blizzard seals the lodge off from the outside world. Two days later, on New Year's Day, one of them is dead. . . and another of them did it. Keep your friends close, the old adage says. But how close is too close? DON'T BE LEFT OUT. JOIN THE PARTY NOW.

open sky wilderness reviews: A Wilderness of Stars Shea Ernshaw, 2022-11-29 In this magical romance from the #1 New York Times bestselling author of *Long Live the Pumpkin Queen*, an illness cursing the land forces a teen girl astronomer to venture across the wilderness in search of the stars' message that will, hopefully, save them all. When all is lost, look to the stars. Vega has lived in the valley her whole life—bidden by her mother to leave the safety of its borders because of the unknown threats waiting for her in the wilds beyond. But when Vega sees an omen in the sky—one she cannot ignore—she is forced to leave the protective boundaries of the valley. Yet the outside world is much more terrifying than Vega could have ever imagined. People are gravely sick—they lose their eyesight and their hearing, just before they lose their lives. But Vega has a secret: she is the Last Astronomer—a title carried from generation to generation—and she is the only one who understands the knowledge of the stars. Knowledge that could hold the key to a cure. So when locals spot the tattoo on Vega's neck in the shape of a constellation—the mark of an astronomer—chaos erupts. Fearing for her life, Vega is rescued by a girl named Cricket who leads her to Noah, a boy marked by his own mysterious tattoos. On the run from the men hunting her, Vega sets out across the plains with Cricket and Noah, in search of a fabled cure kept secret by the astronomers. But as the line between friends and protectors begins to blur, Vega must decide whether to safeguard the sacred knowledge of the astronomers...or if she will risk everything to try to save them all.

open sky wilderness reviews: The New Wilderness Diane Cook, 2020-08-11 A Washington Post, NPR, and BuzzFeed Best Book of the Year • Shortlisted for the Booker Prize "More than timely, the novel feels timeless, solid, like a forgotten classic recently resurfaced — a brutal, beguiling fairy tale about humanity. But at its core, *The New Wilderness* is really about motherhood, and about the world we make (or unmake) for our children." — Washington Post 5 of 5 stars. Gripping, fierce, terrifying examination of what people are capable of when they want to survive in both the best and worst ways. Loved this. — Roxane Gay via Twitter Margaret Atwood meets Miranda July in this wildly imaginative debut novel of a mother's battle to save her daughter in a world ravaged by climate change; A prescient and suspenseful book from the author of the acclaimed story collection, *Man V. Nature*. Bea's five-year-old daughter, Agnes, is slowly wasting away, consumed by the smog and pollution of the overdeveloped metropolis that most of the population now calls home. If they stay in the city, Agnes will die. There is only one alternative: the Wilderness State, the last swath of untouched, protected land, where people have always been forbidden. Until now. Bea, Agnes, and eighteen others volunteer to live in the Wilderness State, guinea pigs in an experiment to see if humans can exist in nature without destroying it. Living as nomadic hunter-gatherers, they slowly and painfully learn to survive in an unpredictable, dangerous land, bickering and battling for power and control as they betray and save one another. But as Agnes embraces the wild freedom of this new existence, Bea realizes that saving her daughter's life means losing her in a different way. The farther they get from civilization, the more their bond is tested in astonishing and heartbreaking ways. At once a blazing lament of our contempt for nature and a deeply humane portrayal of

motherhood and what it means to be human, *The New Wilderness* is an extraordinary novel from a one-of-a-kind literary force.

open sky wilderness reviews: *Chasing Carson* Dawn McCord, 2021-12-18 We knew we were in trouble when we started getting calls from the neighbors saying Carson was at the top of the tallest tree on the street. He was 7 or 8 years old. At 10 he made a zipline out of the dog's tie out and leash then attempted to zip from the tree to the top of the playhouse, nearly hanging himself. He came out of the womb a natural athlete and risk taker. We were amazed by his ingenuity. Freshman year of high school he started experimenting with drugs like most teens do, however our boy had unlocked the door to addiction. As his drugs became harder he spiraled out of control with periods of abstinence followed by a few weeks of being on a "bender" until a crisis would end that cycle. Each time, we would think this is his "rock bottom", then it wasn't. We struggled with "Is this just the throws of adolescence or does he have a problem." By his Senior year he overdosed. Then starts the scramble to find some sort of rehabilitation that is longer, different and out of our area. How can we afford it? Insurance? Savings? Mortgage the house? What does recovery look like for a now 18 year old that can just walk away from wherever we send him?Always Chasing Carson.....

open sky wilderness reviews: *The Coma* Alex Garland, 2005-07-05 When Carl awakens from a coma after being attacked on a subway train, life around him feels unfamiliar, even strange. He arrives at his best friend's house without remembering how he got there; he seems to be having an affair with his secretary, which is pleasant but surprising. He starts to notice distortions in his experience, strange leaps in his perception of time. Is he truly reacting with the outside world, he wonders, or might he be terribly mistaken? So begins a dark psychological drama that raises questions about the the human psyche, dream versus reality, and the boundaries of consciousness. As Carl grapples with his predicament, Alex Garland - author of *The Beach* and the screenplay for *28 Days Later*, plays with conventions and questions our assumptions about the way we exist in the world, even as it draws us into the unsettling and haunting book about a lost suitcase and a forgotten identity.

open sky wilderness reviews: *Welcome to the Goddamn Ice Cube* Blair Braverman, 2016-07-05 A rich and revelatory memoir of a young woman reclaiming her courage in the stark landscapes of the north. By the time Blair Braverman was eighteen, she had left her home in California, moved to arctic Norway to learn to drive sled dogs, and found work as a tour guide on a glacier in Alaska. Determined to carve out a life as a "tough girl"—a young woman who confronts danger without apology—she slowly developed the strength and resilience the landscape demanded of her. By turns funny and sobering, bold and tender, *Welcome to the Goddamn Ice Cube* brilliantly recounts Braverman's adventures in Norway and Alaska. Settling into her new surroundings, Braverman was often terrified that she would lose control of her dog team and crash her sled, or be attacked by a polar bear, or get lost on the tundra. Above all, she worried that, unlike the other, gutsier people alongside her, she wasn't cut out for life on the frontier. But no matter how out of place she felt, one thing was clear: she was hooked on the North. On the brink of adulthood, Braverman was determined to prove that her fears did not define her—and so she resolved to embrace the wilderness and make it her own. Assured, honest, and lyrical, *Welcome to the Goddamn Ice Cube* paints a powerful portrait of self-reliance in the face of extraordinary circumstance. Braverman endures physical exhaustion, survives being buried alive in an ice cave, and drives her dogs through a whiteout blizzard to escape crooked police. Through it all, she grapples with love and violence—navigating a grievous relationship with a fellow musher, and adapting to the expectations of her Norwegian neighbors—as she negotiates the complex demands of being a young woman in a man's land. Weaving fast-paced adventure writing and ethnographic journalism with elegantly wrought reflections on identity, *Welcome to the Goddamn Ice Cube* captures the triumphs and the perils of Braverman's journey to self-discovery and independence in a landscape that is as beautiful as it is unforgiving.

open sky wilderness reviews: *Searching for Sky* Jillian Cantor, 2014-07-03 River means everything to Sky. They have lived alone together on Island for as long as they can remember. The

two of them hunt for food, wash in Falls and curl up together in Shelter. Their life is simple and safe. Until River sees a boat . . . Across Ocean is California, a place where nothing makes sense to Sky. She is separated from River and taken to live with a grandmother she doesn't know. Lost and heartbroken, Sky searches for him so they can return to Island, only to find out that their paradise wasn't as perfect as she thought, and everything she's ever known and loved may have been a lie. A gripping and beautifully told story of love and survival in a hostile world – ours.

open sky wilderness reviews: Nuk Tessli Chris Czajkowski, 1999 At once a riveting adventure story and a testament to one woman's resourcefulness, Nuk Tessli is also a heartfelt elegy to the true wilderness and a cry for it's sensible use.

open sky wilderness reviews: *Empires of the Sky* Alexander Rose, 2020-04-28 The Golden Age of Aviation is brought to life in this story of the giant Zeppelin airships that once roamed the sky—a story that ended with the fiery destruction of the Hindenburg. “Genius . . . a definitive tale of an incredible time when mere mortals learned to fly.”—Keith O’Brien, The New York Times At the dawn of the twentieth century, when human flight was still considered an impossibility, Germany’s Count Ferdinand von Zeppelin vied with the Wright Brothers to build the world’s first successful flying machine. As the Wrights labored to invent the airplane, Zeppelin fathered the remarkable airship, sparking a bitter rivalry between the two types of aircraft and their innovators that would last for decades, in the quest to control one of humanity’s most inspiring achievements. And it was the airship—not the airplane—that led the way. In the glittery 1920s, the count’s brilliant protégé, Hugo Eckener, achieved undreamed-of feats of daring and skill, including the extraordinary Round-the-World voyage of the Graf Zeppelin. At a time when America’s airplanes—rickety deathtraps held together by glue, screws, and luck—could barely make it from New York to Washington, D.C., Eckener’s airships serenely traversed oceans without a single crash, fatality, or injury. What Charles Lindbergh almost died doing—crossing the Atlantic in 1927—Eckener had effortlessly accomplished three years before the Spirit of St. Louis even took off. Even as the Nazis sought to exploit Zeppelins for their own nefarious purposes, Eckener built his masterwork, the behemoth Hindenburg—a marvel of design and engineering. Determined to forge an airline empire under the new flagship, Eckener met his match in Juan Trippe, the ruthlessly ambitious king of Pan American Airways, who believed his fleet of next-generation planes would vanquish Eckener’s coming airship armada. It was a fight only one man—and one technology—could win. Countering each other’s moves on the global chessboard, each seeking to wrest the advantage from his rival, the struggle for mastery of the air was a clash not only of technologies but of business, diplomacy, politics, personalities, and the two men’s vastly different dreams of the future. *Empires of the Sky* is the sweeping, untold tale of the duel that transfixed the world and helped create our modern age.

open sky wilderness reviews: Sunrise (Sky King Ranch Book #1) Susan May Warren, 2022-01-04 Pilot Dodge Kingston has always been the heir to Sky King Ranch. But after a terrible family fight, he left to become a pararescue jumper. A decade later, he's headed home to the destiny that awaits him. That's not all that's waiting for Dodge. His childhood best friend and former flame, Echo Yazzie, is a true Alaskan--a homesteader, dogsledder, and research guide for the DNR. Most of all, she's living a life Dodge knows could get her killed. One of these days she's going to get lost in the woods again, and his worst fear is that he won't be there to find her. When one of Echo's fellow researchers goes missing, Echo sets out to find her, despite a blizzard, a rogue grizzly haunting the woods, and the biting cold. Plus, there's more than just the regular dangers of the Alaskan forests stalking her . . . Will Dodge be able to find her in time? And if he does, is there still room for him in her heart? Sunrise is the first explosive volume in a new nail-biting series from USA Today bestselling author Susan May Warren.

open sky wilderness reviews: *The Last Mortal Bond* Brian Staveley, 2016-03-15 The trilogy that began with *The Emperor's Blades* and continued in *The Providence of Fire* reaches its epic conclusion, as war engulfs the Annurian Empire in Brian Staveley's *The Last Mortal Bond* The ancient csestriim are back to finish their purge of humanity; armies march against the capital; leaches, solitary beings who draw power from the natural world to fuel their extraordinary abilities,

maneuver on all sides to affect the outcome of the war; and capricious gods walk the earth in human guise with agendas of their own. But the three imperial siblings at the heart of it all--Valyn, Adare, and Kaden--come to understand that even if they survive the holocaust unleashed on their world, there may be no reconciling their conflicting visions of the future. Chronicle of the Unhewn Throne The Emperor's Blades The Providence of Fire The Last Mortal Bond Other books in the world of the Unhewn Throne Skullsworn At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

open sky wilderness reviews: Fire Along the Sky Sara Donati, 2004-08-31 With epic sweep and breathtaking adventure, Sara Donati's bestselling saga of an Early American family's struggle for survival in the Northeast wilderness continues with the story of an indomitable woman and an unforgettable journey of redemption across a young nation threatened by the flames of war. The year is 1812 and Hannah Bonner has returned to her family's mountain cabin in Paradise. But Nathaniel and Elizabeth Bonner can see that Hannah is not the same woman as when she left. For their daughter has come home without her husband and without her son...and with a story of loss and tragedy that she can't bear to tell. Yet as Hannah resumes her duties as a gifted healer among the sick and needy, she finds that she is also slowly healing herself. Little does she realize that she is about to be called away to face her greatest challenge ever. As autumn approaches, news of the latest conflict with Britain finds the young men of Paradise—including eighteen-year-old Daniel Bonner—eager to take up arms. Against their better judgment, Nathaniel and Elizabeth must let him go, just as they must let his twin sister Lily, a stubborn beauty, pursue her independence in Montreal. But on the eve of the War of 1812, an unexpected guest arrives from Scotland: It is the Bonners' distant cousin, the newly widowed Jennet Scott of Carryckcastle. Far from home, Lily and Jennet will each learn the price of pursuing their dreams and the possibility of true love. But it's Hannah herself who must risk everything once more—this time to save Daniel, who's been taken prisoner by the British. As the distant thunder of war threatens Paradise, Hannah may learn to live—and maybe love—again in one final act of courage, duty, and sacrifice. A gifted writer, a master storyteller, and a first-rate historian, Sara Donati has written a powerful, poignant, and movingly romantic novel that chronicles the lives and adventures of a family as compelling and unforgettable as any in American fiction.

open sky wilderness reviews: Pilgrim's Wilderness Tom Kizzia, 2013-07-16 Into the Wild meets Helter Skelter in this riveting true story of a modern-day homesteading family in the deepest reaches of the Alaskan wilderness—and of the chilling secrets of its maniacal, spellbinding patriarch. When Papa Pilgrim, his wife, and their fifteen children appeared in the Alaska frontier outpost of McCarthy, their new neighbors saw them as a shining example of the homespun Christian ideal. But behind the family's proud piety and beautiful old-timey music lay Pilgrim's dark past: his strange connection to the Kennedy assassination and a trail of chaos and anguish that followed him from Dallas and New Mexico. Pilgrim soon sparked a tense confrontation with the National Park Service fiercely dividing the community over where a citizen's rights end and the government's power begins. As the battle grew more intense, the turmoil in his brood made it increasingly difficult to tell whether his children were messianic followers or hostages in desperate need of rescue. In this powerful piece of Americana, written with uncommon grace and high drama, veteran Alaska journalist, Tom Kizzia uses his unparalleled access to capture an era-defining clash between environmentalists and pioneers ignited by a mesmerizing sociopath who held a town and a family captive.

open sky wilderness reviews: Under the Open Skies Markus Torgeby, Frida Torgeby, 2020-11-17 THE INTERNATIONAL BESTSELLER A guide for living outdoors and communing with the natural world—under the open skies. I believe in sleeping outdoors, surrounded by tall fir trees, darkness and cold. Lying on my back and looking up at the stars, watching my breath form thin clouds. Under the Open Skies is one man's perspective-shifting, immersive journey into the wilds of northern Sweden and into his own soul. For four years, Markus Torgeby lived alone in a hut he built with his hands in the Jämtland forest on the northern tip of Sweden, reconnecting with nature, and

healing from the stress and strain of urban life and an athletic career derailed by injury. For Markus, living in the forest provided something concrete—cool winter air on his face, a cotton canvas of clouds overhead, wet clothes drying over the fire. Free from the constraints of modernity, his only responsibilities were the basics of survival—shelter, heat, food. Rooted on the ground under a bed of leaves, with his head finally aligned with his body, Markus found the solitude and silence he needed to be reborn. In this moving elegy, Markus offers lessons both practical—how to make fire, how to craft an outdoor bed, how to tap trees for water—and profound—what it means to become one with the natural world, to live authentically, to reconnect with yourself and your surroundings. Illustrated with 75 beautiful full-color photographs taken by his wife, Frida, *Under the Open Skies* is as invigorating as a long hike on a brisk morning and as sublime as a bowl of cinnamon porridge at the end of a long day. It is an invitation—to the stressed, disconnected, and lonely, to all who yearn to unplug and slow down, to those who wonder how life got so complicated—to come home to nature, to open the mind and heart to the wide-open sky.

open sky wilderness reviews: *The Wild Shore* Kim Stanley Robinson, 2013-12-31 The New York Times—bestselling author's debut novel "presents a believable post-apocalyptic setting . . . delivered in an engaging story" (Speculiction). *The Wild Shore* is the first novel in Kim Stanley Robinson's highly-acclaimed Three Californias Trilogy. 2047: For the small Pacific Coast community of San Onofre, life in the aftermath of a devastating nuclear attack is a matter of survival, a day-to-day struggle to stay alive. But young Hank Fletcher dreams of the world that might have been, and might yet be—and dreams of playing a crucial role in America's rebirth. "Beautifully written . . . with a vivid depth rarely encountered in science fiction." —The Washington Post "Part Huck Finn and part *Our Town* . . . A well-written, engaging rite of passage." —Publishers Weekly "There's a fresh wind blowing in *The Wild Shore*." —Ursula K. Le Guin "A thoughtful novel. *The Wild Shore* is built around a fascinating concept and it takes its themes seriously." —Fantasy Literature

open sky wilderness reviews: *The Promise of Wilderness* James Morton Turner, 2012-08-01 From Denali's majestic slopes to the Great Swamp of central New Jersey, protected wilderness areas make up nearly twenty percent of the parks, forests, wildlife refuges, and other public lands that cover a full fourth of the nation's territory. But wilderness is not only a place. It is also one of the most powerful and troublesome ideas in American environmental thought, representing everything from sublime beauty and patriotic inspiration to a countercultural ideal and an overextension of government authority. *The Promise of Wilderness* examines how the idea of wilderness has shaped the management of public lands since the passage of the Wilderness Act in 1964. Wilderness preservation has engaged diverse groups of citizens, from hunters and ranchers to wildlife enthusiasts and hikers, as political advocates who have leveraged the resources of local and national groups toward a common goal. Turner demonstrates how these efforts have contributed to major shifts in modern American environmental politics, which have emerged not just in reaction to a new generation of environmental concerns, such as environmental justice and climate change, but also in response to changed debates over old conservation issues, such as public lands management. He also shows how battles over wilderness protection have influenced American politics more broadly, fueling disputes over the proper role of government, individual rights, and the interests of rural communities; giving rise to radical environmentalism; and playing an important role in the resurgence of the conservative movement, especially in the American West. Watch the book trailer: <https://www.youtube.com/watch?v=Jsqr6LAeYKk>

open sky wilderness reviews: *Into the Wilderness* Sara Donati, 2010-09-01 Weaving a tapestry of fact and fiction, Sara Donati's epic novel sweeps us into another time and place . . . and into a breathtaking story of love and survival in a land of savage beauty. It is December of 1792. Elizabeth Middleton leaves her comfortable English estate to join her family in a remote New York mountain village. It is a place unlike any she has ever experienced. And she meets a man unlike any she has ever encountered—a white man dressed like a Native American: Nathaniel Bonner, known to the Mohawk people as Between-Two-Lives. Determined to provide schooling for all the children of the village, Elizabeth soon finds herself locked in conflict with the local slave owners as well as with

her own family. Interweaving the fate of the Mohawk Nation with the destiny of two lovers, Sara Donati's compelling novel creates a complex, profound, passionate portrait of an emerging America. Praise for *Into the Wilderness* "My favorite kind of book is the sort you live in, rather than read. *Into the Wilderness* is one of those rare stories that let you breathe the air of another time, and leave your footprints on the snow of a wild, strange place. I can think of no better adventure than to explore the wilderness in the company of such engaging and independent lovers as Elizabeth and her Nathaniel."—Diana Gabaldon "Each time you open a book you hope to discover a story that will make your spirit of adventure and romance sing. This book delivers on that promise."—Amanda Quick "A beautiful tale of both romance and survival...Here is the beauty as well as the savagery of the wilderness and, at the core of it all, the compelling story of the love of a man and a woman, both for the untamed land and for one another."—Allan W. Eckert "Lushly written . . . Exemplary historical fiction."—Kirkus Reviews "Epic in scope, emotionally intense."—BookPage

open sky wilderness reviews: *Backpacking California* Wilderness Press, 2010-05-10

Backpacking California is a collection of more than 70 of the most intriguing backpacking adventures in Wilderness Press's home territory of California. With contributions from more than a dozen Wilderness Press authors, the book describes routes ranging from one night to one week. Backpacking novices as well as old hand California hikers will find expert-crafted trips in the Coast Ranges, the Sierra, the Cascades, and the Warner Mountains. Expanded coverage includes trips in Big Sur, Anza-Borrego, Death Valley, and the White Mountains. Several trips have been described in print nowhere else. Each trip includes a trail map and essential logistical information for trip planning.

open sky wilderness reviews: *The City in the Middle of the Night* Charlie Jane Anders, 2019-02-12 LOCUS AWARD FINALIST! "This generation's Le Guin." —Andrew Sean Greer, Pulitzer Prize-winning author of *Less* Charlie Jane Anders, the nationally bestselling author of *All the Birds in the Sky* delivers a brilliant new novel set in a hauntingly strange future with #10 LA Times bestseller *The City in the Middle of the Night*. If you control our sleep, then you can own our dreams... And from there, it's easy to control our entire lives. January is a dying planet—divided between a permanently frozen darkness on one side, and blazing endless sunshine on the other. Humanity clings to life, spread across two archaic cities built in the sliver of habitable dusk. But life inside the cities is just as dangerous as the uninhabitable wastelands outside. Sophie, a student and reluctant revolutionary, is supposed to be dead after being exiled into the night. Saved only by forming an unusual bond with the enigmatic beasts who roam the ice, Sophie vows to stay hidden from the world, hoping she can heal. But fate has other plans—and Sophie's ensuing odyssey and the ragtag family she finds will change the entire world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Open Sky Wilderness Reviews Introduction

In the digital age, access to information has become easier than ever before. The ability to download Open Sky Wilderness Reviews has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Open Sky Wilderness Reviews has opened up a world of possibilities. Downloading Open Sky Wilderness Reviews provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Open Sky Wilderness Reviews has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Open Sky Wilderness Reviews. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Open Sky Wilderness Reviews. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Open Sky Wilderness Reviews, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Open Sky Wilderness Reviews has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
