the youngest mayor: *The Deeper the Roots* Michael Tubbs, 2021-11-16 "Insightful, emotional, and enraging. By sharing his story in gripping detail, Michael Tubbs embodies an old feminist tradition whereby the personal is political. He empowers us to fight for equal opportunities for our communities, and encourages us to amass the courage to overcome loss and injustice." —Ibram X. Kendi, National Book Award-winning author of *Stamped from the Beginning* and *How to Be an Antiracist* The making of a visionary political leader—and a blueprint for a more equitable country "Don't tell nobody our business," Michael Tubbs's mother often told him growing up. For Michael, that meant a lot of things: don't tell anyone about the day-to-day struggle of being Black and broke in Stockton, CA. Don't tell anyone the pain of having a father incarcerated for 25 years to life. Don't tell anyone about living two lives, the brainy bookworm and the kid with the newest Jordans. And also don't tell anyone about the particular joys of growing up with three "moms"—a Nana who never let him miss church, an Auntie who'd take him to the library any time, and a mother, "She-Daddy", who schooled him in the wisdom of hip-hop and taught him never to take no for an answer. So for a long time Michael didn't tell anyone his story, but as he went on to a scholarship at Stanford and an internship in the Obama White House, he began to realize the power of his experience, the need for his perspective in the halls of power. By the time he returned to Stockton to become, in 2016 at age 26, its first Black mayor and the youngest-ever mayor of a major American city, he knew his story meant something. *The Deeper the Roots* is a memoir astonishing in its candor, voice, and clarity of vision. Tubbs shares with us the city that raised him, his family of badass women, his life-changing encounters with Oprah Winfrey and Barack Obama, the challenges of governing in the 21st century and everything in between—en route to unveiling his compelling vision for America rooted in his experiences in his hometown.

the youngest mayor: Arnold Bennett: Buried Alive, The Old Wives' Tale & The Card (3 Books in One Edition) Arnold Bennett, 2017-12-06 The hero of a novel Buried Alive is Mr Priam Farll, a painter of considerable ability. He is, however, extremely shy – so shy that when his valet, Henry Leek, dies suddenly, the doctor believes the dead man to be Priam Farll and the live man the valet. The artist does not try to disabuse him. After the funeral, Priam Farll marries a widow and lives a happy life until the loss of his wife's money means he has to take up painting again. A connoisseur of art recognises his style but thinks the paintings are by an imposter. He makes a fortune by buying his works through a small dealer and selling them in America as genuine. Meanwhile Priam Farll refuses through his obstinate shyness to prove his own identity. The Old Wives Tale (1908), a novel set in part in the Potteries district of North Staffordshire, where Bennett grew up, is generally considered his single masterpiece. The Card is a short comic novel written by Arnold Bennett in 1911. It chronicles the rise of Edward Henry (Denry) Machin from washerwoman's son to Mayor of Bursley (a fictitious town based on Burslem). This is accomplished through luck, initiative and a fair bit of chutzpah (in slang a card is a 'character', an 'original'; a clever, audacious, person). Arnold Bennett (1867-1931) was an English journalist, novelist, and writer. After working as a rent collector and solicitor's clerk, Bennett won a writing contest which convinced him to become a journalist. He later turned to the writing of novels, including his most famous Clayhanger and Anna of the five towns.

the youngest mayor: *Eric Brock's Shreveport* Brock, Eric J., 2001-01-31 Today, Shreveport boasts the largest collection of important twentieth-century buildings in the state of Louisiana, and is surpassed only by New Orleans in the number of locations listed on the National Register of Historic Places. Well-known Shreveport historian Eric J. Brock details the history of the city's commerce, civic development, neighborhoods, architecture, cemeteries, peculiar events, culture, religion, and education. Based on his columns for the long-running series, The Presence of the Past, which appeared weekly in the Shreveport JournalPage, it is the result of many years of documentation and research. One can witness the breakup of the Great Raft, relive the yellow fever epidemic of 1873, sing along at the Louisiana Hayride, and retrace the steps of Martin Luther King, Jr. Written in response to an overwhelming number of requests and suggestions for a book of its kind, Eric Brock's Shreveport should fill the void for academic books depicting the area.

the youngest mayor: *The Adventures of Denry the Audacious* Arnold Bennett, 2019-12-18 The Card chronicles the rise of Edward Henry Denry Machin from washerwoman's son to Mayor of Bursley. This is accomplished through luck, initiative and a fair bit of cheek or chutzpah. At age 12, Denry begins his career by altering his marks in a test sufficiently to earn him a scholarship to grammar school. At 16, he leaves school to work for Mr. Duncalf, the town clerk and a solicitor. When Duncalf organizes an exclusive ball, Denry invites himself and takes lessons from dance instructor Ruth Earp. On a bet, he audaciously asks the energetic, beautiful Countess of Chell to dance, and he thus earns himself the reputation of a card – a reputation he is determined to cement. The Regent is sequel to The Card in which Denry Machin returns, as the slightly more mature Edward Henry, a self-made success in the Midlands, who still relishes his reputation as a bit of a card. He has money, charm and ingenuity, but no taste. Despite his wealth and influence he is still in

a need for an adventure so he decides to have a take on London theatrical society.

the youngest mayor: *The Nation City* Rahm Emanuel, 2021-01-05 At a time of anxiety about the effectiveness of our national government, Rahm Emanuel provides a clear vision, for both progressives and centrists, of how to get things done in America today--a bracing, optimistic vision of America's future from one of our most experienced and original political minds. In *The Nation City*, Rahm Emanuel, former two-term mayor of Chicago and White House Chief of Staff for President Barack Obama, offers a firsthand account of how cities, rather than the federal government, stand at the center of innovation and effective governance. Drawing on his own experiences in Chicago, and on his relationships with other mayors around America, Emanuel

provides dozens of examples to show how cities are improving education, infrastructure, job conditions, and environmental policy at a local level. Emanuel argues that cities are the most ancient political institutions, dating back thousands of years and have reemerged as the nation-states of our time. He makes clear how mayors are accountable to their voters to a greater degree than any other elected officials and illuminates how progressives and centrists alike can best accomplish their goals by focusing their energies on local politics. The Nation City maps out a new, energizing, and hopeful way forward.
