united dreamliner 787 9: Dragged Off David Anh Dao, 2021-03-16 A Vietnamese Refugee, a Viral Video, and the United Airlines Scandal That Started It All "His refusal to give up his seat on a United Airlines flight, and the ensuing assault he suffered, is emblematic of how far we, the people, still have to travel to create a world with liberty and justice for all." —Marlena Fiol, PhD, globally recognized scholar and speaker and author of *Nothing Bad Between Us* Dr. David Dao was dragged off United Express Flight 3411 on April 9, 2017 after refusing to give up his seat. In the tradition of contemporary immigrant stories comes a personal narrative of the many small but significant acts of racial discrimination faced on the way to the American Dream. The unseen effects of discrimination. The United Airlines scandal of 2017 garnered over a million views on YouTube. A result of an overbooking overlook, security officials forcibly removed Dr. Dao after refusing to give up his seat. He awoke in the hospital to a concussion, a broken nose, several broken teeth, and worldwide attention. Things aren't always fair for an immigrant, but according to Dr. Dao, you can prevail if you firmly advocate for yourself. A response to a lifetime of oppressive acts. Why was Dr. Dao so adamant on his right to a seat? His entire life had led to that moment. A Vietnamese refugee, he fled his home country during the fall of Saigon. He was stranded in the Indian Ocean, immigrated to the United States, enrolled in medical school for a second time, built a practice, and started a family—all the while battling the effects of discrimination and what he had to embrace as a result. This is his story. If you are moved by immigrant stories, or books like *America for Americans*, *Minor Feelings*, *How to Be an Antiracist*, or *The Making of Asian America*, then you'll want to read Dr. David Dao's story, *Dragged Off*.

united dreamliner 787 9: *Boeing versus Airbus* John Newhouse, 2008-01-08 The commercial airline industry is one of the most volatile, dog-eat-dog enterprises in the world, and in the late 1990s, Europe's Airbus overtook America's Boeing as the preeminent aircraft manufacturer. However, Airbus quickly succumbed to the same complacency it once challenged, and Boeing regained its precarious place on top. Now, after years of heated battle and mismanagement, both companies face the challenge of serving burgeoning Asian markets and stiff competition from China and Japan. Combining insider knowledge with vivid prose and insight, John Newhouse delivers a

riveting story of these two titans of the sky and their struggles to stay in the air.

united dreamliner 787 9: Управление организационными изменениями (курс лекций, практикум, консультационный курс, тесты) Понуждаев Э. А., Медведев В. П., Понуждаева М. Э., 2020-07-08 «Изменяетесь быстро или умрите медленно», — эта яркая и глубокая мысль-альтернатива Ицхака Адизеса должна быть не только безотлагательно осознана на личностном и организационном уровнях, но, что не менее важно, воспринята как руководство к действию. Современный мир полон изменений — масштабных, динамичных, разноплановых и зачастую непредсказуемых. Сосуществование наций, народов, социальных общностей, групп и индивидов, а также глобальных корпораций, фирм среднего и малого бизнеса в условиях жёсткой конкуренции и стремление этих «игроков» стать успешными, эффективными на фоне небывалой турбулентности внешней среды порождают новые проблемы и задачи в области управления. Управление изменениями (Change management) — сравнительно молодая отрасль науки, в которой гармонично соединены теоретико-методологические основы менеджмента и прикладные инструменты организационных преобразований. По этой причине знания, умения и навыки в данной сфере актуальны не только в рамках подготовки академических бакалавров и магистров. Они также необходимы и уже состоявшимся, «продвинутым» управленцам. Для студентов бакалавриата, обучающихся по направлениям подготовки 38.03.01 «Экономика» и 38.03.02 «Менеджмент».

united dreamliner 787 9: Airplanes Nancy Robinson Masters, 2008-08-01 The new Boeing Superliner looks much different than the plane the Wright Brothers flew at Kitty Hawk. Have you ever wondered how new planes are developed? This Innovation in Transportation book, Planes, takes a look at the people and creative ideas that have changed the way we think about flying.

united dreamliner 787 9: Shade Pete Souza, 2018-10-16 From Pete Souza, the #1 New York Times bestselling author of Obama: An Intimate Portrait, comes a potent commentary on the Presidency -- and our country. As Chief Official White House Photographer, Pete Souza spent more time alongside President Barack Obama than almost anyone else. His years photographing the President gave him an intimate behind-the-scenes view of the unique gravity of the Office of the Presidency -- and the tremendous responsibility that comes with it. Now, as a concerned citizen observing the Trump administration, he is standing up and speaking out. Shade is a portrait in Presidential contrasts, telling the tale of the Obama and Trump administrations through a series of visual juxtapositions. Here, more than one hundred of Souza's unforgettable images of President Obama deliver new power and meaning when framed by the tweets, news headlines, and quotes that defined the first 500 days of the Trump White House. What began with Souza's Instagram posts soon after President Trump's inauguration in January 2017 has become a potent commentary on the state

of the Presidency, and our country. Some call this throwing shade. Souza calls it telling the truth. In Shade, Souza's photographs are more than a rejoinder to the chaos, abuses of power, and destructive policies that now define our nation's highest office. They are a reminder of a President we could believe in, and a courageous defense of American values.
