Stranger Danger Netflix 2023: Navigating the Complexities of Online Safety for Kids in the Streaming Era

Introduction:

The digital age has revolutionized how we consume entertainment, with streaming services like Netflix becoming central to family life. While Netflix offers a treasure trove of children's programming, it also presents a unique set of challenges regarding online safety. The ever-evolving landscape of online threats necessitates a proactive approach to protecting children from "stranger danger" in the context of Netflix and other streaming platforms. This comprehensive guide explores the specific concerns surrounding stranger danger on Netflix in 2023, offering practical strategies and actionable advice for parents to safeguard their children's wellbeing in the digital world. We'll delve into the various risks, discuss effective parental control measures, and provide resources to navigate this complex issue.

Understanding the Evolving Landscape of Stranger Danger on Netflix

The term "stranger danger" has evolved significantly in the digital age. It's no longer just about physical encounters with strangers; it encompasses online interactions, grooming, exposure to inappropriate content, and the potential for online predators to exploit children through streaming platforms. Netflix, with its vast library and diverse user base, presents a unique set of vulnerabilities. Children might unknowingly interact with inappropriate content or engage with individuals posing as friends or trusted figures. Understanding the nuances of these online threats is the first step toward mitigating the risks.

Netflix's Parental Control Features: A Deep Dive

Netflix offers various parental control features designed to help parents curate their children's viewing experience. These features range from setting age restrictions on profiles to creating separate profiles with tailored content limitations. However, simply relying on these built-in features isn't enough. Parents need to actively engage with these settings, regularly review their children's viewing history, and understand the limitations of the system. We'll explore the specific features, their strengths and weaknesses, and provide practical tips for optimizing their use.

Beyond Netflix: Expanding Online Safety Strategies

While focusing on Netflix is crucial, broader online safety strategies are paramount. This includes open communication with children about online safety, establishing clear rules regarding online interactions, and educating them about identifying and reporting suspicious behavior. We'll discuss the importance of age-appropriate digital literacy, teaching children critical thinking skills to navigate online content responsibly, and fostering a culture of open dialogue about online experiences.

Recognizing and Responding to Red Flags: Warning Signs of Online Grooming

Online grooming is a significant concern, and children using streaming services are not immune. Predators may use seemingly innocent interactions to build trust and manipulate children into revealing personal information or engaging in inappropriate activities. We'll outline specific red flags to watch out for, from seemingly innocent online friendships to subtle attempts at manipulation. Understanding these warning signs is crucial for timely intervention and preventing potential harm.

Practical Tips for Safe Streaming: A Parent's Guide to Netflix and Beyond

This section will provide practical, actionable steps parents can take to enhance online safety for their children. This includes setting clear rules about online usage, regularly monitoring children's online activities, utilizing parental control apps and software beyond Netflix's built-in features, and engaging in regular conversations about online safety. We'll provide specific examples and resources to make implementing these strategies easier.

The Role of Open Communication in Fostering Online Safety

Open and honest communication is the cornerstone of online safety. Parents should create a safe space for children to discuss their online experiences without fear of judgment or punishment. This fosters trust and encourages children to report any concerns or suspicious activity. We'll explore techniques for effective communication, emphasizing active listening and creating a supportive environment.

Utilizing Third-Party Parental Control Tools: Enhancing Netflix's Built-in Features

While Netflix's parental controls are helpful, third-party parental control apps and software offer more comprehensive features, including website blocking, time limits, and content filtering. This section will explore various options, highlighting their strengths and weaknesses and guiding parents in selecting the most suitable tools for their needs.

Staying Informed: Keeping Up with Evolving Online Threats

The online landscape is constantly changing, with new threats emerging regularly. Staying informed about the latest online safety concerns is crucial for parents. We'll provide resources for staying updated on the latest threats and best practices, including reputable organizations and websites dedicated to online safety.

Conclusion: A Proactive Approach to Online Safety in the Streaming Era

Protecting children in the digital world requires a proactive, multi-faceted approach. While Netflix provides some parental control features, relying solely on them isn't sufficient. Combining Netflix's built-in controls with broader online safety strategies, open communication, and the use of third-party parental control tools is crucial for safeguarding children's well-being in the ever-evolving landscape of online entertainment.

stranger danger netflix 2023: The Stranger Albert Camus, 2012-08-08 With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed the nakedness of man faced with the absurd and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

stranger danger netflix 2023: It Stephen King, 2019-07-30 It: Chapter Two—now a major motion picture! Stephen King's terrifying, classic #1 New York Times bestseller, "a landmark in American literature" (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/63. But it all starts with It. "Stephen King's most mature work" (St. Petersburg Times), "It will overwhelm you...to be read in a well-lit room only" (Los Angeles Times).

stranger danger netflix 2023: Transmedia/Genre Matthew Freeman, Anthony N. Smith, 2023-02-05 This book brings genre back to the forefront of the current transmedia trend. Genres are perhaps the most innately transmedial of media constructs, formed as they are from all kinds of industrial, technological and discursive phenomena. Yet, few have considered how genre works in a multiplatform context. This book does precisely that, making a uniquely transmedial contribution to the study of genre in the age of media convergence. The book interrogates how industrial, technological and participatory transformations of digital platforms and emerging technologies reshape workings of genre. The authors consider franchises such as Star Wars, streaming platforms

such as Netflix, catch-up services such as ITV Hub, creative technologies such as virtual reality, and beyond. In setting the stage for the revival of genre theory in contemporary transmedia scholarship, this book pushes forward understandings of multiplatform media and the emerging form and function of genre across contemporary culture.

stranger danger netflix 2023: Netflix, Dark Fantastic Genres and Intergenerational Viewing Djoymi Baker, Jessica Balanzategui, Diana Sandars, 2023-07-04 Focusing on Netflix's child and family-orientated platform exclusive content, this book offers the first exploration of a controversial genre cycle of dark science fiction, horror, and fantasy television under Netflix's Family Watch Together TV tag. Using a ground-breaking mix of methods including audience research, interface, and textual analysis, the book demonstrates how Netflix is producing dark family telefantasy content that is both reshaping child and family-friendly TV genres and challenging earlier broadcast TV models around child-appropriate family viewing. It illuminates how Netflix encourages family audiences to watch together through intergenerational dynamics that work on and offscreen. The chapters in this book explore how this Netflixication of family television developed across landmark examples including Stranger Things, A Series of Unfortunate Events, The Dark Crystal: Age of Resistance, and even Squid Game. The book outlines how Netflix is consolidating a new dark family terrain in the streaming sector, which is unsettling older concepts of family viewing, leading to considerable audience and critical confusion around target audiences and viewer expectations. This book will be of particular interest to upper-level undergraduates, graduates, and scholars in the fields of television studies, screen genre studies, childhood studies, and cultural studies.

stranger danger netflix 2023: High in the Clouds Paul McCartney, Geoff Dunbar, Philip Ardagh, 2006 Imagine a land where all the animals are free . . . To the creatures of the woodland,

the land of Animalia sounds like a dream - a tropical island where all the animals live in harmony. They are over-shadowed by a much more evil community; the polluted Megatropolis, whose dirty skyscrapers block the horizon. And then one day, Wirral the Squirrel's woodland is destroyed by developers and he is thrown into the nightmare world of Megatropolis. But Wirral believes in Animalia and he joins with Froggo, a world-class amphibian balloonist, and Wilhamina, a girl squirrel, to lead the enslaved animals of the city to a new life. So begins an exciting adventure through the mean streets of Megatropolis, over the sea and through the sky. Developed out of an exceptional fusion of creative talents, this story explodes onto every page. The plot is fast, furious and funny; the illustrations are full of rich depth and colour; and the characters live on long after you have turned the final page. It will delight children of all ages and is sure to become an enduring classic. 'Young audiences will delight in the clever wordplay and smartly-drawn comic characters.'

stranger danger netflix 2023: *Nerd* Maya Phillips, 2023-07-04 In the vein of *You're Never Weird on the Internet (Almost)* and *Black Nerd Problems*, this witty, incisive essay collection from New York Times critic at large Maya Phillips explores race, religion, sexuality, and more through the lens of her favorite pop culture fandoms. From the moment Maya Phillips saw the opening scroll of *Star Wars, Episode V: The Empire Strikes Back*, her life changed forever. Her formative years were spent loving not just the *Star Wars* saga, but superhero cartoons, anime, *Buffy the Vampire Slayer*, *Harry Potter*, Tolkien, and *Doctor Who*—to name just a few. As a critic at large at The New York Times, Phillips has written extensively on theater, poetry, and the latest blockbusters—with her love of some of the most popular and nerdy fandoms informing her career. Now, she analyzes the mark these beloved intellectual properties leave on young and adult minds, and what they teach us about race, gender expression, religion, and more. Spanning from the nineties through to today, *Nerd* is a collection of cultural criticism essays through the lens of fandom for everyone from the casual Marvel movie watcher to the hardcore *Star Wars* expanded universe connoisseur. "In the same way that the fandoms Phillips addresses often provide community and a sense of connection, the experience of reading *Nerd* feels like making a new friend" (Karen Han, cultural critic and screenwriter).

She tries to get back to normal, but just days later the murder of someone close to her tears away any illusion of safety. Catherine feels driven to face both violent events head on in hopes of finding the perpetrators and bringing them to justice with the help of her childhood friend, Henry. Then a stranger from college arrives with her lost coat, missing driver's license--and details to help fill in the gaps in her memory that could be the key to solving both mysteries. But who is Andrew Worthington and why is he offering to help her? And what other dangerous obsessions is her sleepy town hiding? Surrounded by secrets and lies, Catherine must unravel the truth--before this wolf in sheep's clothing strikes again.

stranger danger netflix 2023: Malorie Josh Malerman, 2020-07-21 In the "fast-paced, frightening" (The New York Times Book Review) sequel to Bird Box, the inspiration for the record-breaking Netflix film starring Sandra Bullock, bestselling author Josh Malerman brings unseen horrors to life. NOMINATED FOR THE BRAM STOKER AWARD • "Malorie is even more of a psychological thriller than Bird Box, and all the scarier for it."—The Wall Street Journal Twelve years after Malorie and her children rowed up the river to safety, a blindfold is still the only thing that stands between sanity and madness. One glimpse of the creatures that stalk the world will drive a person to unspeakable violence. There remains no explanation. No solution. All Malorie can do is

survive—and impart her fierce will to do so on her children. Don't get lazy, she tells them. Don't take off your blindfold. AND DON'T LOOK. But then comes what feels like impossible news. And with it, the first time Malorie has allowed herself to hope. Someone very dear to her, someone she believed dead, may be alive. Malorie has already lost so much: her sister, a house full of people who meant everything, and any chance at an ordinary life. But getting her life back means returning to a world full of unknowable horrors—and risking the lives of her children again. Because the creatures are not the only thing Malorie fears: There are the people who claim to have caught and experimented on the creatures. Murmurings of monstrous inventions and dangerous new ideas. And rumors that the creatures themselves have changed into something even more frightening. Malorie has a harrowing choice to make: to live by the rules of survival that have served her so well, or to venture into the darkness and reach for hope once more.

stranger danger netflix 2023: *Why Startups Fail* Tom Eisenmann, 2021-03-30 If you want your startup to succeed, you need to understand why startups fail. “Whether you’re a first-time founder or looking to bring innovation into a corporate environment, *Why Startups Fail* is essential reading.”—Eric Ries, founder and CEO, LTSE, and New York Times bestselling author of *The Lean Startup* and *The Startup Way* Why do startups fail? That question caught Harvard Business School professor Tom Eisenmann by surprise when he realized he couldn’t answer it. So he launched a multiyear research project to find out. In *Why Startups Fail*, Eisenmann reveals his findings: six distinct patterns that account for the vast majority of startup failures. • Bad Bedfellows. Startup success is thought to rest largely on the founder’s talents and instincts. But the wrong team, investors, or partners can sink a venture just as quickly. • False Starts. In following the oft-cited advice to “fail fast” and to “launch before you’re ready,” founders risk wasting time and capital on the wrong solutions. • False Promises. Success with early adopters can be misleading and give founders unwarranted confidence to expand. • Speed Traps. Despite the pressure to “get big fast,” hypergrowth can spell disaster for even the most promising ventures. • Help Wanted. Rapidly scaling startups need lots of capital and talent, but they can make mistakes that leave them suddenly in short supply of both. • Cascading Miracles. Silicon Valley exhorts entrepreneurs to dream big. But the bigger the vision, the more things that can go wrong. Drawing on fascinating stories of ventures that failed to fulfill their early promise—from a home-furnishings retailer to a concierge dog-walking service, from a dating app to the inventor of a sophisticated social robot, from a fashion brand to a startup deploying a vast network of charging stations for electric vehicles—Eisenmann offers frameworks for detecting when a venture is vulnerable to these patterns, along with a wealth of strategies and tactics for avoiding them. A must-read for founders at any stage of their entrepreneurial journey, *Why Startups Fail* is not merely a guide to preventing failure but also a roadmap charting the path to startup success.

Powerless and anxious, Troy is determined to prove that what happened between him and El is only some form of trickery. That is until he and James encounter demodogs! Written by best-selling author Greg Pak (Mech Cadet Yu, The Incredible Hulk, Star Wars: Age of Rebellion) and drawn by Valeria Favoccia (Assassin Creed: Reflections, Doctor Who: The Tenth Doctor).

stranger danger netflix 2023: The Stranger in the Woods Michael Finkel, 2018-01-30 NEW YORK TIMES BESTSELLER • The remarkable true story of a man who lived alone in the woods of Maine for 27 years, making this dream a reality—not out of anger at the world, but simply because he preferred to live on his own. “A meditation on solitude, wildness and survival.” —The Wall Street Journal In 1986, a shy and intelligent twenty-year-old named Christopher Knight left his home in Massachusetts, drove to Maine, and disappeared into the forest. He would not have a conversation with another human being until nearly three decades later, when he was arrested for stealing food. Living in a tent even through brutal winters, he had survived by his wits and courage, developing ingenious ways to store edibles and water, and to avoid freezing to death. He broke into nearby cottages for food, clothing, reading material, and other provisions, taking only what he needed but terrifying a community never able to solve the mysterious burglaries. Based on extensive interviews with Knight himself, this is a vividly detailed account of his secluded life—why did he leave? what did he learn?—as well as the challenges he has faced since returning to the world. It is a gripping story of survival that asks fundamental questions about solitude, community, and what makes a good life, and a deeply moving portrait of a man who was determined to live his own way, and succeeded.

stranger danger netflix 2023: Blood Like Fate Liselle Sambury, 2022-08-09 In the spellbinding sequel to Blood Like Magic, Voya fights to save her witch community from a terrible future in this “poignant, smart, and wholly unique” (Tracy Deonn, New York Times bestselling author of Legendborn) novel that’s perfect for fans of Legendborn and Cemetery Boys. Voya Thomas may have passed her Calling to become a full-fledged witch, but the cost was higher than she’d ever imagined. Her grandmother is gone. Her cousin hates her. And her family doesn’t believe that she has what it takes to lead them. What’s more, Voya can’t let go of her feelings for Luc, sponsor son of the genius billionaire Justin Tremblay—the man that Luc believes Voya killed. Consequently, Luc wants nothing to do with her. Even her own ancestors seem to have lost faith in her. Every day Voya begs for their guidance, but her calls go unanswered. As Voya struggles to convince everyone—herself included—that she can be a good Matriarch, she has a vision of a terrifying, deadly future. A vision that would spell the end of the Toronto witches. With a newfound sense of purpose, Voya must do whatever it takes to bring her shattered community together and stop what’s coming for them before it’s too late. Even if it means taking down the boy she loves—who might be the mastermind behind the coming devastation.

stranger danger netflix 2023: A Stranger in Town Kelley Armstrong, 2021-02-09 In the next riveting thriller from #1 New York Times bestselling author Kelley Armstrong, the paranoia

increases - along with the stakes - as the town of Rockton tries to solve the latest mystery at their door. Detective Casey Duncan has noticed fewer and fewer residents coming in to the hidden town of Rockton, and no extensions being granted. Her boyfriend, Sheriff Eric Dalton, presumes it's the natural flux of things, but Casey's not so sure. It seems like something bigger is happening in the small town they call home. When an injured hiker stumbles from the woods, someone who seems to have come to the Yukon for a wilderness vacation but instead is now fighting for her life, it's all hands on deck. What - or who - attacked this woman, and why? With the woman unconscious, and no leads, Casey and Eric don't know where the threat is coming from. Plus, the residents of their deeply secretive town are uneasy with this stranger in their midst. Everyone in Rockton wants this mystery solved - and fast.

stranger danger netflix 2023: All Things Cease to Appear Elizabeth Brundage, 2017-02-07 "This literary thriller's complex narrative involves a cursed house, an unsolved murder and impeccable writing." —The New York Times Book Review • The basis for the Netflix film *Things Heard and Seen* Recent transplants to the small town of Chosen, New York, the Clares have not received the warmest welcome; once a thriving dairy farm, their home is haunted by the tragedy that left the former owner's three sons orphaned and adrift. Late one winter afternoon, professor George Clare knocks on his neighbor's door with terrible news: he returned from work to find his wife, Catherine, murdered in their bed. Someone took an ax to her head while their three-year-old daughter, Franny, played alone in her room across the hall. As one dark secret peels away to reveal others—and as the Clare marriage reveals itself to have a sinister darkness that rivals the farm's history—Elizabeth Brundage offers a rich and complex portrait of the scars that can haunt a community for generations and the dark longings inside each and every one of us that drive us to do inexplicable things.

stranger danger netflix 2023: Double Fudge Judy Blume, 2011-12-01 Part of the classic *Fudge* series from Judy Blume, bestselling author of *Tales of a Fourth Grade Nothing!* Fudge is obsessed with money. stranger danger netflix 2023: Stay Close Harlan Coben, 2012-03-20 NOW A NETFLIX SERIES AND A NETFLIX BOOK CLUB PICK! The bestselling author and creator of the hit Netflix drama *The Stranger* proves that the past never truly fades away in this shocking thriller. Megan is a suburban soccer mom who once upon a time walked on the wild side. Ray used to be a talented documentary photographer but now finds himself in a dead-end job posing as a paparazzo. Broome is a detective who can't let go of a cold case. Each is hiding secrets that even those closest to them would never suspect. When the terrible consequences of long-ago events threaten to ruin their quiet suburban lives, they will come to the startling realization that they may not want to forget the past at all. As

Megan, Ray, and Broome are faced with the excitement of temptation and the desperation and hunger that can lurk behind even the prettiest facades—they will discover a hard truth: the line between one kind of life and another can be as whisper-thin as a heartbeat.

stranger danger netflix 2023: The Saturday Night Ghost Club Craig Davidson, 2018-08-14
SHORTLISTED FOR THE ROGERS WRITERS' TRUST FICTION PRIZE: An infectious and heartbreaking novel from one of this country's great kinetic writers (Globe and Mail)--Craig Davidson's first new literary fiction since his bestselling, Giller-shortlisted *Cataract City* When neurosurgeon Jake Baker operates, he knows he's handling more than a patient's delicate brain tissue--he's altering their seat of consciousness, their golden vault of memory. And memory, Jake knows well, can be a tricky thing. When growing up in 1980s Niagara Falls, a.k.a. *Cataract City*--a seedy but magical, slightly haunted place--one of Jake's closest confidantes was his uncle Calvin, a sweet but eccentric misfit enamored of occult artefacts and outlandish conspiracy theories. The summer Jake turned twelve, Calvin invited him to join the Saturday Night Ghost Club--a seemingly light-hearted project to investigate some of *Cataract City*'s more macabre urban myths. Over the course of that life-altering summer, Jake not only fell in love and began to imagine his future, he slowly, painfully came to realize that his uncle's preoccupation with chilling legends sprang from something buried so deep in his past that Calvin himself was unaware of it. By turns heartwarming and devastating, written with the skill and cinematic immediacy that has made Craig Davidson a star, *The Saturday Night Ghost Club* is a bravura performance from one of our most remarkable literary talents: a note-perfect novel that poignantly examines the fragility and resilience of mind, body and human spirit, as well as the haunting mutability of memory and story.

stranger danger netflix 2023: The Routledge Companion to History and the Moving Image Marnie Hughes-Warrington, Kim Nelson, Mia E.M. Treacey, 2023-11-07
The Routledge Companion to History and the Moving Image takes an interdisciplinary approach to understanding history in moving images. It engages this popular and dynamic field that has evolved rapidly from film and television to digital streaming into the age of user-created content. The volume addresses moving image history through a theoretical lens; modes and genres; representation, race, and identity; and evolving forms and formats. It brings together a range of scholars from across the globe who specialize in film and media studies, cultural studies, history, philosophy of history, and education. Together, the chapters provide a necessary contemporary analysis that covers new developments and questions that arise from the shift to digital screen culture. The book examines technological and ethical concerns stemming from today's media landscape, but it also considers the artificial construction of the boundaries between professional expertise and amateur production. Each contributor's unique approach highlights the necessity of engaging with moving images for the academic discipline of history. The collection, written for a global audience, offers accessible discussions of historiography and a compelling resource for advanced undergraduates and postgraduates in history, film and media studies, and communications. Both Chapter 17 and the Afterword of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons [Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND)] 4.0 license.

stranger danger netflix 2023: The Inheritance Games Jennifer Lynn Barnes, 2020-09-01
OVER 3 MILLION COPIES SOLD OF THE #1 BESTSELLING SERIES! Don't miss this New York Times bestselling impossible to put down (Buzzfeed) novel with deadly stakes, thrilling twists, and juicy secrets—perfect for fans of *One of Us is Lying* and *Knives Out*. Avery Grambs has a plan for a better future: survive high school, win a scholarship, and get out. But her fortunes change in an instant when billionaire Tobias Hawthorne dies and leaves Avery virtually his entire fortune. The catch? Avery has no idea why—or even who Tobias Hawthorne is. To receive her inheritance, Avery must move into sprawling, secret passage-filled Hawthorne House, where every room bears the old man's touch—and his love of puzzles, riddles, and codes. Unfortunately for Avery, Hawthorne House is also occupied by the family that Tobias Hawthorne just dispossessed. This includes the four Hawthorne grandsons: dangerous, magnetic, brilliant boys who grew up with every expectation that

one day, they would inherit billions. Heir apparent Grayson Hawthorne is convinced that Avery must be a conwoman, and he's determined to take her down. His brother, Jameson, views her as their grandfather's last hurrah: a twisted riddle, a puzzle to be solved. Caught in a world of wealth and privilege with danger around every turn, Avery will have to play the game herself just to survive.

****The games continue in The Hawthorne Legacy, The Final Gambit, and The Brothers Hawthorne!**

stranger danger netflix 2023: Would Like to Meet Rachel Winters, 2019-12-03 Can you fall in love like they do in the movies? It's Evie Summers's job to find out. Because if she can't convince her film agency's biggest client, Ezra Chester, to write the romantic-comedy screenplay he owes producers, her career will be over. The catch? He thinks rom-coms are unrealistic--and he'll only put pen to paper if Evie shows him that it's possible to meet a man in real life the way it happens on the big screen. Cynical Evie might not believe in happily ever after, but she'll do what it takes to save the job that's been her lifeline . . . even if it means reenacting iconic rom-com scenes in public. Spilling orange juice on a cute stranger? No problem. Leaving her number in books all over London to see who calls? Done. With a little help from her well-meaning friends--and Ben and Anette, the adorable father-daughter duo who keep witnessing her humiliations--Evie is determined to prove she can meet a man the way Sally met Harry. But can a workaholic who's given up on love find a meet-cute of her very own?

stranger danger netflix 2023: The Eternal Future of the 1950s Dennis R. Cutchins, Dennis R. Perry, 2023-07-07 Science fiction cinema, once relegated to the undervalued B movie slot, has become one of the dominant film genres of the 21st century, with Hollywood alone producing more than 400 science fiction films annually. Many of these owe a great deal of their success to the films of one defining decade: the 1950s. Essays in this book explore how classic '50s science fiction films have been recycled, repurposed, and reused in the decades since their release. Tropes from Don Siegel's *Invasion of the Body Snatchers* (1956), for instance, have found surprising new life in Netflix's wildly popular *Stranger Things*. *Interstellar* (2014) and *Arrival* (2016) have clear, though indirect roots in the iconic 1950s science fiction films *Rocketship X-M* (1950) and *The Day the Earth Stood Still* (1951), and *The Shape of Water* (2017) openly recalls and reworks the major premises of *The Creature From the Black Lagoon* (1954). Essays also cover 1950's sci-fi influences on video game franchises like *Fallout*, *Bioshock* and *Wolfenstein*.

stranger danger netflix 2023: Making a Home Jen Powley, 2023-05-04T00:00:00Z In some Canadian provinces, people with severe physical disabilities are simply warehoused in nursing homes, where many people, especially in the age of homecare, are in the final stages of their lives. It is difficult for a young person to live in a home geared for death; their physical assistance needs are met, but their social, psychological and emotional needs are not. Jen Powley argues that everyone deserves to live with the dignity of risk. In *Making a Home*, Powley tells the story of how she got young disabled people like herself out of nursing homes by developing a shared attendant services system for adults with severe physical disabilities. This book makes a case for living in the community and against dehumanizing institutionalization.

stranger danger netflix 2023: American Horror Story and Cult Television Richard Hand, Mark O'Thomas, 2023-11-14 Over ten seasons since 2011, the television series *American Horror Story* (AHS), created by Ryan Murphy and Brad Falchuk, has continued to push the boundaries of the televisual form in new and exciting ways. Emerging in a context which has seen a boom in popularity for horror series on television, AHS has distinguished itself from its 'rivals' such as *The Walking Dead*, *Bates Motel* or *Penny Dreadful* through its diverse strategies and storylines which have seen it explore archetypal narratives of horror culture as well as engaging with real historical events. Utilising a repertory company model for its casting, the show has challenged issues around contemporary politics, heteronormativity, violence on the screen, and disability to name but a few. This new collection of essays approaches the AHS anthology series through a variety of critical perspectives within the broader field of television studies and its transections with other disciplines.
