

Political Correctness Book

Navigating the Complex World of Political Correctness: A Guide to Essential Books

Are you grappling with the complexities of political correctness (PC)? Do you find yourself confused by evolving societal norms and the often-heated debates surrounding them? Are you seeking a deeper understanding of the historical context, philosophical underpinnings, and practical implications of PC culture? Then you've come to the right place. This comprehensive guide explores the world of political correctness books, offering insights into what to look for, recommended titles, and a detailed analysis of a specific book to illuminate the ongoing discussion. We'll delve into the nuances of this multifaceted topic, equipping you with the knowledge to navigate these conversations with greater clarity and confidence.

Understanding the Landscape of Political Correctness Books

The term "political correctness" itself is loaded, often invoking strong reactions. Books addressing this topic range widely in their perspective – from staunch defenders of PC culture highlighting its role in promoting inclusivity and social justice, to critical analyses that explore its potential pitfalls, such as stifling free speech or creating a climate of hypersensitivity. Finding the right book depends on your goals: are you looking for a foundational understanding, a critique, or a practical guide to navigating PC culture in your daily life?

Types of Political Correctness Books

The marketplace offers a variety of books tackling political correctness, categorized broadly as follows:

Historical Analyses: These books trace the evolution of PC culture, examining its roots in various social movements and exploring its shifting definitions over time.

Philosophical Explorations: These delve into the ethical and philosophical debates surrounding free speech, tolerance, and the limits of acceptable expression.

Critical Analyses: These books challenge the prevailing norms of PC culture, highlighting potential downsides and unintended consequences.

Practical Guides: These offer advice on navigating PC culture in various settings, such as the workplace, education, or social interactions.

Choosing the Right Book for You

Choosing a book on political correctness requires careful consideration of your existing knowledge and the specific aspects of the topic that interest you. If you're new to the subject, a historical overview might be a good starting point. If you're seeking a critical perspective, look for books that explicitly challenge PC culture. For practical application, choose guides offering real-world strategies.

A Deep Dive into "The Coddling of the American Mind"

We will now analyze a specific book that exemplifies a critical perspective on political correctness: "The Coddling of the American Mind: How Good Intentions and Bad Ideas Are Setting Up a Generation for Failure" by Greg Lukianoff and Jonathan Haidt.

Book Outline:

Introduction: Sets the stage by outlining the authors' concerns about the rise of safetyism on college campuses and its broader societal impact.

Chapter 1-3: These chapters explore the three "great untruths" that, according to the authors, are shaping the mindset of a generation: 1) What doesn't kill you makes you weaker. 2) Always trust your feelings. 3) Life is a battle between good people and evil people.

Chapters 4-6: These chapters examine the consequences of these untruths, focusing on their influence on free speech, intellectual inquiry, and emotional resilience.

Chapters 7-9: These chapters offer solutions and strategies for fostering intellectual freedom, emotional strength, and a more robust approach to handling adversity.

Conclusion: Summarizes the authors' arguments and offers a call to action for fostering greater resilience and critical thinking in individuals and society as a whole.

Detailed Analysis of "The Coddling of the American Mind"

Introduction: Lukianoff and Haidt effectively establish the urgency of their topic, drawing on anecdotal evidence and societal trends to illustrate the escalating concern around safetyism and its detrimental effects on intellectual discourse.

Chapters 1-3 (The Great Untruths): Each chapter meticulously deconstructs one of the three great untruths, providing compelling evidence to refute them and demonstrating how these beliefs foster fragility and hinder personal growth. The authors cite research in psychology and sociology to support their arguments.

Chapters 4-6 (Consequences): This section explores the real-world consequences of these untruths, focusing on the chilling effect on free speech on college campuses and the broader societal impact of emotional fragility. They discuss trigger warnings, microaggressions, and the rise of cancel culture.

Chapters 7-9 (Solutions): The authors offer practical solutions, emphasizing the importance of fostering intellectual curiosity, embracing discomfort, and cultivating emotional resilience. They suggest strategies for educators, parents, and individuals themselves.

Conclusion: The conclusion reiterates the core message, urging readers to challenge the prevailing

narratives of safetyism and embrace a more resilient and intellectually robust approach to life.

Frequently Asked Questions (FAQs)

1. What is political correctness? Political correctness (PC) refers to language, policies, and behaviors intended to avoid offense or disadvantage to members of particular groups. However, the term's meaning is highly contested.
2. Why are there so many different viewpoints on political correctness? The concept encompasses a wide range of beliefs and practices, with diverse motivations and potential consequences.
3. Are there any benefits to political correctness? Proponents argue that PC fosters inclusivity and combats discrimination, promoting a more equitable society.
4. What are the potential downsides of political correctness? Critics argue that PC can stifle free speech, create a climate of fear, and lead to unproductive social dynamics.
5. How can I navigate conversations about political correctness? Approach discussions with empathy and a willingness to listen to diverse perspectives. Avoid inflammatory language and seek common ground.
6. Where can I find more information about political correctness? Numerous books, articles, and academic studies explore this complex topic from diverse perspectives.
7. Is political correctness a recent phenomenon? Concerns about language and social norms have existed throughout history, but the term "political correctness" gained prominence in recent decades.
8. How does political correctness affect different aspects of society? Its influence extends to various spheres, including education, workplace dynamics, media representation, and political discourse.
9. What is the future of political correctness? The ongoing debates surrounding PC suggest continued evolution and adaptation of societal norms.

political correctness book: Political correctness ,

political correctness book: *Political Correctness* Geoffrey Hughes, 2011-09-13 Political Correctness "Geoffrey Hughes has brought together with great panache the very many manifestations of political correctness, both absurd and vicious, and shown how they express a single collective mind-set. His book establishes beyond doubt that there is such a phenomenon, that it has become dominant in our culture, and that it represents a growing tendency to censor public debate and to prevent people from questioning orthodoxies which we all know to be false." Roger Scruton, American Enterprise Institute "What a joy this book is! Hughes' study traces, with unflagging zest, the modern history of PC. Sumptuous in data, in judgment precise, this is the latest and fullest of Hughes' series on the social history of language." Walter Nash, Professor Emeritus, University of Nottingham Political Correctness is now an everyday phrase and part of the modern mindset. Everyone thinks they know what it means, but its own meaning constantly shifts. Its surprising origins have led to it becoming integrated into contemporary culture in ways that are both idealistic and ridiculous. Originally grounded in respect for difference and sensitivity to suffering, it has often become a distraction and even a silencer of genuine issues, provoking satire and parody. In this carefully researched, thought-provoking book, Geoffrey Hughes examines the trajectory of political correctness and its impact on public life. Exploring the origins, progress, content, and style of PC, Hughes' journey leads us through authors as diverse as Chaucer, Shakespeare and Swift; Philip Larkin, David Mamet, and J.M. Coetzee; from nursery rhymes to Spike Lee films. Focusing on the historical, semantic, and cultural aspects of political correctness, this outstanding and unique work will intrigue anyone interested in this ongoing debate.

political correctness book: *The Myth of Political Correctness* John K. Wilson, 1995 The classics of Western culture are out, not being taught, replaced by second-rate and Third World texts. White males are a victimized minority on campuses across the country, thanks to affirmative action. Speech codes have silenced anyone who won't toe the liberal line. Feminists, wielding their brand of sexual correctness, have taken over. These are among the prevalent myths about higher education that John K. Wilson explodes. The phrase political correctness is on everyone's lips, on radio and television, and in newspapers and magazines. The phenomenon itself, however, has been deceptively described. Wilson steps into the nation's favorite cultural fray to reveal that many of the most widely publicized anecdotes about PC are in fact more myth than reality. Based on his own experience as a student and in-depth research, he shows what's really going on beneath the hysteria and alarmism about political correctness and finds that the most disturbing examples of thought policing on campus have come from the right. The image of the college campus as a gulag of left-wing totalitarianism is false, argues Wilson, created largely through the exaggeration of deceptive stories by conservatives who hypocritically seek to silence their political opponents. Many of today's most controversial topics are here: multiculturalism, reverse discrimination, speech codes, date rape, and sexual harassment. So are the well-recognized protagonists in the debate: Dinesh D'Souza, William Bennett, and Lynne Cheney, among others. In lively fashion and in meticulous detail, Wilson compares fact to fiction and lays one myth after another to rest, revealing the double standard that allows conservative correctness on college campuses to go unchallenged.

political correctness book: Political Correctness Michael Eric Dyson, Michelle Goldberg, Jordan Peterson, Stephen Fry, 2019-04-02 You're telling me I'm being sensitive, and students looking for safe spaces that they're being hypersensitive. If you're white, this country is one giant safe space. -- Michael Eric Dyson Is political correctness an enemy of free speech, open debate, and the free exchange of ideas? Or, by confronting head-on the dominant power relationships and social norms

that exclude marginalized groups are we creating a more equitable and just society? For some the argument is clear. Political correctness is stifling the free and open debate that fuels our democracy. It is also needlessly dividing one group from another and promoting social conflict. Others insist that creating public spaces and norms that give voice to previously marginalized groups broadens the scope of free speech. The drive towards inclusion over exclusion is essential to creating healthy, diverse societies in an era of rapid social change. The twenty-second semi-annual Munk Debate, held on May 18, 2018, pits acclaimed journalist, professor, and ordained minister Michael Eric Dyson and New York Times columnist Michelle Goldberg against renowned actor and writer Stephen Fry and University of Toronto professor and author Jordan Peterson to debate the implications of political correctness and freedom of speech.

political correctness book: *In Defence of Political Correctness* Yasmin Alibhai-Brown, 2018-09-28 Individual rights cannot always take precedence over collective, social responsibility. Without self-moderation, our streets, schoolyards, public transport, waiting rooms and restaurants would turn into bear pits. Most citizens understand that. Some, however, seem determined to cause disorder in the name of free speech. Powerful, machiavellian and wealthy individuals are leading this disruption and breaking the old consensus. Thus, anti-political correctness has taken over the UK and US, spearheaded by some of the most influential voices in media and politics. Invective, lies, hate speech, bullying, intemperance and prejudice have become the new norms. Intolerance is justified through invocations of liberty. Restraint is oppression. A new order has been established in which racism, sexism, homophobia and xenophobia are proudly expressed. In this powerful new book, Yasmin Alibhai-Brown puts forth a spirited defence of political correctness, forcefully arguing that, in spite of many failures, this movement has led to a more civilised, equal and tolerant world. By tracing the history and definition of the term, Alibhai-Brown looks to clarify the very nature of PC, which is ultimately grounded in human decency, understanding and compassion – all of which are essential for a safer and kinder world.

political correctness book: *Political Correctness Does More Harm Than Good* Douglas Kruger, 2020-10-27 Political Correctness Does More Harm Than Good! It's a surprising assertion. Isn't PC culture all about kindness? About protecting victimized groups? If you trace the history of political correctness, the answer is emphatically no. It has other goals in mind and has since its inception with thinkers like Rousseau. Author Douglas Kruger traces the unfolding ideology from its dark genesis (the French Revolution and subsequent terror) through its various incarnations- Marxism, relativism, post-modernism, and all the way to today's identity-politics. He points out the flaws, fallacies, and in many cases, the body-counts these ideologies have wracked up. Uniquely, this book then goes one step further. It is not merely descriptive history; it is not just explanatory philosophy. This is a debate guide, a how-to manual for those interested in attacking these harmful ideas head on. Do you know how to articulate what is wrong with woke arguments? Do you know how to defend the Western tradition against relentless onslaught from the PC-Police? Here is how, step by step and argument by argument. Become a master at identifying, debunking, and dismantling dangerous ideas. Add your voice to the culture wars and learn precisely how to fight for tried and tested Western values-values like science, democracy, logic, rule of law, and the Judeo-Christian tradition of human rights and values. As it turns out, you can have truth, or you can have political correctness, but you can't have both. Award-winning speaker and author Douglas Kruger also provides you with supplemental how-to videos on his site www.BreakingWoke.com.

political correctness book: *Political Correctness* Marilyn Friedman, Jan Narveson, 1995 Two prominent philosophers here engage in a forthright debate over some of the centrally disputed topics in the political correctness controversy now taking place on college campuses across the nation, including feminism, campus speech codes, the western canon, and the nature of truth. Friedman and Narveson conclude the volume with direct replies to each other's positions.

political correctness book: *Political Correctness* Rudyard Griffiths, 2018-11-06 The twenty-second Munk Debate pits acclaimed journalist, professor, and ordained minister Michael Eric Dyson and New York Times columnist Michelle Goldberg against renowned actor and writer Stephen

Fry and University of Toronto professor and author Jordan Peterson to debate the implications of political correctness and freedom of speech. Is political correctness an enemy of free speech, open debate, and the free exchange of ideas? Or, by confronting head-on the dominant power relationships and social norms that exclude marginalized groups are we creating a more equitable and just society? For some the argument is clear. Political correctness is stifling the free and open debate that fuels our democracy. It is also needlessly dividing one group from another and promoting social conflict. Others insist that creating public spaces and norms that give voice to previously marginalized groups broadens the scope of free speech. The drive towards inclusion over exclusion is essential to creating healthy, diverse societies in an era of rapid social change.

political correctness book: *Political Correctness* David Thibodaux, 1992

political correctness book: *Race, Racism and Political Correctness in Comedy* Jack Black, 2021-04-25 In what ways is comedy subversive? This vital new book critically considers the importance of comedy in challenging and redefining our relations to race and racism through the lens of political correctness. By viewing comedy as both a constitutive feature of social interaction and as a necessary requirement in the appraisal of what is often deemed to be 'politically correct', this book provides an innovative and multidisciplinary approach to the study of comedy and popular culture. In doing so, it engages with the social and cultural tensions inherent to our understandings of political correctness, arguing that comedy can subversively redefine our approach to 'PC Debates', contestations surrounding free speech and the popular portrayal of political correctness in the media and society. Aided by the work of both Slavoj Žižek and Alenka Zupančič, this unique analysis adopts a psychoanalytic/philosophical framework to explore issues of race, racism and political correctness in the widely acclaimed BBC 'mockumentary', *The Office* (UK), as well as a variety of television comedies. Drawing from psychoanalysis, social psychology and philosophy, this book will be highly relevant for postgraduate students and academic researchers studying comedy, race/racism, multiculturalism, political correctness and television/film.

political correctness book: This Book Is Not a Safe Space: The Unintended Harm of Political Correctness Corinna Fales, 2020-01-22 WHAT MAKES A LIFELONG ACTIVIST, who has promoted diversity and social justice since childhood, contend that politically correct culture undermines inclusion and hurts the people it is intended to protect? In This book is NOT a safe space, Corinna Fales tells you-in a punchy, funny, personal way-how she realized that PC is a booby-trap. Corinna, whose parents' families were murdered by the Nazis, grew up at the first Historically Black College/University before desegregation. She visited migrant camps as a girl, went to jail for civil rights, and slept in her bathtub to avoid the National Guard's bullets when Newark exploded in 1967. In 1968, she protested the Vietnam War, was thrown into Cook County Jail, and became an unindicted co-conspirator of the Chicago Seven. To find out why this still active #MeToo woman thinks that PC is perilous, and discover what she proposes as a way forward, read between these covers.

political correctness book: *The Dictatorship of Woke Capital* Stephen R. Soukup, 2021-02-23 For the better part of a century, the Left has been waging a slow, methodical battle for control of the institutions of Western civilization. During most of that time, "business"— and American Big Business, in particular — remained the last redoubt for those who believe in free people, free markets, and the criticality of private property. Over the past two decades, however, that has changed, and the Left has taken its long march to the last remaining non-Leftist institution. Over the course of the past two years or so, a small handful of politicians on the Right — Senators Tom Cotton, Marco Rubio, and Josh Hawley, to name three — have begun to sense that something is wrong with American business and have sought to identify the problem and offer solutions to rectify it. While the attention of high-profile politicians to the issue is welcome, to date the solutions they have proposed are inadequate, for a variety of reasons, including a failure to grasp the scope of the problem, failure to understand the mechanisms of corporate governance, and an overreliance on state-imposed, top-down solutions. This book provides a comprehensive overview of the problem and the players involved, both on the aggressive, hardcharging Left and in the nascent conservative

resistance. It explains what the Left is doing and how and why the Right must be prepared and willing to fight back to save this critical aspect of American culture from becoming another, more economically powerful version of the “woke” college campus.

political correctness book: The Official Politically Correct Dictionary and Handbook

Henry Beard, Christopher Cerf, 1993 Newly expanded and up-to-the-minute, a bestselling guide to survival in multicultural America in the sensitive 1990s. Includes even more real and satirical definitions to help keep thought cops away. Illustrated throughout.

political correctness book: Political Correctness and the Destruction of Social Order

Howard S. Schwartz, 2016-09-20 This book develops a psychoanalytic theory of political correctness and the pristine self, which is defined as a self touched by nothing but love. It explores the damage that political correctness can do to social order. Applications include the breakdown of social capital, the financial crisis, and Occupy Wall Street. Long an issue for conservatives, alarm over political correctness has now spread to the liberal side of the political spectrum. As Schwartz argues, all have reason to be concerned. The psychology that underlies political correctness has the potential to be extremely destructive to social organization on every level. Schwartz discusses the primitive roots of political correctness and, through the use of case studies, shows its capacity for ruination. The book focuses on a transformation in the idea of the self, and specifically the rise of the pristine self. The problem is that, in truth, the world does not love us. This puts the pristine self at war with objective reality.

political correctness book: Society Against Itself Howard S. Schwartz, 2018-05-08

Political correctness involves much more than a restriction of speech. It represents a broad cultural transformation, a shift in the way people understand things and organize their lives; a change in the way meaning is made. The problem addressed in this book is that, for reasons the author explores, some ways of making meaning support the creation and maintenance of organization, while others do not. Organizations are cultural products and rely upon psychological roots that go very deep. The basic premise of this book is that organizations are made up of the rules, common understandings, and obligations that the father represents, and which are given meaning in the oedipal dynamic. In anti-oedipal psychology, however, they are seen as locuses of deprivation and structures of oppression. Anti-oedipal meaning, then, is geared toward the destruction of organization.

political correctness book: *Political Correctness Does More Harm Than Good* Douglas Kruger,

2020-10-27 Political Correctness Does More Harm Than Good! It's a surprising assertion. Isn't PC culture all about kindness? About protecting victimized groups? If you trace the history of political correctness, the answer is emphatically no. It has other goals in mind and has since its inception with thinkers like Rousseau. Author Douglas Kruger traces the unfolding ideology from its dark genesis (the French Revolution and subsequent terror) through its various incarnations- Marxism, relativism, post-modernism, and all the way to today's identity-politics. He points out the flaws, fallacies, and in many cases, the body-counts these ideologies have wracked up. Uniquely, this book then goes one step further. It is not merely descriptive history; it is not just explanatory philosophy. This is a debate guide, a how-to manual for those interested in attacking these harmful ideas head on. Do you know how to articulate what is wrong with woke arguments? Do you know how to defend the Western tradition against relentless onslaught from the PC-Police? Add your voice to the culture wars and learn precisely how to fight for tried and tested Western values-values like science, democracy, logic, rule of law, and the Judeo-Christian tradition of human rights and values. As it turns out, you can have truth, or you can have political correctness, but you can't have both. Award-winning speaker and author Douglas Kruger also provides you with supplemental how-to videos on his site www.BreakingWoke.com.

political correctness book: *Safe Enough Spaces* Michael S. Roth, 2019-08-20

From the president of Wesleyan University, a compassionate and provocative manifesto on the crises confronting higher education In this bracing book, Michael S. Roth stakes out a pragmatist path through the thicket of issues facing colleges today to carry out the mission of higher education. With

great empathy, candor, subtlety, and insight, Roth offers a sane approach to the noisy debates surrounding affirmative action, political correctness, and free speech, urging us to envision college as a space in which students are empowered to engage with criticism and with a variety of ideas. Countering the increasing cynical dismissal—from both liberals and conservatives—of the traditional core values of higher education, this book champions the merits of different diversities, including intellectual diversity, with a timely call for universities to embrace boldness, rigor, and practical idealism.

political correctness book: The Retreat of Reason Anthony Browne, 2006 Discusses political correctness and the freedom of debate.

political correctness book: Should We Burn Babar? Herbert R. Kohl, 1995 Discusses the meaning conveyed to children from books like Babar, the Elephant, and Pinocchio, and takes a look at the history of public education

political correctness book: Political Correctness Richard Feldstein, 1997 Written with refreshing clarity and wit, 'POLITICAL CORRECTNESS' describes a cultural nonphenomenon brought into being by the desires of neoconservatives. Nostalgic for the simple moral logic of the Cold War, the conservative Right has created an evil empire within and conferred upon its enemies - from multiculturalists to postmodernists and poststructuralists - a McCarthyite agenda that demands action from the high-minded.

political correctness book: Forbidden Words Keith Allan, Kate Burridge, 2006-10-05 Many words and expressions are viewed as 'taboo', such as those used to describe sex, our bodies and their functions, and those used to insult other people. This 2006 book provides a fascinating insight into taboo language and its role in everyday life. It looks at the ways we use language to be polite or impolite, politically correct or offensive, depending on whether we are 'sweet-talking', 'straight-talking' or being deliberately rude. Using a range of colourful examples, it shows how we use language playfully and figuratively in order to swear, to insult, and also to be politically correct, and what our motivations are for doing so. It goes on to examine the differences between institutionalized censorship and the ways individuals censor their own language. Lively and revealing, *Forbidden Words* will fascinate anyone who is interested in how and why we use and avoid taboos in daily conversation.

political correctness book: Political Correctness and Higher Education John Lea, 2010-05-26 How many times have you heard the phrase: 'it's all political correctness gone mad!' Do you ever wonder whether colleges and universities are really awash with trivial concerns about the use of language or whether they are actually trying to address serious concerns about discrimination and harassment? Have you ever wanted to get to the bottom of what all the fuss is about? This book is the first major study of political correctness in post compulsory education to be published in the UK. For readers in the UK unfamiliar with the nature of the controversies in US college campuses this book offers a comprehensive assessment of the key themes, including who and what was behind key campaigns. For readers in the US unfamiliar with how this cultural export has fared in the UK this book looks at the significant similarities and differences in the ways that the phrase has been used in both societies. Apart from addressing the roots of political correctness the book seeks to show how the phrase has helped to complicate the traditional boundaries between those on the political Left and those on the political Right. The book also demonstrates in clear terms how the phrase is integral to understanding key themes in cultural theory, such as postmodernism and identity politics. This book is intended to be of interest to a number of readers: Teachers working in colleges and universities; Teacher educators and student teachers working on programmes of initial teacher education; Students studying undergraduate programmes in comparative politics and/or sociology and cultural studies Finally, the book will seek to capture the reflections of prominent academics and educationalists on both sides of the Atlantic, who have worked in environments where the phrase has impinged on aspects of their work over the last twenty five years. If you think that 'political correctness' simply amounts to what jokes you are allowed to tell in a classroom, hopefully this book will challenge you to think again.

political correctness book: *How I Escaped Political Correctness and You Can Too* Loretta Graziano Bruening, 2018-01-19 I was politically correct for decades. Then one day I caught myself lying about a simple fact to make it sound more politically correct. It happened while I was lecturing to 150 students. I froze. Enough! In that moment, I decided to take back my brain. It cost me, but it had benefits too. Here is the story of how I came to question my political correctness, and how I learned to feel good and be good without it. You can too!

political correctness book: *The War of the Words* Sarah Dunant, 1994

political correctness book: *Radiant Fugitives* Nawaaz Ahmed, 2021-08-03 FINALIST FOR THE 2022 PEN/FAULKNER AWARD FOR FICTION FINALIST FOR PUBLISHING TRIANGLE'S EDMUND WHITE DEBUT FICTION AWARD In the last weeks of her pregnancy, a Muslim Indian lesbian living in San Francisco receives a visit from her estranged mother and sister that surfaces long held secrets and betrayals in this sweeping family saga . . . with the beautiful specificity of real lives lived, loved, and fought for (Entertainment Weekly) Working as a consultant for Kamala Harris's attorney general campaign in Obama-era San Francisco, Seema has constructed a successful life for herself in the West, despite still struggling with her father's long-ago decision to exile her from the family after she came out as lesbian. Now, nine months pregnant and estranged from the Black father of her unborn son, Seema seeks solace in the company of those she once thought lost to her: her ailing mother, Nafeesa, traveling alone to California from Chennai, and her devoutly religious sister, Tahera, a doctor living in Texas with her husband and children. But instead of a joyful reconciliation anticipating the birth of a child, the events of this fateful week unearth years of betrayal, misunderstanding, and complicated layers of love—a tapestry of emotions as riveting and disparate as the era itself. Told from the point of view of Seema's child at the moment of his birth, and infused with the poetry of Wordsworth and Keats and verses from the Quran, *Radiant Fugitives* is a moving tale of a family and a country grappling with acceptance, forgiveness, and enduring love.

political correctness book: *Coloring the News* William McGowan, 2003 This is the provocative argument that drives William McGowan's *Coloring the News*, a brave, searching work that examines journalism's most controversial issue. McGowan presents a fascinating insider's analysis of how a well-intentioned attempt to accommodate minorities and minority viewpoints has been overtaken by political correctness, which determines what stories get reported in the elite media and how. Along the way he dissects how the press has mistold key stories including California's Proposition 209 vote, the allegedly racist burnings of black churches in the South, the military's ongoing problems with the integration of women and gays, and the consequences of a chaotic immigration policy.--BOOK JACKET.

political correctness book: *The Politically Correct University* Robert Maranto, Richard E. Redding, Frederick M. Hess, 2009 Political correctness is one of the primary enemies of freedom of thought in higher education today, undermining our ability to acquire, transmit, and process knowledge. Political correctness limits the variation of ideas by an ideologically driven concern for hue rather than view. This volume is not simply another rant; there are good data here, along with well-crafted, hard-to-ignore logical interpretations and arguments. It is the sort of work that those who adhere to idea-limiting notions of the university will try to trivialize. That alone should make it important reading. --Michael Schwartz, president emeritus, Kent State University and Cleveland State University

political correctness book: *Language and Sexism* Sara Mills, 2008 The author takes a critical look at sexism in language and argues that even in feminist circles it has become a problematic concept. Drawing on conversational and textual data collected over the last ten years, Mills suggests that there are two forms of sexism - overt and indirect.

political correctness book: *Sex and God at Yale* Nathan Harden, 2012-08-21 To glimpse America's future, one needs to look no further than its college campuses. Of those institutions, none holds more clout than Yale University, the hallowed cradle of presidents. In *Sex and God at Yale*, recent graduate Nathan Harden undresses perversity among the Ivy and ideology gone wild as the upper echelon of academia is mired in nothing less than a full-fledged moral crisis. Three

generations ago, William F. Buckley's classic *God and Man at Yale*, a critique of enforced liberalism at his alma mater, became a rallying cry of the conservative movement. Today Harden reveals how a loss of purpose, borne of extreme agendas and single-minded political correctness shielded under labels of academic freedom, subverts the goals of higher education. Harden's provocative narrative highlights the implications of the controversial Sex Week on campus and the social elitism of the Yale naked party phenomenon. Going beyond mere sexual expose, *Sex and God at Yale* pulls the sheets off of institutional licentiousness and examines how his alma mater got to a point where:

- During Sex Week at Yale, porn producers were allowed onto campus property to give demonstrations on sexual technique—and give out samples of their products.
- An art student received departmental approval—before the ensuing media attention alerted the public and Yale alumni—for an art project in which she claimed to have used the blood and tissue from repeated self-induced miscarriages.
- The university became the subject of a federal investigation for allegedly creating a hostile environment for women.

Much more than this, Harden examines the inherent contradictions in the partisan politicizing of higher education. What does it say when Yale seeks to distance itself from its Divinity School roots while at the same time it hires a Muslim imam with no academic credentials to instruct students? When the same school that would not allow ROTC on its campus for decades invites a former Taliban spokesperson to study at the university? Or employs a professor who praised Hamas terrorists? As Harden asks: What sort of moral leadership can we expect from Yale's presidents and CEOs of tomorrow? Will the so-called abortion artist be leading the National Endowment for the Arts in twenty years? Will a future president be practicing moves he or she learned during Sex Week in the closet of the Oval Office? If tyrants tell little girls they aren't allowed to go to school, will an Ivy-educated Taliban emissary be the one to deliver the message? *Sex and God at Yale* is required reading for the parent of any college-bound student—and for anyone concerned about the direction of higher education in America and the implications it has for young students today and the leaders of tomorrow.

political correctness book: After Political Correctness Christopher Newfield, 2018-02-20 This book resituates the political correctness debates in the humanities branch of the academy. It contends that conservatives have tainted entire academic disciplines to cause university humanists to go from irrelevant to dangerous overnight.

political correctness book: Racial Paranoi John L. Jr. Jackson, Richard Perry University Associate Professor of Communication and Anthropology John L Jackson, Jr Jr., 2010-10-19 In this courageous book, John L. Jackson, Jr. draws on current events as well as everyday interactions to demonstrate the culture of race-based paranoia and its profound effects on our lives. He explains how it is cultivated and reinforced, and how it complicates the goal of racial equality. In this paperback edition, Jackson explores the 2008 presidential election, weaving in examples ranging from the notorious New Yorker cover to Saturday Night Live's political parodies.

political correctness book: Truly Tasteless Jokes Blanche Knott, 1985-05-12 The original is back. TRULY TASTELESS JOKES took America by storm and made it laugh at itself. It's all in here, disgusting, repulsive, cruel, and just plain tasteless jokes and stories that will make you smile, laugh, or groan--and love every minute of it.

political correctness book: Political Correctness: A Sociocultural Black Hole Thomas Tsakalakis, 2020-10-15 This book explores the nature of political correctness as but one of the faces of today's widespread sociocultural hypocrisy; it is a critique of a phenomenon that constitutes a threat to the Enlightenment hope that humanity might one day achieve maturity. The author identifies political correctness as a drive towards shallowness, anti-intellectualism and self-flagellation - and a culture in which perception is everything. With attention to the emergence and growth of political correctness in a country, Greece, where it can be observed from a bottom-up perspective, this volume demonstrates that although at first glance it appears as a well-intentioned social movement informed by values with which no moral and judicious person could disagree, political correctness actually represents, at best, a distraction from graver concerns; at worst, a manifestation of human foolishness and malevolence. A study of the destruction of honest and

rational debate, characterized by trials of intention, often by social media, Political Correctness: A Sociocultural Black Hole will appeal to scholars of sociology and media studies with interests in contemporary political culture.

political correctness book: Fuck Political Correctness! Stanley Whistle, 2017-03-26 This book is an out-and-out attack on the stupidity that is political correctness. If you are tired of feeling like you cannot say what you want to say, for fear of being branded a racist, or a sexist, or a homophobe, then this book is for you. Cry babies, feminists and those who seize any opportunity to be offended, are advised to steer clear!

political correctness book: Murder for Political Correctness Nick Lennon-Barrett, 2020-09 Not for the politically correct! DCI Fenton must track down a serial killer and avert moral panic before The Queen is forced to utter the words 'death penalty' in her speech. Three victims, all from minority groups, are found murdered in a London hotel, after attending an 'embracing diversity' conference. They are all employees of a training company who want to make the world a better place through whiteboards and jazz hands. Is there a serial killer on the loose? Or is the killer someone closer to home? The murders receive widespread media attention, fuelled by a journalist who has a personal vendetta against Fenton and will do anything for fame. With a power crazed opposition leader and a government on the brink of collapse, the murders reignite the political debate on capital punishment. Just who are the Far Right Extremist Enigma, and why does a political leader want to murder a Reality TV star who can't stop eating cake? Do you ever think the world is getting too politically correct? Do you find yourself laughing at something, only to be met with a judgemental furrowed brow? Then this dark comedy whodunit is for you.

political correctness book: Until Proven Innocent Stuart Taylor, KC Johnson, 2010-04-01 What began that night shocked Duke University and Durham, North Carolina. And it continues to captivate the nation: the Duke lacrosse team members' alleged rape of an African-American stripper and the unraveling of the case against them. In this ever-deepening American tragedy, Stuart Taylor Jr. and KC Johnson argue, law enforcement, a campaigning prosecutor, biased journalists, and left-leaning academics repeatedly refused to pursue the truth while scapegoats were made of these young men, recklessly tarnishing their lives. The story harbors multiple dramas, including the actions of a DA running for office; the inappropriate charges that should have been apparent to academics at Duke many months ago; the local and national media, who were so slow to take account of the publicly available evidence; and the appalling reactions of law enforcement, academia, and many black leaders. *Until Proven Innocent* is the only book that covers all five aspects of the case (personal, legal, academic, political, and media) in a comprehensive fashion. Based on interviews with key members of the defense team, many of the unindicted lacrosse players, and Duke officials, it is also the only book to include interviews with all three of the defendants, their families, and their legal teams. Taylor and Johnson's coverage of the Duke case was the earliest, most honest, and most comprehensive in the country, and here they take the idiocies and dishonesty of right- and left-wingers alike head on, shedding new light on the dangers of rogue prosecutors and police and a cultural tendency toward media-fueled travesties of justice. The context of the Duke case has vast import and contains likable heroes, unfortunate victims, and memorable villains—and in its full telling, it is captivating nonfiction with broad political, racial, and cultural relevance to our times.

political correctness book: *Our Country, Our Culture* Edith Kurzweil, William Phillips, 1994

political correctness book: Political Correctness in the English Language Thuy Nguyen, 2008-10 Seminar paper from the year 2007 in the subject English Language and Literature Studies - Linguistics, grade: 1,3, University of Duisburg-Essen, course: Language and Gender, 10 entries in the bibliography, language: English, abstract: In London during the 1980ies there were reports in the right-wing press, that socialist local councils like Hackney Council had to banish the word manhole by order of its Women's Committee since the term was meant to be sexist. This is just one out of many incidences that came up during the political correctness debate. Since the eighties this phenomenon has occurred on the American campuses and developed rapidly to a publicly debated

subject. This essay will deal with the phenomenon of the political correctness in the English language with the main focus on gender questions and feminist linguistics. The central question is if expressions like policemen or phrases like to be the master of the situation are really conceived as sexist by the majority of people and if replacing those by terms like police officers can solve the problem of sexist language use. Have the efforts to regulate or reform language been successful and can language be at all non-sexist or even neutral? First of all, the term political correctness and politically correct are placed into a historical context explaining its roots and development before trying to define the concept. Furthermore, the importance of the political correctness debate for the Women's Liberation Movement and the development of feminist linguistics will be explained. The third chapter explains on which assumptions and theories the claimed language change is based on. The relation between language use and perception of the individual or of a group plays a central part. In the context of the political correctness debate the central question is in how far sexist language use, representation, the naming or not naming of women effects the perception and thinking of people. The fourth chapter give

political correctness book: PC Worlds Jonathan Friedman, 2019-07-18 This provocative work offers an anthropological analysis of the phenomenon of political correctness, both as a general phenomenon of communication, in which associations in space and time take precedence over the content of what is communicated, and at specific critical historical conjunctures at which new elites attempt to redefine social reality. Focusing on the crises over the last thirty years of immigration and multiculturalist politics in Sweden, the book examines cases, some in which the author was himself involved, but also comparative material from other countries.

political correctness book: The Politics and Philosophy of Political Correctness Jung Min Choi, John W. Murphy, 1992-11-24 PC or Political Correctness has received bad press, according to Choi and Murphy. Indeed, the body of ideas and concepts embodied in PC have been trivialized by conservatives seeking to defend their own positions and by a press catering to a public put off by philosophical discussions. Choi and Murphy seek to analyze the key facets of the debate over PC. Starting with an examination of the key concepts of PC, Choi and Murphy review the essentials of neo-conservative social philosophy and the Postmodern Alternative as well as neo-conservative critiques of postmodernism. By providing a comprehensive examination of PC from its historical and philosophical underpinnings, Choi and Murphy show what is at stake in the controversy. This book is an important synthesis for researchers and students of contemporary philosophy and social policy.

Political Correctness Book Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Political Correctness Book free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Political Correctness Book free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Political Correctness Book free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Political Correctness Book. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Political Correctness Book any PDF files. With these platforms, the world of PDF downloads is just a click away.
