ocean mental health bayville new jersey: *How to Live Well, Whatever Life Brings* Pilar O. Tan, M.D., 2014-04 *How to Live Well* explores seventeen habits you can learn and use in order to live a physically and mentally healthy life and achieve authentic success. Spiritual writing and poetry were never on the life to-do list of Dr. Pilar Tan. She was first and foremost a scientist, practicing internal medicine. Through the years, Pilar's spiritual life was brought into focus as she learned about life's trials and triumphs through her patients. Pilar's first attempt at spiritual writing produced a book titled *Learning and Being*. After the untimely death of her son Edward, she began to seriously question her faith. With the help of her daughter Melin, her grandchildren, friends, and colleagues, Pilar found her way out from the depths of despair. Her experiences kindled within her the hope of better times and a desire to use her personally tragic experience for the benefit of others. The fruits of this catharsis is her current work, *How to Live Well, Whatever Life Brings*. As she tells her own story of adaptation, Pilar describes the coping skills she learned to use consciously to live life successfully. She uses medical knowledge learned throughout her many years as an internist, while weaving poetic verses, biblical excerpts, and inspirational quotes to complement each topic.
