

What Is A Rino In Politics

What is a RINO in Politics? Decoding the Elephant in the Room

Introduction:

The political landscape is often fraught with jargon and labels, and few are as charged and contentious as "RINO." This seemingly simple acronym – representing "Republican In Name Only" – has become a potent weapon in the ongoing battles within the Republican party and, increasingly, a talking point in broader political discourse. This in-depth analysis will dissect the meaning of RINO, explore its historical context, examine its implications for the Republican party and American politics, and ultimately, help you understand its significance in today's political climate. We'll delve into the criteria used to label someone a RINO, the consequences of the label, and its broader impact on the political spectrum. Get ready to unpack this complex and highly relevant political phenomenon.

What Defines a RINO? The Shifting Sands of Conservatism

The term "RINO" is inherently subjective and its definition has evolved over time, mirroring the shifting ideological landscape of the Republican party. Initially, it targeted Republicans deemed insufficiently conservative, deviating from the party's established platform on issues like taxation, government regulation, and social policies. However, the rise of populist and nationalist sentiments within the party has dramatically reshaped the definition.

Today, being labeled a RINO can encompass a broader range of perceived offenses:

Deviation from Trumpism: Since the rise of Donald Trump, aligning with Trump's ideology and rhetoric has become a crucial litmus test. Those perceived as critical of Trump, or who prioritize traditional Republican principles over unwavering loyalty to the former president, often face the RINO label.

Support for Bipartisanship: Working across the aisle to achieve legislative goals is increasingly viewed with suspicion, even hostility, by some segments of the Republican base. Compromise is often seen as a sign of weakness or betrayal.

Moderate Stances on Social Issues: While the Republican party has historically held conservative positions on social issues, the current climate often sees even moderate stances labeled as RINO behavior. Support for gun control reform or LGBTQ+ rights, for example, can draw the ire of hardline conservatives.

Criticism of Conservative Media: Challenging the narratives promoted by conservative media outlets, or questioning the veracity of information disseminated through these channels, can also trigger the RINO label.

Support for "Establishment" Republicans: Backing establishment figures within the party, particularly those perceived as part of the "deep state" or "swamp," is another common reason for the RINO designation.

The Impact of the RINO Label: Political Consequences and Polarization

The implications of being labeled a RINO are significant, extending far beyond mere name-calling. The label carries substantial political weight, capable of:

Damaging Political Careers: The RINO label can severely damage a politician's reputation within the party, making it difficult to secure endorsements, fundraising, and ultimately, re-election. Primary challenges from more conservative candidates become highly probable.

Fueling Primary Challenges: The label serves as a potent weapon in primary elections, allowing challengers to paint incumbents as insufficiently conservative and out of touch with the base.

Dividing the Republican Party: The frequent use of the RINO label contributes significantly to the internal divisions within the Republican party, exacerbating ideological conflicts and hindering party unity.

Encouraging Political Extremism: The constant pressure to adhere to an increasingly narrow definition of conservatism can push politicians towards more extreme positions to avoid the RINO label, further polarizing the political climate.

Eroding Trust in the Political Process: The constant attacks and labeling contribute to a climate of distrust in political institutions and figures, undermining public faith in the democratic process.

The Broader Implications: Beyond the Republican Party

While the term "RINO" is intrinsically linked to the Republican party, its implications extend beyond internal party dynamics. The phenomenon highlights:

The Rise of Populism: The prevalence of the RINO label reflects the growing influence of populist and nationalist movements within the Republican party, demonstrating the power of these movements to reshape party ideology and identity.

Increased Political Polarization: The labeling contributes to heightened political polarization, making constructive dialogue and compromise increasingly difficult.

The Importance of Party Loyalty: The term underscores the significance of party loyalty in contemporary American politics, even over policy positions or broader ideological considerations.

Conclusion: Navigating the Complexities of the RINO Label

The RINO label is a complex phenomenon with far-reaching implications for the Republican party and American politics as a whole. Understanding its meaning, its historical evolution, and its consequences is crucial for navigating the complexities of the modern political landscape. The label's power lies not just in its inherent meaning, but in its ability to mobilize support and galvanize opposition within the party, contributing significantly to the ongoing ideological battles within the Republican party and influencing the broader political discourse. The future of the Republican party, and indeed the American political system, may well depend on how these internal conflicts are resolved.

Article Outline:

Name: Deconstructing the RINO: A Deep Dive into Republican Politics

Introduction: Hooking the reader with the controversy surrounding the term "RINO."

Chapter 1: Defining "RINO": Exploring the evolving definition and the criteria used to label someone a RINO.

Chapter 2: The Impact of the RINO Label: Analyzing the political consequences and the effects on individuals and the party.

Chapter 3: Broader Implications: Examining the rise of populism, increased polarization, and the role of party loyalty.

Chapter 4: Conclusion: Summarizing the key findings and offering insights into the future of the RINO phenomenon.

(Note: The above outline is reflected in the content of the article itself.)

FAQs:

1. Is "RINO" an official political designation? No, it's a derogatory term used informally within political discourse.
2. Who typically uses the term "RINO"? Generally, it's used by more conservative elements within the Republican party to criticize those they perceive as insufficiently conservative.
3. Can Democrats be called RINOs? No, the term is specifically used within the context of the Republican party.
4. Has the definition of "RINO" changed over time? Yes, its meaning has evolved, particularly with the rise of Donald Trump and the shift in Republican ideology.
5. What are the consequences of being labeled a RINO? It can severely damage a politician's career, leading to primary challenges and diminished support.
6. Does the RINO label contribute to political polarization? Yes, it significantly contributes to the already heightened polarization within American politics.
7. What are some examples of policies that might lead to a politician being called a RINO? Supporting gun control, advocating for bipartisan solutions, or criticizing Donald Trump.
8. Is the use of the term "RINO" constructive for political discourse? Generally, no, as it tends to be divisive and unproductive.
9. How does the RINO label affect the Republican party's unity? It significantly contributes to internal divisions and hinders party cohesion.

what is a rino in politics: *Burning Down the House* Julian E. Zelizer, 2020-07-07 A New York Times Notable Book! A New York Times Book Review Editors' Choice The story of how Newt Gingrich and his allies tainted American politics, launching an enduring era of brutal partisan warfare When Donald Trump was elected president in 2016, President Obama observed that Trump "is not an outlier; he is a culmination, a logical conclusion of the rhetoric and tactics of the Republican Party." In *Burning Down the House*, historian Julian Zelizer pinpoints the moment when our country was set on a path toward an era of bitterly partisan and ruthless politics, an era that was ignited by Newt Gingrich and his allies. In 1989, Gingrich brought down Democratic Speaker of the House Jim Wright and catapulted himself into the national spotlight. Perhaps more than any other politician, Gingrich introduced the rhetoric and tactics that have shaped Congress and the Republican Party for the last three decades. Elected to Congress in 1978, Gingrich quickly became one of the most powerful figures in America not through innovative ideas or charisma, but through a calculated campaign of attacks against political opponents, casting himself as a savior in a fight of good versus evil. Taking office in the post-Watergate era, he weaponized the good government reforms newly introduced to fight corruption, wielding the rules in ways that shocked the legislators who had created them. His crusade against Democrats culminated in the plot to destroy the political career of Speaker Wright. While some of Gingrich's fellow Republicans were disturbed by the viciousness of his attacks, party leaders enjoyed his successes so much that they did little collectively to stand in his way. Democrats, for their part, were alarmed, but did not want to sink to his level and took no effective actions to stop him. It didn't seem to matter that Gingrich's moral conservatism was hypocritical or that his methods were brazen, his accusations of corruption permanently tarnished his opponents. This brand of warfare worked, not as a strategy for governance but as a path to power, and what Gingrich planted, his fellow Republicans reaped. He led them to their first majority in Congress in decades, and his legacy extends far beyond his tenure in office. From the Contract with America to the rise of the Tea Party and the Trump presidential campaign, his fingerprints can be seen throughout some of the most divisive episodes in contemporary American politics. *Burning Down the House* presents the alarming narrative of how Gingrich and his allies created a new normal in Washington.

what is a rino in politics: *How the Right Lost Its Mind* Charles J. Sykes, 2017-10-03 Bracing and immediate. - The Washington Post Once at the center of the American conservative movement, bestselling author and radio host Charles Sykes is a fierce opponent of Donald Trump and the right-wing media that enabled his rise. In *How the Right Lost Its Mind*, Sykes presents an impassioned, regretful, and deeply thoughtful account of how the American conservative movement came to lose its values. How did a movement that was defined by its belief in limited government, individual liberty, free markets, traditional values, and civility find itself embracing bigotry, political intransigence, demagoguery, and outright falsehood? *How the Right Lost its Mind* addresses: *Why are so many voters so credulous and immune to factual information reported by responsible media? *Why did conservatives decide to overlook, even embrace, so many of Trump's outrages, gaffes, conspiracy theories, falsehoods, and smears? *Can conservatives govern? Or are they content merely to rage? *How can the right recover its traditional values and persuade a new generation of their

worth?

what is a rino in politics: Rule and Ruin Geoffrey Kabaservice, 2012-01-02 The chaotic events leading up to Mitt Romney's defeat in the 2012 election indicated how far the Republican Party had rocketed rightward away from the center of public opinion. Republicans in Congress threatened to shut down the government and force a U.S. debt default. Tea Party activists mounted primary challenges against Republican officeholders who appeared to exhibit too much pragmatism or independence. Moderation and compromise were dirty words in the Republican presidential debates. The GOP, it seemed, had suddenly become a party of ideological purity. Except this development is not new at all. In *Rule and Ruin*, Geoffrey Kabaservice reveals that the moderate Republicans' downfall began not with the rise of the Tea Party but about the time of President Dwight Eisenhower's farewell address. Even in the 1960s, when left-wing radicalism and right-wing backlash commanded headlines, Republican moderates and progressives formed a powerful movement, supporting pro-civil rights politicians like Nelson Rockefeller and William Scranton, battling big-government liberals and conservative extremists alike. But the Republican civil war ended with the overthrow of the moderate ideas, heroes, and causes that had comprised the core of the GOP since its formation. In hindsight, it is today's conservatives who are Republicans in Name Only. Writing with passionate sympathy for a bygone tradition of moderation, Kabaservice recaptures a time when fiscal restraint was matched with social engagement; when a cohort of leading Republicans opposed the Vietnam war; when George Romney--father of Mitt Romney--conducted a nationwide tour of American poverty, from Appalachia to Watts, calling on society to listen to the voices from the ghetto. *Rule and Ruin* is an epic, deeply researched history that reorients our understanding of our political past and present. Today, following the Republicans' loss of the popular vote in five of the last six presidential contests, moderates remain marginalized in the GOP and progressives are all but nonexistent. In this insightful and elegantly argued book, Kabaservice contends that their decline has left Republicans less capable of governing responsibly, with dire consequences for all Americans. He has added a new afterword that considers the fallout from the 2012 elections.

what is a rino in politics: American Individualism Margaret Hoover, 2012-08-15 A Fox News analyst argues for a redefinition of conservatism that will modernize outdated Republican ideas and enable a younger generation to embrace the party, defining her views about Individualism while contending that universal, conservative beliefs can be adapted to revitalize Republican political strength.

what is a rino in politics: How to Bag a RINO Gray Delany, Zach Werrell, 2015-09-11 The defeat of House Majority Leader Eric Cantor on June 10, 2014, was the most stunning upset in modern political history. Shown by his own polling to be leading by 34 points in the Virginia district he'd represented fourteen years, outspending little-known primary opponent Dave Brat 40-1, Cantor - widely presumed to be the next Speaker - was crushed by eleven points. Typically, the elite media had totally missed the story, buying into the narrative of Cantor-the-inevitable. Meanwhile the Brat campaign was putting together a vast, highly motivated grassroots army that day by day, voter by voter, was exposing Cantor for who he really was: not the staunch 'young gun' conservative he played on TV, but one of the nation's leading RINOs (Republican in Name Only), indifferent to his constituents, deeply self-interested and a key behind-the-scenes Democrat enabler on Obamacare, immigration and spending. The architects of that remarkable, against-all-odds victory were 23-year old Zach Werrell and 24-year old Gray Delany. In 'How to Bag a RINO, ' they reveal in detail how it was achieved, and why it is a model for similar insurgent GOP campaigns across America as grassroots Republicans fight to take back their party, and the country. This is the book the Republican Establishment does NOT want you to read - Peter Schweizer, author of 'Clinton Cash' and 'Throw Them All Out.'

what is a rino in politics: It's Even Worse Than It Looks Thomas E. Mann, Norman J. Ornstein, 2016-04-05 Acrimony and hyperpartisanship have seeped into every part of the political process. Congress is deadlocked and its approval ratings are at record lows. America's two main

political parties have given up their traditions of compromise, endangering our very system of constitutional democracy. And one of these parties has taken on the role of insurgent outlier; the Republicans have become ideologically extreme, scornful of compromise, and ardently opposed to the established social and economic policy regime. In *It's Even Worse Than It Looks*, congressional scholars Thomas Mann and Norman Ornstein identify two overriding problems that have led Congress -- and the United States -- to the brink of institutional collapse. The first is the serious mismatch between our political parties, which have become as vehemently adversarial as parliamentary parties, and a governing system that, unlike a parliamentary democracy, makes it extremely difficult for majorities to act. Second, while both parties participate in tribal warfare, both sides are not equally culpable. The political system faces what the authors call &asymmetric polarization, with the Republican Party implacably refusing to allow anything that might help the Democrats politically, no matter the cost. With dysfunction rooted in long-term political trends, a coarsened political culture and a new partisan media, the authors conclude that there is no &silver bullet; reform that can solve everything. But they offer a panoply of useful ideas and reforms, endorsing some solutions, like greater public participation and institutional restructuring of the House and Senate, while debunking others, like independent or third-party candidates. Above all, they call on the media as well as the public at large to focus on the true causes of dysfunction rather than just throwing the bums out every election cycle. Until voters learn to act strategically to reward problem solving and punish obstruction, American democracy will remain in serious danger.

what is a rino in politics: The Conservative Sensibility George F. Will, 2019-06-04 The Pulitzer Prize-winning columnist's astonishing and enthralling New York Times bestseller and Notable Book about how the Founders' belief in natural rights created a great American political tradition (Booklist) -- easily one of the best books on American Conservatism ever written (Jonah Goldberg). For more than four decades, George F. Will has attempted to discern the principles of the Western political tradition and apply them to America's civic life. Today, the stakes could hardly be higher. Vital questions about the nature of man, of rights, of equality, of majority rule are bubbling just beneath the surface of daily events in America. The Founders' vision, articulated first in the Declaration of Independence and carried out in the Constitution, gave the new republic a framework for government unique in world history. Their beliefs in natural rights, limited government, religious freedom, and in human virtue and dignity ushered in two centuries of American prosperity. Now, as Will shows, conservatism is under threat -- both from progressives and elements inside the Republican Party. America has become an administrative state, while destructive trends have overtaken family life and higher education. Semi-autonomous executive agencies wield essentially unaccountable power. Congress has failed in its duty to exercise its legislative powers. And the executive branch has slipped the Constitution's leash. In the intellectual battle between the vision of Founding Fathers like James Madison, who advanced the notion of natural rights that pre-exist government, and the progressivism advanced by Woodrow Wilson, the Founders have been losing. It's time to reverse America's political fortunes. Expansive, intellectually thrilling, and written with the erudite wit that has made Will beloved by millions of readers, *The Conservative Sensibility* is an extraordinary new book from one of America's most celebrated political writers.

what is a rino in politics: Them Ben Sasse, 2018-10-16 This New York Times bestseller "argues that Americans are richer, more informed and 'connected' than ever—and unhappier, more isolated and less fulfilled" (George Will, *The Washington Post*). Something is wrong. We all know it. American life expectancy is declining. Birth rates are dropping. Nearly half of us think the other political party isn't just wrong; they're evil. We're the richest country in history, but we've never been more pessimistic. What's causing the despair? In *Them*, former US senator Ben Sasse argues that, contrary to conventional wisdom, our crisis isn't really about politics. It's that we're so lonely we can't see straight—and it bubbles out as anger. Local communities are collapsing. Across the nation, little leagues and Rotary clubs are dwindling, and in all likelihood, we don't know the neighbor two doors down. Work offers less security, few lifelong coworkers, shallow purpose. Stable families and enduring friendships—life's fundamental pillars—are in statistical freefall. As a result,

we rally against common enemies so we can feel part of a team. Foreign adversaries use technology to exploit these toxic divisions by sowing misinformation and mistrust, to confuse us, exhaust us, make us angry—and thereby make us weaker. Reversing our decline requires something radical: a rediscovery of real places and human-to-human relationships. Even as technology nudges us to become rootless, Sasse shows how only a recovery of rootedness can heal our lonely souls. America wants you to be happy, but more urgently, America needs you to love your neighbor and connect with your community. Fixing what's wrong with the country depends on it. "Sasse is highly attuned to the cultural sources of our current discontents and dysfunctions. . . . an attempt to diagnose and repair what has led us to this moment of spittle-flecked rage. . . . a step toward healing a hurting nation." —National Review "Perhaps at last we have a politician capable of writing a good book rather than having a dull one written for him." —The Wall Street Journal "Unpretentious, thoughtful, and at times, quite funny . . . his arguments are worth reading—as are his warnings about what our country might become." —NPR

what is a rino in politics: American Reboot Will Hurd, 2022-03-29 From former Republican Congressman and CIA Officer Will Hurd, a bold political playbook for America rooted in the timeless ideals of bipartisanship, inclusivity, and democratic values. It's getting harder to get big things done in America. The gears of our democracy have been mucked up by political nonsense. To meet the era-defining challenges of the 21st century, our country needs a reboot. In *American Reboot*, Hurd, called the future of the GOP by Politico, provides a clear-eyed path forward for America grounded by what Hurd calls pragmatic idealism—a concept forged from enduring American values to achieve what is actually achievable. Hurd takes on five seismic problems facing a country in crisis: the Republican Party's failure to present a principled vision for the future; the lack of honest leadership in Washington, DC; income inequality that threatens the livelihood of millions of Americans; US economic and military dominance that is no longer guaranteed; and how technological change in the next thirty years will make the advancements of the last thirty years look trivial. Hurd has seen these challenges up close. A child of interracial parents in South Texas, Hurd survived the back alleys of dangerous places as a CIA officer. He carried that experience into three terms in Congress, where he was, for a time, the House's only Black Republican, representing a 71 percent Latino swing district in Texas that runs along 820 miles of US-Mexico border. As a cyber security executive and innovation crusader, Hurd has worked with entrepreneurs on the cutting edge of technology to anticipate the shockwaves of the future. Hurd draws on his remarkable experience to present an inspiring guide for America. He outlines how the Republican party can look like America by appealing to the middle, not the edges. He maps out how leaders should inspire rather than fearmonger. He forges a domestic policy based on the idea that prosperity should be a product of empowering people, not the government. He articulates a foreign policy where our enemies fear us and our friends love us. And lastly, he charts a forceful path forward for America's technological future. We all know we can do better. It's time to hit ctrl alt del and start the American Reboot.

what is a rino in politics: Cowards Glenn Beck, 2012-06-12 Glenn Beck, the New York Times bestselling author of *The Great Reset*, provides readers with the truth about the issues the media and politicians are scared to touch. **COURAGE > COWARDS** As we approach the most important presidential election in America's history, something has been lost among all of the debates, attack ads, and super- PACs—something that Americans used to hold in very high regard: **THE TRUTH**. Glenn Beck likes to say that "the truth has no agenda"—but there's another side to that: people who have agendas rarely care about the truth. And, these days, it seems like everyone has an agenda. The media leads with stories that rate over those that matter. Politicians put lobbyists and electability over honesty. Radicals alter history in order to change the future. In *Cowards*, Glenn Beck exposes the truth about thirteen important issues that have been hijacked by deceit. Whether out of spite, greed, or fear, these are the things that no one seems to be willing to have an honest conversation about. For example: * How our two-party **POLITICAL SYSTEM** often leaves voters with **NO GOOD OPTIONS**. * How extremists are slowly integrating **ISLAMIC LAW** into our **SOCIETY**. * How **PROGRESSIVE** "religious" leaders like **JIM WALLIS** are politicizing the Bible. * How the

CARTEL VIOLENCE on our border is FAR WORSE than people realize. * How "LIBERTARIAN" has been INTENTIONALLY turned into a DIRTY WORD. * How GEORGE SOROS has amassed enough MONEY and POWER to INFLUENCE entire ECONOMIES. In some cases, the truth is out there, but people simply don't want to hear it. It's much easier, and certainly a lot more convenient, to keep our blinders on. After all, as a quote attributed to President James Garfield made clear, "The truth will set you free, but first it will make you miserable." Miserable or not, the truth can no longer be something we hope for; it must be something we live. When courage prevails, cowards do not—and this book was written to ensure that's exactly what happens.

what is a rino in politics: The Case for Polarized Politics Jeffrey Bell, 2012 Argues that social conservatism is uniquely American invention existing due to our founding principles centering on the belief that people receive equal rights from God not government.

what is a rino in politics: Young Guns Eric Cantor, Paul Ryan, Kevin McCarthy, 2010-09-14 America urgently needs a new direction. But who will provide it? The time has come to move the country forward with a clear agenda based on common sense for the common good. THERE IS A BETTER WAY. Make no mistake: Congressmen Eric Cantor, Paul Ryan, and Kevin McCarthy are proud Republicans. But they believe the party had lost sight of the ideals it believes in, like economic freedom, limited government, the sanctity of life, and putting families first. This isn't your grandfather's Republican party. These Young Guns of the House GOP—Cantor (the leader), Ryan (the thinker), and McCarthy (the strategist)—are ready to take their belief in the principles that have made America great and translate it into solutions that will make the future even better, solutions that will create private sector jobs, maximize individual freedom, and establish a better world for our children. This groundbreaking book is a call to action that sets forth a plan for growth, opportunity, and commitment that will propel this country to prosperity once again. Together, the Young Guns are changing the face of the Republican party and giving us a new road map back to the American dream.

what is a rino in politics: To Make Men Free Heather Cox Richardson, 2014-09-23 From the New York Times bestselling author of *Democracy Awakening*, "the most comprehensive account of the GOP and its competing impulses" (Los Angeles Times) When Abraham Lincoln helped create the Republican Party on the eve of the Civil War, his goal was to promote economic opportunity for all Americans, not just the slaveholding Southern planters who steered national politics. Yet, despite the egalitarian dream at the heart of its founding, the Republican Party quickly became mired in a fundamental identity crisis. Would it be the party of democratic ideals? Or would it be the party of moneyed interests? In the century and a half since, Republicans have vacillated between these two poles, with dire economic, political, and moral repercussions for the entire nation. In *To Make Men Free*, celebrated historian Heather Cox Richardson traces the shifting ideology of the Grand Old Party from the antebellum era to the Great Recession, revealing the insidious cycle of boom and bust that has characterized the Party since its inception. While in office, progressive Republicans like Teddy Roosevelt and Dwight Eisenhower revived Lincoln's vision of economic freedom and expanded the government, attacking the concentration of wealth and nurturing upward mobility. But they and others like them have been continually thwarted by powerful business interests in the Party. Their opponents appealed to Americans' latent racism and xenophobia to regain political power, linking taxation and regulation to redistribution and socialism. The results of the Party's wholesale embrace of big business are all too familiar: financial collapses like the Panic of 1893, the Great Depression in 1929, and the Great Recession in 2008. With each passing decade, with each missed opportunity and political misstep, the schism within the Republican Party has grown wider, pulling the GOP ever further from its founding principles. Expansive and authoritative, *To Make Men Free* is a sweeping history of the Party that was once America's greatest political hope -- and, time and time again, has proved its greatest disappointment.

what is a rino in politics: Getting America Right Edwin J. Feulner, 2006-03-07 Where did we take a wrong turn? That's what proud conservatives are asking. The era of liberal dominance is finally over, but sometimes you wouldn't know it. Government spending is out of control, huge waves

of illegal immigration endanger our security and our American identity, more and more Americans look to Washington for the “quick fix,” the government grabs for more power at the expense of our liberty, American businesses are fleeing overseas, and terrorism threatens us more than ever. How do we deal with these crises when our leaders refuse to? By following Edwin J. Feulner and Doug Wilson’s unique and practical six-point plan: specific steps that every one of us can take to put America back on course. As conservative leaders—Feulner as president of the nation’s preeminent think tank, The Heritage Foundation; Wilson as chairman of America’s leading conservative news and community website, Townhall.com—the authors know that what will rescue us now are the things that have always made this nation great: free enterprise, limited government, individual freedom, traditional American values, a strong national defense, and the rule of law. We must demand accountability and a return to our core principles. *Getting America Right* reveals: • Stunning real-world examples of government run amok, and how it hurts you • The politicians who are selling out, and the brave souls who are fighting for what’s right • How to restore fiscal discipline among Washington’s pork-addicted pols—Feulner and Wilson identify ridiculous programs we should slash now • The blueprint for getting the federal government out of our way and out of our pockets • The threats Washington is ignoring, and the steps we must take at home and abroad to ensure our security • What you can do to hold politicians accountable What is at risk if we fail? Nothing less than the freedom, prosperity, and security of ourselves and our children and grandchildren. We must get it right—each and every one of us. And we need to start today. As Newt Gingrich writes in his foreword to *Getting America Right*, “The blueprint for our action—yours and mine—is contained within the pages of this remarkable book.” Also available as an eBook. Visit GettingAmericaRight.com for more resources to join the fight to put America back on track.

what is a rino in politics: Neoconservatism Irving Kristol, 1995-09-20 Here are the best of Kristol's now famous essays on society, religion, morals, culture, literature, education, and on the values issues which have come to define the neoconservative critique of contemporary life. These essays display the provocative ideas and style that have caused Irving Kristol to be justly regarded as the godfather of the conservative movement.

what is a rino in politics: *The Right Path* Joe Scarborough, 2013 Opening with the passage of the Voting Rights Act in 1965 and ending with the disillusionment that characterized the final months of George W. Bush's presidency, Scarborough ultimately takes today's Republican party to task for squandering opportunities to attain and hold power. By revisiting Eisenhower's understated diplomacy, Barry Goldwater's fierce rhetoric, and Reagan's gift for channeling and connecting with voters, [this book] ... demonstrates how today's GOP has undermined its own cause and in doing so, fails the nation--

what is a rino in politics: *Against the Tide* Lincoln Chafee, 2010-07-01 In this smart, candid, and surprising political memoir, Lincoln Chafee offers a behind-the-scenes look at the first six years of the Bush Administration from the vantage point of one of the few Republican moderates in the Senate. When Senator Chafee (R-RI) went to Washington, he encountered a Republican Party drifting so far to the right it no longer stood for the mainstream principles that united Americans. Instead, under the direction of George W. Bush, the Party had fallen victim to extremism. In the face of this trend, Chafee stood fast as one of the most liberal Republicans in the Senate, seeking to cut across partisan lines at the very time that they threatened to irrevocably divide the nation. A political iconoclast, Chafee was the only Republican senator to have expressed support for same-sex marriage; the only Republican to vote in favor of reinstating the top federal tax rate on upper-income payers; the only Republican in the Senate to have voted against authorization of the use of force in Iraq; the only Republican to vote for the Levin-Reed amendment calling for a nonbinding timetable for a withdrawal of U.S. troops from Iraq; and the only Republican to vote against Supreme Court nominee Samuel Alito. Chafee favored increased federal funding for health care, supported affirmative action and gun control, supported women's reproductive rights, and endorsed federal funding for embryonic stem cell research. Sometimes referred to by conservatives as a RINO (Republican in Name Only), Chafee turns the tables on the right and asks why it has enabled Bush

Jr. to pull the GOP and the nation away from traditional principles of fiscal conservatism, respect for our environment, and aversion to foreign entanglements. Unabashedly frank, Chafee's memoir recounts his political journey from small-town mayor to a voice crying from the congressional wilderness. He offers a forward-looking assessment of what comes next for the Republican and Democratic parties, and he also addresses the potential rise of a third party within the void created by bipartisan extremism. Most important, Chafee sounds a wake-up call to his Party, and to all Americans, by challenging our government to strive, as Abraham Lincoln once articulated, to elevate the condition of men.

what is a rino in politics: *It Was All a Lie* Stuart Stevens, 2021-09-14 NEW YORK TIMES BESTSELLER • From the most successful Republican political operative of his generation, a searing, unflinching, and deeply personal exposé of how his party became what it is today “A blistering tell-all history. In his bare-knuckles account, Stevens confesses [that] the entire apparatus of his Republican Party is built on a pack of lies. —The New York Times Stuart Stevens spent decades electing Republicans at every level, from presidents to senators to local officials. He knows the GOP as intimately as anyone in America, and in this new book he offers a devastating portrait of a party that has lost its moral and political compass. This is not a book about how Donald J. Trump hijacked the Republican Party and changed it into something else. Stevens shows how Trump is in fact the natural outcome of five decades of hypocrisy and self-delusion, dating all the way back to the civil rights legislation of the early 1960s. Stevens shows how racism has always lurked in the modern GOP's DNA, from Goldwater's opposition to desegregation to Ronald Reagan's welfare queens and states' rights rhetoric. He gives an insider's account of the rank hypocrisy of the party's claims to embody family values, and shows how the party's vaunted commitment to fiscal responsibility has been a charade since the 1980s. When a party stands for nothing, he argues, it is only natural that it will be taken over by the loudest and angriest voices in the room.

what is a rino in politics: Everything Trump Touches Dies Rick Wilson, 2018-08-07 From Rick Wilson—longtime Republican strategist, political commentator, Daily Beast contributor—the #1 New York Times bestseller about the disease that is destroying the conservative movement and burning down the GOP: Trumpism. Includes an all-new chapter analyzing Trump's impact on the 2018 elections. In the #1 New York Times bestselling *Everything Trump Touches Dies*, political campaign strategist and commentator Rick Wilson delivers “a searingly honest, biting funny, comprehensive answer to the question we find ourselves asking most mornings: ‘What the hell is going on?’ (Chicago Tribune). The Guardian hails *Everything Trump Touches Dies*, saying it gives, “more unvarnished truths about Donald Trump than anyone else in the American political establishment has offered. Wilson never holds back.” Rick mercilessly exposes the damage Trump has done to the country, to the Republican Party, and to the conservative movement that has abandoned its principles for the worst President in American history. Wilson unblinkingly dismantles Trump's deceptions and the illusions to which his supporters cling, shedding light on the guilty parties who empower and enable Trump in Washington and in the media. He calls out the race-war dead-enders who hitched a ride with Trump, the alt-right basement dwellers who worship him, and the social conservatives who looked the other way. Publishers Weekly calls it, “a scathing, profane, unflinching, and laugh-out-loud funny rebuke of Donald Trump and his presidency.” No left-winger, Wilson is a lifelong conservative who delivers his withering critique of Trump from the right. A leader of the Never Trump movement, he warned from the start that Trump would destroy the lives and reputations of everyone in his orbit, and *Everything Trump Touches Dies* is a deft chronicle the tragicomic political story of our time. From the early campaign days through the shock of election night, to the inconceivable train-wreck of Trump's first year. Rick Wilson provides not only an insightful analysis of the Trump administration, but also an optimistic path forward for the GOP, the conservative movement, and the country. “Hilarious, smartly written, and usually spot-on” (Kirkus Reviews), *Everything Trump Touches Dies* is perfect for those on either side of the aisle who need a dose of unvarnished reality, a good laugh, a strong cocktail, and a return to sanity in American politics.

what is a rino in politics: Idaho Politics and Government Jasper M. LiCalzi, 2019-01-01
Examining politics in Idaho through the lens of ideology (i.e., conservative versus liberal) or partisanship (i.e., Democrat versus Republican) does not illuminate the more fundamental dynamics of the state's political environment. Unlike other states that are divided on partisan or traditional ideological lines, Idaho tends to be divided between its libertarian and communitarian visions of the role of government and the place of the individual in society. In *Idaho Politics and Government*, Jasper M. LiCalzi examines the complex world of Idaho politics, where morality dominates but a heartily libertarian strain of individualism keeps lawmakers from falling into the liberal versus conservative dialogue prevalent in other states. After opening with the ultrasound bill failure as a recent example of Idaho's political culture, LiCalzi traces the influence of individuals and party factions from the 1960s through the present before moving on to the inner workings of government itself, with all its institutions and extra-governmental extensions. He closes with another recent Idaho bill concerning the topics of child support and Sharia (Islamic) law, giving readers yet another glimpse of the workings of Idaho politics and the continuing clash between the community and the individual. Presenting a continuum of political views from an emphasis on the individual (personified by Thomas Jefferson) to a focus on community (personified by Alexander Hamilton), LiCalzi provides a new method for understanding political actions and situations in Idaho.

what is a rino in politics: The Spatial Model of Politics Norman Schofield, 2007-12-21
Using unique and cutting-edge research, Schofield a prominent author in the US for a number of years, explores the growth area of positive political economy within economics and politics. The first book to explain the spatial model of voting from a mathematical, economics and game-theory perspective it is essential reading for all those studying positive political economy.

what is a rino in politics: The Working Class Republican Henry Olsen, 2017-06-27 In this sure to be controversial book in the vein of *The Forgotten Man*, a political analyst argues that conservative icon Ronald Reagan was not an enemy of Franklin Delano Roosevelt and the New Deal, but his true heir and the popular program's ultimate savior. Conventional political wisdom views the two most consequential presidents of the twentieth-century—FDR and Ronald Reagan—as ideological opposites. FDR is hailed as the champion of big-government progressivism manifested in the New Deal. Reagan is seen as the crusader for conservatism dedicated to small government and free markets. But Henry Olsen argues that this assumption is wrong. In *Ronald Reagan: New Deal Republican*, Olsen contends that the historical record clearly shows that Franklin Roosevelt and the New Deal itself were more conservative than either Democrats or Republicans believe, and that Ronald Reagan was more progressive than most contemporary Republicans understand. Olsen cuts through political mythology to set the record straight, revealing how Reagan—a longtime Democrat until FDR's successors lost his vision in the 1960s—saw himself as FDR's natural heir, carrying forward the basic promises of the New Deal: that every American deserves comfort, dignity, and respect provided they work to the best of their ability. Olsen corrects faulty assumptions driving today's politics. Conservative Republican political victories over the last thirty years have not been a rejection of the New Deal's promises, he demonstrates, but rather a representation of the electorate's desire for their success—which Americans see as fulfilling the vision of the nation's founding. For the good of all citizens and the GOP, he implores Republicans to once again become a party of FDR Conservatives—to rediscover and support the basic elements of FDR (and Reagan's) vision.

what is a rino in politics: Politics, Principle and Standing Up to Donald Trump Kristen Monroe, 2024-06-17 The Muslim ban. Immigrant children, caged, isolated from their families. Downplaying COVID-19. Infatuation with foreign dictators. Voter fraud. Election denial. Encouraging the January 6th 2021 Capital insurrection. Despite Donald Trump's many legal and moral abuses, most Republican Party leaders continue to support him. Why? How can we explain Republican complicity? True believers in the MAGA cult are rare. There are moderate Republican members of Congress - Kevin McCarthy, Lindsay Graham, and Mitch McConnell - who publicly rebuked Trump, only to later back down and support him and his version of the truth. The motivation driving these

powerful political leaders – fear, self-interest, lack of moral fiber – is less interesting than is a related question: What propelled the moral courage of the few traditionally conservative Republicans who refused to go along with Trump and his obvious lies? The world saw great physical courage on January 6th, as members of the Capital police fought against overwhelming odds, risking their lives to protect members of Congress. Such physical courage is commendable and rare. Yet moral courage – the willingness to stand up and fight for what you believe is right, even when you know it will cost you – is even rarer. How can we explain why some Republicans followed their consciences, while many others did not? This is the topic of this book. Analyzing in-depth interviews, public speeches, journals, documents, and other data from dedicated Republicans -- Senators McCain, Romney, and Flake, Representatives Kinzinger and Cheney, committed Republican stalwarts Rick Wilson and Anthony Scaramucci, and dedicated Republican officeholders like Miles Taylor -- lends insight into both what drives moral courage, and the double-edged sword aspect of moral courage in politics, in which every act of moral courage is also a complex act of betrayal.

what is a rino in politics: *Trumpocalypse* David Frum, 2020-05-26 I don't take responsibility at all. Those words of Donald Trump at a March 13, 2020, press conference are likely to be history's epitaph on his presidency. A huge swath of Americans has put their faith in Trump, and Trump only, because they see the rest of the country building a future that doesn't have a place for them. If they would risk their lives for Trump in a pandemic, they will certainly risk the stability of American democracy. They brought the Trumpocalypse upon the country, and a post-Trumpocalypse country will have to find a way either to reconcile them to democracy - or to protect democracy from them. In *Trumpocalypse*, David Frum looks at what happens when a third of the electorate refuses to abandon Donald Trump, no matter what he does. Those voters aren't looking for policy wins. They're seeking cultural revenge. It is not enough to defeat Donald Trump on election day 2020. Even if Trump peacefully departs office, the trauma he inflicted will distort American and world politics for years to come. Americans must start from where they are, build from what they have, to repair the damage Trump inflicted on the country, to amend the wrongs that, under Trump, they inflicted upon each other. Americans can do better. David Frum shows how—and inspires all readers of all points of view to believe again in the possibilities of American life. *Trumpocalypse* is both a warning of danger and a guide to reform that will be read and discussed for years to come.

what is a rino in politics: *The Gray Rhino* Michele Wucker, 2016-04-05 The #1 English-language bestseller in China--the book that is shaping China's planning and policy for the future. A gray rhino is a highly probable, high impact yet neglected threat: kin to both the elephant in the room and the improbable and unforeseeable black swan. Gray rhinos are not random surprises, but occur after a series of warnings and visible evidence. The bursting of the housing bubble in 2008, the devastating aftermath of Hurricane Katrina and other natural disasters, the new digital technologies that upended the media world, the fall of the Soviet Union...all were evident well in advance. Why do leaders and decision makers keep failing to address obvious dangers before they spiral out of control? Drawing on her extensive background in policy formation and crisis management, as well as in-depth interviews with leaders from around the world, Michele Wucker shows in *The Gray Rhino* how to recognize and strategically counter looming high impact threats. Filled with persuasive stories, real-world examples, and practical advice, *The Gray Rhino* is essential reading for managers, investors, planners, policy makers, and anyone who wants to understand how to profit by avoiding getting trampled.

what is a rino in politics: *The Politics Industry* Katherine M. Gehl, Michael E. Porter, 2020-06-23 Leading political innovation activist Katherine Gehl and world-renowned business strategist Michael Porter bring fresh perspective, deep scholarship, and a real and actionable solution, Final Five Voting, to the grand challenge of our broken political and democratic system. Final Five Voting has already been adopted in Alaska and is being advanced in states across the country. The truth is, the American political system is working exactly how it is designed to work, and it isn't designed or optimized today to work for us—for ordinary citizens. Most people believe that our political system is a public institution with high-minded principles and impartial rules

derived from the Constitution. In reality, it has become a private industry dominated by a textbook duopoly—the Democrats and the Republicans—and plagued and perverted by unhealthy competition between the players. Tragically, it has therefore become incapable of delivering solutions to America's key economic and social challenges. In fact, there's virtually no connection between our political leaders solving problems and getting reelected. In *The Politics Industry*, business leader and path-breaking political innovator Katherine Gehl and world-renowned business strategist Michael Porter take a radical new approach. They ingeniously apply the tools of business analysis—and Porter's distinctive Five Forces framework—to show how the political system functions just as every other competitive industry does, and how the duopoly has led to the devastating outcomes we see today. Using this competition lens, Gehl and Porter identify the most powerful lever for change—a strategy comprised of a clear set of choices in two key areas: how our elections work and how we make our laws. Their bracing assessment and practical recommendations cut through the endless debate about various proposed fixes, such as term limits and campaign finance reform. The result: true political innovation. *The Politics Industry* is an original and completely nonpartisan guide that will open your eyes to the true dynamics and profound challenges of the American political system and provide real solutions for reshaping the system for the benefit of all. THE INSTITUTE FOR POLITICAL INNOVATION The authors will donate all royalties from the sale of this book to the Institute for Political Innovation.

what is a rino in politics: The Reluctant Republican Barbara F. Olschner, 2013 Gives a behind-the-scenes look at Barbara Olschner's run for state senate in the Florida panhandle.

what is a rino in politics: Contract with America Newt Gingrich, Richard K. Armey, 1994 The November 1994 midterm elections were a watershed event, making possible a Republican majority in Congress for the first time in forty years. *Contract with America*, by Newt Gingrich, the new Speaker of the House, Dick Armey, the new Majority Leader, and the House Republicans, charts a bold new political strategy for the entire country. The ten-point program, which forms the basis of this book, was announced in late September. It received the signed support of more than 300 GOP candidates. Their pledge: If we break this contract, throw us out. *Contract with America* fleshes out the vision and provides the details of the program that swept the GOP to victory. Among the pressing issues addressed in this important book are: balancing the budget, stopping crime, reforming welfare, reinforcing families, enhancing fairness for seniors, strengthening national defense, cutting government regulations, promoting legal reform, considering term limits, and reducing taxes.

what is a rino in politics: Women in the American Political System [2 volumes] Dianne G. Bystrom, Barbara Burrell, 2018-12-01 This book examines how women candidates, voters, and office holders shape U.S. political processes and institutions, lending their perspectives to gradually evolve American life and values. This book provides an encyclopedic sourcebook on the evolution of women's involvement in American politics from the colonial era to the present, covering all of the individuals, organizations, cultural forces, political issues, and legal decisions that have collectively served to elevate the role of women at the ballot box, on the campaign trail, in Washington, and in state- and city-level political offices across the country. The in-depth essays document and examine the rising prominence of women as voters, candidates, public officials, and lawmakers, enabling readers to understand how U.S. political processes and institutions have been—and will continue to be—shaped by women and their perspectives on American life and values. The entries cover a range of women politicians and officials; female activists and media figures; relevant organizations and interest groups, such as Emily's List, League of Women Voters, and National Right to Life; key laws, court cases, and events, such as the Nineteenth Amendment, the Equal Rights Amendment, the Seneca Falls Convention, the passage of Title IX, and *Roe v. Wade*; and other topics, like media coverage of appearance, women's roles as campaign strategists/fundraisers, gender differences in policy priorities, and the gender gap in political ambitions. The text is supplemented by sidebars that highlight selected landmarks in women's political history in the United States, such as the 2012 election of Tammy Baldwin, the first openly gay U.S. senator.

what is a rino in politics: *Nasty Politics* Massicotte, Thomas Zeitzoff, 2023 A novel explanation for why politicians insult, accuse, and threaten their opponents, even though voters say they don't like it. Why do politicians engage in nasty politics? Why do they use insult, accusations, intimidation, and in rare cases violence against their domestic political opponents? In *Nasty Politics*, Thomas Zeitzoff answers these questions by examining this global political trend in the US, Ukraine, and Israel and looking at how key leaders such as Trump, Zelensky, and Netanyahu use it. Drawing on surveys, case studies, in-depth interviews, databases of nasty politics, and large social media datasets, Zeitzoff shows that across all three countries, the public generally doesn't like nasty politics and it increases the threat of political violence. But it can also be a way to signal toughness to voters, which is especially important in threatening times. Featuring a powerful theory of why nastiness takes hold in democratic polities, *Nasty Politics* highlights how it influences the kinds of politicians who run for office and deepens our understanding for why so many politicians now rely on outsized anger and withering insults for political gain.

what is a rino in politics: What I Saw at the Revolution Peggy Noonan, 2003-10-14 On the hundredth anniversary of Ronald Reagan's birth comes the twentieth-anniversary edition of Peggy Noonan's critically acclaimed bestseller *What I Saw at the Revolution*, for which she provides a new Preface that demonstrates this book's timeless relevance. As a special assistant to the president, Noonan worked with Ronald Reagan—and with Vice President George H. W. Bush—on some of their most memorable speeches. Noonan shows us the world behind the words, and her sharp, vivid portraits of President Reagan and a host of Washington's movers and shakers are rendered in inimitable, witty prose. Her priceless account of what it was like to be a speechwriter among bureaucrats, and a woman in the last bastion of male power, makes this a Washington memoir that breaks the mold—as spirited, sensitive, and thoughtful as Peggy Noonan herself.

what is a rino in politics: *A Time for Truth* Ted Cruz, 2015-06-30 Since his election in 2012, Ted Cruz has refused to go along with the established way of doing business in Washington, becoming a voice for millions of Americans frustrated with governmental corruption and gridlock. In this, his first book, Cruz reveals how Americans can take back their country, and start moving forward.

what is a rino in politics: *The Conservative Ascendancy* Donald T. Critchlow, 2011-09-07 Hailed as perhaps the best scholarly overview of the conservative movement in print (*American Conservative*), Donald Critchlow's *The Conservative Ascendancy* has depicted, as no other book has, the wild ride of the Republican Right. Newly updated and available for the first time in paperback, it continues to offer the best account of the conservative struggle to reverse the momentum of the New Deal. In tracing the conservative revival, Critchlow chronicles how conservative beliefs were translated into political power. He shows how conservatives, from think tank theorists to grassroots mobilizers, gained control of the Republican party by defeating its liberal eastern wing only to find that the welfare state was not so easily dismantled. Looking back at the 1964 Goldwater debacle and the scandal-plagued Nixon years, he then revisits the triumph of the Reagan presidency and describes how George W. Bush injected into American politics a level of partisanship not seen since the nineteenth century. Critchlow recounts the conflict between purity of principle and political practice for conservatives, and the dilemma of maintaining an anti-statist ideology in an era of mass democracy and Cold War hostilities. Throughout he delineates the intellectual foundations of the Right's positions—including the ongoing schism that separates social conservatives from libertarians—while plumbing America's increasing ideological divide. This updated edition not only features a new preface and conclusion but also boasts an entirely new chapter covering the 2008 presidential election, the 2008 financial meltdown, the first two years of Obama's presidency, the emergence of the Tea Party, the 2010 midterms, and ongoing economic problems. Here Critchlow foresees a new epoch in which the old conservative-progressive divide is unable to address the problems caused by national debt, entitlement deficits, and a new global economy—a new reality sure to transform both parties. As conservatives continue to wave the banners of limited government, individual responsibility, and free enterprise, Critchlow's book provides a clear guide to the

country's most dynamic political movement and is essential reading for students and citizens alike as the political center continues to tack to the right.

what is a rino in politics: Politics for People Who Hate Politics Denise Grace Gitsham, 2023-11-14 Politics that Unite Rather than Divide Politics can be infuriating. From unjust policies to unholy politicians, there are justifiable reasons to be upset or walk away altogether. Yet we must stay involved if we are to protect and sustain our fragile nation from the divisions that threaten it. With more than two decades of experience working in the highest levels of government, insider Denise Grace Gitsham offers a remedy to America's dark political reality: Christians filled with light, love, and Christ's heart for unity. With spiritual insights, hard-earned political lessons, and practical advice, she helps you engage with wisdom and discernment, loving those you disagree with while standing firm on God's truth. As citizens of heaven, we can engage in politics God's way: with the countercultural love, integrity, and unity that will heal our land. Denise Grace Gitsham reminds us that our convictions should never come before the divine call to love and unify. This is a book that every Christian must read.--ARTHUR C. BROOKS, professor, Harvard Kennedy School and Harvard Business School, #1 New York Times bestselling author Denise has written a refreshing and self-critical reflection on her own life in politics and why it is so important for people of faith to be willing to put their calling to heal our nation above their partisan loyalties.--SENATOR CHRIS COONS

what is a rino in politics: The Politics of Massachusetts Exceptionalism Jerold Duquette, Erin O'Brien, 2022-05-06 "Thorough, engaging, and full of insight . . . a must-read for anyone wanting to understand the state's governmental process and its political actors." —Jeffrey M. Berry, author of *Lobbying for the People: The Political Behavior of Public Interest Groups* Are claims of Massachusetts's special and instructive place in American history and politics justified? Alternately described as a "city upon a hill" and "an organized system of hatreds," Massachusetts politics has indisputably exerted an outsized pull on the national stage. The Commonwealth's leaders often argue for the state's distinct position within the union, citing its proud abolitionist history and its status as a policy leader on health care, gay marriage, and transgender rights, not to mention its fertile soil for budding national politicians. Detractors point to the state's busing crisis, sky-high levels of economic inequality, and mixed support for undocumented immigrants. The Politics of Massachusetts Exceptionalism tackles these tensions, offering a collection of essays from public policy experts that address the state's noteworthy contributions to the nation's political history. This is a much-needed volume for Massachusetts policymakers, journalists, and community leaders, as well as those learning about political power at the state level, inside and outside of the classroom. Contributors include the editors as well as Maurice T. Cunningham, Lawrence Friedman, Shannon Jenkins, Luis F. Jiménez, and Peter Ubertaccio. "One-stop shopping for an understanding of Massachusetts politics." —CommonWealth Magazine

what is a rino in politics: Government Budgeting and Expenditure Management Salvatore Schiavo-Campo, 2017-02-17 The government budget should be the financial mirror of society's choices. Yet most people view budgeting as the epitome of eye-glazing subjects, rarely explained in a way that is understandable to the non-specialist and too often presented without adequate consideration of a country's governance and institutional capacity. Government Budgeting and Expenditure Management fills a gap in the literature to redress these failings and does so in comparative international perspective. This book provides a comprehensive but pithy and easy-to-understand treatment of public financial management, taking into account a variety of special issues including budgeting in post-conflict situations, at subnational government levels, for military/security expenditures, and in countries with large extractive revenues. Distilling the lessons of budgeting reform in countries at different levels of income and administrative capacity, each chapter gradually progresses from the basic principles to the more technical aspects and then on to implementation issues, using concrete examples and illustrations from around the globe. Government Budgeting and Expenditure Management is ideally suited as the primary text for advanced undergraduate or graduate courses in government budgeting or public financial

management, or as a supplementary text for courses in public finance, public economics, economic development, public administration or comparative politics. With its attention to practical implementation aspects, the book will also be of direct interest to practitioners, policy-makers, and government employee training organizations.

what is a rino in politics: Football Cultures and Identities Gary Armstrong, 1999-05-19 The game of football has played a key role in shaping and cementing senses of national identity throughout the world. Aware that the game may afford a space for expressing protest, groups may attempt to harness the forces of populist nationalism. This book examines football in 18 countries.

what is a rino in politics: California Politics Renee B. Van Vechten, 2023-04-03 Understand how California's political system works with this concise text, thoroughly revised for the Seventh Edition. Renée Van Vechten presses the reader to think about how history, political culture, rules, and institutions conspire to shape politics today, and how they will determine the state of affairs tomorrow. From the structure of the state's government to its local representatives, policies, and voter participation, *California Politics: A Primer* delivers the concepts and details students need. Included with this title: LMS Cartridge: Import this title's instructor resources into your school's learning management system (LMS) and save time. Don't use an LMS? You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. Learn more.

what is a rino in politics: I Alone Can Fix It Carol Leonnig, Philip Rucker, 2021-07-20 The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of *A Very Stable Genius*. "Chilling." - Anderson Cooper "Jaw-dropping." - John Berman "Shocking." - John Heilemann "Explosive." - Hallie Jackson "Blockbuster new reporting." - Nicolle Wallace "Bracing new revelations." - Brian Williams "Bombshell reporting." - David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come.

what is a rino in politics: Running the Government Salvatore Schiavo-Campo, 2018-09-03 Sound machinery of government is at the core of a well-functioning state. Written by an author with wide experience in public administration globally, this book addresses both the commonalities and the diversity of administrative practice around the world. Exploring developed countries as well as developing and transitional economies, it combines a strong conceptual foundation with thorough coverage of the main topics in public administration, supported by current data and a wealth of concrete illustrations from a variety of countries. The book is organized around three important

themes: the interaction of governance, politics and administration, the role of institutions in determining administrative outcomes, and the importance of country context. A concluding chapter summarizes the lessons of international experience and offers guidance to improve the management of the public sector in sustainable ways. *Running the Government* will serve as a core text for courses in public administration and as a supplement for undergraduate and graduate courses in political science, public economics, and international affairs. It may also serve as an accessible and complete reference for civil service training courses around the globe.

What Is A Rino In Politics Introduction

In the digital age, access to information has become easier than ever before. The ability to download What Is A Rino In Politics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download What Is A Rino In Politics has opened up a world of possibilities. Downloading What Is A Rino In Politics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading What Is A Rino In Politics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download What Is A Rino In Politics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading What Is A Rino In Politics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading What Is A Rino In Politics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download What Is A Rino In Politics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
