zoeytur: Real Philosophy for Real People Robert McTeigue, 2020-08-24 The philosopher Paul Weiss once observed, Philosophers let theories get in the way of what they and everyone else know. For many, the very word philosophical has become all but synonymous with impractical. Yet whether we like it or not, almost every corner of our lives—from dissertation writing to channel surfing—brings us face to face with competing philosophies and world views, each claiming to tell us definitively what it means to be human. How can we know which one is right? And what difference does it make? To Robert McTeigue, S.J., it makes every difference in the world. Consciously or not, we all have a world view, and it decides how we live. In this book, McTeigue gives a funny and invigorating crash course in practical logic, metaphysics, anthropology, and ethics, equipping readers with a tool kit for breaking down and evaluating the thought systems—some good, some toxic—that swirl around us, and even within us. In McTeigue, classical philosophy finds a contemporary voice, accessible to the layman and engaging to the scholar. Real Philosophy for Real

People is an answer to those philosophies that prize theory over truth, to any metaphysics that cannot account for itself, to anthropologies that are unworthy of the human person, and to ethical systems that reduce the great dignity and destiny of the human person. As the author insists, A key test of any philosophy is: Can it be lived? With Thomas Aquinas, this book teaches not only how to know the truth, but how to love it and to do it.

zoeytur: Rough Draft Katy Tur, 2023-05-02 INSTANT NEW YORK TIMES BESTSELLER "It's a hell of a story." —The New York Times "A stunning and revelatory memoir." —Oprah Daily From MSNBC anchor and instant New York Times bestselling author Katy Tur, a shocking and deeply personal memoir about a life spent chasing the news. When a box from her mother showed up on Katy Tur's doorstep, months into the pandemic and just as she learned she was pregnant with her second child, she didn't know what to expect. The box contained thousands of hours of video—the work of her pioneering helicopter journalist parents. They grew rich and famous for their aerial coverage of Madonna and Sean Penn's secret wedding, the Reginald Denny beating in the 1992 Los Angeles riots, and O.J. Simpson's notorious run in the white Bronco. To Tur, these family videos were an inheritance of sorts, and a reminder of who she was before her own breakout success as a reporter. In *Rough Draft*, Tur writes about her eccentric and volatile California childhood, punctuated by forest fires, earthquakes, and police chases—all seen from a thousand feet in the air. She recounts her complicated relationship with a father who was magnetic, ambitious, and, at times, frightening. And she charts her own survival from local reporter to globe-trotting foreign correspondent, running from her past. Tur also opens up for the first time about her struggles with burnout and impostor syndrome, her stumbles in the anchor chair, and her relationship with CBS Mornings anchor Tony Dokoupil (who quite possibly had a crazier childhood than she did). Intimate and captivating, *Rough Draft* explores the gift and curse of family legacy, examines the roles and responsibilities of the news, and asks the question: To what extent do we each get to write our own story?

zoeytur: **That's Not Funny** Matt Sienkiewicz, Nick Marx, 2024-03-26 A 2022 Best Comedy Book, Vulture A rousing call for liberals and progressives to pay attention to the emergence of right-wing comedy and the political power of humor. Why do conservatives hate comedy? Why is there no right-wing Jon Stewart? These sorts of questions launch a million tweets, a thousand op-eds, and more than a few scholarly analyses. *That's Not Funny* argues that it is both an intellectual and politically strategic mistake to assume that comedy has a liberal bias. Matt Sienkiewicz and Nick Marx take readers—particularly self-described liberals—on a tour of contemporary conservative comedy and the right-wing comedy complex. In *That's Not Funny*, complex takes on an important double meaning. On the one hand, liberals have developed a social-psychological complex—it feels difficult, even dangerous, to acknowledge that their political opposition can produce comedy. At the same time, the right has been slowly building up a comedy-industrial complex, utilizing the humorous, irony-laden media strategies of liberals such as Jon Stewart, Samantha Bee, and John Oliver to garner audiences and supporters. Right-wing comedy has been hiding in plain sight, finding its way into mainstream conservative media through figures ranging from Fox News's Greg Gutfeld to libertarian podcasters like Joe Rogan. *That's Not Funny* taps interviews with conservative comedians and observations of them in action to guide readers through media history, text, and technique. You will find many of these comedians utterly appalling, some surprisingly funny, and others just plain weird. They are all, however, culturally and politically relevant—the American right is attempting to seize spaces of comedy and irony previously held firmly by the left. You might not like this brand of humor, but you can't ignore it.

zoeytur: See No Evil Joel Pollak, 2016-07-25 Liberals take great pride in their supposed open-mindedness. Yet when it comes to hot-button issues like radical Islam, global warming, and abortion, "open-minded" liberals go to great lengths to discredit and suppress the ideas of their opponents. Breitbart senior editor Joel Pollak exposes the nineteen key ideas that today's liberals are desperate to suppress, revealing the blatant hypocrisy of left-wing leaders and pundits who preach tolerance but practice intolerance.

zoeytur: Sinking in the Swamp Lachlan Markay, Asawin Suebsaeng, 2020-02-11 An eyewitness account of Donald Trump's clown car of lieutenants and lackeys who have polluted the corridors of power with their unprecedented awfulness. Two of Washington's most meddlesome reporters take readers on a deep dive into the murky underworld of President Trump's Washington, dishing the hilarious and frightening dirt on the charlatans, conspiracy theorists, ideologues, and run-of-the-mill con artists who have infected the highest echelons of American political power. For the past three years, reporting from the White House, the Trump hotel, and other dens of intrigue and influence, Lachlan Markay and Asawin Suebsaeng have revealed the sordid shenanigans of a rogue's gallery of Trumpworld incompetents and improbable A-listers -- earning them angry denunciations (or at least some vexed side-eye) from Trumpists such as the actor Jon Voight and Trump's former campaign czar and renowned obfuscator Corey Lewandowski as well as requisite threats of physical violence and ruin. *Sinking in the Swamp* will similarly pull no punches. Everyone from assorted Trump family members to Stephen Miller, Sean Hannity, and Diamond & Silk to Trumpworld's even more obscure accomplices will be plumbed, prodded, and exposed for their roles in the most shambolic moment in modern American political history. When they go low, Swin and Lachlan are right there with them, recorders running and notebooks at the ready. *Sinking in the Swamp* is an uncompromising account of the financial and moral degradation of our capital, told with righteous indignation and through the lens of key power players and foot soldiers whose own antics have often escaped the notice of the overworked press corps. As the 2020 election approaches, this page-turning, letting-it-all-hang-out narrative shows how the nation got to this nadir, tracing the story back to years before Trump's improbable run for the White House and cataloguing the stomach-turning moments that followed.

Parents' first duty is to their children—to their intellect, their character, their souls. The facts on the ground point to one conclusion: get out now.

zoeytur: Gender and Journalism Mary Angela Bock, 2023-08-29 Gender and Journalism introduces students to how one facet of our humanity—gender—has a tremendous effect on the people working in journalism; the subjects and framing of the stories they tell; and ultimately the people who consume those stories. zoeytur: Counseling the Culturally Diverse Derald Wing Sue, David Sue, 2015-12-11 The standard bearing guide for multicultural counseling courses now enhanced with research-based, topical, and pedagogical refinements *Counseling the Culturally Diverse: Theory and Practice*, 7th Edition is the new update to the seminal work on multicultural counseling. From author Derald Wing Sue - one of the most cited multicultural scholars in the United States - this comprehensive work includes current research, cultural and scientific theoretical formations, and expanded exploration of internalized racism. Replete with real-world examples, this book explains why conversations revolving around racial issues remain so difficult, and provides specific techniques and advice for leading forthright and productive discussions. The new edition focuses on essential instructor and student needs to facilitate a greater course-centric focus. In response to user feedback and newly available research, the seventh edition reflects: Renewed commitment to comprehensiveness. As compared to other texts in the field, CCD explores and covers nearly all major multicultural counseling topics in the profession. Indeed, reviewers believed it the most comprehensive of the texts published, and leads in coverage of microaggressions in counseling, interracial/interethnic counseling, social justice approaches to counseling, implications of indigenous healing, the sociopolitical nature of counseling, racial identity development, and cultural use of evidence-based practice. Streamlined Presentation to allow students more time to review and analyze rather than read more detailed text New advances and important changes, such as expanded coverage of internalized racism, cultural humility, expansion of microaggression coverage to other marginalized groups, social justice/advocacy skills, recent research and thinking on evidence-based practice, and new approaches to work with specific populations. Most current work in multicultural mental health practice including careful consideration of the multicultural guidelines proposed by the American Psychological Association and the draft guidelines for Multicultural and Social Justice Counseling Competencies (MSJCC) (2015) from the American Counseling Association's Revision Committee. Expanded attention to the emotive nature of the content so that the strong emotive reaction of students to the material does not prevent self-exploration (a necessary component of cultural competence in the helping professions). Strengthened Pedagogy in each chapter with material to facilitate experiential activities and discussion and to help students digest the material including broad Chapter Objectives and more specific and oftentimes controversial Reflection and Discussion Questions. Every chapter opens with a clinical vignette, longer narrative, or situational example that previews the major concepts and issues discussed in the chapter. The Chapter Focus Questions serve as prompts to address the opening 'course objectives,' but these questions not only preview the content to be covered, but are cast in such a way as to allow instructors and trainers to use them as discussion questions throughout the course or workshop. We have retained the 'Implications for Clinical Practice' sections and added a new Summary after every chapter. Instructor's Handbook has been strengthened and expanded to provide guidance on teaching the course, anticipating resistances, overcoming them, and providing exercises that could be used such as case studies, videos/movies, group activities, tours/visits, and other pedagogy that will facilitate learning. Easier comparison between and among groups made possible by updating population specific chapters to use common

topical headings (when possible). Offering the perfect blend of theory and practice, this classic text helps readers overcome the discomfort associated with discussions of race, provides real-world examples of how to discuss diversity and difference openly and honestly, and closely examines the hidden and unwritten rules that dictate many aspects of diversity in today's world.

zoeytur: Marlon Brando Burt Kearns, 2024-04-02 Over the last eighty years, Marlon Brando has become such an object of fascination, buried under so many accreted layers of mythos and half-truth, that it is all but impossible to see the man behind the icon. As we approach the centennial of this undisputed American legend, *Marlon Brando: Hollywood Rebel* is a revelatory biography that tells its story the same way the man himself approached a role: from the inside. Author, journalist, and pop culture authority Burt Kearns digs deep into the unexplored aspects of Brando's career, interests, and singular personality, revealing how his roles on stage and screen, combined with his wild and restless personal life, helped to transform popular culture and society writ large. His influence was both broad and deep. Brando's intense approach to acting technique was emulated by his contemporaries as well as generations of actors who followed, from Nicholson and DeNiro to DiCaprio and Gosling. But his legacy extends far beyond acting. His image in *The Wild One* helped to catalyze a youth revolution, setting the stage for rock 'n' roll culture in a way that directly inspired Elvis Presley, the Beatles, Andy Warhol, and punk rock culture. Brando was also frank about his affairs with both sexes; a leader of the sexual revolution and a hero of gay culture, he defied stereotypes and redefined sexual boundaries in his life and the roles he played. But of all his passions, activism was even more important to Brando than acting: he was an early supporter of Israel, civil rights, the American Indian movement, Black Power, gay rights, and environmentalism. Startlingly intimate and powerfully told, *Marlon Brando: Hollywood Rebel* shows how the greatest actor of the twentieth century helped lead the world into the twenty-first.

zoeytur: Unbelievable Katy Tur, 2017-09-12 NEW YORK TIMES BESTSELLER "Compelling... this book couldn't be more timely." - Jill Abramson, New York Times Book Review From the Recipient of the 2017 Walter Cronkite Award for Excellence in Journalism Called disgraceful, third-rate, and not nice by Donald Trump, NBC News correspondent Katy Tur reported on—and took flak from—the most captivating and volatile presidential candidate in American history. Katy Tur lived out of a suitcase for a year and a half, following Trump around the country, powered by packets of peanut butter and kept clean with dry shampoo. She visited forty states with the candidate, made more than 3,800 live television reports, and tried to endure a gazillion loops of Elton John's *Tiny Dancer*—a Trump rally playlist staple. From day 1 to day 500, Tur documented Trump's inconsistencies, fact-checked his falsities, and called him out on his lies. In return, Trump repeatedly singled Tur out. He tried to charm her, intimidate her, and shame her. At one point, he got a crowd so riled up against Tur, Secret Service agents had to walk her to her car. None of it worked. Facts are stubborn. So was Tur. She was part of the first women-led politics team in the history of network news. The Boys on the Bus became the Girls on the Plane. But the circus remained. Through all the long nights, wild scoops, naked chauvinism, dodgy staffers, and fevered debates, no one had a better view than Tur. *Unbelievable* is her darkly comic, fascinatingly bizarre, and often scary story of how America sent a former reality show host to the White House. It's also the story of what it was like for Tur to be there as it happened, inside a no-rules world where reporters were spat on, demeaned, and discredited. Tur was a foreign correspondent who came home to her most foreign story of all. *Unbelievable* is a must-read for anyone who still wakes up and wonders, Is this real life?

zoeytur: Carrie Fisher: A Life on the Edge Sheila Weller, 2019-11-12 A remarkably candid biography of the remarkably candid—and brilliant—Carrie Fisher In her 2008 bestseller, *Girls Like Us*, Sheila Weller—with heart and a profound feeling for the times—gave us a surprisingly intimate portrait of three icons: Carole King, Joni Mitchell, and Carly Simon. Now she turns her focus to one of the most loved, brilliant, and iconoclastic women of our time: the actress, writer, daughter, and mother Carrie Fisher. Weller traces Fisher's life from her Hollywood royalty roots to her untimely and shattering death after Christmas 2016. Her mother was the spunky and adorable Debbie Reynolds; her father, the heartthrob crooner Eddie Fisher. When Eddie ran off with Elizabeth Taylor,

the scandal thrust little Carrie Frances into a bizarre spotlight, gifting her with an irony and an aplomb that would resonate throughout her life. We follow Fisher's acting career, from her debut in Shampoo, the hit movie that defined mid-1970s Hollywood, to her seizing of the plum female role in Star Wars, which catapulted her to instant fame. We explore her long, complex relationship with Paul Simon and her relatively peaceful years with the talent agent Bryan Lourd. We witness her startling leap—on the heels of a near-fatal overdose—from actress to highly praised, bestselling author, the Dorothy Parker of her place and time. Weller sympathetically reveals the conditions that Fisher lived with: serious bipolar disorder and an inherited drug addiction. Still, despite crises and overdoses, her life's work—as an actor, a novelist and memoirist, a script doctor, a hostess, and a friend—was prodigious and unique. As one of her best friends said, "I almost wish the expression 'one of a kind' didn't exist, because it applies to Carrie in a deeper way than it applies to others." Sourced by friends, colleagues, and witnesses to all stages of Fisher's life, Carrie Fisher: A Life on the Edge is an empathic and even-handed portrayal of a woman who—as Princess Leia, but mostly as herself—was a feminist heroine, one who died at a time when we need her blazing, healing honesty more than ever.

zoeytur: Wahnsinn der Massen Douglas Murray, 2022-05-15 Der The Sunday Times-Bestseller jetzt in komplett überarbeiteter Neuauflage. Douglas Murray kämpft den wichtigen Kampf um die Meinungsfreiheit. Ein wahrhaftiger Blick auf eines der spaltendsten Themen unserer Gegenwart. Jordan B. Peterson Das neue Buch von Murray ist überwältigend und sollte gelesen werden, MUSS gelesen werden - von jedem! Richard Dawkins Douglas Murray, Autor des The Sunday Times #1-Bestsellers »Der Selbstmord Europas«, widmet sich in seinem neuen Buch »Wahnsinn der Massen« den vielleicht polarisierendsten Themen unserer Zeit. Gleichberechtigung zwischen den Geschlechtern, zwischen Menschen unterschiedlicher Herkunft und sexueller Orientierung sind wichtige Errungenschaften unserer Gesellschaft. Doch unsere Bemühungen um eine gerechtere Gesellschaft schießen oft über das Ziel hinaus und nehmen hysterische Züge an. Diese neuen Kulturkriege erleben die Menschen immer häufiger an ihren Arbeitsplätzen sowie den Universitäten und Schulen, oft im Namen der sozialen Gerechtigkeit oder Identitätspolitik. In unserer postmodernen Zeit wird der Kampf im Namen religiöser und politischer Ideologien immer mehr durch das Streben nach individueller Aufmerksamkeit und Anerkennung ersetzt, so dass mitunter auch kleine Interessengruppen immer öfter die politische und gesellschaftliche Agenda dominieren. Murray zeigt, wie wir im Ringen um die Anerkennung jedes Einzelnen unsere Vernunft, unsere gemeinsamen Werte und letztlich unsere Menschlichkeit verlieren. Ein wichtiges Plädoyer für die Redefreiheit, für vernunftgeleitete Diskussionen und gegen den zuweilen aufkeimenden Wahnsinn in einem Zeitalter der Massenhysterie.

zoeytur: The Madness of Crowds Douglas Murray, 2019-09-17 THE SUNDAY TIMES BESTSELLER Updated with a new afterword An excellent take on the lunacy affecting much of the world today. Douglas is one of the bright lights that could lead us out of the darkness. - Joe Rogan Douglas Murray fights the good fight for freedom of speech ... A truthful look at today's most divisive issues - Jordan B. Peterson Are we living through the great derangement of our times? In The Madness of Crowds Douglas Murray investigates the dangers of 'woke' culture and the rise of identity politics. In lively, razor-sharp prose he examines the most controversial issues of our moment: sexuality, gender, technology and race, with interludes on the Marxist foundations of 'wokeness', the impact of tech and how, in an increasingly online culture, we must relearn the ability to forgive. One of the few writers who dares to counter the prevailing view and question the dramatic changes in our society - from gender reassignment for children to the impact of transgender rights on women - Murray's penetrating book, now published with a new afterword taking account of the book's reception and responding to the worldwide Black Lives Matter protests, clears a path of sanity through the fog of our modern predicament.

zoeytur: La grande déraison Douglas Murray, 2020-10-21 À notre époque postmoderne, où les grands récits religieux et politiques se sont effondrés en Occident, émerge, à côté de l'horizon écologique, une véritable « politique de l'identité », un désir croisé de redresser les torts supposés à

l'égard des minorités ethniques, des femmes, des personnes LGBT, etc... Autant de mouvements revendicatifs dont l'impact est décuplé par la puissance des médias sociaux. Des groupes d'intérêts dominant désormais l'agenda politique alors que la société se fragmente toujours plus. Selon Murray, les revendications de chacun de ces groupes souffrent pourtant de sérieuses fragilités scientifiques, parfois même de totales contradictions. Exemples à l'appui, il les dévoile et les analyse dans ce livre. Dans nos pays, où la situation des minorités est paradoxalement la plus enviable du monde, il montre pourquoi, au rythme des capitulations politiques actuelles, les questions de sexualité, de genre et de race risquent fort de déclencher des affrontements toujours plus graves.

zoeytur: Claves filosóficas de la ideología woke Carlos Javier Alonso , 2023-05-09 Estatuas derribadas, trabajadores despedidos, libros proscritos, iglesias vandalizadas, espectáculos suspendidos, conferencias canceladas, asesinatos civiles, personajes demonizados y, sobre todo, una historia leída desde una óptica de izquierda radical son la base en la que se sustenta la ideología woke. Esta corriente nacida en los campus universitarios de EE.UU. hace unas décadas bajo una aparente rebelión contra la «opresión», el «odio», el «racismo» o la «discriminación», es en realidad una versión pujante de la corrección política que se está imponiendo con fuerza en toda la sociedad occidental. De este modo, si criticas la discriminación positiva de la mujer, eres un machista. Si no crees que los grupos LGTBI tengan que recibir privilegios o ayudas especiales, eres un homófobo. Si defiendes a los empresarios, eres un explotador. Si pides que la inmigración sea ordenada, eres un xenófobo. Y así con todo. A través del lenguaje, se pretende generar una nueva realidad y todo aquel que discrepa de este nuevo paradigma se enfrenta a esas descalificaciones y a auténticas campañas de desprestigio que aspiran al asesinato civil del disidente, a la destrucción de la reputación de toda persona que no comparta los postulados políticamente correctos. Toda opinión alejada de la retórica dominante queda desautorizada automáticamente como una expresión fascista. De ese modo, la izquierda se ahorra la necesidad de debatir y se asegura la imposición de su agenda ideológica, alimentándose de un clima de miedo y censura. Este clima se enmarca en un cambio general de la política progresista que, desde un enfoque marxista de clase, guiado por grandes relatos unificadores y universales, ha virado hacia otro más identitario, cultural y segregado. Su núcleo ahora es la política de la identidad, la movilización política basada en características como la raza, el género y la orientación sexual, en vez de en las distinciones clásicas del partido, la ideología o la infraestructura económica. El marxismo -en su forma de marxismo cultural- ha tenido un efecto decisivo en la nueva cultura de izquierdas, especialmente en las universidades. No es posible entender los estudios culturales contemporáneos sin la influencia del marxismo que sostiene que la apelación a la razón es un pretexto para la supremacía capitalista o que la justicia no puede ser nunca neutral, sino que es siempre un reflejo de las estructuras de poder. A diferencia del movimiento por los derechos civiles de los negros de los años 60 que buscaba «la corrección de la conciencia y la cultura americanas» con espíritu constructivo, los militantes woke quieren dismantlar la civilización occidental, en la que ven la fuente de un sistema opresivo. Para lograrlo, creen que está justificado cancelar, boicotear o avergonzar a quienes disienten de los miembros de unos grupos a los que se brinda una protección especial. La generalización de esas prácticas antiliberales ha dado lugar al nacimiento de la cultura de la cancelación. Contra el eterno retorno de la ideología que hoy adopta la forma de la cultura de la cancelación (cancel culture), los únicos antídotos siguen siendo el Estado de derecho y la defensa de las libertades, y los ideales de la democracia liberal la única instancia verdaderamente revolucionaria que vale la pena perseguir, sin arrodillarse.

zoeytur: The Douglas Murray Collection Douglas Murray, 2022-07-07 Includes two Sunday Times bestsellers by Douglas Murray. *The Strange Death of Europe*: This book is not only an analysis of demographic and political realities, but also an eyewitness account of a continent in self-destruct mode. It includes reporting from across the entire continent, from the places where migrants land to the places they end up, from the people who appear to welcome them in to the places which cannot accept them. Told from this first-hand perspective, and backed with impressive research and evidence, the book addresses the disappointing failure of multiculturalism, Angela Merkel's U-turn on migration, the lack of repatriation and the Western fixation on guilt. Murray travels to Berlin, Paris, Scandinavia, Lampedusa and Greece to uncover the malaise at the very heart of the European culture, and to hear the stories of those who have arrived in Europe from far away. He ends with two visions of Europe – one hopeful, one pessimistic – which paint a picture of Europe in crisis and offer a choice as to what, if anything, we can do next. *The Madness of Crowds*: A Times and Sunday Times Book of the Year 'Douglas Murray fights the good fight for freedom of speech ... A truthful look at

today's most divisive issues' - Jordan B. Peterson '[Murray's] latest book is beyond brilliant and should be read, must be read, by everyone' - Richard Dawkins 'How can you not know about The Madness of Crowds? It's actually the book I've just finished. You can't just not read these books, not know about them.' - Tom Stoppard In this devastating book, Douglas Murray examines the twenty-first century's most divisive issues: sexuality, gender, technology and race. He reveals the astonishing new culture wars playing out in our workplaces, universities, schools and homes in the names of social justice, identity politics and 'intersectionality'. Readers of all political persuasions cannot afford to ignore Murray's masterfully argued and fiercely provocative book, in which he seeks to inject some sense into the discussion around this generation's most complicated issues. He ends with an impassioned call for free speech, shared common values and sanity in an age of mass hysteria. This eBook bundle contains: The Strange Death of Europe The Madness of Crowds

zoeytur: *The High School Secret* Dalila Avdic, Izabel Contreras, 2021-03-09 Två amerikanska tjejer men namnen Sandra och Zoey börjar på en ny skola i Sibirien. Där träffar dom på olika vänner. Zoey och Sandra splittras och hoppar in i två nya kompisgäng. Det är bara ett grupparbete som dom får reda på att skolan har en hemlighet som skolan har följt ett långt tag.

zoeytur: *Panic Attack* Robby Soave, 2019-06-18 Since the 2016 election, college campuses have erupted in violent protests, demands for safe spaces, and the silencing of views that activist groups find disagreeable. Who are the leaders behind these protests, and what do they want? In *Panic Attack*, libertarian journalist Robby Soave answers these questions by profiling young radicals from across the political spectrum. Millennial activism has risen to new heights in the age of Trump. Although Soave may not personally agree with their motivations and goals, he takes their ideas seriously, approaching his interviews with a mixture of respect and healthy skepticism. The result is a faithful cross-section of today's radical youth, which will appeal to libertarians, conservatives, centrist liberals, and anyone who is alarmed by the trampling of free speech and due process in the name of social justice.

zoeytur: *Lo que piensas, es lo que crees* Emil Cerda, 2021-06-03 Es una teoría científica creada por el escritor Emil Cerda, que da 3 Razones Principales de por qué alguien se vuelve homosexual y sus derivados. Es la teoría científica más acertada sobre la homosexualidad y sus derivados jamás creada antes; también destaca que la homosexualidad y sus derivados son una conducta adquirida; de por qué los niños cuando están pequeños se sienten atraídos por su mismo sexo; también, por qué Dios no permite la homosexualidad y sus derivados. Esta teoría trae consigo el Test de Cerda, un test que revela la proclividad que tiene alguien a ser homosexual y sus derivados, también explica el génesis de por qué la persona se volvió homosexual y sus derivados. También destaca de que la homosexualidad y sus derivados no son genéticos.

zoeytur: *A Insanidade das Massas* Douglas Murray, 2020-04-21 Sexualidade, genero, tecnologia e raca Neste seu novo livro, Douglas Murray analisa os assuntos mais fraturantes do século XXI, revelando as novas guerras culturais que acontecem nas empresas, nas universidades, nas escolas e dentro das nossas casas, em nome da justiça social e das políticas de identidade. Vivemos numa era em que as nocões de religião e ideologia política colapsaram. No seu lugar emergiu um desejo cego de corrigir o que está errado e uma militância de identidade, ambos potenciados pelas redes sociais. A agenda acabou dominada por um conjunto restrito de interesses enquanto a sociedade se torna cada vez mais tribal - e, como o autor mostra, as baixas estão a aumentar. Nenhum leitor, de qualquer quadrante político, pode ignorar este livro provocativo que procura dar sentido a discussões sobre os temas mais complicados do momento. *A Insanidade das Massas* termina com um impressionante apelo a liberdade de expressão, aos valores comuns e a sanidade numa era de histeria.

zoeytur: *A tömegek tébolya* Douglas Murray, 2020-11-18 Szoborledöntések, a történelem átírása, cenzúra és futótűzszerűen terjedő virtuális lincselések: hétköznapijaink egyre inkább tébolyba sülyednek. Új könyvében Douglas Murray, a meghatározó Európa furcsa halála szerzője a tömeghisztéria okait kutatja; hogyan uralt le mindent a nemi és faji megszállottság, hogyan vált aknamezővé a közösségi média, ahol egy ártatlan megjegyzés is nyilvános kiátkozást eredményezhet,

és hogyan vált a kultúra és a tudomány a félelem terepévé az abszurditásig fokozott politikai korrektség nevében. A brit konzervatív szerző a rá jellemző alapossggal és száraz humorral tárja fel a progresszió és egyenlőség terén létfontosságú eredményeket elérő polgárjogi mozgalmak önmaguk ellen fordulását és szétesését. A klasszikus liberális eszméktől a posztmarxista filozófián át a kortárs szórakoztatóiparig terjedő nagy ívű elemzésében tüzetesen szemügyre veszi napjaink bolondériáit és az azokat tápláló, kártyavár stabilitású eszmerendszereket. A tömegek tébolya provokatív mű, provokációja pedig abban rejlik, hogy ellentmondást nem tűrően kiáll a gondolat- és szólásszabadság, illetve a szabad vita joga mellett. Erősen ajánlott olvasmány mindenkinek, aki nem csak Twitter-kompatibilissé butított szólamokból kíván tájékozódni a világról.

zoeytur: *Journalism, Gender and Power* Cynthia Carter, Linda Steiner, Stuart Allan, 2019-02-12 *Journalism, Gender and Power* revisits the key themes explored in the 1998 edited collection *News, Gender and Power*. It takes stock of progress made to date, and also breaks ground in advancing critical understandings of how and why gender matters for journalism and current democratic cultures. This new volume develops research insights into issues such as the influence of media ownership and control on sexism, women's employment, and macho news cultures, the gendering of objectivity and impartiality, tensions around the professional identities of journalists, news coverage of violence against women, the sexualization of women in the news, the everyday experience of normative hierarchies and biases in newswork, and the gendering of news audience expectations, amongst other issues. These issues prompt vital questions for feminist and gender-centred explorations concerned with reimagining journalism in the public interest. Contributors to this volume challenge familiar perspectives, and in so doing, extend current parameters of dialogue and debate in fresh directions relevant to the increasingly digitalized, interactive intersections of journalism with gender and power around the globe. *Journalism, Gender and Power* will inspire readers to rethink conventional assumptions around gender in news reporting—conceptual, professional, and strategic—with an eye to forging alternative, progressive ways forward.

zoeytur: *The Right Side of History* Ben Shapiro, 2019-03-19 A #1 NEW YORK TIMES BESTSELLER! Human beings have never had it better than we have it now in the West. So why are we on the verge of throwing it all away? In 2016, New York Times bestselling author Ben Shapiro spoke at the University of California–Berkeley. Hundreds of police officers were required to protect his speech. What was so frightening about Shapiro? He came to argue that Western civilization is in the midst of a crisis of purpose and ideas; that we have let grievances replace our sense of community and political expediency limit our individual rights; that we are teaching our kids that their emotions matter more than rational debate; and that the only meaning in life is arbitrary and subjective. As a society, we are forgetting that almost everything great that has ever happened in history happened because of people who believed in both Judeo-Christian values and in the Greek-born power of reason. In *The Right Side of History*, Shapiro sprints through more than 3,500 years, dozens of philosophers, and the thicket of modern politics to show how our freedoms are built upon the twin notions that every human being is made in God's image and that human beings were created with reason capable of exploring God's world. We can thank these values for the birth of science, the dream of progress, human rights, prosperity, peace, and artistic beauty. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Yet we are in the process of abandoning Judeo-Christian values and Greek natural law, watching our civilization collapse into age-old tribalism, individualistic hedonism, and moral subjectivism. We believe we can satisfy ourselves with intersectionality, scientific materialism, progressive politics, authoritarian governance, or nationalistic solidarity. We can't. The West is special, and in *The Right Side of History*, Ben Shapiro bravely explains how we have lost sight of the moral purpose that drives each of us to be better, the sacred duty to work together for the greater good,.

zoeytur: Imposed Morality Dr Alena Rada, PhD, 2021-06-01 The book "Imposed Morality" is written from a multidisciplinary perspective and in this sense is totally different from other books dealing with human sexuality and particularly homosexuality. While other books usually present only one point of view such as medical, psychiatric, psychological, social or legal this book present a total and multidisciplinary view. It also includes a discussion of the present views of homosexuality both in the western countries as compared to some non-western societies which do not seem to take the many important aspects of this practice recently discussed and evaluated by western scientists in consideration, and continue to criminalize homosexuality leading to death sentences and executions of gay people or them being stoned publicly to death.
