**wordle august 29th: Meeks** Julia Holmes, 2010-09-07 No woman will have Ben without a proper bachelor's suit . . . and the tailor refuses to make him one. Back from war with a nameless enemy, Ben finds that his mother is dead and his family home has been reassigned by the state. As if that isn't enough, he must now find a wife, or he'll be made a civil servant and given a permanent spot in one of the city's oppressive factories. Meanwhile, Meeks, a foreigner who lives in the park and imagines he's a member of the police, is hunted by the overzealous Brothers of Mercy. Meeks' survival depends on his peculiar friendship with a police captain--but will that be enough to prevent his execution at the annual Independence Day celebration? A dark satire rendered with the slapstick humor of a Buster Keaton film, Julia Holmes' debut marries the existentialism of Fyodor Dostoevsky's *Notes from Underground* to the strange charm of a Haruki Murakami novel. Meeks portrays a world at once hilarious and disquieting, in which frustrated revolutionaries and hopeful youths suffer alongside the lost and the condemned, just for a chance at the permanent bliss of marriage and a slice of sugar-frosted Independence Day cake. Julia Holmes was born in Dhahran, Saudi Arabia, and grew up in the Middle East, Texas, and New York, where she is currently an assistant editor at Rolling Stone. She is a graduate of Columbia University's MFA program in fiction.

**wordle august 29th: Cloud Atlas (20th Anniversary Edition)** David Mitchell, 2010-07-16 #1 INTERNATIONAL BESTSELLER • A timeless, structure-bending classic that explores how actions of individual lives impact the past, present and future—from a postmodern visionary and one of the leading voices in fiction Featuring a new afterword by David Mitchell and a new introduction by Gabrielle Zevin, author of *Tomorrow, and Tomorrow, and Tomorrow* One of the New York Times's 100 Best Books of the 21st Century • Shortlisted for the International Booker Prize *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. The novel careens, with dazzling virtuosity, to Belgium in 1931, to the West Coast in the 1970s, to an inglorious present-day England, to a Korean superstate of the near future where neocapitalism has run amok, and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The novel boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, David Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a video game, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon.

**wordle august 29th: The End of Karma: Hope and Fury Among India's Young** Somini Sengupta, 2016-03-07 "[A] sharply observed study . . . richly detailed portraits."—Economist Somini Sengupta emigrated from Calcutta to California as a young child in 1975. Returning thirty years later as the bureau chief for The New York Times, she found a vastly different country: one defined as much by aspiration and possibility—at least by the illusion of possibility—as it is by the structures of sex and caste. The End of Karma is an exploration of this new India through the lens of young people from different worlds: a woman who becomes a Maoist rebel; a brother charged for the murder of his sister, who had married the “wrong” man; a woman who opposes her family and hopes to become a police officer. Driven by aspiration—and thwarted at every step by state and society—they are making new demands on India’s democracy for equality of opportunity, dignity for girls, and civil liberties. Sengupta spotlights these stories of ordinary men and women, weaving together a groundbreaking portrait of a country in turmoil.

**wordle august 29th:** *Communicating Corporate Social Responsibility in the Digital Era* Adam Lindgreen, Joelle Vanhamme, Rebecca Watkins, Francois Maon, 2017-12-12 Although literature on corporate social responsibility is vast, research into the use and effectiveness of various communications through digital platforms about such corporate responsibility is scarce. This gap is surprising; communicating about corporate social responsibility initiatives is vital to organizations that increasingly highlight their corporate social responsibility initiatives to position their corporate

brands for both consumers and other stakeholders. Yet these organizations still sometimes rely on traditional methods to communicate, or even decide against communicating at all, because they fear triggering stakeholders' skepticism or cynicism. A systematic, interdisciplinary examination of corporate social responsibility communication through digital platforms therefore is necessary, to establish an essential definition and up-to-date picture of the field. This research anthology addresses the above objectives. Drawing on marketing, management, and communication disciplines, among others, this anthology examines how organizations construct, implement, and use digital platforms to communicate about their corporate social responsibility and thereby achieve their organizational goals. The 21 chapters in this anthology reflect six main topic sections: Challenges and opportunities for communicating corporate social responsibility through digital platforms. Moving toward symmetry and interactivity in digital corporate social responsibility communication. Fostering stakeholder engagement in and through digital corporate social responsibility communication. Leveraging effective digital corporate social responsibility communication. Digital activism and corporate social responsibility. Digital methodologies and corporate social responsibility.

**wordle august 29th: Still Here** Alexandra Jacobs, 2019-10-22 One of The New Yorker's favorite nonfiction book of 2019 | A New York Times Book Review Editors' Choice Named one of Vogue's 17 Books We Can't Wait to Read This Fall Compulsively readable . . . ravenously consuming . . . manna from heaven . . . If ever someone knew how to put a genuinely irresistible book together, it's Jacobs in *Still Here*. —Jeff Simon, The Buffalo News *Still Here* is the first full telling of Elaine Stritch's life. Rollicking but intimate, it tracks one of Broadway's great personalities from her upbringing in Detroit during the Great Depression to her fateful move to New York City, where she studied alongside Marlon Brando, Bea Arthur, and Harry Belafonte. We accompany Elaine through her jagged rise to fame, to Hollywood and London, and across her later years, when she enjoyed a stunning renaissance, punctuated by a turn on the popular television show *30 Rock*. We explore the influential—and often fraught—collaborations she developed with Noël Coward, Tennessee Williams, and above all Stephen Sondheim, as well as her courageous yet flawed attempts to control a serious drinking problem. And we see the entertainer triumphing over personal turmoil with the development of her Tony Award-winning one-woman show, *Elaine Stritch at Liberty*, which established her as an emblem of spiky independence and Manhattan life for an entirely new generation of admirers. In *Still Here*, Alexandra Jacobs conveys the full force of Stritch's sardonic wit and brassy charm while acknowledging her many dark complexities. Following years of meticulous research and interviews, this is a portrait of a powerful, vulnerable, honest, and humorous figure who continues to reverberate in the public consciousness.

**wordle august 29th: A Million Junes** Emily Henry, 2017-05-16 A beautiful, lyrical, and achingly brilliant story about love, grief, and family. Henry's writing will leave you breathless. —BuzzFeed *Romeo and Juliet* meets *One Hundred Years of Solitude* in Emily Henry's brilliant follow-up to *The Love That Split the World*, about the daughter and son of two long-feuding families who fall in love while trying to uncover the truth about the strange magic and harrowing curse that has plagued their bloodlines for generations. In their hometown of Five Fingers, Michigan, the O'Donnells and the Angerts have mythic legacies. But for all the tall tales they weave, both founding families are tight-lipped about what caused the century-old rift between them, except to say it began with a cherry tree. Eighteen-year-old Jack "June" O'Donnell doesn't need a better reason than that. She's an O'Donnell to her core, just like her late father was, and O'Donnells stay away from Angerts. Period. But when Saul Angert, the son of June's father's mortal enemy, returns to town after three mysterious years away, June can't seem to avoid him. Soon the unthinkable happens: She finds she

doesn't exactly hate the gruff, sarcastic boy she was born to loathe. Saul's arrival sparks a chain reaction, and as the magic, ghosts, and coywolves of Five Fingers conspire to reveal the truth about the dark moment that started the feud, June must question everything she knows about her family and the father she adored. And she must decide whether it's finally time for her—and all of the O'Donnells before her—to let go.

Whenever he picked up the newspaper, Carl Hoffman noticed those short news bulletins, which seemed about as far from the idea of tourism, travel as the pursuit of pleasure, as it was possible to get. So off he went, spending six months circumnavigating the globe on the world's worst conveyances: the statistically most dangerous airlines, the most crowded and dangerous ferries, the slowest buses, and the most rickety trains. The Lunatic Express takes us into the heart of the world, to some its most teeming cities and remotest places: from Havana to Bogotá on the perilous Cuban Airways. Lima to the Amazon on crowded night buses where the road is a washed-out track. Across Indonesia and Bangladesh by overcrowded ferries that kill 1,000 passengers a year. On commuter trains in Mumbai so crowded that dozens perish daily, across Afghanistan as the Taliban closes in, and, scariest of all, Los Angeles to Washington, D.C., by Greyhound. The Lunatic Express is the story of traveling with seatmates and deckmates who have left home without American Express cards on conveyances that don't take Visa, and seldom take you anywhere you'd want to go. But it's also the story of traveling as it used to be—a sometimes harrowing trial, of finding adventure in a modern, rapidly urbanizing world and the generosity of poor strangers, from ear cleaners to urban bus drivers to itinerant roughnecks, who make up most of the world's population. More than just an adventure story, The Lunatic Express is a funny, harrowing and insightful look at the world as it is, a planet full of hundreds of millions of people, mostly poor, on the move and seeking their fortunes.

Sullivan, 2020-09-15 The stunning memoir of a Muslim teen struggling to survive in the midst of the Bosnian genocide--and the stray cat who protected her family through it all. \*Six Starred Reviews\* A YALSA Excellence in Nonfiction Finalist A Capitol Choices Remarkable Book A Mighty Girl Best Book A Malala Fund Favorite Book Selection In 1992, Amra was a teen in Bihac, Bosnia, when her best friend said they couldn't speak anymore. Her friend didn't say why, but Amra knew the reason: Amra was Muslim. It was the first sign her world was changing. Then Muslim refugees from other Bosnian cities started arriving, fleeing Serbian persecution. When the tanks rolled into Bihac, bringing her own city under seige, Amra's happy life in her peaceful city vanished. But there is light even in the darkest of times, and she discovered that light in the warm, bonfire eyes of a stray cat. The little calico had followed the refugees into the city and lost her own family. At first, Amra doesn't want to bother with a stray; her family doesn't have the money to keep a pet. But with gentle charm this kitty finds her way into everyone's heart, and after a few near miracles when she seems to save the family, how could they turn her away? Here is the stunning true story of a teen who, even in the brutality of war, never wavered in her determination to obtain an education, maintain friendships, and even find a first love--and the cat who gave comfort, hope, and maybe even served as the family's guardian spirit.
