

What Happens If Mitch McConnell Retires

What Happens If Mitch McConnell Retires? A Deep Dive into Potential Scenarios and Impacts

Introduction:

The question, "What happens if Mitch McConnell retires?" has become increasingly pertinent as Senator McConnell's tenure continues and his health remains a topic of public discussion. This isn't simply idle speculation; McConnell's retirement would trigger a cascade of events with significant consequences for the Republican Party, the Senate, and American politics as a whole. This in-depth analysis explores the potential scenarios, examines the likely impacts on legislation, party dynamics, and future elections, and considers the broader implications for the American political landscape. We'll delve into the immediate aftermath, the long-term consequences, and the various factors that could shape the future in a post-McConnell Senate.

I. The Immediate Aftermath: A Power Vacuum in the Senate

McConnell's retirement would create an immediate power vacuum within the Senate Republican Party. He's held the position of Senate Minority Leader for years, wielding significant influence over legislative strategy and agenda-setting. His departure would necessitate a swift leadership election, likely sparking a fierce intra-party struggle. Potential successors – individuals like Senator John Thune, Senator Ted Cruz, or even a rising star – would compete for the coveted position. This internal battle could expose divisions within the party and potentially weaken its overall effectiveness in the Senate. The immediate impact on legislative efforts would also be significant, potentially leading to delays in crucial votes and a period of uncertainty concerning the Republican legislative strategy. The Senate would need to adjust to a new leadership style and approach to negotiation and compromise, potentially altering the balance of power.

II. The Impact on Republican Party Dynamics

McConnell's retirement would trigger a significant realignment within the Republican Party. He's been a key figure in shaping the party's direction for decades, navigating internal divisions and maintaining a degree of party unity (however fragile). His absence would create space for different factions to vie for dominance, potentially exacerbating existing ideological conflicts between traditional conservatives, Trump loyalists, and more moderate Republicans. This internal struggle for power could significantly affect the party's ability to present a unified front during elections and negotiations. It could also lead to a change in the party's overall political strategy and messaging, depending on who succeeds him and what their priorities are.

III. Legislative Implications: A Shifting Senate Landscape

The departure of a seasoned negotiator like McConnell would significantly impact the legislative landscape. McConnell's expertise in navigating the complexities of Senate procedure, forging compromises (however grudgingly), and strategizing legislative battles is unmatched within the current Republican ranks. His absence would create more challenges for both Republicans and Democrats in passing legislation. Bipartisan cooperation might become even more difficult, and the

Senate could potentially experience increased gridlock and partisan polarization. Specific legislative priorities – especially those dealing with appropriations, judicial appointments, and social issues – might face significant delays or face the risk of being stalled entirely.

IV. Long-Term Consequences: Repercussions for Future Elections

The long-term consequences of McConnell's retirement could extend far beyond the Senate chambers. His influence on fundraising, campaign strategy, and candidate recruitment has been substantial, shaping the landscape of Republican electoral success for years. His departure could create opportunities for newer, potentially more progressive or more conservative candidates to rise within the party, shifting the overall demographic and ideological makeup of the Republican electorate. This in turn could impact future election outcomes, both at the state and national level, potentially changing the power dynamics in Congress for years to come. The impact on the 2024 presidential election and subsequent Senate races would be substantial, creating a degree of unpredictability in the political forecasts.

V. Uncertain Futures and Contingency Plans

Predicting the exact consequences of McConnell's retirement is inherently difficult. Many factors, such as the identity of his successor, the prevailing political climate, and the choices made by both Republicans and Democrats, will influence the trajectory of American politics in a post-McConnell era. The Republican party would need to adapt quickly and develop strategies for managing the transition. The lack of a clear succession plan also leaves room for unexpected outcomes and potential internal conflicts. The future of the Republican party, and the Senate itself, rests significantly on how the party navigates this period of transition and uncertainty.

Article Outline:

Name: Analyzing the Ripple Effects of Mitch McConnell's Potential Retirement

Introduction: Hook, Overview of the article's content

Chapter 1: Immediate Aftermath: Leadership Vacancy and Senate Dynamics

Chapter 2: Impact on Republican Party Dynamics and Internal Conflicts

Chapter 3: Legislative Impacts: Gridlock, Bipartisanship, and Legislative Priorities

Chapter 4: Long-Term Consequences: Electoral Impacts and Party Realignment

Chapter 5: Uncertain Futures and Contingency Plans within the Republican Party

Conclusion: Summary of key findings and future projections

FAQs: Addressing common reader queries

(The above outline is reflected in the structure of the article itself.)

FAQs:

1. Who is most likely to replace Mitch McConnell as Senate Republican Leader? Several senators are potential candidates, including John Thune, Ted Cruz, and others, depending on evolving party dynamics.

2. How would McConnell's retirement affect the Senate's legislative efficiency? It could lead to increased gridlock and challenges in passing legislation due to a loss of experienced leadership and potential internal conflict.
3. Could McConnell's retirement lead to a significant shift in Republican Party ideology? Yes, it could empower different factions within the party, potentially altering its overall political direction.
4. What impact would this have on the 2024 elections? It could significantly influence candidate recruitment, campaign strategy, and the overall electoral landscape for the Republican Party.
5. How might the Democrats be affected by McConnell's retirement? They could face both opportunities and challenges; it might lead to more legislative gridlock, but it could also create openings for bipartisan cooperation on certain issues, depending on who becomes the next Republican leader.
6. What role has McConnell played in shaping the Republican Party? He has been a key figure in shaping party strategy, fundraising, and candidate selection for years, maintaining a degree of party discipline.
7. Are there any contingency plans in place within the Republican Party to address a potential leadership vacuum? While no formal public plans exist, various senators are likely preparing for a potential leadership bid.
8. How might McConnell's retirement impact foreign policy? His absence could lead to shifts in the Senate's approach to international affairs, depending on the priorities of his successor.
9. What are the potential long-term effects on the balance of power in the Senate? The consequences are complex and unpredictable, potentially leading to increased partisan division or unforeseen alliances.

what happens if mitch mcconnell retires: The Cynic Alec MacGillis, 2014-12-23 From a dogged political reporter, an investigation into the political education of Mitch McConnell and an argument that this powerful Senator embodies much of this country's political dysfunction. Based on interviews with more than seventy-five people who have worked alongside Mitch McConnell or otherwise interacted with him over the course of his career, *The Cynic* is both a comprehensive biography of one of this country's most powerful politicians and a damning diagnosis of this country's eroding political will. Tracing his rise from a pragmatic local official in Kentucky to the leader of the Republican opposition in Washington, the book tracks McConnell's transformation from a moderate Republican who supported abortion rights and public employee unions to the embodiment of partisan obstructionism and conservative orthodoxy on Capitol Hill. Driven less by a shift in ideological conviction than by a desire to win elections and stay in power at all costs, McConnell's transformation exemplifies the "permanent campaign" mindset that has come to dominate American government. From his first race for local office in 1977—when the ad crew working on it nicknamed McConnell "love-me-love-me" for his insecurity and desire to please—to his fraught accommodation of the Tea Party, McConnell's political career is a story of ideological calcification and a vital mirror for understanding this country's own political development and what is wrought when politicians serve not at the behest of country, but at the behest of party and personal aggrandizement.

what happens if mitch mcconnell retires: Mitch, Please! Matt Jones, 2020-03-31 NEW YORK TIMES BESTSELLER THE WALL STREET JOURNAL BESTSELLER From the founder of Kentucky Sports Radio and attorney Matt Jones, a withering, humorous look at how Mitch McConnell has been bad for Kentucky—and why he needs to be voted out in 2020. They say all politics is local. In 2020, Mitch McConnell will have served five full terms as a US Senator. Thirty years. The Senate Majority leader's power is as undeniable as it is infuriating, and the people of Kentucky have had enough. Led by Matt Jones, they (and they alone) have the power to oust him from office. How did Jones, a local boy turned attorney turned sports radio host come to shine the brightest light on McConnell's ineptitude? Simple—he knows Kentucky inside and out, and has used the state's love of sports as an entry point for showcasing how McConnell has failed his fellow citizens both economically and socially for three decades. Entertaining, maddening, yet ultimately inspiring, these stories from Kentuckians in each of its 120 counties illustrate the Senate Majority leader's stunning shortcomings. Jones infuses his trademark wit and wisdom throughout, while also offering a beautiful portrait of a state with arguably the most untapped potential in our country. Ultimately, the white-hot hatred for McConnell on the coasts is just white noise. Only the people of Kentucky can remove him from office. Here, Matt Jones demonstrates he has the influence, charisma, and institutional knowledge to lead the charge. He and his fellow Kentuckians have had enough—and they're ready for a fight.

what happens if mitch mcconnell retires: Kill Switch: The Rise of the Modern Senate and the Crippling of American Democracy Adam Jentleson, 2021-01-12 With a new epilogue on filibuster battles under the Biden administration THE CASE FOR ENDING THE FILIBUSTER A truly excellent book... blistering and persuasive." —Ezra Klein, New York Times An insider's account of how politicians representing a radical white minority of Americans have used "the world's greatest deliberative body" to hijack our democracy. Our democracy is under assault from homegrown authoritarians, with most observers blaming Donald Trump and the Republican Party that submitted to him. Yet as Adam Jentleson shows, the problem not only goes back to the nineteenth century, but is less about the presidency than it is about our nation's most venerated institution: the United States Senate. A revelatory history of minority rule in America as expressed through the Senate filibuster, *Kill Switch* shows that white conservatives have long relied on the filibuster—which is not featured in the Constitution, and which, as Jentleson demonstrates, the Framers would have opposed—to shut down attempts to create a multiracial democracy. Featuring a new epilogue on

filibuster battles under the Biden administration, Kill Switch will remain an essential warning about the costs of empowering this nation's right-wing minority. • "Jentleson understands the inner workings of the institution, down to the most granular details, showing precisely how arcane procedural rules can be leveraged to dramatic effect." —Jennifer Szalai, New York Times • "Careful and thorough and exacting." —Michael Tomasky, New York Review of Books • "[An] excellent, surprising new book." —Benjamin Wallace-Wells, The New Yorker

what happens if mitch mcconnell retires: The Hill to Die on Jake Sherman, Anna Palmer, 2019 With control of both the House and Senate up for grabs in 2018 and the direction of the nation resting on the outcome, never has a more savage, unrelenting fight been waged in the raptor cage that is the U.S. congress. From the torrid struggle between the conservative Freedom Caucus and Speaker Paul Ryan for control of the house, to the sexual assault accusations against Court nominee Brett Kavanaugh that threw the Senate into turmoil, to the pitched battles across America in primaries, the road to the midterm election has been paved with chaos and intrigue. And that's before one considers that it's all refracted through the kaleidoscopic lens of President Trump, who can turn any situation on its head with just a single tweet. With inside access that ushers readers deep into the inner workings and hidden secrets of party leadership, Politico Playbook writers Anna Palmer and Jake Sherman trace the strategy and the impulsiveness, the deal-making and the backstabbing, in a blow-by-blow account of the power struggle roiling the halls of Congress. *The Hill to Die On* will be an unforgettable story of power and politics, where the stakes are nothing less than the future of America under Trump.

what happens if mitch mcconnell retires: The Long Game Mitch McConnell, 2019-12-03 Now in paperback with a foreword by President Donald J. Trump, Senate Majority Leader Mitch McConnell's memoir shows how one of the most successful public figures of our time has worked to advance conservative values in Washington. Under Mitch McConnell's famously quiet and strategic leadership, Republicans in the Senate have seen win after win—from tax cuts and deregulation to major improvements for veterans, farmers, and our national defense. In 2018, President Donald Trump dubbed McConnell "the greatest leader in history"—and even his harshest critics on the Left acknowledge his skill. Now with a new foreword by President Trump and an afterword that details McConnell's friendship with Supreme Court Justice Antonin Scalia, this paperback edition of McConnell's memoir reveals the backdrop of his decision not to fill Scalia's vacant seat until after the 2016 presidential election. Of this decision, New York Times chief Washington correspondent Carl Hulse wrote that "McConnell not only preserved a Supreme Court seat, he elected Donald Trump president." The years of the McConnell-led Senate have proved that lasting change can only be won by playing the long game. Leading up to the 2020 election, when the system of government our Founding Fathers created will again be threatened by the Left, this book is necessary reading for anyone who wants to avoid repeating the mistakes of our recent past.

what happens if mitch mcconnell retires: Let them Eat Tweets: How the Right Rules in an Age of Extreme Inequality Jacob S. Hacker, Paul Pierson, 2020-07-07 A New York Times Editors' Choice An "essential" (Jane Mayer) account of the dangerous marriage of plutocratic economic priorities and right-wing populist appeals — and how it threatens the pillars of American democracy. In *Let Them Eat Tweets*, best-selling political scientists Jacob S. Hacker and Paul Pierson argue that despite the rhetoric of Donald Trump, Josh Hawley, and other right-wing "populists," the Republican Party came to serve its plutocratic masters to a degree without precedent in modern global history. To maintain power while serving the 0.1 percent, the GOP has relied on increasingly incendiary racial and cultural appeals to its almost entirely white base. Calling this dangerous hybrid "plutocratic populism," Hacker and Pierson show how, over the last forty years, reactionary plutocrats and right-wing populists have become the two faces of a party that now actively undermines democracy to achieve its goals against the will of the majority of Americans. Based on decades of research and featuring a new epilogue about the intensification of GOP radicalism after the 2020 election, *Let Them Eat Tweets* authoritatively explains the doom loop of tax cutting and fearmongering that defines the Republican Party—and reveals how the rest of us can

fight back.

what happens if mitch mcconnell retires: *Justice on the Brink* Linda Greenhouse, 2021-11-09
The gripping story of the Supreme Court's transformation from a measured institution of law and justice into a highly politicized body dominated by a right-wing supermajority, told through the dramatic lens of its most transformative year, by the Pulitzer Prize-winning law columnist for The New York Times "A dazzling feat . . . meaty, often scintillating and sometimes scary . . . Greenhouse is a virtuoso of SCOTUS analysis."—The Washington Post In *Justice on the Brink*, legendary journalist Linda Greenhouse gives us unique insight into a court under stress, providing the context and brilliant analysis readers of her work in The New York Times have come to expect. In a page-turning narrative, she recounts the twelve months when the court turned its back on its legacy and traditions, abandoning any effort to stay above and separate from politics. With remarkable clarity and deep institutional knowledge, Greenhouse shows the seeds being planted for the court's eventual overturning of *Roe v. Wade*, expansion of access to guns, and unprecedented elevation of religious rights in American society. Both a chronicle and a requiem, *Justice on the Brink* depicts the struggle for the soul of the Supreme Court, and points to the future that awaits all of us.

what happens if mitch mcconnell retires: *Confirmation Bias* Carl Hulse, 2020-06-16 This account of the machinations following Justice Antonin Scalia's death, and their damaging effects, is "a gripping tale of insider Washington" (The Boston Globe). In this book, the Chief Washington Correspondent for the New York Times provides a richly detailed, news-breaking, and conversation-changing look at the unprecedented political fight to fill the Supreme Court seat made vacant by Antonin Scalia's death—using it to explain the paralyzing and all but irreversible dysfunction across all three branches in the nation's capital. The embodiment of American conservative jurisprudence, Scalia cast an expansive shadow over the Court for three decades. His unexpected death in February 2016 created a vacancy that precipitated a pitched political fight that would change not only the tilt of the court, but the course of American history. It would help decide a presidential election, fundamentally alter longstanding protocols of the Senate, and transform the Supreme Court—which has long held itself as a neutral arbiter above politics—into another branch of the federal government riven by partisanship. In an unheard-of development, Senate Majority Leader Mitch McConnell refused to give Democratic President Barack Obama's nominee, Merrick Garland, a confirmation hearing. Not one Republican in the Senate would meet with him. Scalia's seat would be held open until Donald Trump's nominee, Neil M. Gorsuch, was confirmed in April 2017. Hulse tells the story of this battle to control the Court through exclusive interviews with McConnell, Harry Reid, Chuck Schumer, and other top officials, Trump campaign operatives, court activists, and legal scholars, as well as never-before-reported details. *Confirmation Bias* provides much-needed context, revisiting the judicial wars of recent decades to show how they led to our current polarization. He examines the politicization of the federal bench and the implications for public confidence in the courts, and takes us behind the scenes to explore how many long-held democratic norms and entrenched bipartisan procedures have been erased across all three branches of government. Includes a new afterword "An absorbing, if dispiriting, look at the maneuverings of inside players like McConnell and Donald McGahn, Trump's first White House counsel, and outside advocates like Leonard Leo of the Federalist Society, who appears to have steered judicial selection as much as anyone in the White House." —The Washington Post

what happens if mitch mcconnell retires: *Peril* Bob Woodward, Robert Costa, 2023-01-03
The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as #1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with eyewitness accounts of what really happened. Intimate scenes are supplemented with

never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making *Peril* an unparalleled history. It is also the first inside look at Biden's presidency as he began his presidency facing the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president.

what happens if mitch mcconnell retires: *Death of the Senate* Ben Nelson, 2021-09

Something is rotten in the U.S. Senate, and the disease has been spreading for some time. But Ben Nelson, former U.S. senator from Nebraska, is not going to let the institution destroy itself without a fight. *Death of the Senate* is a clear-eyed look inside the Senate chamber and a brutally honest account of the current political reality. In his two terms as a Democratic senator from the red state of Nebraska, Nelson positioned himself as a moderate broker between his more liberal and conservative colleagues and became a frontline player in the most consequential fights of the Bush and Obama years. His trusted centrist position gave him a unique perch from which to participate in some of the last great rounds of bipartisan cooperation, such as the Gang of 14 that considered nominees for the federal bench--and passed over a young lawyer named Brett Kavanaugh for being too partisan. Nelson learned early on that the key to any negotiation at any level is genuine trust. With humor, insight, and firsthand details, Nelson makes the case that the heart of the deal is critical and describes how he focused on this during his time in the Senate. As seen through the eyes of a centrist senator from the Great Plains, Nelson shows how and why the spirit of bipartisanship declined and offers solutions that can restore the Senate to one of the world's most important legislative bodies.

what happens if mitch mcconnell retires: *Mitch, Please!* Matt Jones, 2020-10-06 The New York Times and Wall Street Journal bestseller about how Mitch McConnell has been bad for Kentucky—and why he needs to be voted out of office from the founder of Kentucky Sports Radio and attorney Matt Jones. They say all politics is local. In 2020, Mitch McConnell will have served five full terms as a US Senator. Thirty years. The Senate Majority leader's power is as undeniable as it is infuriating, and the people of Kentucky have had enough. Led by Matt Jones, they (and they alone) have the power to oust him from office. How did Jones, a local boy turned attorney turned sports radio host come to shine the brightest light on McConnell's ineptitude? Simple—he knows Kentucky inside and out, and has used the state's love of sports as an entry point for showcasing how McConnell has failed his fellow citizens both economically and socially for three decades. Entertaining, maddening, yet ultimately inspiring, these stories from Kentuckians in each of its 120 counties illustrate the Senate Majority leader's stunning shortcomings. "Jones employs a sharp, political scalpel eviscerating McConnell...[and this book is] an effective combination of description and vivisection" (Kirkus Reviews). Jones brings his trademark wit and wisdom throughout the book, while also offering a beautiful portrait of a state with arguably the most untapped potential in our country. Ultimately, the white-hot hatred for McConnell on the coasts is just white noise. Only the people of Kentucky can remove him from office. Here, Matt Jones demonstrates he has the influence, charisma, and institutional knowledge to lead the charge. He and his fellow Kentuckians have had enough—and they're ready for a fight.

what happens if mitch mcconnell retires: *Insurgency* Jeremy W. Peters, 2022-02-08 NEW YORK TIMES BOOK REVIEW EDITORS' CHOICE • How did the party of Lincoln become the party of Trump? From an acclaimed political reporter for The New York Times comes the definitive story of the mutiny that shattered American politics. "A bracing account of how the party of Lincoln and Reagan was hijacked by gadflies and grifters who reshaped their movement into becoming an anti-democratic cancer that attacked the U.S. Capitol."—Joe Scarborough An epic narrative chronicling the fracturing of the Republican Party, Jeremy Peters's *Insurgency* is the story of a party establishment that believed it could control the dark energy it helped foment—right up until it suddenly couldn't. How, Peters asks, did conservative values that Republicans claimed to cherish, like small government, fiscal responsibility, and morality in public service, get completely eroded as

an unshakable faith in Donald Trump grew to define the party? The answer is a tale traced across three decades—with new reporting and firsthand accounts from the people who were there—of populist uprisings that destabilized the party. The signs of conflict were plainly evident for anyone who cared to look. After Barack Obama's election convinced many Republicans that they faced an existential demographics crossroads, many believed the only way to save the party was to create a more inclusive and diverse coalition. But party leaders underestimated the energy and popular appeal of those who would pull the party in the opposite direction. They failed to see how the right-wing media they hailed as truth-telling was warping the reality in which their voters lived. And they did not understand the complicated moral framework by which many conservatives would view Trump, leading evangelicals and one-issue voters to shed Republican orthodoxy if it delivered a Supreme Court that would undo *Roe v. Wade*. In this sweeping history, Peters details key junctures and episodes to unfurl the story of a revolution from within. Its architects had little interest in the America of the new century but a deep understanding of the iron will of a shrinking minority. With Trump as their polestar, their gamble paid greater dividends than they'd ever imagined, extending the life of far-right conservatism in United States domestic policy into the next half century.

what happens if mitch mcconnell retires: One Nation After Trump E. J. Dionne, Norman J. Ornstein, Thomas E. Mann, 2017-09-19 THE INSTANT NEW YORK TIMES AND WASHINGTON POST BESTSELLER A call to action from three of Washington's premier political scholar-journalists, *One Nation After Trump* offers the definitive work on the threat posed by the Trump presidency and how to counter it. American democracy was never supposed to give the nation a president like Donald Trump. We have never had a president who gave rise to such widespread alarm about his lack of commitment to the institutions of self-government, to the norms democracy requires, and to the need for basic knowledge about how government works. We have never had a president who raises profound questions about his basic competence and his psychological capacity to take on the most challenging political office in the world. Yet if Trump is both a threat to our democracy and a product of its weaknesses, the citizen activism he has inspired is the antidote. The reaction to the crisis created by Trump's presidency can provide the foundation for an era of democratic renewal and vindicate our long experiment in self-rule. The award-winning authors of *One Nation After Trump* explain Trump's rise and the danger his administration poses to our free institutions. They also offer encouragement to the millions of Americans now experiencing a new sense of citizenship and engagement and argue that our nation needs a unifying alternative to Trump's dark and divisive brand of politics—an alternative rooted in a New Economy, a New Patriotism, a New Civil Society, and a New Democracy. *One Nation After Trump* is the essential book for our era, an unsparing assessment of the perils facing the United States and an inspiring roadmap for how we can reclaim the future.

what happens if mitch mcconnell retires: Trump on Trial Victor Edgar Rivera, 2020-11-03 This book of 13 poems by Victor Edgar Rivera, a New Jersey writer born in Mayaguez, Puerto Rico, condemns Donald Trump and his administration for their treatment of immigrants and the people of Puerto Rico after Hurricane Maria, their trampling on the rights of African-Americans, women and the LGBT community, and their erosion of civil liberties and social justice.

what happens if mitch mcconnell retires: Insecure Majorities Frances E. Lee, 2016-08-23 "[A] tour de force. Building upon her argument in *Beyond Ideology*, she adds an important wrinkle into the current divide between the parties in Congress." —*Perspectives on Politics* As Democrats and Republicans continue to vie for political advantage, Congress remains paralyzed by partisan conflict. That the last two decades have seen some of the least productive Congresses in recent history is usually explained by the growing ideological gulf between the parties, but this explanation misses another fundamental factor influencing the dynamic. In contrast to politics through most of the twentieth century, the contemporary Democratic and Republican parties compete for control of Congress at relative parity, and this has dramatically changed the parties' incentives and strategies in ways that have driven the contentious partisanship characteristic of contemporary American politics. With *Insecure Majorities*, Frances E. Lee offers a controversial new perspective on the rise

of congressional party conflict, showing how the shift in competitive circumstances has had a profound impact on how Democrats and Republicans interact. Beginning in the 1980s, most elections since have offered the prospect of a change of party control. Lee shows, through an impressive range of interviews and analysis, how competition for control of the government drives members of both parties to participate in actions that promote their own party's image and undercut that of the opposition, including the perpetual hunt for issues that can score political points by putting the opposing party on the wrong side of public opinion. More often than not, this strategy stands in the way of productive bipartisan cooperation—and it is also unlikely to change as long as control of the government remains within reach for both parties.

what happens if mitch mcconnell retires: Breaking the News James M. Fallows, 2008-06-26 A National Book Award-winning journalist offers a critical look at American press coverage, explaining how the various media have a destructive impact on Americans' involvement in the political process. Reprint. 40,000 first printing. Tour.

what happens if mitch mcconnell retires: Mr. Trump's Wild Ride Major Garrett, 2018-09-18 Major Garrett has been reporting on the White House for nearly two decades, covering four different presidencies for three news outlets. But if he thought that his distinguished journalistic career had prepared him for the unique challenges of covering Donald Trump, he was in for a surprise. Like many others in Washington, Garrett found himself having to unlearn many of his own settled notions about the nature and function of the presidency. He also had to separate the carnival-like noise of the Trump presidency from its underlying substance. For even in its first half, Trump's tenure has been highly consequential. In *Mr. Trump's Wild Ride*, Major Garrett provides what journalists are often said to do, but usually don't: a true first draft of history. His goal was to sift through the mountains of distracting tweets and shrieking headlines in order to focus on the most significant moments of Trump's young presidency, the ones that Garrett believes will have a lasting impact. The result is an authoritative, mature, and consistently entertaining account of one of the strangest eras in American political history. A consummate professional with unimpeachable integrity, remarkable storytelling skills, and a deep knowledge of his subject earned through decades of experience, Garrett brings to life the twists and turns of covering this White House and its unconventional occupant with wit, sagacity and style. *Mr. Trump's Wild Ride* should place him securely in the first rank of Washington journalists.

what happens if mitch mcconnell retires: American Carnage Tim Alberta, 2019-07-16 New York Times Bestseller "Not a conventional Trump-era book. It is less about the daily mayhem in the White House than about the unprecedented capitulation of a political party. This book will endure for helping us understand not what is happening but why it happened.... [An] indispensable work."—Washington Post Politico Magazine's chief political correspondent provides a rollicking insider's look at the making of the modern Republican Party—how a decade of cultural upheaval, populist outrage, and ideological warfare made the GOP vulnerable to a hostile takeover from the unlikelyst of insurgents: Donald J. Trump. As George W. Bush left office with record-low approval ratings and Barack Obama led a Democratic takeover of Washington, Republicans faced a moment of reckoning: they had no vision, no generation of new leaders, and no energy in the party's base. Yet Obama's progressive agenda, coupled with the nation's rapidly changing cultural identity, lit a fire under the right. Republicans regained power in Congress but spent that time fighting among themselves. With these struggles weakening the party's defenses, and with more and more Americans losing faith in the political class, the stage was set for an outsider to crash the party. When Trump descended a gilded escalator to launch his campaign in the summer of 2015, the candidate had met the moment. Only by viewing Trump as the culmination of a decade-long civil war inside the GOP can we appreciate how he won the White House and consider the fundamental questions at the center of America's current turmoil. Loaded with explosive original reporting and based on hundreds of exclusive interviews—including with key players such as President Trump, Paul Ryan, Ted Cruz, John Boehner, and Mitch McConnell—*American Carnage* takes us behind the scenes of this tumultuous period and establishes Tim Alberta as the premier chronicler of a political

era.

what happens if mitch mcconnell retires: Running Against the Devil Rick Wilson, 2020-01-14 NEW YORK TIMES BESTSELLER • A savvy guidebook for beating Trump's tricks, traps, and tweets from a founder of The Lincoln Project, now updated with new material on the historic battle between Trump and Joe Biden—and how the pandemic has changed the race “If you believe America's future depends on Donald Trump's political machine being crushed at the polls next year, then Rick Wilson's *Running Against the Devil* is a must-read.”—Joe Scarborough, MSNBC Donald Trump is exactly the disaster we feared for America. Hated by a majority of Americans, Trump's administration is corrupt, inept, and rocked by daily scandals. In the handling of 2020's coronavirus pandemic, its incompetence has been deadly. Trump can't win in 2020, right? Wrong. As 2016 proved, Trump can't win, but Joe Biden can sure as hell lose. Only one thing can save Trump, and that's a Democratic campaign that runs the race Trump wants Democrats to run instead of the campaign they must run to win in 2020. Wilson combines decades of national political experience and insight in his take-no-prisoners analysis, hammering Trump's destructive and dangerous first term in a case-by-case takedown of the worst president in history and describing the terrifying prospect of four more years of Trump. Like no one else can, Wilson blows the lid off Trump's 2020 political war machine, showing the exact strategies and tactics Republicans will use against Biden, and how the Democrats can avoid the catastrophes waiting for them if they fall into Trump's traps. *Running Against the Devil* is sharply funny, brutally honest, and infused with Wilson's biting commentary. It's a vital indictment of Trump, a no-nonsense, no-holds-barred road map to saving America, and the guide to making Donald Trump a one-term president. The stakes are too high to do anything less.

what happens if mitch mcconnell retires: Dark Money Jane Mayer, 2017-01-24 NATIONAL BESTSELLER ONE OF THE NEW YORK TIMES 10 BEST BOOKS OF THE YEAR Who are the immensely wealthy right-wing ideologues shaping the fate of America today? From the bestselling author of *The Dark Side*, an electrifying work of investigative journalism that uncovers the agenda of this powerful group. In her new preface, Jane Mayer discusses the results of the most recent election and Donald Trump's victory, and how, despite much discussion to the contrary, this was a huge victory for the billionaires who have been pouring money in the American political system. Why is America living in an age of profound and widening economic inequality? Why have even modest attempts to address climate change been defeated again and again? Why do hedge-fund billionaires pay a far lower tax rate than middle-class workers? In a riveting and indelible feat of reporting, Jane Mayer illuminates the history of an elite cadre of plutocrats—headed by the Kochs, the Scaifes, the Olins, and the Bradleys—who have bankrolled a systematic plan to fundamentally alter the American political system. Mayer traces a byzantine trail of billions of dollars spent by the network, revealing a staggering conglomeration of think tanks, academic institutions, media groups, courthouses, and government allies that have fallen under their sphere of influence. Drawing from hundreds of exclusive interviews, as well as extensive scrutiny of public records, private papers, and court proceedings, Mayer provides vivid portraits of the secretive figures behind the new American oligarchy and a searing look at the carefully concealed agendas steering the nation. *Dark Money* is an essential book for anyone who cares about the future of American democracy. National Book Critics Circle Award Finalist LA Times Book Prize Finalist PEN/Jean Stein Book Award Finalist Shortlisted for the Lukas Prize

what happens if mitch mcconnell retires: Crisis Point Trent Lott, Tom Daschle, Jon Sternfeld, 2016-01-19 With a new afterword on the 2016 election Trent Lott and Tom Daschle, two of the most prominent senators of recent time, served as leaders of their respective parties from the 1990s to the current century. Their congressional tenure saw the Reagan tax cuts, the Clinton impeachment, 9/11, and the Iraq War. Despite stark ideological differences, the two have always maintained a positive working relationship—even a warm friendship—the kind that in today's hyper-partisan climate has become unthinkable. In *Crisis Point*, Lott and Daschle come together to sound an alarm on the current polarization that has made governing all but impossible; never before

has faith in government been so dismally low. The senators itemize damaging forces--the permanent campaign, unprecedented money, the 24/7 news cycle--and offer practical recommendations, pointing the way forward. Most crucially, they recall the American people, especially our leaders, to the principles enshrined in the Constitution, and to the necessity of debate but also the imperative of compromise--which will take vision and courage to bring back. Illustrated with personal stories from their eminent careers and events cited from deeper in American history, *Crisis Point* is an invaluable work--one of conscience as well as duty, written with passion and eloquence by two men who have dedicated their lives to public service and share the conviction that all is far from lost.

what happens if mitch mcconnell retires: *The Authority of the Court and the Peril of Politics* Stephen Breyer, 2021-09-14 A sitting justice reflects upon the authority of the Supreme Court—how that authority was gained and how measures to restructure the Court could undermine both the Court and the constitutional system of checks and balances that depends on it. A growing chorus of officials and commentators argues that the Supreme Court has become too political. On this view the confirmation process is just an exercise in partisan agenda-setting, and the jurists are no more than politicians in robes—their ostensibly neutral judicial philosophies mere camouflage for conservative or liberal convictions. Stephen Breyer, drawing upon his experience as a Supreme Court justice, sounds a cautionary note. Mindful of the Court’s history, he suggests that the judiciary’s hard-won authority could be marred by reforms premised on the assumption of ideological bias. Having, as Hamilton observed, “no influence over either the sword or the purse,” the Court earned its authority by making decisions that have, over time, increased the public’s trust. If public trust is now in decline, one part of the solution is to promote better understandings of how the judiciary actually works: how judges adhere to their oaths and how they try to avoid considerations of politics and popularity. Breyer warns that political intervention could itself further erode public trust. Without the public’s trust, the Court would no longer be able to act as a check on the other branches of government or as a guarantor of the rule of law, risking serious harm to our constitutional system.

what happens if mitch mcconnell retires: *Oath and Honor* Liz Cheney, 2023-12-05 INSTANT #1 BESTSELLER: A gripping first-hand account of the January 6th, 2021, insurrection from inside the halls of Congress, from origins to aftermath, as Donald Trump and his enablers betrayed the American people and the Constitution—by the House Republican leader who dared to stand up to it. In the aftermath of the 2020 presidential election, Donald Trump and many around him, including certain other elected Republican officials, intentionally breached their oath to the Constitution: they ignored the rulings of dozens of courts, plotted to overturn a lawful election, and provoked a violent attack on our Capitol. Liz Cheney, one of the few Republican officials to take a stand against these efforts, witnessed the attack first-hand, and then helped lead the Congressional Select Committee investigation into how it happened. In *Oath and Honor*, she tells the story of this perilous moment in our history, those who helped Trump spread the stolen election lie, those whose actions preserved our constitutional framework, and the risks we still face.

what happens if mitch mcconnell retires: *Landslide* Michael Wolff, 2021-07-13 An instant New York Times bestseller. Critics agree: Michael Wolff’s *Landslide* is THE book on Trump. “*Landslide* . . . is the one to leap upon. Smart, vivid and intrepid . . .” —The New York Times “I inhaled *Landslide*, gobbled it up.” —Slate “Wow. Just wow . . .” —Evening Standard “Cruel, unforgiving, muckraking, scandalous. I couldn’t stop reading it.” —The Telegraph We all witnessed some of the most shocking and confounding political events of our lifetime: the careening last stage of Donald J. Trump’s reelection campaign, the president’s audacious election challenge, the harrowing mayhem of January 6, the buffoonery of the second impeachment trial. But what was really going on in the inner sanctum of the White House during these calamitous events? What did the president and his dwindling cadre of loyalists actually believe? And what were they planning? Michael Wolff pulled back the curtain on the Trump presidency with his #1 bestselling blockbuster *Fire and Fury*. Now, in *Landslide*, he closes the door on the presidency with a final, astonishingly candid account. Wolff embedded himself in the White House in 2017 and gave us a vivid picture of

the chaos that had descended on Washington. Almost four years later, Wolff finds the Oval Office even more chaotic and bizarre, a kind of Star Wars bar scene. At all times of the day, Trump, behind the Resolute desk, is surrounded by schemers and unqualified sycophants who spoon-feed him the “alternative facts” he hungers to hear—about COVID-19, Black Lives Matter protests, and, most of all, his chance of winning reelection. Once again, Wolff has gotten top-level access and takes us front row as Trump’s circle of plotters whittles down to the most enabling and the president reaches beyond the bounds of democracy as he entertains the idea of martial law and balks at calling off the insurrectionist mob that threatens the institution of democracy itself. As the Trump presidency’s hold over the country spiraled out of control, an untold and human account of desperation, duplicity, and delusion was unfolding within the West Wing. Landslide is that story as only Michael Wolff can tell it.

what happens if mitch mcconnell retires: *I Alone Can Fix It* Carol Leonnig, Philip Rucker, 2021-07-20 The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of *A Very Stable Genius*. “Chilling.” – Anderson Cooper “Jaw-dropping.” – John Berman “Shocking.” – John Heilemann “Explosive.” – Hallie Jackson “Blockbuster new reporting.” – Nicolle Wallace “Bracing new revelations.” – Brian Williams “Bombshell reporting.” – David Muir The true story of what took place in Donald Trump’s White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency’s inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump’s supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

what happens if mitch mcconnell retires: *It Was All a Lie* Stuart Stevens, 2021-09-14 NEW YORK TIMES BESTSELLER • From the most successful Republican political operative of his generation, a searing, unflinching, and deeply personal exposé of how his party became what it is today “A blistering tell-all history. In his bare-knuckles account, Stevens confesses [that] the entire apparatus of his Republican Party is built on a pack of lies. —The New York Times Stuart Stevens spent decades electing Republicans at every level, from presidents to senators to local officials. He knows the GOP as intimately as anyone in America, and in this new book he offers a devastating portrait of a party that has lost its moral and political compass. This is not a book about how Donald J. Trump hijacked the Republican Party and changed it into something else. Stevens shows how Trump is in fact the natural outcome of five decades of hypocrisy and self-delusion, dating all the way back to the civil rights legislation of the early 1960s. Stevens shows how racism has always lurked in the modern GOP's DNA, from Goldwater's opposition to desegregation to Ronald Reagan's welfare queens and states' rights rhetoric. He gives an insider's account of the rank hypocrisy of the

party's claims to embody family values, and shows how the party's vaunted commitment to fiscal responsibility has been a charade since the 1980s. When a party stands for nothing, he argues, it is only natural that it will be taken over by the loudest and angriest voices in the room.

what happens if mitch mcconnell retires: Democracy in One Book or Less David Litt, 2020-06-16 New York Times–Bestselling Author: “Brings Dave Barry-style humor to an illuminating book on what is wrong with American democracy—and how to put it right.” —The Washington Post The democracy you live in today is different—completely different—from the democracy you were born into. You probably don't realize just how radically your republic has been altered during your lifetime. Yet more than any policy issue, political trend, or even Donald Trump himself, our redesigned system of government is responsible for the peril America faces today. What explains the gap between what We, the People want and what our elected leaders do? How can we fix our politics before it's too late? And how can we truly understand the state of our democracy without wanting to crawl under a rock? That's what former Obama speechwriter David Litt set out to answer. Poking into forgotten corners of history, translating political science into plain English, and traveling the country to meet experts and activists, Litt explains how the world's greatest experiment in democracy went awry. (He also tries to crash a party at Mitch McConnell's former frat house. It goes poorly.) The result is something you might not have thought possible: an unexpectedly funny page-turner about the political process. You'll meet the Supreme Court justice charged with murder, learn how James Madison's college roommate broke the Senate, encounter a citrus thief who embodies what's wrong with our elections, and join Belle the bill as she tries to become a law (a quest far more harrowing than the one in *Schoolhouse Rock!*). Yet despite his clear-eyed assessment of the dangers we face, Litt remains audaciously optimistic. He offers a to-do list of bold yet achievable changes—a blueprint for restoring the balance of power in America. “In the book's strongest contribution, Litt shows how radically our democracy has been altered in recent decades . . . [making] the case that nearly all of these negative trends are occurring by design.” —The Washington Post “Wry, quickly readable, yet informed.” —The Atlantic “Equal parts how-to, historical, and hilarious.” —Keegan-Michael Key

what happens if mitch mcconnell retires: Exceptions to the Rule Molly E. Reynolds, 2017-07-18 Special rules enable the Senate to act despite the filibuster. Sometimes. Most people believe that, in today's partisan environment, the filibuster prevents the Senate from acting on all but the least controversial matters. But this is not exactly correct. In fact, the Senate since the 1970s has created a series of special rules—described by Molly Reynolds as “majoritarian exceptions”—that limit debate on a wide range of measures on the Senate floor. The details of these exemptions might sound arcane and technical, but in practice they have enabled the Senate to act even when it otherwise seemed paralyzed. Important examples include procedures used to pass the annual congressional budget resolution, enact budget reconciliation bills, review proposals to close military bases, attempt to prevent arms sales, ratify trade agreements, and reconsider regulations promulgated by the executive branch. Reynolds argues that these procedures represent a key instrument of majority party power in the Senate. They allow the majority—even if it does not have the sixty votes needed to block a filibuster—to produce policies that will improve its future electoral prospects, and thus increase the chances it remains the majority party. As a case study, *Exceptions to the Rule* examines the Senate's role in the budget reconciliation process, in which particular congressional committees are charged with developing procedurally protected proposals to alter certain federal programs in their jurisdictions. Created as a way of helping Congress work through tricky budget issues, the reconciliation process has become a powerful tool for the majority party to bypass the minority and adopt policy changes in hopes that it will benefit in the next election cycle.

what happens if mitch mcconnell retires: Reason Robert B. Reich, 2005-03-08 For anyone who believes that liberal isn't a dirty word but a term of honor, this book will be as revitalizing as oxygen. For in the pages of *Reason*, one of our most incisive public thinkers, and a former secretary of labor mounts a defense of classical liberalism that's also a guide for rolling back twenty years of radical conservative domination of our politics and political culture. To do so, Robert B. Reich shows

how liberals can: .Shift the focus of the values debate from behavior in the bedroom to malfeasance in the boardroom .Remind Americans that real prosperity depends on fairness .Reclaim patriotism from those who equate it with pre-emptive war-making and the suppression of dissent If a single book has the potential to restore our country's good name and common sense, it's this one.

what happens if mitch mcconnell retires: Betrayal Jonathan Karl, 2021-11-16 ***THE INSTANT New York Times, Wall Street Journal, USA Today, and IndieBound BESTSELLER*** An NPR Book of the Day Picking up where the New York Times bestselling Front Row at the Trump Show left off, this is the explosive look at the aftermath of the election—and the events that followed Donald Trump's leaving the White House all the way to January 6—from ABC News' chief Washington correspondent. Nobody is in a better position to tell the story of the shocking final chapter of the Trump show than Jonathan Karl. As the reporter who has known Donald Trump longer than any other White House correspondent, Karl told the story of Trump's rise in the New York Times bestseller Front Row at the Trump Show. Now he tells the story of Trump's downfall, complete with riveting behind-the-scenes accounts of some of the darkest days in the history of the American presidency and packed with original reporting and on-the-record interviews with central figures in this drama who are telling their stories for the first time. This is a definitive account of what was really going on during the final weeks and months of the Trump presidency and what it means for the future of the Republican Party, by a reporter who was there for it all. He has been taunted, praised, and vilified by Donald Trump, and now Jonathan Karl finds himself in a singular position to deliver the truth.

what happens if mitch mcconnell retires: Presidential Pork John Hudak, 2014-02-27 Presidential earmarks? Perhaps even more so than their counterparts in Congress, presidents have the motive and the means to politicize spending for political power. But do they? In Presidential Pork, John Hudak explains and interprets presidential efforts to control federal spending and accumulate electoral rewards from that power. The projects that members of Congress secure for their constituents certainly attract attention. Political pundits still chuckle about the "Bridge to Nowhere." But Hudak clearly illustrates that while Congress claims credit for earmarks and pet projects, the practice is alive and well in the White House, too. More than any representative or senator, presidents engage in pork barrel spending in a comprehensive and systematic way to advance their electoral interests. It will come as no surprise that the White House often steers the enormous federal bureaucracy to spend funds in swing states. It is a major advantage that only incumbents enjoy. Hudak reconceptualizes the way in which we view the U.S. presidency and the goals and behaviors of those who hold the nation's highest office. He illustrates that presidents and their White Houses are indeed complicit in distributing presidential pork—and how they do it. The result is an illuminating and highly original take on presidential power and public policy.

what happens if mitch mcconnell retires: The Room Where It Happened John Bolton, 2020-06-23 As President Trump's National Security Advisor, John Bolton spent many of his 453 days in the room where it happened, and the facts speak for themselves. The result is a White House memoir that is the most comprehensive and substantial account of the Trump Administration, and one of the few to date by a top-level official. With almost daily access to the President, John Bolton has produced a precise rendering of his days in and around the Oval Office. What Bolton saw astonished him: a President for whom getting reelected was the only thing that mattered, even if it meant endangering or weakening the nation. "I am hard-pressed to identify any significant Trump decision during my tenure that wasn't driven by reelection calculations," he writes. In fact, he argues that the House committed impeachment malpractice by keeping its prosecution focused narrowly on Ukraine when Trump's Ukraine-like transgressions existed across the full range of his foreign policy—and Bolton documents exactly what those were, and attempts by him and others in the Administration to raise alarms about them. He shows a President addicted to chaos, who embraced our enemies and spurned our friends, and was deeply suspicious of his own government. In Bolton's telling, all this helped put Trump on the bizarre road to impeachment. "The differences between this presidency and previous ones I had served were stunning," writes Bolton, who worked

for Reagan, Bush 41, and Bush 43. He discovered a President who thought foreign policy is like closing a real estate deal—about personal relationships, made-for-TV showmanship, and advancing his own interests. As a result, the US lost an opportunity to confront its deepening threats, and in cases like China, Russia, Iran, and North Korea ended up in a more vulnerable place. Bolton's account starts with his long march to the West Wing as Trump and others woo him for the National Security job. The minute he lands, he has to deal with Syria's chemical attack on the city of Douma, and the crises after that never stop. As he writes in the opening pages, "If you don't like turmoil, uncertainty, and risk—all the while being constantly overwhelmed with information, decisions to be made, and sheer amount of work—and enlivened by international and domestic personality and ego conflicts beyond description, try something else." The turmoil, conflicts, and egos are all there—from the upheaval in Venezuela, to the erratic and manipulative moves of North Korea's Kim Jong Un, to the showdowns at the G7 summits, the calculated warmongering by Iran, the crazy plan to bring the Taliban to Camp David, and the placating of an authoritarian China that ultimately exposed the world to its lethal lies. But this seasoned public servant also has a great eye for the Washington inside game, and his story is full of wit and wry humor about how he saw it played.

what happens if mitch mcconnell retires: *Republican Rescue* Chris Christie, 2021-11-16
Enough with the infighting, the truth-denying, the wild conspiracy claims, the looking backward, and the refusal to focus on the dangerous Biden agenda. Here's Chris Christie's urgent guide for recapturing Republican glory and winning elections again, told with all the New Jersey frankness and news-breaking insights that have made the two-term governor and presidential candidate an indispensable voice and instant New York Times bestselling author. As governor of New Jersey and a key Trump insider and longtime friend, Chris Christie has always been known for speaking his mind. Now that the depressing 2020 election is finally behind us, he shares his bold insights on how a battered Republican Party can soar into the future and start winning big elections again. The wrong answers are everywhere. Dangerous conspiracy theorists. A tired establishment. Truth deniers and political cowards. In *Republican Rescue*, Christie reveals exactly how absurd grievances and self-inflicted wounds sabotaged Donald Trump's many successes and allowed Democrats to capture the White House, the House, and Senate in two years—a first for the GOP since the days of Herbert Hoover. In his frank and compelling voice, Christie dissects the last year of the Trump administration—which provoked nothing but conspiracy theories and infighting—and he lays out an honest and hopeful vision, explaining how Republicans can capture the future and save America from today's damaging Democratic excesses. The core Republican values of Abraham Lincoln, Teddy Roosevelt, and Ronald Reagan are as relevant now as they've ever been, Christie writes. Opportunity for all. A strong national defense. Leaders we can all be proud of. Americans in charge of their own lives. A federal government that answers to the people—not the other way around. But these Republican ideals need to be reinvigorated with fresh clarity and open arms. Christie watched in horror as some in his beloved party embraced paranoia and explained away violence. Determined to restore the party's integrity and success, he shows how to build a movement voters will flock to again, a Republicanism that's blunt, smart, conservative, potent, and perfectly suited for the 21st century.

what happens if mitch mcconnell retires: Breaking the Two-party Doom Loop Lee Drutman, 2020 American democracy is in deep crisis. But what do we do about it? That depends on how we understand the current threat. In *Breaking the Two-Party Doom Loop*, Lee Drutman argues that we now have, for the first time in American history, a genuine two-party system, with two fully-sorted, truly national parties, divided over the character of the nation. And it's a disaster. It's a party system fundamentally at odds with our anti-majoritarian, compromise-oriented governing institutions. It threatens the very foundations of fairness and shared values on which our democracy depends. Deftly weaving together history, democratic theory, and cutting-edge political science research, Drutman tells the story of how American politics became so toxic and why the country is now trapped in a doom loop of escalating two-party warfare from which there is only one escape: increase the number of parties through electoral reform. As he shows, American politics was once

stable because the two parties held within them multiple factions, which made it possible to assemble flexible majorities and kept the climate of political combat from overheating. But as conservative Southern Democrats and liberal Northeastern Republicans disappeared, partisan conflict flattened and pulled apart. Once the parties became fully nationalized - a long-germinating process that culminated in 2010 - toxic partisanship took over completely. With the two parties divided over competing visions of national identity, Democrats and Republicans no longer see each other as opponents, but as enemies. And the more the conflict escalates, the shakier our democracy feels. Breaking the Two-Party Doom Loop makes a compelling case for large scale electoral reform - importantly, reform not requiring a constitutional amendment - that would give America more parties, making American democracy more representative, more responsive, and ultimately more stable.

what happens if mitch mcconnell retires: Madam Speaker Susan Page, 2021-04-20 AN INSTANT NEW YORK TIMES BESTSELLER! The definitive biography of Nancy Pelosi, the most powerful woman in American political history, written by New York Times bestselling author and USA Today Washington bureau chief Susan Page. Featuring more than 150 exclusive interviews with those who know her best—and a series of in-depth, news-making interviews with Pelosi herself—MADAM SPEAKER is unprecedented in the scope of its exploration of Nancy Pelosi's remarkable life and of her indelible impact on American politics. Before she was Nancy Pelosi, she was Nancy D'Alesandro. Her father was a big-city mayor and her mother his political organizer; when she encouraged her young daughter to become a nun, Nancy told her mother that being a priest sounded more appealing. She didn't begin running for office until she was forty-six years old, her five children mostly out of the nest. With that, she found her calling. Nancy Pelosi has lived on the cutting edge of the revolution in both women's roles and in the nation's movement to a fiercer and more polarized politics. She has established herself as a crucial friend or formidable foe to U.S. presidents, a master legislator, and an indefatigable political warrior. She took on the Democratic establishment to become the first female Speaker of the House, then battled rivals on the left and right to consolidate her power. She has soared in the sharp-edged inside game of politics, though she has struggled in the outside game—demonized by conservatives, second-guessed by progressives, and routinely underestimated by nearly everyone. All of this was preparation for the most historic challenge she would ever face, at a time she had been privately planning her retirement. When Donald Trump was elected to the White House, Nancy Pelosi became the Democratic counterpart best able to stand up to the disruptive president and to get under his skin. The battle between Trump and Pelosi, chronicled in this book with behind-the-scenes details and revelations, stands to be the titanic political struggle of our time.

what happens if mitch mcconnell retires: The Enigma of Clarence Thomas Corey Robin, 2019-09-24 The Enigma of Clarence Thomas is a groundbreaking revisionist take on the Supreme Court justice everyone knows about but no one knows. "One of the marvels of Robin's razor-sharp book is how carefully he marshals his evidence.... It isn't every day that reading about ideas can be both so gratifying and unsettling." - The New York Times Most people can tell you two things about Clarence Thomas: Anita Hill accused him of sexual harassment, and he almost never speaks from the bench. Here are some things they don't know: Thomas is a black nationalist. In college he memorized the speeches of Malcolm X. He believes white people are incurably racist. In the first examination of its kind, Corey Robin - one of the foremost analysts of the right (The Reactionary Mind) - delves deeply into both Thomas's biography and his jurisprudence, masterfully reading his Supreme Court opinions against the backdrop of his autobiographical and political writings and speeches. The hidden source of Thomas's conservative views, Robin shows, is a profound skepticism that racism can be overcome. Thomas is convinced that any government action on behalf of African-Americans will be tainted by racism; the most African-Americans can hope for is that white people will get out of their way. There's a reason, Robin concludes, why liberals often complain that Thomas doesn't speak but seldom pay attention when he does. Were they to listen, they'd hear a racial pessimism that often sounds similar to their own. Cutting across the ideological spectrum, this

unacknowledged consensus about the impossibility of progress is key to understanding today's political stalemate.

what happens if mitch mcconnell retires: Fracking 101 Eric George, 2016-04-24 Fracking, or hydraulic fracturing to give its proper name, has become part of our lives recently, due to the massive exploitation of America's shale oil and gas fields. Along the way it has stirred up controversy, with passionate opponents fighting against the oil companies. The fight has generated a lot of heat, but not much understanding. This guide, written by some-one who knows what he is talking about takes a detached, neutral view of the subject. Without pushing a view for or against, it provides the factual background you need to form an opinion of your own. An Informed and Neutral Introduction Like most people I have heard of fracking, but did I really understand what it was? To answer honestly, no. I knew it had something to do with mining and was perhaps destructive to the land. To me, it was just one of those words of the moment. This guide has given me a real sense and understanding of what fracking is. It allowed me, someone who has no experience in this field, to learn about the pros and cons of fracking, without having the good and bad of it forced down my throat. If you want an informed and neutral introduction into fracking, then this is the guide for you.
~ Debbie Prewer

what happens if mitch mcconnell retires: It's Time to Fight Dirty David Faris, 2018-04-10 An accessible, actionable blueprint for how Democrats can build lasting, durable change—without having to amend the Constitution. “American democracy could disappear altogether within our own lifetimes. Everyone who wants to avoid that catastrophe must read his book.” —Guardian The American electoral system is clearly falling apart—more than one recent presidential race has resulted in the clear winner of the popular vote losing the electoral college vote, and Trump's refusal to concede in 2020 broke with all precedents...at least for now. Practical solutions need to be implemented as soon as possible. And so in It's Time to Fight Dirty, political scientist David Faris outlines accessible, actionable strategies for American institutional reform which don't require a constitutional amendment, and would have a lasting impact on our future. With equal amounts of playful irreverence and persuasive reasoning, Faris describes how the Constitution's deep democratic flaws constantly put progressives at a disadvantage, and lays out strategies for “fighting dirty” though obstructionism and procedural warfare: establishing statehood for DC and Puerto Rico; breaking California into several states; creating a larger House of Representatives; passing a new voting rights act; and expanding the Supreme Court. The Constitution may be the world's most difficult document to amend, but Faris argues that many of America's democratic failures can be fixed within its rigid confines—and, at a time when the stakes have never been higher, he outlines a path for long-term, progressive change in the United States so that the electoral gains of 2020 aren't lost again.

what happens if mitch mcconnell retires: It's Even Worse Than It Looks Thomas E. Mann, Norman J. Ornstein, 2016-04-05 Acrimony and hyperpartisanship have seeped into every part of the political process. Congress is deadlocked and its approval ratings are at record lows. America's two main political parties have given up their traditions of compromise, endangering our very system of constitutional democracy. And one of these parties has taken on the role of insurgent outlier; the Republicans have become ideologically extreme, scornful of compromise, and ardently opposed to the established social and economic policy regime. In It's Even Worse Than It Looks, congressional scholars Thomas Mann and Norman Ornstein identify two overriding problems that have led Congress -- and the United States -- to the brink of institutional collapse. The first is the serious mismatch between our political parties, which have become as vehemently adversarial as parliamentary parties, and a governing system that, unlike a parliamentary democracy, makes it extremely difficult for majorities to act. Second, while both parties participate in tribal warfare, both sides are not equally culpable. The political system faces what the authors call &asymmetric polarization, with the Republican Party implacably refusing to allow anything that might help the Democrats politically, no matter the cost. With dysfunction rooted in long-term political trends, a coarsened political culture and a new partisan media, the authors conclude that there is no &silver

bullet; reform that can solve everything. But they offer a panoply of useful ideas and reforms, endorsing some solutions, like greater public participation and institutional restructuring of the House and Senate, while debunking others, like independent or third-party candidates. Above all, they call on the media as well as the public at large to focus on the true causes of dysfunction rather than just throwing the bums out every election cycle. Until voters learn to act strategically to reward problem solving and punish obstruction, American democracy will remain in serious danger.

What Happens If Mitch McConnell Retires Introduction

FAQs About What Happens If Mitch McConnell Retires Books

What is a What Happens If Mitch McConnell Retires PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a What Happens If Mitch McConnell Retires PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a What Happens If Mitch McConnell Retires PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a What Happens If Mitch McConnell Retires PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a What Happens If Mitch McConnell Retires PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a

PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
