what spirit animal am i buzzfeed: World of Wonders Aimee Nezhukumatathil, 2020-09-08 “A poet celebrates the wonders of nature in a collection of essays that could almost serve as a coming-of-age memoir.” —Kirkus Reviews As a child, Nezhukumatathil called many places home: the grounds of a Kansas mental institution, where her Filipina mother was a doctor; the open skies and tall mountains of Arizona, where she hiked with her Indian father; and the chillier climes of western New York and Ohio. But no matter where she was transplanted—no matter how awkward the fit or forbidding the landscape—she was able to turn to our world’s fierce and funny creatures for guidance. “What the peacock can do,” she tells us, “is remind you of a home you will run away from and run back to all your life.” The axolotl teaches us to smile, even in the face of unkindness; the touch-me-not plant shows us how to shake off unwanted advances; the narwhal demonstrates how to survive in hostile environments. Even in the strange and the unlovely, Nezhukumatathil finds beauty and kinship. For it is this way with wonder: it requires that we are curious enough to look past the distractions in order to fully appreciate the world’s gifts. what spirit animal am i buzzfeed: Intimations Alexandra Kleeman, 2016-09-13 “Haunting. . . . Wonderfully strange and eerie, *Intimations* outlines the confusion, loss, and anxieties that underlie the different stages of mortality, forcing us to re-examine the often unsettling realities of our existence.” — Buzzfeed “Brilliantly alive. . . . the world is parsed with a charming exactitude that magnifies all its latent marvels and especially horrors—the blacker and more peculiar these stories get, the funnier they are.” — New York Times Book Review From the celebrated author of *You Too Can Have a Body Like Mine*, a thought-provoking, often unsettling story collection that consists, broadly, of narrative diagrams of the three main stages in a human life: birth, life, and death. Alexandra Kleeman’s debut novel *You Too Can Have a Body Like Mine* earned her comparisons to Thomas Pynchon, Don DeLillo, Ben Marcus, and Tom Perrotta. It was praised by the New York Times as a powerful allegory of our civilization’s many maladies, artfully and elegantly articulated, by one of the young wise women of our generation. In her second book, a collection of twelve stories irresistibly seductive in their strangeness, she explores human life from beginning to end: the distress of birth into a world already formed; the brief and confusing period of living where we understand what is expected of us and struggle to do it; and the death-y period toward the end where we sense it is ending and will end only partially understood, at best. The title is taken from one of the stories (*Intimation*), but is also a play on Wordsworth's *Intimations of Immortality*—only in this case it’s not clear exactly what is being intimated, but it’s nothing so gleaming and good as *Immortality*. The middle, *Living* section of the book, is fleshed out with a set of stories that borrow more from traditional realist fiction to illustrate the inner lives of the characters. At once familiar and mysterious, these stories have an eerie resonance as its characters find themselves in new and surprising situations. An unnamed woman enters a room with no exit and a ready-made life; the disappearance of people, objects, and memory creates an apocalypse; the art of dance is used to try to tame a feral child; the key to surviving a house-party lies in knowing the difference between fake and real blood. Elegant, surprising, wondrous, and haunting, *Intimations* is an utterly transporting collection from one of our most ingenious and brilliant young writers.

what spirit animal am i buzzfeed: The Seed Keeper Diane Wilson, 2021-03-09 A haunting novel spanning several generations, *The Seed Keeper* follows a Dakhóta family's struggle to preserve their way of life, and their sacrifices to protect what matters most. Rosalie Iron Wing has grown up in the woods with her father, Ray, a former science teacher who tells her stories of plants, of the stars, of the origins of the Dakhóta people. Until, one morning, Ray doesn't return from checking his traps. Told she has no family, Rosalie is sent to live with a foster family in nearby Mankato—where the reserved, bookish teenager meets rebellious Gaby Makespeace, in a friendship that transcends the damaged legacies they've inherited. On a winter's day many years later, Rosalie returns to her childhood home. A widow and mother, she has spent the previous two decades on her white husband's farm, finding solace in her garden even as the farm is threatened first by drought and then by a predatory chemical company. Now, grieving, Rosalie begins to confront the past, on a search for family, identity, and a community where she can finally belong. In the process, she learns what it means to be descended from women with souls of iron—women who have protected their families, their traditions, and a precious cache of seeds through generations of hardship and loss, through war and the insidious trauma of boarding schools. Weaving together the voices of four indelible women, *The Seed Keeper* is a beautifully told story of reawakening, of remembering our original relationship to the seeds and, through them, to our ancestors.

what spirit animal am i buzzfeed: *Infinity Blues* Ryan Adams, 2009-04-01 "A passionate, arresting, and entertaining book of verse . . . The images are vivid and the voice is honest and powerful" (Stephen King). This is the debut collection of poetry by singer/songwriter Ryan Adams, acclaimed for albums including *Cardinology*, *Cold Roses*, and *Prisoner*. His work in this volume rings with emotional authenticity—and provides perhaps an even deeper insight into the man than is revealed through the songs that have resonated with fans the world over. He is proof that poetry will find its writer." —Mary-Louise Parker "Infinity Blues is Ryan Adams at his personal, unforgettable best. Strong and beautiful and funny and pure. Like all his work, it's soul poetry of the highest order." —Cameron Crowe "This is much better than reading a friend's journal. It's more like watching somebody you love in the bathtub talking to himself. You're like, wow, he's even good at taking a bath. After reading *Infinity Blues* (which I think is a great title), I give Ryan Adams the best compliment I ever got—and the only reason for reading anyone's poetry. Ryan, I really like your mind." —Eileen Myles

Leah Garcés has dedicated her career to fighting for the rights of the animals that end up on our plates. She has worked alongside owners of the megafarms, befriending them, having frank conversations with them, and ultimately encouraging change through dialogue and discussion. Leah is helping to directly improve the lives of millions of farm animals, and pushing alternatives such as plant-based substitutes and lab-grown meats to the top of the agenda, with some of the mega-farm conglomerates joining forces with her to explore these avenues. When she started her journey, Leah Garcés did not have much empathy to spare for the contract chicken farmer -until she actually met one and tried to understand the difficulties they faced. This is the story of giving in to discomfort for the sake of progress. It's a story of the power of human connection, and what happens when we practice empathy toward our enemies.

what spirit animal am i buzzfeed: *Merchants of Truth* Jill Abramson, 2019-02-07 The gripping and definitive in-the-room account of the revolution that has swept the news industry over the last decade and reshaped our world. The last decade has seen the News industry face unprecedented change. The sometimes-century old institutions which were once the bastions of truth have had their dominance eroded by vast innovations in viral technology and, as millennial appetites force the industry to choose between principles of objectivity and impartiality, the survivors must confront the horrifying cost of their success: sexual scandal, fake news, the election of President Trump and the shaking of democracy. Taking us behind the scenes at four media titans - BuzzFeed, VICE, The New York Times and The Washington Post - Abramson reveals the human drama behind this shift: one involving deal-making tycoons, thrusting reporters, hard-bitten editors, egomaniacs, bullshitters, provocateurs and bullies, with some surfing and others drowning in the breaking wave of change. 'A cracking, essential read... Abramson knows where most of the bodies are buried and is prepared to

what spirit animal am i buzzfeed: *Primal Animals* Julia Lynn Rubin, 2022-05-24 "Like a queer version of *The Wicker Man*, Julia Lynn Rubin's *Primal Animals* is a wonderfully-creepy mystery set under sunshine and fresh air, where nothing is what it seems and no one is what you expect. Keep your eyes open, watch your back, and beware of the flies." —Emma Berquist, author of *Missing*, *Presumed Dead* The Female of the Species meets *Midsommar* for fans of *Yellowjackets* At an elite summer program, a teen girl gets sucked into a secret society, with deadly consequences. Protect the girls. Arlee Gold has always lived in the shadow of her successful mom; even after everything Arlee's been through, her mother still expects nothing but the best. In an effort to get her daughter back on track after a less-than-stellar few school years, she's enrolled Arlee as a legacy at Camp Rockaway, an elite college prep summer camp deep in the North Carolina wilderness. On her own for the first time and buzzing with anxiety, Arlee is intimidated by the camp's shiny exterior, suffocated by the relentless, thick summer heat...and tormented by the ceaseless stream of crawling, slimy, flapping bugs that seem to come straight from her nightmares. In the midst of her brewing dread, Arlee is relieved to find a queer sanctuary in her bunkmates, and is especially drawn to Winnie, the enigmatic girl who sleeps in the bunk above her. Except Arlee starts to notice whispers in her wake, and how so many others recoil from her as if she were as creepy as the insects that terrify her. Struggling in her prep classes and feeling increasingly paranoid, Arlee can no longer suppress her panicked "glitches." Winnie, too, seems to become wary, and Arlee's worst fear is confirmed: even here, in the place her mother promised was "going to change everything," she's been found out as a freak. Just as she's facing a summer completely alone, another rising junior slips her a mysterious invitation, and Arlee finds herself caught up in a secret society that expects its sisterhood to protect each other from any and all who would harm them—by any means necessary. Here, finally, Arlee feels like a part of something bigger, something that matters. Guided by their cunning leader, Lisha, a rising senior with a smile sharp enough to cut bone, the sisterhood will stand against any threat, unquestioningly. But when Winnie is put in grave danger, Arlee is forced to confront just how far her sisters will go, and whether they truly protect the girls.
