paul johnson and kathie lee gifford: From Small Screen to Vinyl Bob Leszczak, 2015-06-25 From its infancy, television networks and studios explore other avenues to increase their revenues. Conveniently enough, several film studios and production companies—MGM, MTM, Columbia/Screen Gems, Talent Associates, Warner Brothers—had their own record label divisions. The obvious benefit was cross promotion: a television series could be plugged on the record and the record could be promoted on the TV show. Though few and far between, several television performers went on to become major recording stars. Ricky Nelson started as a child actor on *The Adventures of Ozzie and Harriet* before dominating rock and pop charts. Johnny Crawford of *The Rifleman*, Walter Brennan of *The Real McCoys*, and even Bruce Willis of *Moonlighting* all scored Top Ten hit singles. But these were just the standouts from the hundreds of TV actors who recorded songs, and the stories behind their records are simply fascinating. In *From Small Screen to Vinyl: A Guide to TV Stars Who Made Records 1950-2000*, author Bob Leszczak offers a look at hundreds of stars who performed double duty: as a television performer as well as a recording artist. He looks

not only at the show and the performer but the behind-the-scenes dramas that unfolded as each attempted to tackle the two different mediums. Through his interviews with many of these multitaskers, the author has uncovered new, and mostly never before known facts about those who sought to conquer the world of vinyl. As Leszczak stresses, most eagerly embraced the opportunity to record, while others saw it as a necessary evil—the result of contractual obligations or industry pressures. Entries are listed alphabetically from Nick Adams (of The Rebel) to Efrem Zimbalist, Jr. (of 77 Sunset Strip). Also included are over 80 photos of these rare releases taken from the author's private collection. For a new look at your old favorites, *From Small Screen to Vinyl*, will let you see that just because one is a TV star does not mean that he or she does not have the ability to expand beyond their acting prowess. Baby boomers, fans of classic hits radio, and devotees of classic TV programs will find *From Small Screen to Vinyl* a treasure trove of TV and record trivia—and no TV or music library can be considered complete without it.

paul johnson and kathie lee gifford: *The Jesus I Know* Kathie Lee Gifford, 2021-11-30 New York Times bestselling author Kathie Lee Gifford reveals heartwarming, entertaining conversations between people and personalities who both agree and disagree about who Jesus is, his role throughout history, and his presence in our lives today. For decades Kathie Lee has had deep conversations about her faith with anyone who is interested in talking about it. What she discovered early on is most people are very willing to talk about Jesus: atheists, agnostics, Scientologists, Jews, broken-hearted Catholics, confused Baptists, Pentecostals, Sikhs, Buddhists, and Hindus alike. While some of the people Kathie Lee has spoken with do not share her belief that Jesus is the Messiah—as prophesied for centuries by prophets in the Hebrew scriptures—they nonetheless have a universal fascination with Him. This singular man who lived more than two thousand years ago, and never traveled more than one hundred miles from where He was born, managed to change the entire world. Even the way we delineate history (BC/AD) comes from His short thirty-three years of life. In *The Jesus I Know*, Kathie Lee shares cherished conversations that she's had with others who find Jesus to be an ancient historical figure who somehow continues to be an undeniably magnetic, relevant presence in the modern world. Those conversations include actors like Kristin Chenoweth and Cynthia Garrett, with stories of Craig Ferguson and Kevin Costner, newsmakers and news personalities like Kris Jenner, Megyn Kelly, Jason Kennedy, and Janice Dean, performers like Chynna Phillips Baldwin, Brian Welch, Jimmie Allen, and Jimmy Wayne, hitmakers like Louis York and David Pomeranz, as well as those coming from other faith traditions. Using Kathie Lee's favorite Scripture passages as scaffolding, these thought-provoking exchanges will bring His teachings to life before your very eyes.

paul johnson and kathie lee gifford: Righting America at the Creation Museum Susan L. Trollinger, William Vance Trollinger Jr., 2016-05-15 What does the popularity of the Creation Museum tell us about the appeal of the Christian right? On May 28, 2007, the Creation Museum opened in Petersburg, Kentucky. Aimed at scientifically demonstrating that the universe was created less than ten thousand years ago by a Judeo-Christian god, the museum is hugely popular, attracting millions of visitors over the past eight years. Surrounded by themed topiary gardens and a petting zoo with camel rides, the site conjures up images of a religious Disneyland. Inside, visitors are met by dinosaurs at every turn and by a replica of the Garden of Eden that features the Tree of Life, the serpent, and Adam and Eve. In *Righting America at the Creation Museum*, Susan L. Trollinger and William Vance Trollinger, Jr., take readers on a fascinating tour of the museum. The Trollingers vividly describe and analyze its vast array of exhibits, placards, dioramas, and videos, from the Culture in Crisis Room, where videos depict sinful characters watching pornography or considering abortion, to the Natural Selection Room, where placards argue that natural selection doesn't lead to evolution. The book also traces the rise of creationism and the history of fundamentalism in America. This compelling book reveals that the Creation Museum is a remarkably complex phenomenon, at once a "natural history" museum at odds with contemporary science, an extended brief for the Bible as the literally true and errorless word of God, and a powerful and unflinching argument on behalf of the Christian right.

paul johnson and kathie lee gifford: In Search of Self, in the Service of Others Heinz Hartmann, 1998 The life of Holocaust survivor Dr. Heinz Hartmann is a fascinating one indeed, from escaping Hitler's concentration camps as a young man to making house-calls as a general practitioner in America. As chronicled in his compelling 1986 autobiography, *Once a Doctor, Always a Doctor: The Memories of a German-Jewish Immigrant Physician*, Hartmann completed his medical studies in the 1930s, when the Nazis were in power. Just two weeks after his wedding to the beautiful Herta, a young nurse, Hartmann and scores of other Jewish men were taken by the Nazis to Buchenwald. It was these horrifying experiences that he drew upon when interviewed by Steven Spielberg's Shoah Foundation in its research for the movie *Schindler's List* as well as for libraries internationally. In this touching new book *In Search of Self, In the Service of Others*, Hartmann recounts his and Herta's escape from Nazi Germany, their loving relationship, and her fatal struggle with pancreatic cancer. He also examines the many years of love and caregiving he devoted to his physically and mentally retarded son, Michael, who was born healthy but experienced a crippling reaction to a vaccination at only five and a half months of age. This enlightening and tremendously personal memoir also offers the doctor's thoughts on the future of medicine, what it means to be Jewish in modern society, and special thoughts about the people who have influenced his life.

paul johnson and kathie lee gifford: Pump Boys and Dinettes John Foley, 1983 The 'Pump Boys' sell high octane on Highway 57 in Grand Ole Opry country and the 'Dinettes', Prudie and Rhettta Cupp, run the Double Cupp diner next door. Together they fashion an evening of country western songs that received unanimous raves on and off Broadway. With heartbreak and hilarity, they perform on guitars, piano, bass and, yes, kitchen utensils.

paul johnson and kathie lee gifford: Who Was Who on TV Norman Chance, 2010-12-23 The information herein was accumulated of fifty some odd years. The collection process started when TV first came out and continued until today. The books are in alphabetical order and cover shows from the 1940s to 2010. The author has added a brief explanation of each show and then listed all the characters, who played the roles and for the most part, the year or years the actor or actress played that role. Also included are most of the people who created the shows, the producers, directors, and the writers of the shows. These books are a great source of trivia information and for most of the older folk will bring back some very fond memories. I know a lot of times we think back and say, Who was the guy that played such and such a role? Enjoy!

paul johnson and kathie lee gifford: *New York Magazine*, 1996-07-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

paul johnson and kathie lee gifford: *All the Gold in California* Larry Gatlin, Jeff Lenburg, 1998 This is the autobiography of Larry Gatlin, lead singer of the Gatlin Brothers who, after returning to faith, found freedom, not only from drug and alcohol addiction, but also from the demons that drove him to determine his worth by the weight of his success.

paul johnson and kathie lee gifford: *Sweet Dreams and Flying Machines* Mark Ribowsky, 2016-06-01 In 1970 a scraggly, antiheroic young man from North Carolina by way of Massachusetts began presenting a comforting new sound, a kind never heard before. Within a year, when young ears sought a new sound, there was Fire and Rain and You've Got a Friend, and a new Southern California-fed branch of pop music. Taylor was its reluctant leader. Remarkably, Taylor has survived: his 2015 release, *Before This World*, edged out Taylor Swift and went to #1 on the charts. Today he is in better physical and probably mental condition than during the whirlwind when he influenced music so heavily, the decade when magazines and newspapers printed feverish stories about his gawky hunkiness, his love affair with Joni Mitchell, his glittery marriage to Carly Simon, his endlessly carried-out heroin habit, and sometimes even his music. Despite it all, Taylor has become the nearest thing to rock royalty in America. Based on fresh interviews with musicians, producers, record company people, and music journalists, as well as previously published interviews, reviews, and profiles, *Sweet Dreams and Flying Machines* is the definitive biography of an elusive superstar.

paul johnson and kathie lee gifford: *The Conspirators' Hierarchy* John Coleman, 1997 This work argues for the existence of a committee of 300, an elite body which controls every aspect of politics, religion, commerce and industry, answerable to no one except itself. It maintains that the confusion of social and moral values in the free world has been deliberately created.
