**papa john s pizza menifee ca:** **Killing Love** Rebecca Poulson, 2015-09-01 This powerful, unforgettable and uplifting story is one part wrenching family memoir, and one part inspirational journey towards healing and forgiveness – but most of all, it's an unputdownable journey through one family's tragedy and how they refused to let it define them. On the day of Rebecca Poulson's 33rd birthday, her father, niece and nephew were murdered. The murderer had been part of her family; her brother-in-law, Neung, the father of the children. Killing Love is Rebecca's journey through homicide; grief, the police investigations, the media interest, the court cases, the moments of great despair – and the healing. It is a story of individual tragedy and a family's strength, but it is also a story of a community's attitude to family violence. As a reluctant warrior for those who cannot speak for themselves, Rebecca talked to the NSW State Premier and politicians, on multiple TV shows and to print journalists in the hope that the mistakes made by the police force, DOCS, the legal system and solicitors will never be made again. Rebecca's contact with policy makers has been nothing short of history-making, and her story has directly influenced domestic violence laws in the state. Neung left a note for Rebecca's family; he hoped that he would destroy them. This is the story of how he didn't.

**papa john s pizza menifee ca: The Spider Election** Foster Pettit, 2015-10-15 Foster Pettit could have lived the life of a Bluegrass snob, tracing his roots to before Henry Clay's day - but that wasn't who he was. Affectionate, bright and caring, Foster showed respect for fellow citizens of every class. He delayed building his law practice for reform politics--in the Legislature as a Democratic House member and in 1971, as the last mayor of the Lexington's old government, before merger, when it was riven by warring factions. In 1972, Foster led the effort to merge the city and county governments, and merger passed by a sweeping margin. Though a civic hero, he faced tough competition to become the first mayor of the new government. The 1973 general election night totals gave victory to the challenger by less than one vote per precinct - but the recount held a surprise... Finished days before his death in 2014, Foster's story paints a vivid picture of Lexington politics over 40 years ago, and reveals how many fundamental features of current-day Lexington truly hung in the balance in this closest election in the city's history.

**papa john s pizza menifee ca: Ask a Mexican** Gustavo Arellano, 2007-05-07 From award-winning columnist and favorite talking head Gustavo Arellano, comes this explosive, irreverent, smart, and hilarious Los Angeles Times bestseller. iAsk a Mexican! is a collection of questions and answers from Gustavo Arellano that explore the clichés of lowriders, busboys, and housekeepers; drunks and scoundrels; heroes and celebrities; and most important, millions upon millions of law-abiding, patriotic American citizens and their illegal-immigrant cousins who represent some \$600 billion in economic power. At a strong eighteen percent of the U.S. population, Latinos have become America's largest minority—and Mexicans make up a large part of that number. Gustavo confronts the bogeymen of racism, xenophobia, and ignorance prompted by such demographic changes through answering questions put to him by readers of his iAsk a Mexican! column in California's OC Weekly. He challenges readers to find a more entertaining way to understand Mexican culture that doesn't involve a taco-and-enchilada combo. From lighter topics like Latin pop and great Mexican food to more serious issues like immigration and race relations, iAsk a Mexican! runs the gamut. Why do Mexicans call white people gringos? Are all Mexicans Catholic? What's the best tequila? Gustavo answers a wide range of legitimate and illegitimate questions, in the hopes of making a few readers angry, making most of us laugh, sparking a greater dialogue, and enhancing cross-cultural understanding.

**papa john s pizza menifee ca: The Cabaret of Plants: Forty Thousand Years of Plant Life and**

the Human Imagination Richard Mabey, 2016-01-11 Highly entertaining...Mabey gets us to look at life from the plants' point of view. —Constance Casey, New York Times The Cabaret of Plants is a masterful, globe-trotting exploration of the relationship between humans and the kingdom of plants by the renowned naturalist Richard Mabey. A rich, sweeping, and wonderfully readable work of botanical history, The Cabaret of Plants explores dozens of plant species that for millennia have challenged our imaginations, awoken our wonder, and upturned our ideas about history, science, beauty, and belief. Going back to the beginnings of human history, Mabey shows how flowers, trees, and plants have been central to human experience not just as sources of food and medicine but as objects of worship, actors in creation myths, and symbols of war and peace, life and death. Writing in a celebrated style that the Economist calls "delightful and casually learned," Mabey takes readers from the Himalayas to Madagascar to the Amazon to our own backyards. He ranges through the work of writers, artists, and scientists such as da Vinci, Keats, Darwin, and van Gogh and across nearly 40,000 years of human history: Ice Age images of plant life in ancient cave art and the earliest representations of the Garden of Eden; Newton's apple and gravity, Priestley's sprig of mint and photosynthesis, and Wordsworth's daffodils; the history of cultivated plants such as maize, ginseng, and cotton; and the ways the sturdy oak became the symbol of British nationhood and the giant sequoia came to epitomize the spirit of America. Complemented by dozens of full-color illustrations, The Cabaret of Plants is the magnum opus of a great naturalist and an extraordinary exploration of the deeply intertwined history of humans and the natural world.

**papa john s pizza menifee ca:** *America's National Game* Albert G. Spalding, 2020-09-14 This book is in great demand by baseball enthusiasts. Having been connected with every department of the game from player to magnate, Mr. Spalding has contributed a very important work to the game's history. As the invincible pitcher of the Boston Club, previous to the formation of the National League, his book of so many pages is an interesting record of events dating from the beginning of the great American pastime. It is not exactly a history of the game, but deals largely with incidents during the author's career, who was a player in the late 1860s and early 1870s, and helped organize the National League in 1876. One chapter, devoted to sundry topics, gives an account of the sale of the immortal King Kelly, the original \$10,000 beauty, by Chicago to the Boston Club in the late 1880s. Other Chapters are devoted to the literature of the game, quoting several instances of the baseball paragrapher's art and also specimens of the distinct poetry of the pastime, of which Casey at the Bat is probably the most widely known. The Cincinnati Red Stockings Mr. Spalding gives credit as being the pioneer professional organization. It was not, however, until 1871 that professional baseball playing, as recognized today, was instituted. Mr. Spalding shows how cricket could not do for Americans. He says it is suitable for the British temperament, but not for the Yankee hustling spirit. He also tells how he worked into the game through a one-handed catch when a small boy. To lovers of baseball, whose name is legion, and whose number increases yearly, this book comprises in itself a whole library of useful information.
