 Dixie Redux: Essays in Honor of Sheldon Hackney is a collection of original essays written by some of the nation's most distinguished historians. Each of the contributors has a personal as well as a professional connection to Sheldon Hackney, a distinguished scholar in his own right who has served as Provost of Princeton University, president of Tulane University and the University of Pennsylvania, and the chairman of the National Endowment for the Humanities. In a variety of roles—teacher, mentor, colleague, administrator, writer, and friend—Sheldon Hackney has been a source of wisdom, empowerment, and wise counsel during more than four decades of historical and educational achievement. His life, both inside and outside the academy, has focused on issues closely related to civil rights, social justice, and the vagaries of race, class, regional culture, and national identity.  A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church  
 What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

**sheila o connor fox 13:** *A Prayer Journal* Flannery O'Connor, 2013-11-12 I would like to write a beautiful prayer, writes the young Flannery O'Connor in this deeply spiritual journal, recently discovered among her papers in Georgia. There is a whole sensible world around me that I should be able to turn to Your praise. Written between 1946 and 1947 while O'Connor was a student far from home at the University of Iowa, *A Prayer Journal* is a rare portal into the interior life of the great writer. Not only does it map O'Connor's singular relationship with the divine, but it shows how entwined her literary desire was with her yearning for God. I must write down that I am to be an artist. Not in the sense of aesthetic frippery but in the sense of aesthetic craftsmanship; otherwise I will feel my loneliness continually . . . I do not want to be lonely all my life but people only make us lonelier by reminding us of God. Dear God please help me to be an artist, please let it lead to You. O'Connor could not be more plain about her literary ambition: Please help me dear God to be a good writer and to get something else accepted, she writes. Yet she struggles with any trace of self-regard: Don't let me ever think, dear God, that I was anything but the instrument for Your story. As W. A. Sessions, who knew O'Connor, writes in his introduction, it was no coincidence that she began writing the stories that would become her first novel, *Wise Blood*, during the years when she wrote these singularly imaginative Christian meditations. Including a facsimile of the entire journal in O'Connor's own hand, *A Prayer Journal* is the record of a brilliant young woman's coming-of-age, a cry from the heart for love, grace, and art.

In a nutshell, a war room is a political command centre where a candidate's strategists and media officers work to counter attacks by opponents while gathering research to mount an offensive in an ongoing, immediate fashion. Warren Kinsella's *The War Room* profiles and analyzes some of the best political warriors and spinners around. He employs personal anecdotes, political wisdom culled from his extensive experience on Liberal Party federal and provincial election campaigns, historical examples from

This series of books, which grew out of the journal of the same name, advocated 'history from below' and examined numerous, often social, issues from the perspectives of ordinary people. In the words of founder Raphael Samuel, the aim was to turn historical research and writing into 'a collaborative enterprise', via public gatherings outside of a traditional academic setting, that could be used to support activism and social justice as well as informing politics. Some of the topics examined in the set include: mineral workers, rural radicalism, and the lives and occupations of villagers in the nineteenth century; working class association; the development of left-wing workers theatre and the changing attitudes to mass culture across the twentieth century; the changing fortunes of the East End at the turn of the century; the position of women from the nineteenth century to the present; the miners' strike of 1984-5; the social and political images of late-twentieth century London; and a three volume analysis of the myriad facets of English patriotism. This set will be of interest to students of history, sociology, gender and politics.

**sheila o connor fox 13: *Working Mothers and the Child Care Dilemma*** Lisa Pasolli, 2015-05-15 During the twentieth century, child care policy in British Columbia matured in the shadow of a political uneasiness with working motherhood. *Working Mothers and the Child Care Dilemma* examines how ideas about motherhood, paid work, and social welfare influenced universal child care discussions and consistently pushed access to child care to the margins of BC's social policy agenda. Charting the growth of the child care movement in this province, Lisa Pasolli examines the arrival of Vancouver's first crèche in 1912, the teetering steps forward during the debates of the interwar years, the development of provincial child care policy, the rebellious advancements of second-wave feminists in the 1960s and 1970s, and the maturation of provincial and national child care politics since the mid-70s. In addition to revealing much about historical attitudes toward women's roles, *Working Mothers and the Child Care Dilemma* celebrates the efforts of mothers and advocates who, for decades, have lobbied for child care as a central part of women's rights as workers, parents, and citizens.

**sheila o connor fox 13: *Born Southern*** V. Lynn Kennedy, 2010 In *Born Southern*, V. Lynn Kennedy addresses the pivotal roles of birth and motherhood in slaveholding families and communities in the Old South. She assesses the power structures of race, gender, and class—both in the household and in the public sphere—and how they functioned to construct a distinct antebellum

southern society. Kennedy's unique approach links the experiences of black and white women, examining how childbirth and motherhood created strong ties to family, community, and region for both. She also moves beyond a simple exploration of birth as a physiological event, examining the social and cultural circumstances surrounding it: family and community support networks, the beliefs and practices of local midwives, and the roles of men as fathers and professionals. The southern household—and the relationships among its members—is the focus of the first part of the book. Integrating the experiences of all women, black and white, rich and poor, free and enslaved, these narratives suggest the complexities of shared experiences that united women in a common purpose but also divided them according to status. The second part moves the discussion from the private household into the public sphere, exploring how southerners used birth and motherhood to negotiate public, professional, and political identities. Kennedy's systematic and thoughtful study distinguishes southern approaches to childbirth and motherhood from northern ones, showing how slavery and rural living contributed to a particularly southern experience.

**sheila o connor fox 13:** *Tone* Judith Roof, 2020-10-29 *Tone* is often decisive in whether we love or dislike a story, novel, or even critical essay. Yet literary critics rarely treat tone as a necessary or important element of literary style or critique. There are surprisingly few analyses of what tone is, how texts produce tone, or the ways tone—as an essential element of narration—contributes to character, story, mood, and voice. *Tone's* 24 micro-chapters offer a playful, eclectic, and fast-paced guide into the creation of tone in a variety of modern and contemporary works of literature by such varied writers as Hemingway, Woolf, and Sedaris, as well as in criticism, advertising, and machine-authored texts. Judith Roof shows how tone is a crucial element in all writing, as it produces the illusion of a telling voice; creates a sense of character, personality, and attitude; inflects events recounted; anticipates certain directions and possibilities; and creates an ambiance that simultaneously produces, enables, and shapes narratives and characters. *Tone* gives us a lively and original way to rethink the practice of literary criticism.

Barrett, 2017-08-22 This groundbreaking text provides students with an overview and assessment of green criminology as well as a call to action. *Green Criminology* draws attention to the ways in which the political-economic organization of capitalism causes ecological destruction and disorganization. Focusing on real-world issues of green crime and environmental justice, chapters examine ecological withdrawals, ecological additions, toxic towns, wildlife poaching and trafficking, environmental laws, and nongovernmental environmental organizations. The book also presents an unthreatening introduction to research from the physical sciences on issues such as climate change, pollution levels, and the ecological footprint of humans, providing a truly interdisciplinary foundation for green criminological analysis. To help students succeed in the course—and to encourage them to see themselves as future green criminology researchers—the

end-of-chapter study guides include: • Questions and Activities for Students that review topics students should be able to conceptualize and address. • Lessons for Researchers that suggest additional areas of research in the study of green crime.

**sheila o connor fox 13: The Way of the Rose** Clark Strand, Perdita Finn, 2019-11-05 What happens when a former Zen Buddhist monk and his feminist wife experience an apparition of the Virgin Mary? "This book could not have come at a more auspicious time, and the message is mystical perfection, not to mention a courageous one. I adore this book."—Caroline Myss, author of *Anatomy of the Spirit* Before a vision of a mysterious "Lady" invited Clark Strand and Perdita Finn to pray the rosary, they were not only uninterested in becoming Catholic but finished with institutional religion altogether. Their main spiritual concerns were the fate of the planet and the future of their children and grandchildren in an age of ecological collapse. But this Lady barely even referred to the Church and its proscriptions. Instead, she spoke of the miraculous power of the rosary to transform lives and heal the planet, and revealed the secrets she had hidden within the rosary's prayers and mysteries—secrets of a past age when forests were the only cathedrals and people wove rose garlands for a Mother whose loving presence was as close as the ground beneath their feet. She told Strand and Finn: The rosary is My body, and My body is the body of the world. Your body is one with that body. What cause could there be for fear? Weaving together their own remarkable story of how they came to the rosary, their discoveries about the eco-feminist wisdom at the heart of this ancient devotion, and the life-changing revelations of the Lady herself, the authors reveal an ancestral path—available to everyone, religious or not—that returns us to the powerful healing rhythms of the natural world.
