**why was gannon staunch not with his mother: *The Torreon Cabin Murders*** Maurice Moya, 2015-03-10 The Torreon Cabin Murders in December of 1995 was one of the most heinous cases in the history of the state of New Mexico. A young man and his live-in girl friend were murdered execution style in a cabin in Cibola National Forest near a small town called Torreon. Her two young sons were then locked in the cabin to die of starvation and dehydration by the murderer. Later, the young man's father discovered the bodies and New Mexico State Police and a gang detective from the Albuquerque Police Department were assigned to investigate the four deaths. No crime scene team was sent to the cabin to look for evidence, according to the author. Investigators came up with prime suspects and with the guidance of the District Attorney's office took numerous statements from two of them until they were able to obtain what appeared to some to be false confessions.

Three young men were eventually charged with the death penalty. But was the real killer in the Torreón cabin murders released on the public to continue his crimes? Let the reader decide.

**why was gannon staunch not with his mother: The Billionaire Murders** Kevin Donovan, 2019-10-29 NATIONAL BESTSELLER \*NOW A FOUR-PART CRAVE ORIGINAL DOCUSERIES\* A top journalist crosses the yellow tape to investigate a shocking high-society crime. Billionaires, philanthropists, socialites . . . victims. Barry and Honey Sherman appeared to lead charmed lives. But the world was shocked in late 2017 when their bodies were found in a bizarre tableau in their elegant Toronto home. First described as murder-suicide — belts looped around their necks, they were found seated beside their basement swimming pool — police later ruled it a staged, targeted double murder. Nothing about the case made sense to friends of the founder of one of the world's largest generic pharmaceutical firms and his wife, a powerhouse in Canada's charity world. Together, their wealth has been estimated at well over \$4.7 billion. There was another side to the story. A strategic genius who built a large generic drug company — Apotex Inc. — Barry Sherman was a self-described workaholic, renowned risk-taker, and disruptor during his fifty-year career. Regarded as a generous friend by many, Sherman was also feared by others. He was criticized for stifling academic freedom and using the courts to win at all costs. Upset with building issues at his mansion, he sued and recouped millions from tradespeople. At the time of his death, Sherman had just won a decades-old legal case involving four cousins who wanted 20 percent of his fortune. Toronto Star investigative journalist Kevin Donovan chronicles the unsettling story from the beginning, interviewing family members, friends, and colleagues, and sheds new light on the Shermans' lives and the disturbing double murder. Deeply researched and authoritative, *The Billionaire Murders* is a compulsively readable tale of a strange and perplexing crime.

**why was gannon staunch not with his mother: We Have Your Daughter** Paula Woodward, 2016-09-22 New information from *We Have Your Daughter* has been revealed. Here is some of it. The Family As a top reporter in Denver, Paula Woodward was one of the few who had access to the Ramsey attorneys and thus the family. One of the prevailing questions in most of the television specials is about the bowl of pineapple on the kitchen table with Burke and Patsy's fingerprints on the bowl. That pineapple has been linked to JonBenét's death on some television broadcasts because of a reference in the autopsy to JonBenét having "fragments like pineapple" in her stomach. For more than a year after the murder, the pineapple theory behind her death was talked about. But when Boulder police finally had the material in her stomach tested at the University of Colorado in Boulder in October of 1997, they found out two months later in December, that the material was pineapple, plus grapes, grape skins, and cherries. That is food similar to that found in a fruit cocktail. What does that mean? This is the type of exclusive and factual information you will find in *We Have Your Daughter* that allows you to challenge preconceived theories. In 2010, Woodward interviewed Burke Ramsey specifically for her book. • Burke discussed his family and the chaos surrounding the case. Woodward has obtained a Boulder Social Services Evaluation of the Child about Burke Ramsey that states "From the interview it is clear that Burke was not a witness to JonBenét's death." That raises more doubts about those who believe Burke was involved in his sister's death and again reinforces the information Woodward has researched and uncovered. • In an interview with Burke Ramsey from 2010, he talks about his mom and how she taught him he could be optimistic or pessimistic about all the tragedies in their family. She chose positive for herself and so did he both believing it was important to find joy in each day. • After Patsy Ramsey was diagnosed again with cancer in 2002, she began sharing private conversations with Paula in 2004 and 2005. This information was to be used after she died. • John Ramsey gave Paula access to his personal journal as well as access to JonBenét's personal drawings and photos The Handwriting Test Results Handwriting is another key controversial part of this investigation and story. Paula has information and findings that show issues with how Boulder Police handled this aspect of the investigation. She discusses the results of the handwriting. Exclusive Reports & Documents Investigative Reporter Paula Woodward reviewed portions of thousands of police reports and documents for her book. Here are some highlights of her findings which she includes in the book, all

of which affected the investigation and the public's view of the family. Exclusive: The police report from the Boulder Police Officer who was FIRST to arrive on scene the morning of December 26, 1996 - before JonBenét's body was found and why he didn't find it. Exclusive: In the police report from the BPD Detective who stayed on scene until JonBenét's body was found - Paula lists some discrepancies in that report. Exclusive: Paula discovered what she calls a "deliberate campaign of disinformation" by law enforcement, based on information she received from her sources. She also cites issues with the media coverage, with outlets reporting information without verifying it. Woodward says much of the information and "anonymous leaks" reported were untrue and has all had an effect on the investigation. She cites several examples. Exclusive: Paula found that Boulder police withheld the results of the DNA tests that excluded the Ramsey family from both the Boulder district attorney and the public. The evidence that was submitted as DNA excluded the Ramseys. In *We Have Your Daughter: The Unsolved Murder of JonBenét Ramsey Twenty Years Later*, Emmy Award-winning investigative journalist Paula Woodward offers an unprecedented, definitive, insider perspective on the twentieth anniversary of one of the most heinous, sensationalized, unsolved crimes in American history. Here for the first time, Woodward examines conversations and information from all sides of those involved in the case. She shares information compiled during the twenty years she reported on the murder, including private conversations with law enforcement individuals directly involved in the case, their thoughts and dissections of what went wrong and right, and who they now believe is the killer. Woodward has included drawings by JonBenét, letters from her teachers, and photographs that show a normal, happy six-year-old whose life was cut short in such a horrible manner. She shares portions of John Ramsey's private journal, where he wrote of his torment and grief in the aftermath of the murder. And she recounts personal conversations with JonBenét's mother prior to her death from cancer in 2006. JonBenét's brother Burke talks publicly about his sister's death and how it affected the family and his life. *We Have Your Daughter* is an extraordinary work of journalism, twenty years in the making. It depicts a family under siege with their guilt or innocence still openly questioned. This book allows readers to decide in this heartbreaking story - was it Ramsey or an unknown intruder?

**why was gannon stauch not with his mother: Baba's Rinanubandh** Vinny Chitluri, 2011-04-08 The word 'Rinanubandh' literally means 'Karmic debt'. It is an impossible task to write the exact meaning of this word, as a lot of nuances are lost while doing so. When you read the lives of Baba's devotees you realise that it has deeper meaning. A bond that has existed for many generations. His devotees came from varied backgrounds. Some highly educated, others were rustic villagers. The victims—including wife and mother Carol Naisbitt—were brutally tortured, shot in the head, and left for dead. Yet somehow, Carol's sixteen-year-old son made it out alive—and "the emotional strain his family underwent during his year-long hospitalization, is the heart of Kinder's story" (*Kirkus Reviews*). In *Victim*, the first true crime book to go beyond the headlines and tell story of love, loss, courage, and survival, "the crime in question becomes not merely something that happened to somebody else somewhere else, but rather an event that touches us all firsthand and very deeply." A compelling and tragic look at how lives can be changed forever by a random act of violence, it remains one of the most influential books in the victims' rights movement and has become required reading for trainees at the FBI Academy at Quantico (*Boston Herald*).

**why was gannon staunch not with his mother: Blood & Marriage** Kathleen McKenna Hewtson, 2021-07-02 In August of 2018, in a wealthy Denver suburb, a shocked and horrified nation learned that Christopher Lee Watts had murdered his pregnant wife, their two little girls and their unborn son. But shock was soon replaced by puzzlement. Why? And the surprising answer is that a standard Anadarko Petroleum employee policy led, unintentionally of course, to the murders. By early 2018, the Watts family finances were beyond dire again after a recent shattering bankruptcy, then Chris Watts' employer, Anadarko Petroleum, offered him a life insurance policy on the lives of his wife, Shan'ann, and his very young daughters, Bella and CeCe, for a total of \$450,000. Wouldn't that get him out of a spot? After that, Shan'ann's days were numbered, preferably via a perceived oxycontin overdose. Well, Chris Watts tried that twice and failed. Then he decided to go for the jackpot. Shan'ann would 'murder' the girls, and would then disappear. Nobody was going to find her body in the Cervi 19 oil storage tanks. He would collect on the girls immediately and then get the

rest when Shan'ann was legally declared dead. It was an excellent plan, to be carried out by a complete moron. On the night of Sunday August 12, 2018, two things went catastrophically wrong, leaving Chris Watts to dispose of three bodies, not one, and facing a nail-biting time crunch. Then a friend of Shan'ann's called in the cops on the morning of Monday August 13, and it was game over. But, for some, that's when the party started. (The paperback contains photographs)

**why was gannon staunch not with his mother: Silver Fox** Nick Van Der Leek, 2020-02-08 In the second narrative in the SILVER FOX trilogy true crime rocket scientist Nick van der Leek analyzes the Chris Watts case in a brand new way - through the prism of marriage. We want to see the marriage while standing in his shoes, and then step into Shan'ann heels, and feel out the view from there. We don't want glimpses through selfies - we want a longer, slower pan through their marriage, so that we can feel our way to something we haven't seen before. I call it weddedness. How wedded were each of these people, and how did that drive the wheels towards inevitable annihilation? SILVER FOX WEDDED HUSBAND WEDDED WIFE also integrates the latest news, analysis and dramatizations into the most authentic and up-to-date account of the Watts case available anywhere.

**why was gannon staunch not with his mother: The Murder of Vincent Van Gogh** Nick van der Leek, 2018-05-12 Vincent van Gogh is the world's most popular and expensive artist, the father of modern art, and yet no one really knows how he died, when, how or where. If he didn't commit suicide, what happened? If Vincent did commit suicide, why would the master of expressionism fail to express himself on his own death? Why would a man whose art, beloved for its effusiveness, remain mum on this most primary of primary motives; why not reveal his motives for snuffing out his own yellow flame? Why would someone who wrote so many letters - 830 that we know of, at a rate of almost a letter a day - fail to write a suicide note on the day of his death? Why would anyone who wanted to escape his painful existence, shoot himself in the stomach, only to endure an agonising 30 hour exit? Why did Vincent cut off his ear, and how much ear did really he cut off? Does the calculus hold, that the bigger the piece of severed ear, the more tortured, the more mad, the artist must be in the eyes of the world? Why was Vincent such a tortured artist? What is the modern medical diagnosis for his particular brand of mental illness? We want to inflate the various theories into bulging balloons, float them alongside one another and then reach for the true crime needle. The process of popping the unlikelier versions dogging Vincent's story, fundamental as it may be to the popular museum and PR narrative, must be balanced by the synthesis of a new version, a new integrated picture of what happened that has never been painted before... In The Murder of Vincent van Gogh true crime maestro Nick van der Leek does what few have done in over a century of feverish postulations - he blows away the murk and reveals the motive behind the most beloved artist's unhappy end, and does so in expressive, crystal clear detail.

**why was gannon stauch not with his mother: Great Pages in History from the Wisconsin State Journal, 1852-2002** Frank Denton, 2002 This fascinating collection reproduces the most important front pages in the history of the Wisconsin State Journal newspaper, from its first publication under that name on September 30, 1852, to the current War on Terrorism. See what Wisconsinites first read about Abraham Lincoln's election and assassination, Custer's last stand against the Sioux, the first votes by women, Henry Ford's \$5 daily wage, the Saint Valentine's Day mob massacre in Chicago, the disappearance of Amelia Earhart as she attempted to fly around the world . . . and the wars, elections, crimes, and social revolutions that have defined the past century and a half. Each front page, reproduced from the original, is readable down to the smallest type. In 2002 the Wisconsin State Journal celebrates its Sesquicentennial, marking one hundred and fifty years of service to the people of Madison and the State of Wisconsin. The newspaper had an earlier inception as the Madison Express in 1839, when Madison was a territorial town on the frontier and statehood was still nine years away. Readers will notice the newspaper's appearance has changed nearly as much as have the methods of gathering the news and producing the paper. But readers' fascination with and hunger for the news of each day remain strong.
