**anna cardwell parents: Why Children Don't Listen** Monika Kiel-Hinrichsen, 2014-03-31

What can you do when a child just won't listen? How we speak to each other is at the very heart of human relationships. Children are often much better than adults at reading between the lines and deciphering the messages we send through body language and tone of voice. This is an invaluable handbook for parents and teachers on how to communicate better with children. It covers all aspects of talking to and, importantly, listening to children, including communication with children of different ages and understanding the wider situation in which the conversation is taking place. The author translates the theory into practical, everyday solutions. There are useful exercises

throughout, to help us communicate more successfully.

**anna cardwell parents: Parents and Children in the Mid-Victorian Novel** Madeleine Wood, 2020-10-30 This book produces an original argument about the emergence of 'trauma' in the nineteenth-century through new readings of Dickens, Emily and Charlotte Bronte, Collins, Gaskell and Elliot. Madeleine Wood argues that the mid-Victorian novels present their protagonists in a state of damage, provoked and defined by the conditions of the mid-century family: the cross-generational relationship is presented as formative and traumatising. By presenting family relationships as decisive for our psychological state as well as our social identity, the Victorian authors pushed beyond the contemporary scientific models available to them. Madeleine Wood analyses the literary and historical conditions of the mid-century period that led to this new literary emphasis, and which paved the way for the emergence of psychoanalysis in Vienna at the fin de siècle. Analysing a series of theoretical texts, Madeleine Wood shows that psychoanalysis shares the mid-Victorian concern with the unequal relationship between adult and child, focusing her reading through Freud's early writings and Jean Laplanche's 'general theory of seduction'.

**anna cardwell parents:** **Driving the Soviets up the Wall** Hope M. Harrison, 2011-06-27 The Berlin Wall was the symbol of the Cold War. For the first time, this path-breaking book tells the behind-the-scenes story of the communists' decision to build the Wall in 1961. Hope Harrison's use of archival sources from the former East German and Soviet regimes is unrivalled, and from these sources she builds a highly original and provocative argument: the East Germans pushed the reluctant Soviets into building the Berlin Wall. This fascinating work portrays the different approaches favored by the East Germans and the Soviets to stop the exodus of refugees to West Germany. In the wake of Stalin's death in 1953, the Soviets refused the East German request to close their border to West Berlin. The Kremlin rulers told the hard-line East German leaders to solve their refugee problem not by closing the border, but by alleviating their domestic and foreign problems. The book describes how, over the next seven years, the East German regime managed to resist Soviet pressures for liberalization and instead pressured the Soviets into allowing them to build the Berlin Wall. Driving the Soviets Up the Wall forces us to view this critical juncture in the Cold War in a different light. Harrison's work makes us rethink the nature of relations between countries of the Soviet bloc even at the height of the Cold War, while also contributing to ongoing debates over the capacity of weaker states to influence their stronger allies.

**anna cardwell parents:** In Some Other World, Maybe Shari Goldhagen, 2015-01-13 In December 1992, three groups of teenagers head to the theater to see the movie version of the famed Eons & Empires comic books. For Adam it's a last ditch effort to connect with something (actually, someone, the girl he's had a crush on for years) in his sleepy Florida town before he leaves for good. Passionate fan Sharon skips school in Cincinnati so she can fully appreciate the flick without interruption from her vapid almost-friends-a seemingly silly indiscretion with shocking consequences. And in suburban Chicago, Phoebe and Ollie simply want to have a nice first date and maybe fool around in the dark, if everyone they know could just stop getting in the way. Over the next two decades, these unforgettable characters criss-cross the globe, becoming entwined by friendship, sex, ambition, fame and tragedy. A razor-sharp, darkly comic page-turner, *In Some Other World, Maybe* sheds light on what it means to grow up in modern America.

**anna cardwell parents:** **The Poetics and Politics of Youth in Milton's England** Blaine Greteman, 2013-08-19 As the notion of government by consent took hold in early modern England, many authors used childhood and maturity to address contentious questions of political representation - about who has a voice and who can speak on his or her own behalf. For John Milton, Ben Jonson, William Prynne, Thomas Hobbes and others, the period between infancy and adulthood became a site of intense scrutiny, especially as they examined the role of a literary education in turning children into political actors. Drawing on new archival evidence, Blaine Greteman argues that coming of age in the seventeenth century was a uniquely political act. His study makes a compelling case for understanding childhood as a decisive factor in debates over consent, autonomy and political voice, and will offer graduate students and scholars a new perspective on the emergence of apolitical children's literature in the eighteenth century.

**anna cardwell parents:** **Mingo** Cletis R. Ellinghouse, 2008-10-15 Tribesmen regarded Mingo Swamp as a rare wildlife haven and made it a favored hunting ground long before white settlers discovered it, but in even earlier times, the storied Mississippi River passed through it moving to Arkansas. The soggy countryside around it made a good part of the neighborhood virtually inaccessible and therefore sparsely settled at the time of the Civil War; but Mingo, nevertheless,

became one of Missouri's more hotly contested battlegrounds. Guerrillas fighting for the Lost Cause made its cypress and water tupelo forests their hideout, and it is identified to this day with one of the state's bloodiest encounters, the Battle of Mingo Swamp. The treacherous swamp's abundance of natural resources first attracted hardy backwoodsmen, but the entire countryside remained commercially undeveloped until arrival of the railroad and the founding in 1883 of Pucksekaw, now Puxico, which quickly became the base of a great logging and tie operation headed by newcomer Thomas J. Moss, the town's esteemed merchant prince who quickly became the largest tie contractor in the state. After the great timber boom ended in the early 1900s, newly organized Mingo Drainage District, encompassing 39,786 acres in Stoddard and Wayne counties, sought to clear the stumpage and drain the swamp to enhance agricultural pursuits and control costly St. Francis River overflows. After that glorious adventure failed in the 1930s, the federal government stepped in to acquire land for construction of two ambitious projects that changed the countryside forever, the 21,676-acre Mingo National Wildlife Refuge and, just beyond it to the west, a dam on the St. Francis River that created sprawling Lake Wappapello, which, in both land and water, encompasses more than 44,000 acres. Shortly thereafter, in the early 1950s, the Missouri Conservation Commission acquired the rest of the swamp to establish what now is Duck Creek Conservation Area, which encompasses 6,234 acres in Wayne, Bollinger, and Stoddard counties. Though obviously vastly different now and managed today by the U.S. Fish and Wildlife Service, Mingo remains one of America's premier wildlife havens. It is home to tens of thousands of waterfowl, three distinct ecosystems, and an incredible diversity of plants and animals. A great number of rare species, such as the swamp rabbit and the alligator snapping turtle, still thrive at Mingo.
