

Tucker Carlson Pence

Tucker Carlson and Mike Pence: A Complex Relationship Unpacked

Introduction:

The relationship between Tucker Carlson, the prominent Fox News host, and Mike Pence, former Vice President of the United States, is a fascinating case study in the shifting sands of American conservative politics. While both men identify as conservatives, their paths have diverged significantly, leading to public disagreements and contrasting approaches to key political issues. This in-depth analysis will delve into the nuances of their relationship, examining their shared history, points of contention, and the implications of their differing stances on crucial matters facing the nation. We'll explore the underlying ideologies, the impact of their public pronouncements, and the broader implications for the future of the Republican Party. Prepare for a comprehensive look at the dynamic between two influential figures in modern American politics.

Chapter 1: A Shared Conservative Foundation – Early Alignment and Collaborative Efforts

Both Carlson and Pence rose to prominence within the Republican Party, sharing a foundation in traditional conservative principles. Initially, their paths appeared aligned. Pence, with his strong social conservative views and emphasis on religious freedom, found common ground with Carlson, who often championed similar causes on his show. Early in Pence's vice presidency, their public interactions often projected a sense of unity, particularly on issues related to religious liberty and a more traditional foreign policy approach. This initial phase of apparent harmony, however, masked underlying tensions that would later come to the surface. We'll analyze specific instances of their collaboration and shared public appearances to highlight the early stages of their seemingly symbiotic relationship.

Chapter 2: Points of Divergence – The 2020 Election and its Aftermath

The 2020 presidential election and its aftermath proved to be a significant turning point, exposing the fractures in their relationship. Pence's unwavering adherence to his constitutional duty as presiding officer of the Senate during the electoral vote count directly contradicted the pressure campaign orchestrated by elements within the Republican Party, including those who frequently appeared on Carlson's program. This stark difference in approach created a deep rift. Carlson's post-election commentary, which often fueled conspiracy theories and questioned the legitimacy of the election results, stood in stark contrast to Pence's measured and legally grounded stance. This chapter will meticulously examine the events leading up to and following the election, highlighting the contrasting perspectives and their ramifications.

Chapter 3: The Evolution of Public Discourse – Contrasting Rhetorical Styles and Political Strategies

Carlson's often provocative and confrontational style of broadcasting differs drastically from Pence's more reserved and measured approach. While Carlson thrives on generating controversy and appealing to a specific segment of the Republican base, Pence has historically prioritized a more conciliatory tone, aiming for broader appeal within the party. This chapter will compare and contrast

their communication styles, analyzing the effectiveness of each approach in shaping public opinion and influencing political outcomes. We will explore how their different methods have contributed to their diverging political trajectories.

Chapter 4: Policy Differences – Beyond the Election – Differing Views on Key Issues

Beyond the 2020 election, subtle but significant policy disagreements have emerged between Carlson and Pence. While both generally align on fiscal conservatism, their approaches to foreign policy and social issues have shown subtle but crucial differences. This chapter will delve into these specific policy areas, comparing their stated positions and highlighting the ideological nuances that contribute to their diverging perspectives. We will examine specific instances where their differing viewpoints on critical issues have been publicly aired.

Chapter 5: The Broader Implications – The Future of the Republican Party

The diverging paths of Tucker Carlson and Mike Pence reflect a broader struggle within the Republican Party, a battle between traditional conservatism and a more populist, often nationalist, wing. This chapter will analyze the implications of their fractured relationship for the future of the party, exploring how their contrasting approaches might influence the party's direction and appeal in upcoming elections. We will assess the potential impact of their differing ideologies on the future of American politics.

Article Outline:

Introduction: Hooking the reader and providing an overview.

Chapter 1: Shared Conservative Foundation – Early Alignment and Collaborative Efforts.

Chapter 2: Points of Divergence – The 2020 Election and its Aftermath.

Chapter 3: The Evolution of Public Discourse – Contrasting Rhetorical Styles and Political Strategies.

Chapter 4: Policy Differences – Beyond the Election – Differing Views on Key Issues.

Chapter 5: The Broader Implications – The Future of the Republican Party.

Conclusion: Summarizing key findings and offering concluding thoughts.

(The content for each chapter is detailed above in the main article.)

Conclusion:

The relationship between Tucker Carlson and Mike Pence offers a compelling window into the evolving dynamics of the American political landscape. Their contrasting approaches, while rooted in a shared conservative foundation, highlight the internal tensions and ideological shifts within the Republican Party. Understanding this complex interplay is crucial for comprehending the trajectory of American politics in the coming years.

FAQs:

1. What is the current state of the relationship between Tucker Carlson and Mike Pence? Their relationship appears strained, with little evidence of public reconciliation following the 2020 election disagreements.

2. Did Mike Pence ever publicly criticize Tucker Carlson? While not directly criticizing Carlson by name, Pence's actions and statements during and after the 2020 election implicitly contradicted many of the narratives pushed on Carlson's show.
3. How have their differing views impacted the Republican Party? Their contrasting approaches have highlighted the internal divisions within the Republican Party, creating a tension between traditional conservatism and a more populist, nationalist wing.
4. What are the key policy differences between Carlson and Pence? While both are generally fiscally conservative, differences exist in their approaches to foreign policy and the emphasis placed on certain social issues.
5. How do their communication styles differ? Carlson employs a provocative and confrontational style, while Pence favors a more reserved and measured approach.
6. What role did the 2020 election play in their fractured relationship? The 2020 election served as a major catalyst, exposing deep disagreements over election integrity and Pence's role in certifying the results.
7. Who holds more sway within the Republican Party currently? While both hold influence, Carlson's reach through his television show gives him a wider audience and potentially more influence on a segment of the Republican base.
8. Could their relationship ever be repaired? The likelihood of a significant repair seems low given the public nature of their disagreements and the ongoing political divisions.
9. How might their differing viewpoints shape future elections? Their contrasting approaches could influence the strategies and messaging employed by different factions within the Republican Party in future campaigns.

tucker carlson pence: *Never Enough* Michael D'Antonio, 2015-09-22 In the summer of 2015, as he vaulted to the lead among the many GOP candidates for president, Donald Trump was the only one dogged by questions about his true intentions. This most famous American businessman had played the role of provocateur so often that pundits, reporters, and voters struggled to believe that he was a serious contender. Trump stirred so much controversy that his candidacy puzzled anyone who applied ordinary political logic to the race. But as Michael D'Antonio shows in *Never Enough*, Trump has rarely been ordinary in his pursuit of success and his trademark method is based on a logic that begins with his firm belief that he is a singular and superior human being. As revealed in this landmark biography, Donald Trump is a man whose appetite for wealth, attention, power, and conquest is practically insatiable. Declaring that he is still the person he was as a rascally little boy, Trump confesses that he avoids reflecting on himself because I might not like what I see and he believes most people aren't worthy of respect. A product of the media age and the Me Generation that emerged in the 1970s, Trump was a Broadway showman before he became a developer. Mentored by the scoundrel attorney Roy Cohn, Trump was a regular on the New York club scene and won press attention as a dashing young mogul before he had built his first major project. He leveraged his father's enormous fortune and political connections to get his business off the ground, and soon developed a larger-than-life persona. In time, and through many setbacks, he made himself into a living symbol of extravagance and achievement. Drawing upon extensive and exclusive interviews with Trump and many of his family members, including all his adult children, D'Antonio presents the full story of a truly American icon, from his beginnings as a businessman to his stormy romantic life and his pursuit of power in its many forms. For all those who wonder: Just who is Donald Trump?, *Never Enough* supplies the answer. He is a promoter, builder, performer and politician who pursues success with a drive that borders on obsession and yet, has given him, almost everything he ever wanted.

tucker carlson pence: The Shadow President Michael D'Antonio, Peter Eisner, 2018-08-28 It presents an entirely damning portrait of Pence. You've seen his colors before, but not so vividly and in this detail. —Frank Bruni, *The New York Times* Producing a biography of a living, controversial politician is always difficult. D'Antonio and Eisner have succeeded in this well-documented, damning book. Cue the outrage from Sean Hannity et al.—*Kirkus Reviews* (starred review) In this well-rounded, deeply-investigated biography, the first full look at the vice president, two award-winning journalists unmask the real Mike Pence. Little-known outside his home state until Donald Trump made him his running mate, Mike Pence—who proclaims himself a Christian first, a conservative second, and a Republican third—has long worn a carefully-constructed mask of Midwestern nice. Behind his self-proclaimed humility and self-abasing deference, however, hides a man whose own presidential ambitions have blazed since high school. Pence's drive for power, perhaps inspired by his belief that God might have big plans for him, explains why he shocked his allies by lending Christian credibility to a scandal-plagued candidate like Trump. In this landmark biography, Pulitzer Prize-winner Michael D'Antonio and Emmy-nominated journalist Peter Eisner follow the path Pence followed from Catholic Democrat to conservative evangelical Republican. They reveal how he used his time as rightwing radio star to build connections with powerful donors; how he was a lackluster lawmaker in Congress but a prodigious fundraiser from the GOP's billionaire benefactors; and how, once he locked in his views on the issues—anti-gay, pro-gun, anti-abortion, pro big-business—he became laser-focused on his own pursuit of power. As *THE SHADOW PRESIDENT* reveals, Mike Pence is the most important and powerful Christian Right politician America has ever seen. Driven as much by theology as personal ambition, Pence is now positioned to seize the big prize—the presidency—and use it to fashion a nation more pleasing to his god and corporate sponsors.

tucker carlson pence: Peril Bob Woodward, Robert Costa, 2023-01-03 The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as #1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic

political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with eyewitness accounts of what really happened. Intimate scenes are supplemented with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making *Peril* an unparalleled history. It is also the first inside look at Biden's presidency as he began his presidency facing the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president.

tucker carlson pence: Where You Go Charlotte Pence, 2018-10-16 A stirring portrait of Vice President Mike Pence from his own daughter: the story of a Christian husband and father who answers the call to serve America with his family by his side. When Mike Pence set out on the vice presidential campaign trail, his daughter Charlotte knew the next 100 days would be exciting and challenging. But she also knew that her father -- a dedicated public servant -- would succeed because he'd cling to his faith, his love for America, and his family every step of the way. New York Times bestselling author Charlotte Pence pays tribute to her father, revealing the lessons he has taught her from his rich spiritual life. Through favorite memories from childhood and vivid moments captured on the campaign trail, like the times she helped her dad prepare for debates, Charlotte offers a compelling story of love, hope, and how to overcome adversity. Featuring a foreword from Vice President Mike Pence and a sixteen-page color photo spread, *Where You Go* is an uplifting celebration of family that will inspire audiences of all ages and backgrounds. Chapters include: Trust the Grand Plan Speak Your Dreams Determine Your Heroes, and Find Strength in Your Differences.

tucker carlson pence: The Dangerous Case of Donald Trump Bandy X. Lee, 2019-03-19 As this bestseller predicted, Trump has only grown more erratic and dangerous as the pressures on him mount. This new edition includes new essays bringing the book up to date—because this is still not normal. Originally released in fall 2017, *The Dangerous Case of Donald Trump* was a runaway bestseller. Alarmed Americans and international onlookers wanted to know: What is wrong with him? That question still plagues us. The Trump administration has proven as chaotic and destructive as its opponents feared, and the man at the center of it all remains a cipher. Constrained by the APA's "Goldwater rule," which inhibits mental health professionals from diagnosing public figures they have not personally examined, many of those qualified to weigh in on the issue have shied away from discussing it at all. The public has thus been left to wonder whether he is mad, bad, or both. The prestigious mental health experts who have contributed to the revised and updated version of *The Dangerous Case of Donald Trump* argue that their moral and civic duty to warn supersedes professional neutrality. Whatever affects him, affects the nation: From the trauma people have experienced under the Trump administration to the cult-like characteristics of his followers, he has created unprecedented mental health consequences across our nation and beyond. With eight new essays (about one hundred pages of new material), this edition will cover the dangerous ramifications of Trump's unnatural state. It's not all in our heads. It's in his.

tucker carlson pence: American Carnage Tim Alberta, 2019-07-16 New York Times Bestseller "Not a conventional Trump-era book. It is less about the daily mayhem in the White House than about the unprecedented capitulation of a political party. This book will endure for helping us understand not what is happening but why it happened.... [An] indispensable work."—Washington Post Politico Magazine's chief political correspondent provides a rollicking insider's look at the making of the modern Republican Party—how a decade of cultural upheaval, populist outrage, and ideological warfare made the GOP vulnerable to a hostile takeover from the unlikely of insurgents: Donald J. Trump. As George W. Bush left office with record-low approval ratings and Barack Obama led a Democratic takeover of Washington, Republicans faced a moment of reckoning: they had no vision, no generation of new leaders, and no energy in the party's base. Yet Obama's progressive

agenda, coupled with the nation's rapidly changing cultural identity, lit a fire under the right. Republicans regained power in Congress but spent that time fighting among themselves. With these struggles weakening the party's defenses, and with more and more Americans losing faith in the political class, the stage was set for an outsider to crash the party. When Trump descended a gilded escalator to launch his campaign in the summer of 2015, the candidate had met the moment. Only by viewing Trump as the culmination of a decade-long civil war inside the GOP can we appreciate how he won the White House and consider the fundamental questions at the center of America's current turmoil. Loaded with explosive original reporting and based on hundreds of exclusive interviews—including with key players such as President Trump, Paul Ryan, Ted Cruz, John Boehner, and Mitch McConnell—*American Carnage* takes us behind the scenes of this tumultuous period and establishes Tim Alberta as the premier chronicler of a political era.

tucker carlson pence: Betrayal Jonathan Karl, 2021-11-16 ***THE INSTANT New York Times, Wall Street Journal, USA Today, and IndieBound BESTSELLER*** An NPR Book of the Day Picking up where the New York Times bestselling *Front Row at the Trump Show* left off, this is the explosive look at the aftermath of the election—and the events that followed Donald Trump's leaving the White House all the way to January 6—from ABC News' chief Washington correspondent. Nobody is in a better position to tell the story of the shocking final chapter of the Trump show than Jonathan Karl. As the reporter who has known Donald Trump longer than any other White House correspondent, Karl told the story of Trump's rise in the New York Times bestseller *Front Row at the Trump Show*. Now he tells the story of Trump's downfall, complete with riveting behind-the-scenes accounts of some of the darkest days in the history of the American presidency and packed with original reporting and on-the-record interviews with central figures in this drama who are telling their stories for the first time. This is a definitive account of what was really going on during the final weeks and months of the Trump presidency and what it means for the future of the Republican Party, by a reporter who was there for it all. He has been taunted, praised, and vilified by Donald Trump, and now Jonathan Karl finds himself in a singular position to deliver the truth.

tucker carlson pence: Rising Fascism in America Anthony R. DiMaggio, 2021-12-30 *Rising Fascism in America: It Can Happen Here* explores how rising fascism has infiltrated U.S. politics—and how the media and academia failed to spot its earlier rise. Anthony R. DiMaggio spotlights the development of rightwing polarization of the media, Trump's political ascendance, and the prominence of extremist activists, including in Congress. Fascism has long bubbled under the surface until the coup attempt of January 6th, 2021. This book offers tactics to combat fascism, exploring social movements such as Antifa and Black Lives Matter in mobilizing the public. When so little scholarship engages the question of fascism, Anthony R. DiMaggio combines the rigor of academic analysis with an accessible style that appeals to student and general readers.

tucker carlson pence: Frankly, We Did Win This Election Michael C. Bender, 2021-07-13 THE INSTANT NEW YORK TIMES BESTSELLER! Michael C. Bender, senior White House reporter for the Wall Street Journal, presents a deeply reported account of the 2020 presidential campaign that details how Donald J. Trump became the first incumbent in three decades to lose reelection—and the only one whose defeat culminated in a violent insurrection. Beginning with President Trump's first impeachment and ending with his second, *FRANKLY, WE DID WIN THIS ELECTION* chronicles the inside-the-room deliberations between Trump and his campaign team as they opened 2020 with a sleek political operation built to harness a surge of momentum from a bullish economy, a unified Republican Party, and a string of domestic and foreign policy successes—only to watch everything unravel when fortunes suddenly turned. With first-rate sourcing cultivated from five years of covering Trump in the White House and both of his campaigns, Bender brings readers inside the Oval Office, aboard Air Force One, and into the front row of the movement's signature mega-rallies for the story of an epic election-year convergence of COVID, economic collapse, and civil rights upheaval—and an unorthodox president's attempt to battle it all. Fresh interviews with Trump, key campaign advisers, and senior administration officials are paired with an exclusive collection of internal campaign memos, emails, and text messages for scores of

never-before-reported details about the campaign. **FRANKLY, WE DID WIN THIS ELECTION** is the inside story of how Trump lost, and the definitive account of his final year in office that draws a straight line from the president's repeated insistence that he would never lose to the deadly storming of the U.S. Capitol that imperiled one of his most loyal lieutenants—his own vice president.

tucker carlson pence: *The Corrosion of Conservatism: Why I Left the Right* Max Boot, 2018-10-09 A "must read" (Joe Scarborough) by a New York Times- best- selling author, *The Corrosion of Conservatism* presents a necessary defense of American democracy. Praised on publication as "one of the most impressive and unflinching diagnoses of the pathologies in Republican politics that led to Trump's rise" (Jonathan Chait, New York), *The Corrosion of Conservatism* documents a president who has traduced every norm and the rise of a nascent centrist movement to counter his assault on democracy. In this "admirably succinct and trenchant" (Charles Reichman, San Francisco Chronicle) exhumation of conservatism, Max Boot tells the story of an ideological dislocation so shattering that it caused his courageous transformation from Republican foreign policy advisor to celebrated anti- Trump columnist. From recording his political coming- of- age as a young émigré from the Soviet Union to describing the vitriol he endured from his erstwhile conservative colleagues, Boot mixes "lively memoir with sharp analysis" (William Kristol) from its Reagan-era apogee to its corrosion under Donald Trump.

tucker carlson pence: *Donald Drains the Swamp* Eric Metaxas, 2018-10-16 The cavemen need help. Their King has forgotten all about them, thanks to the swamp creatures who surround the castle. "They're slippery!" "76' m ujmmmmmtk, "—and scaly!" "and SLIMY! Donald is just a caveman. But when the people ask for his help, he realizes there's only one way to save the kingdom: DRAIN... THE... SWAMP! Written by #1 national bestselling author and humorist Eric Metaxas and illustrated by award-winning artist Tim Raglin, *Donald Drains the Swamp* is a whimsical parable for the current political moment.

tucker carlson pence: *First in Line* Kate Andersen Brower, 2018-06-05 "An intimate, compulsively readable account of the dynamics that have shaped—and sometimes destroyed—relations at the top of the American political hierarchy.... [and] a valuable addition to the literature of the modern presidency." — Wall Street Journal From the author of the New York Times bestsellers *First Women* and *The Residence*, an intimate, news-making look at the men who are next in line to the most powerful office in the world—the vice presidents of the modern era—from Richard Nixon to Joe Biden to Mike Pence. Vice presidents occupy a unique and important position, living partway in the spotlight and part in the wings. Of the forty-eight vice presidents who have served the United States, fourteen have become president; eight of these have risen to the Oval Office because of a president's death or assassination, and one became president after his boss's resignation. John Nance Garner, FDR's first vice president, famously said the vice presidency is not worth a bucket of warm piss (later cleaned up to warm spit). But things have changed dramatically in recent years. In interviews with more than two hundred people, including former vice presidents, their family members, and insiders and confidants of every president since Jimmy Carter, Kate Andersen Brower pulls back the curtain and reveals the sometimes cold, sometimes close, and always complicated relationship between our modern presidents and their vice presidents. Brower took us inside the lives of the White House staff and gave us an intimate look at the modern First Ladies; now, in her signature style, she introduces us to the second most powerful men in the world, exploring the lives and roles of thirteen modern vice presidents—eight Republicans and five Democrats. And she shares surprising revelations about the relationship between former Vice President Joe Biden and former President Barack Obama and how Vice President Mike Pence and President Donald Trump interact behind closed doors. From rivals to coworkers, there is a very tangible sense of admiration mixed with jealousy and resentment in nearly all these relationships between the number two and his boss, even the best ones, Brower reveals. Vice presidents owe their position to the president, a connection that affects not only how they are perceived but also their possible future as a presidential candidate—which is tied, for better or worse, to the president they serve. George H. W. Bush and Ronald Reagan had a famously prickly relationship during the 1980

primary, yet Bush would not have been elected president in 1988 without Reagan's high approval rating. Al Gore's 2000 loss, meanwhile, could be attributed to the Monica Lewinsky sex scandal and Bill Clinton's impeachment. Current Vice President Mike Pence is walking a high-stakes political tightrope as he tries to reassure anxious Republicans while staying on his boss's good side. This rich dynamic between the president and the vice president has never been fully explored or understood. Compelling and deeply reported, grounded in history and politics, and full of previously untold and incredibly personal stories, *First In Line* pierces the veil of secrecy enveloping this historic political office to offer us a candid portrait of what it's truly like to be a heartbeat away.

tucker carlson pence: *Let them Eat Tweets: How the Right Rules in an Age of Extreme Inequality* Jacob S. Hacker, Paul Pierson, 2020-07-07 A New York Times Editors' Choice An "essential" (Jane Mayer) account of the dangerous marriage of plutocratic economic priorities and right-wing populist appeals — and how it threatens the pillars of American democracy. In *Let Them Eat Tweets*, best-selling political scientists Jacob S. Hacker and Paul Pierson argue that despite the rhetoric of Donald Trump, Josh Hawley, and other right-wing "populists," the Republican Party came to serve its plutocratic masters to a degree without precedent in modern global history. To maintain power while serving the 0.1 percent, the GOP has relied on increasingly incendiary racial and cultural appeals to its almost entirely white base. Calling this dangerous hybrid "plutocratic populism," Hacker and Pierson show how, over the last forty years, reactionary plutocrats and right-wing populists have become the two faces of a party that now actively undermines democracy to achieve its goals against the will of the majority of Americans. Based on decades of research and featuring a new epilogue about the intensification of GOP radicalism after the 2020 election, *Let Them Eat Tweets* authoritatively explains the doom loop of tax cutting and fearmongering that defines the Republican Party—and reveals how the rest of us can fight back.

tucker carlson pence: *It Can't Happen Here* Sinclair Lewis, 2017-01-20 'An eerily prescient foreshadowing of current affairs' Guardian 'Not only Lewis's most important book but one of the most important books ever produced in the United States' New Yorker A vain, outlandish, anti-immigrant, fearmongering demagogue runs for President of the United States - and wins. Sinclair Lewis's chilling 1935 bestseller is the story of Buzz Windrip, 'Professional Common Man', who promises poor, angry voters that he will make America proud and prosperous once more, but takes the country down a far darker path. As the new regime slides into authoritarianism, newspaper editor Doremus Jessup can't believe it will last - but is he right? This cautionary tale of liberal complacency in the face of populist tyranny shows it really can happen here.

tucker carlson pence: *The Steal* Mark Bowden, Matthew Teague, 2022-01-04 "A gripping ground-level narrative...a marvel of reporting: tightly wound... but also panoramic."—Washington Post "A lean, fast-paced and important account of the chaotic final weeks."—New York Times In *The Steal*, veteran journalists Mark Bowden and Matthew Teague offer a week-by-week, state-by-state account of the effort to overturn the 2020 presidential election. In the sixty-four days between November 3 and January 6, President Donald Trump and his allies fought to reverse the outcome of the vote. Focusing on six states—Arizona, Georgia, Michigan, Nevada, Pennsylvania, and Wisconsin—Trump's supporters claimed widespread voter fraud. Caught up in this effort were scores of activists, lawyers, judges, and state and local officials. Working with a team of researchers and reporters, Bowden and Teague uncover never-before-told accounts from the election officials fighting to do their jobs amid outlandish claims and threats to themselves, their colleagues, and their families. *The Steal* is an engaging, in-depth report on what happened during those crucial nine weeks and a portrait of the dedicated individuals who did their duty and stood firm against the unprecedented, sustained attack on our election system and ensured that every legal vote was counted and that the will of the people prevailed.

tucker carlson pence: *Notes From the Brink* Jeff Robbins, An America not merely fractured but altogether splintered by extremism, hyperpartisanship, unprecedented vitriol and widespread disdain for democracy. A world order threatened by autocracies, and a Europe threatened by a tyrant demonstrably ready to conquer territory by force. A Mideast taken hostage by genocidal

terrorist enterprises funded by Iran, long adjudged the world's foremost state sponsor of terror. And that's just for starters. For Americans struggling to keep up with a 24/7 cycle of news—or what purports to be news—it feels as though we are on the brink. And it feels that way because we are. *Notes From the Brink* is a collection of columns written from 2019 through early 2024 by syndicated columnist Jeff Robbins, a nationally recognized First Amendment attorney and a former United States Delegate to the United Nations Human Rights Council. The columns are by turns forceful, exasperated, outraged, incredulous, ironic and passionate. They have in common an appeal to good sense and basic decency in the belief that sense and decency are at least a starting point for pulling us all back from the brink.

tucker carlson pence: *In Trump's Shadow* David M. Drucker, 2021-10-19 Based on extensive reporting, a *Game of Thrones*-like telling of what comes next for the factions and families within the Republican Party as they plot for supremacy in the post-Trump era. With Trump's four years in the White House now in the rearview, an unprecedented period in American political history is concluded. The transition, however, has set off a mad scramble for control of a Republican Party that for so long has reflected the domineering image of one man—and might even still in the years ahead. Who emerges from the warring factions and familial rivalries that proliferated and quietly festered during Trump's presidency could determine the fate of the GOP for a generation, and the first hint of what's to come begins with the 2024 campaign to crown the first Republican nominee, and national party leader, of the post-Trump era. With Trump's exit, a singular era in American political history has ended—and the Republican Party, whose identity had for so long been centered around one man, will be forced to redefine itself for the future. Featuring profiles of everyone from Mike Pence, Mike Pompeo, and Nikki Haley to Marco Rubio, Ted Cruz, and those in the Trump family, *In Trump's Shadow* tells the story of a GOP under—and after—the forty-fifth president, and all of those jousting for influence over the party's direction in the wake of Donald Trump.

tucker carlson pence: *The Left Just Isn't Right* David Limbaugh, 2018-03-13

tucker carlson pence: *White But Not Quite* Kalmar, Ivan, 2022-04-20 Since the 'migration crisis' of 2016, long-simmering tensions between the Western members of the European Union and its 'new' Eastern members – Poland, the Czech Republic, Slovakia, and Hungary – have proven to be fertile ground for rebellion against liberal values and policies. In this startling and original book Ivan Kalmar argues that Central European illiberalism is a misguided response to the devastating effects of global neoliberalism, which arose from the area's brutal transition to capitalism in the 1990s. Kalmar argues that dismissive attitudes towards 'Eastern Europeans' are a form of racism and explores the close relation between racism towards Central Europeans and racism by Central Europeans: a people white but not quite.

tucker carlson pence: *The Case Against Impeaching Trump* Alan Dershowitz, 2018-07-09 A brilliant lawyer...A new and very important book. I would encourage all people...to read!—President Donald J. Trump “Absolutely amazing.... If you care about justice...read this book.”—Sean Hannity “Maybe the question isn't what happened to Alan Dershowitz. Maybe it's what happened to everyone else.”—Politico Alan Dershowitz has been called “one of the most prominent and consistent defenders of civil liberties in America” by Politico and “the nation's most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights” by Newsweek. Yet he has come under partisan fire for applying those same principles to Donald Trump during the course of his many appearances in national media outlets as an expert resource on civil liberties and constitutional law. *The Case Against Removing Trump* seeks to reorient the debate over impeachment to the same standard that Dershowitz has continued to uphold for decades: the law of the United States of America, as established by the Constitution. In the author's own words: “In the fervor to impeach President Trump, his political enemies have ignored the text of the Constitution. As a civil libertarian who voted against Trump, I remind those who would impeach him not to run roughshod over a document that has protected us all for two and a quarter centuries. In this case against impeachment, I make arguments similar to those I made against the impeachment of President Bill Clinton (and that I would be making had Hillary Clinton been elected and Republicans

were seeking to impeach her). Impeachment and removal of a president are not entirely political decisions by Congress. Every member takes an oath to uphold the Constitution of the United States, and the Constitution sets out specific substantive criteria that MUST be met. I am thrilled to contribute to this important debate and especially that my book will be so quickly available to readers so they can make up their own minds.”

tucker carlson pence: In Other Words, Leadership Shannon A. Mullen, 2023-06-20 “A remarkable story of work, worry, art, faith, community, life, and hope. An instant classic.” — Heather Cox Richardson A heartfelt and moving story . . . Just as important, it’s also a well-timed lesson in civics. — Richard Russo, author of *Empire Falls* Two unforgettable women from opposite poles of power in Maine forge an uplifting bond through good, old-fashioned letter writing that helps them navigate the COVID crisis Both women bring civility, grace, wit, and wisdom to the challenge of protecting those who depend on them — in other words, leadership This trip to the “Vacationland” of Maine — where the state motto is I Lead — offers an inspiring tale of civility and purpose, of doing the right thing and not just surviving, but prevailing. The first woman to serve as governor of Maine, Janet Mills, had been in office a year when COVID-19 reached the United States. The recently-widowed 72-year-old wrote in her journal there is “no playbook for a pandemic” as she imposed unprecedented restrictions on her state. When early support for the governor’s response curdled to rampant opposition, a young mother named Ashirah Knapp sent a letter of support from a remote homestead in the woods of Maine. Ashirah’s handwritten dispatch detailed how the public health emergency was upending her family’s life and livelihood, and she promised to keep writing “every week until we are through this time” to remind the governor how many Mainers supported her despite the disruption. Ashirah’s letters, with their simple wisdom and striking penmanship, stood out in a flood of correspondence Governor Mills was receiving that ranged in tone from appreciative to furious. They helped keep her grounded as she made wrenching, often unpopular choices. Shannon A. Mullen weaves from these two women’s letters and the governor’s journal, which were never intended for publication, an intimate and compelling true story that is a celebration of civility and compassion in the face of rancor and of resolve in the face of adversity.

tucker carlson pence: The Tyranny of Big Tech Josh Hawley, 2021-05-04 The reign of Big Tech is here, and Americans’ First Amendment rights hang by a keystroke. Amassing unimaginable amounts of personal data, giants like Google, Facebook, Amazon, and Apple—once symbols of American ingenuity and freedom—have become a techno-oligarchy with overwhelming economic and political power. Decades of unchecked data collection have given Big Tech more targeted control over Americans’ daily lives than any company or government in the world. In *The Tyranny of Big Tech*, Senator Josh Hawley of Missouri argues that these mega-corporations—controlled by the robber barons of the modern era—are the gravest threat to American liberty in decades. To reverse course, Hawley argues, we must correct progressives’ mistakes of the past. That means recovering the link between liberty and democratic participation, building an economy that makes the working class strong, independent, and beholden to no one, and curbing the influence of corporate and political elites. Big Tech and its allies do not deal gently with those who cross them, and Senator Hawley proudly bears his own battle scars. But hubris is dangerous. The time is ripe to overcome the tyranny of Big Tech by reshaping the business and legal landscape of the digital world.

tucker carlson pence: American Kompromat Craig Unger, 2021-01-26 ****THE INSTANT NEW YORK TIMES BESTSELLER**** *Kompromat* n.—Russian for compromising information This is a story about the dirty secrets of the most powerful people in the world—including Donald Trump. It is based on exclusive interviews with dozens of high-level sources—intelligence officers in the CIA, FBI, and the KGB, thousands of pages of FBI investigations, police investigations, and news articles in English, Russian, and Ukrainian. *American Kompromat* shows that from Trump to Jeffrey Epstein, *kompromat* was used in operations far more sinister than the public could ever imagine. Among them, the book addresses what may be the single most important unanswered question of the entire Trump era: Is Donald Trump a Russian asset? The answer, *American Kompromat* says, is yes, and it supports that conclusion backs with the first richly detailed narrative on how the KGB allegedly first

“spotted” Trump as a potential asset, how they cultivated him as an asset, arranged his first trip to Moscow, and pumped him full of KGB talking points that were published in three of America’s most prestigious newspapers. Among its many revelations, American Kompromat reports for the first time that: • According to Yuri Shvets, a former major in the KGB, Trump first did business over forty years ago with a Manhattan electronics store co-owned by a Soviet émigré who Shvets believes was working with the KGB. Trump’s decision to do business there triggered protocols through which the Soviet spy agency began efforts to cultivate Trump as an asset, thus launching a decades-long “relationship” of mutual benefit to Russia and Trump, from real estate to real power. • Trump’s invitation to Moscow in 1987 was billed as a preliminary scouting trip for a hotel, but according to Shvets, was actually initiated by a high-level KGB official, General Ivan Gromakov. These sorts of trips were usually arranged for ‘deep development,’ recruitment, or for a meeting with the KGB handlers, even if the potential asset was unaware of it. • Before Trump’s first trip to Moscow, he met with Natalia Dubinina, who worked at the United Nations library in a vital position usually reserved as a cover for KGB operatives. And many more...

tucker carlson pence: Here's the Deal Kellyanne Conway, 2024-10-29 INSTANT #1 NEW YORK TIMES BESTSELLER “Part personal chronicle and part political journey...a candid assessment of some of her colleagues in the White House and the media.” —The Washington Post Among the Trump era’s savviest insiders, one name stands especially tall: Kellyanne. As a highly respected pollster for corporate and Republican clients and a frequent television talk show guest, Kellyanne Conway had already established herself as one of the brightest lights on the national political scene when Donald Trump asked her to run his presidential campaign. She agreed, delivering him to the White House, becoming the first woman in American history to manage a winning presidential campaign, and changing the American landscape forever. Who she is, how she did it, and who tried to stop her is a fascinating story of personal triumph and political intrigue that has never been told...until now. In *Here’s The Deal*, Kellyanne takes you on a journey all the way to the White House and beyond with her trademark sharp wit, raw honesty, and level eye. It’s all here: what it’s like to be dissected on national television. How to outsmart the media mob. How to outclass the crazy critics. How to survive and succeed male-dominated industries. What happens when the perils of social media really hit home. And what happens when the divisions across the country start playing out in one’s own family. In this open and vulnerable account, Kellyanne turns the camera on herself. What she has to share—about our politics, about the media, about her time in the White House, and about her personal journey—is an astonishing glimpse of visibility and vulnerability, of professional and personal highs and lows, and ultimately, of triumph.

tucker carlson pence: Hoax Brian Stelter, 2020-08-25 The instant New York Times bestseller that reveals the collusion between Fox News and Donald Trump—with explosive new reporting covering the election and the January 6 riot. As the nation recovers from the Trump presidency, many questions remain: Why was the COVID-19 pandemic so grossly mishandled? How did we get so politically polarized? What caused white nationalist groups to come out of the shadows, and are they here to stay? The answers lie in the twisted story of the relationship between Donald Trump and Fox News. Through firsthand accounts from over 250 current and former Fox insiders, CNN anchor and chief media correspondent Brian Stelter unlocks the inner workings of Rupert Murdoch’s multibillion-dollar media empire. The confessions are shocking: “We don’t really believe all this stuff,” a producer says. “We just tell other people to believe it.” Stelter completes the story of the Trump years and looks toward the future of the network that made him. *Hoax* is a book for anyone who reads the news and wonders how we got here, and what happens next.

tucker carlson pence: Strongmen: Mussolini to the Present Ruth Ben-Ghiat, 2020-11-10 What modern authoritarian leaders have in common (and how they can be stopped). Ruth Ben-Ghiat is the expert on the strongman playbook employed by authoritarian demagogues from Mussolini to Putin—enabling her to predict with uncanny accuracy the recent experience in America and Europe. In *Strongmen*, she lays bare the blueprint these leaders have followed over the past 100 years, and empowers us to recognize, resist, and prevent their disastrous rule in the future. For ours is the age

of authoritarian rulers: self-proclaimed saviors of the nation who evade accountability while robbing their people of truth, treasure, and the protections of democracy. They promise law and order, then legitimize lawbreaking by financial, sexual, and other predators. They use masculinity as a symbol of strength and a political weapon. Taking what you want, and getting away with it, becomes proof of male authority. They use propaganda, corruption, and violence to stay in power. Vladimir Putin and Mobutu Sese Seko's kleptocracies, Augusto Pinochet's torture sites, Benito Mussolini and Muammar Gaddafi's systems of sexual exploitation, and Silvio Berlusconi and Donald Trump's relentless misinformation: all show how authoritarian rule, far from ensuring stability, is marked by destructive chaos. No other type of leader is so transparent about prioritizing self-interest over the public good. As one country after another has discovered, the strongman is at his worst when true guidance is most needed by his country. Recounting the acts of solidarity and dignity that have undone strongmen over the past 100 years, Ben-Ghiat makes vividly clear that only by seeing the strongman for what he is—and by valuing one another as he is unable to do—can we stop him, now and in the future.

tucker carlson pence: Has Political Correctness Gone Mad? Tony McKenna, 2024-03-21 Woke social justice warriors lurk around every corner, ready to cancel free speakers and police common sense. Muslims love nothing better than abolishing Christmas. FemiNazi's throw false accusations at the pillars of our society. Decried by right-wing pundits and politicians alike, the idea of 'political correctness' is often painted as a form of left-wing totalitarianism but in this pithy, clear-headed account, Tony McKenna explains how the concept itself is in fact one of the great conspiracy theories of our times. From the fear of 'cancel culture' to the demonization of grassroots social movements, this is a searing dissection of how the exclusionary agendas for so long played out in our media and party politics have been successfully dressed up as campaigns for freedom and common sense. Tackling some of the favourite bogeymen of tabloids and scaremongers, McKenna dissects the language, rhetoric and ideology that turns refugees into insects, social justice into 'wokery', and makes predators out of anyone from dark skinned men to trans women. He provides a full analysis of historically important social liberation movements like BLM and #MeToo, giving the historical and cultural contexts for their emergence. As the tried-and-tested politics of stigmatization and exclusion shift from old targets to new, this an explanation of one of society's most insidious narratives, and how it allows dominant orthodox culture to cast the subjects of its oppressive tactics as the dreaded 'global liberal elite'.

tucker carlson pence: The Long Slide Tucker Carlson, 2021-08-10 From the host of Tucker Carlson Tonight on Fox News and the New York Times best-selling author of *Ship of Fools*, a collection of nostalgic writings that underscore America's long slide from innocence to orthodoxy.

tucker carlson pence: It Was All a Lie Stuart Stevens, 2021-09-14 NEW YORK TIMES BESTSELLER • From the most successful Republican political operative of his generation, a searing, unflinching, and deeply personal exposé of how his party became what it is today “A blistering tell-all history. In his bare-knuckles account, Stevens confesses [that] the entire apparatus of his Republican Party is built on a pack of lies. —The New York Times Stuart Stevens spent decades electing Republicans at every level, from presidents to senators to local officials. He knows the GOP as intimately as anyone in America, and in this new book he offers a devastating portrait of a party that has lost its moral and political compass. This is not a book about how Donald J. Trump hijacked the Republican Party and changed it into something else. Stevens shows how Trump is in fact the natural outcome of five decades of hypocrisy and self-delusion, dating all the way back to the civil rights legislation of the early 1960s. Stevens shows how racism has always lurked in the modern GOP's DNA, from Goldwater's opposition to desegregation to Ronald Reagan's welfare queens and states' rights rhetoric. He gives an insider's account of the rank hypocrisy of the party's claims to embody family values, and shows how the party's vaunted commitment to fiscal responsibility has been a charade since the 1980s. When a party stands for nothing, he argues, it is only natural that it will be taken over by the loudest and angriest voices in the room.

tucker carlson pence: Fake News in America Anthony R. DiMaggio, 2023-07-31 The term 'fake

news' became a buzzword during Donald Trump's presidency, yet it is a term that means very different things to different people. This pioneering book provides a comprehensive examination of what Americans mean when they talk about fake news in contemporary politics, mass media, and societal discourse, and explores the various factors that contribute to this, such as the power of language, political parties, ideology, media, and socialization. By analysing a range of case studies across war, political corruption, climate change, conspiracy theories, electoral politics, and the Covid-19 pandemic, it demonstrates how fake news is a fundamentally contested phenomenon, and how its meaning varies depending on the person using the term, and the political context. It provides readers with tools to identify, talk about, and resist fake news, and emphasizes a need for education reform with an eye toward promoting critical thinking and information literacy.

tucker carlson pence: *The Year That Broke America* Andrew Rice, 2022-02-22 "In his beautifully crafted and rigorously reported volume, Andrew Rice takes readers back to Florida in 2000, laying out a cultural and political history of a moment at which America's political system was turned inside out, its power structures upended. *The Year That Broke America* is vivid and wide-ranging; it also happens to be a page turner."—Rebecca Traister, bestselling author of *Good and Mad* "Engrossing, insightful, tragic and above all, irresistible."— Ronald Brownstein Combining the compelling insight of *Nixonland* and the narrative verve of *Ladies and Gentleman: The Bronx is Burning*, a journalist's definitive cultural and political history of the fatefully important moment when American politics and culture turned: the year 2000. Before there was Coronavirus, before there was the contentious 2020 election or the entire Trump presidency, there was a turning-point year that proved momentous and transformative for American politics and the fate of the nation. That year was 2000, the last year of America's unchallenged geopolitical dominance, the year Mark Burnett created *Survivor* and a new form of celebrity, the year a little Cuban immigrant became the focus of a media circus, the year Donald Trump flirted with running for President (and failed miserably), the year a group of Al Qaeda operatives traveled to America to learn to fly planes. They all converged in Florida, where that fall, the most important presidential election in generations was decided by the slimmest margin imaginable. But the year 2000 was also the moment when the authority of the political system was undermined by technical malfunctions; when the legal system was compromised by the justices of the Supreme Court; when the financial system was devalued by deregulation, speculation, creative securitization, and scam artistry; when the mainstream news media was destabilized by the propaganda power of Fox News and the supercharged speed of the internet; when the power of tastemakers, gatekeepers, and cultural elites was diminished by a dawning recognition of its irrelevance. Expertly synthesizing many hours of interviews, court records, FOIA requests, and original archival research, Andrew Rice marshals an impressive cast of dupes, schmucks, superstars, politicians, and shameless scoundrels in telling the fascinating story of this portentous year that marked a cultural watershed. Back at the start of the new millennium it was easy to laugh and roll our eyes about the crazy events in Florida in the year 2000—but what happened then and there has determined where we are and who we've become.

tucker carlson pence: *American Apocalypse* Rena Steinzor, 2024-07-09 A thorough analysis of the right-wing interests contributing to the downfall of American democracy The war on American democracy is at a fever pitch. Such a corrosive state of affairs did not arise spontaneously up from the people but instead was pushed, top-down, by six private sector special interest groups—big business, the House Freedom Caucus, the Federalist Society, Fox News, white evangelicals, and armed militias. In *American Apocalypse* Rena Steinzor argues that these groups are nothing more than well-financed armies fighting a battle of attrition against the national government, with power, money, and fame as their central motivations. The book begins at the end of Lyndon Johnson's presidency, when the modern regulatory state was born. Agencies like the Environmental Protection Agency and the Food and Drug Administration ensured that everything from our air to our medicine was safe. But efforts to thwart this big government agenda began swiftly, albeit in the shadows. Business leaders built a multi-billion dollar presence in the Capitol, and the rest of the six interest groups soon followed. While the groups do not coordinate their attacks, and sometimes their

short-term goals even conflict, their priorities fall within a surprisingly tight bullseye: the size and power of the administrative state. In the near-term, their campaigns will bring the crucial functions of government to a halt, which will lead to immediate suffering by the working classes, and a rapid deterioration of race relations. Over the long-term, as the prevalence of global pandemics and climate crises increase, an incapacitated national government will usher in unimaginable harm. This book is the first to conceptualize these groups together, as one deconstructive and awe-inspiring force. Steinzor delves into each of their histories, mapping the strategies, tactics, and characteristics that make them so powerful. She offers the most comprehensive story available about the downfall of American democracy, reminding us that only by recognizing what we are up against can we hope to bring about change.

tucker carlson pence: A Plague Upon Our House Scott W. Atlas, 2021-11-23 As seen on Tucker Carlson, The Ingraham Angle, The Megyn Kelly Show, The Clay Travis & Buck Sexton Show, The Next Revolution with Steve Hilton and more! What really happened behind the scenes at the Trump White House during the COVID pandemic? When Dr. Scott W. Atlas was tapped by Donald Trump to join his COVID Task Force, he was immediately thrust into a maelstrom of scientific disputes, policy debates, raging egos, politically motivated lies, and cynical media manipulation. Numerous myths and distortions surround the Trump Administration's handling of the crisis, and many pressing questions remain unanswered. Did the Trump team really bungle the response to the pandemic? Were the right decisions made about travel restrictions, lockdowns, and mask mandates? Are Drs. Anthony Fauci and Deborah Birx competent medical experts or timeserving bureaucrats? Did half a million people really die unnecessarily because of Trump's incompetence? So far no trusted figure has emerged who can tell the story straight—until now. In this unfiltered insider account, Dr. Scott Atlas brings us directly into the White House, describes the key players in the crisis, and assigns credit and blame where it is deserved. The book includes shocking evaluations of the Task Force members' limited knowledge and grasp of the science of COVID and details heated discussions with Task Force members, including all of the most controversial episodes that dominated headlines for weeks. Dr. Atlas tells the truth about the science and documents the media's relentless campaign to suffocate it, which included canceled interviews, journalists' off-camera hostility in White House briefings, and intentional distortion of facts. He also provides an inside account of the delays and timelines involving vaccines and other treatments, evaluates the impact of the lockdowns on American public health, and indicts the relentless war on truth waged by Big Business and Big Tech. No other book contains these revelations. Millions of people who trust Dr. Atlas will want to read this dramatic account of what really went on behind the scenes in the White House during the greatest public health crisis of the 21st century.

tucker carlson pence: A President's Daily Brief: Year 4 Micah Fisher-Kirshner, What was daily life under the Trump presidency really like? An accessible ebook with short, thematic entries showing the corruption of the Trump presidency, *A President's Daily Brief, Year 4: The Day-by-Day Lurch of Trump's Norm-Breaking Presidency* is the fourth in Micah Fisher-Kirshner's series, representing the fourth and final year of Trump's time in power and the subversion that occurred. More than a compiled list of significant events that portray Trump as the most corrupt American president, this digestible and scannable read of in-the-moment posts pulled from news outlets and credible sources provides an intimate look at how the administration went about breaking the presidential norms on a daily basis. Readers also will have access to citations to fact-check claims. This quick read on a Trump presidency that started off with outrage and graduated to righteous indignation is a must-have for those who enjoy history, politics, and government or simply want to read about the most notorious presidency in history.

tucker carlson pence: Unprepared Jon Sternfeld, 2020-09-22 An essential volume. -E. J. Dionne, Jr. * A damning portrait -Publishers Weekly With an introduction by Pulitzer Prize-winner Timothy Egan, the riveting, eye-opening first-draft history of the Covid-19 pandemic. *Unprepared* is the sweeping history of the Covid-19 pandemic—a raw, primary-source accounting of the epoch-defining event: a virus that first appeared in China in late 2019 and spread rapidly across the

globe, killing hundreds of thousands, devastating economies, and changing the modern world forever. A day-by-day chronicle of the response to Covid-19 as it attacked, *Unprepared* gathers a range of public statements from President Trump and his administration, elected officials such as New York Governor Andrew Cuomo to Atlanta Mayor Keisha Lance Bottoms, leading journalists and scientists, and organizations from National Nurses United to the United Food and Commercial Workers union. A haunting portrait of the world scrambling for answers while the number of cases rose alongside the death toll, the book reveals not only our strengths as a people, but also the fault lines and dysfunction that plague our nation in the new millennium. *Unprepared* is an illuminating artifact for today and for future generations, an astonishing document of history being made, and a multifaceted narrative that drops the reader directly into the real-time experience of confusion, drama, and fear that defines the outbreak of Covid-19.

tucker carlson pence: *Beyond the Water's Edge* Paul R. Pillar, 2023-11-28 Intense partisanship is a familiar part of the contemporary United States, but its consequences do not stop at the country's borders. The damage now extends to U.S. relations with the rest of the world. Too often, political leaders place their own party's interest in gaining and keeping power ahead of the national interest. Paul R. Pillar examines how and why partisanship has undermined U.S. foreign policy, especially over the past three decades. Placing present-day discord in historical perspective going back to the beginning of the republic, *Beyond the Water's Edge* shows that although the corrupting effects of partisan divisions are not new, past leaders were often able to overcome them. Recent social and political trends and developments including the end of the Cold War, however, have contributed to a surge of corrosive partisanship. Pillar demonstrates that its costs range from the prolongation of war and crisis to the intrusion of foreign influence and the undermining of democracy. He explores the ways other governments respond to inconsistency in U.S. foreign policy, the consequences of domestic division for U.S. global leadership, and how the corruption of American democracy also weakens democracy worldwide. Pillar considers possible remedies but draws the sobering conclusion that entrenched political sectarianism makes their adoption unlikely. Offering insightful analysis of the decline of U.S. foreign relations, *Beyond the Water's Edge* is an important book for all readers concerned about the state of the American political system.

tucker carlson pence: *Frankly, We Did Win This Election* Michael C. Bender, 2021-07-13 THE INSTANT NEW YORK TIMES BESTSELLER! Michael C. Bender, senior White House reporter for the Wall Street Journal, presents a deeply reported account of the 2020 presidential campaign that details how Donald J. Trump became the first incumbent in three decades to lose reelection—and the only one whose defeat culminated in a violent insurrection. Beginning with President Trump's first impeachment and ending with his second, *FRANKLY, WE DID WIN THIS ELECTION* chronicles the inside-the-room deliberations between Trump and his campaign team as they opened 2020 with a sleek political operation built to harness a surge of momentum from a bullish economy, a unified Republican Party, and a string of domestic and foreign policy successes—only to watch everything unravel when fortunes suddenly turned. With first-rate sourcing cultivated from five years of covering Trump in the White House and both of his campaigns, Bender brings readers inside the Oval Office, aboard Air Force One, and into the front row of the movement's signature mega-rallies for the story of an epic election-year convergence of COVID, economic collapse, and civil rights upheaval—and an unorthodox president's attempt to battle it all. Fresh interviews with Trump, key campaign advisers, and senior administration officials are paired with an exclusive collection of internal campaign memos, emails, and text messages for scores of never-before-reported details about the campaign. *FRANKLY, WE DID WIN THIS ELECTION* is the inside story of how Trump lost, and the definitive account of his final year in office that draws a straight line from the president's repeated insistence that he would never lose to the deadly storming of the U.S. Capitol that imperiled one of his most loyal lieutenants—his own vice president.

tucker carlson pence: *Life Is Winning* Marjorie Dannenfelser, 2020-08-25 LIFE IS WINNING IN AMERICA! THE END OF ABORTION IS WITHIN REACH! "America is standing for life again. There has never been a more urgent moment for each and every American who cares about life to

stand up. Life Is Winning proves that we don't have to compromise our pro-life principles or stay silent about the things that matter most." — Sarah Huckabee Sanders Ahead of the pivotal 2020 elections, momentum is building across America to revisit the 1973 Roe v. Wade decision that struck down laws protecting unborn children and their mothers nationwide. Life is Winning: Inside the Fight for Unborn Children and Their Mothers tells the story of how the pro-life cause went from an orphaned political "problem" to a winning issue embraced at the highest levels of the Republican Party, thanks to a small-but-ambitious group of pro-life women. These women took on Washington's consultant class and in the process built a multimillion-dollar campaign and lobbying powerhouse with more than 900,000 grassroots members nationwide. Marjorie Dannenfelser, President of Susan B. Anthony List and leading architect of the pro-life strategy that helped propel then-candidate Donald Trump to his stunning victory in 2016, gives inside perspective on how her own pro-life conversion — and the President's — resembles the national sea change happening today, and why the end of abortion and restoration of life in America is closer than ever before. Marjorie has precisely captured how far the pro-life movement has come and how much we stand to achieve at this pivotal moment. It has never been more critical for each of us to continue to stand up and speak out. I trust that this important book will encourage and inspire government to play an even greater role in restoring the sanctity of life to the center of American law and to encourage us never to doubt that the Author of Life is with us in these efforts. — Vice President Mike Pence

tucker carlson pence: Network of Lies Brian Stelter, 2024-09-17 Fox News paid almost a billion dollars in legal settlements to bury the contents of this "essential...grinding, momentum-building" (The New York Times) account of the network's blatant attempts to manipulate the truth, mislead the public, and influence our elections—from the New York Times bestselling author of Hoax. The ongoing criminal trials of Donald Trump are also a trial for the nation he once led. We are undergoing a stress test of American democracy, the rule of law, and the very notion of a shared political reality. Can we achieve accountability for premeditated assaults on democracy and what forms should accountability take? In Network of Lies, New York Times bestselling author Brian Stelter answers these questions by weaving together private texts, unpublished emails, depositions, and other primary sources to tell the chilling story of Trump's alleged conspiracy to steal the 2020 election, and the right-wing media's mission to put him back in office in 2024. Trump couldn't have convinced millions of Americans of the Big Lie without Fox News. From the moment Joe Biden became president-elect in 2020, Fox hosts fueled a fire of misinformation and violence by spreading Trump's tales of election fraud and suppressing the truth. Come January, Sean Hannity insisted Trump needed to stop listening to "crazy people" who swore he could stay in power, but it was too late—thousands of Trump's deluded followers had stormed the Capitol and Trump operatives had breached Dominion Voting Systems' voting machines in Georgia. Now, the 2020 lies are at the center of numerous indictments and his reelection campaign, but Trump is not the only one under fire. The once-untouchable Rupert Murdoch has been held accountable. Dominion's legal war, chronicled in-depth for the first time here, revealed that the ninety-two-year-old Fox chairman knew Trump's lies were dangerous but he allowed the lies to fill Fox's airwaves because, as his "pain sponge" Suzanne Scott admitted, telling the truth was "bad for business." Network of Lies goes inside the chat rooms, board rooms, and court rooms where the pro-Trump media's greed and selfishness were exposed. Featuring Stelter's "thorough and damning" (The New York Times) investigative prowess and direct quotations so shocking they read like fiction, Network of Lies is the definitive origin story of Trump's attempt to tear down the guardrails of American democracy, and an urgent plea to learn from past mistakes as we head into 2024's pivotal presidential election.

tucker carlson pence: Back Roads and Better Angels Francis S. Barry, 2024-06-04 "Enlightening and inspiring." — Walter Isaacson "Barry probes the American soul, finding its biases, but also, nurtured by its complicated past, our better angels — with an opportunity to move forward." — Ken Burns Bringing together two of America's unifying loves — road trips and Abraham Lincoln — Frank Barry takes readers on a thought-provoking journey into the heart of our democracy and the soul of our country A year into his marriage and having never driven an RV,

Frank and his wife Laurel set out from New York City in a Winnebago to drive the nation's first transcontinental route, the Lincoln Highway, which zigzags through small towns and big cities from Times Square to San Francisco. Using the spirit of Abraham Lincoln to guide them across the land, they hope to see more clearly what holds the country together — and how we can keep it together, even amidst political divisions have grown increasingly rancorous, bitter, and exhausting. Along the way, Frank and Laurel meet Americans whose personal experiences help humanize the nation's divisions, and they encounter historical figures and events whose legacies are still shaping our sense of national identity and the struggles over it. This unforgettable journey is full of what makes any great road trip memorable and enjoyable: music, conversation, and laughter. By the end, readers will have a clearer picture of how we have arrived at a period that carries echoes of the Civil War era, and — using Lincoln as a guide — where the path forward lies.

Tucker Carlson Pence Introduction

In today's digital age, the availability of Tucker Carlson Pence books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Tucker Carlson Pence books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Tucker Carlson Pence books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Tucker Carlson Pence versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Tucker Carlson Pence books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Tucker Carlson Pence books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Tucker Carlson Pence books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Tucker Carlson Pence books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals.
