**bluey cast of characters: A Wild History** Darrell Lewis, 2012-03-01 The frontiersmen who came to the Victoria River District of Australia's Northern Territory included cattle and horse thieves, outlaws, capitalists, dreamers, drunks, madmen and others, from the explorers of the 1830s and 1850s to the founders of the big stations in the 1880s and 1890s, and the cattle duffers in the early 1900s. This book looks at them all. Drawing on painstaking research into obscure and rich documentary sources, Aboriginal oral traditions, and first-hand investigations conducted in the region over thirty-five years, Darrell Lewis pieces together the complex interactions between the environment, the powerful and warlike Aboriginal tribes and the settlers and their cattle, which produced what truly became *A Wild History*.

**bluey cast of characters: The Beach** Alex Garland, 2005-07-05 The irresistible novel that was adapted into a major motion picture starring Leonardo DiCaprio. The Khao San Road, Bangkok -- first stop for the hordes of rootless young Westerners traveling in Southeast Asia. On Richard's first night there, in a low-budget guest house, a fellow traveler slashes his wrists, bequeathing to Richard a meticulously drawn map to the Beach. The Beach, as Richard has come to learn, is the subject of a legend among young travelers in Asia: a lagoon hidden from the sea, with white sand and coral gardens, freshwater falls surrounded by jungle, plants untouched for a thousand years. There, it is rumored, a carefully selected international few have settled in a communal Eden. Haunted by the figure of Mr. Duck -- the name by which the Thai police have identified the dead man -- and his own obsession with Vietnam movies, Richard sets off with a young French couple to an island hidden away in an archipelago forbidden to tourists. They discover the Beach, and it is as beautiful and idyllic as it is reputed to be. Yet over time it becomes clear that Beach culture, as Richard calls it, has troubling, even deadly, undercurrents. Spellbinding and hallucinogenic, *The Beach* by Alex

Garland -- both a national bestseller and his debut -- is a highly accomplished and suspenseful novel that fixates on a generation in their twenties, who, burdened with the legacy of the preceding generation and saturated by popular culture, long for an unruined landscape, but find it difficult to experience the world firsthand.

**bluey cast of characters: Life Sentence** Carl Williams, Roberta Williams, 2019-08-05 In 2007 Carl Williams was convicted of three murders and sentenced to 35 years' jail. Yet his role in the Melbourne Gangland Wars went far beyond a handful of killings, however brutal, and had made him one of the most infamous names in Australian criminal history. The unlikely gang boss with a baby face and friendly grin had played a leading role in the savage long-running conflict that saw more than 30 gang-related murders on the streets of Melbourne. Williams began serving his sentence in a high-security unit at Victoria's Barwon Prison. In October 2008 he was given access to a personal computer. Confined to a tiny cell for most of the day, and having limited contact with the outside world, the computer was a godsend. As soon as he received it, Carl began a daily correspondence with his friends and family, covering his life in jail, his thoughts and hopes for the future, and his views and opinions on everyone from barristers and judges to fellow criminals and deadly rivals. Just a year and a half later, Williams was bashed to death by a trusted friend and fellow prisoner. Using his letters, *Life Sentence* paints a vivid picture of Carl's last eighteen months. His writing is surprising, often manipulative, frequently self-serving, and always a fascinating and revealing insight into the mind of one of Australia's most notorious criminals. 'For years, others have spoken for Carl. In these letters, Carl tells his own story for the first time. It's like meeting the man behind the myth.' - Adam Shand

**bluey cast of characters: Pioneering Cartoonists of Color** Tim Jackson, 2016-04-21 Syndicated cartoonist and illustrator Tim Jackson offers an unprecedented look at the rich yet largely untold story of African American cartoon artists. This book provides a historical record of the people who created seventy-plus comic strips, many editorial cartoons, and illustrations for articles. The volume covers the mid-1880s, the early years of the self-proclaimed Black press, to 1968, when African American cartoon artists were accepted in the so-called mainstream. When the cartoon world was preparing to celebrate the one hundredth anniversary of the American comic strip, Jackson anticipated that books and articles published upon the anniversary would either exclude African American artists or feature only the three whose work appeared in mainstream newspapers after Dr. Martin Luther King Jr.'s assassination in 1968. Jackson was determined to make it impossible for critics and scholars to plead an ignorance of Black cartoonists or to claim that there is no information on them. He began in 1997 cataloging biographies of African American cartoonists, illustrators, and graphic designers, and showing samples of their work. His research involved searching historic newspapers and magazines as well as books and "Who's Who" directories. This project strives not only to record the contributions of African American artists, but also to place them in full historical context. Revealed chronologically, these cartoons offer an invaluable perspective on American history of the Black community during pivotal moments, including the Great Migration, race riots, the Great Depression, and both World Wars. Many of the greatest creators have already died, so Jackson recognizes the stakes in remembering them before this hidden, yet vivid, history is irretrievably lost.

**bluey cast of characters: *Australia on the Small Screen, 1970-1995*** Scott Murray, 1996 This major new reference work, produced in association with the Australian Film Commission, covers the last quarter of a century of Australian film-making for television. It includes 414 films made specifically for television, some of which have to date appeared only on video. 150 mini-series as opposed to long-running drama series are also covered, including famous mini-series such as *Bodyline*, *A Town Like Alice*, and *The Cowra Breakout*. *Australia on the Small Screen*, with an introduction by the author, Scott Murray, is divided into two parts, covering television films and mini-series. Where available, the following information is given: year of production, length, rating, production details, financial backing, director, producer, scriptwriter, editor, composer, costume designer, sound editor, cinematographer, and full cast details. Each entry ends with a synopsis. Many of the works are illustrated. Here then is a comprehensive reference to two immensely popular and creative forms, and an attractive companion to *Australian Film, 1978-1994*.

**bluey cast of characters: *Bad Actors*** Mick Herron, 2022-05-10 Mick Herron, "the le Carré of the future" (BBC), expands his world of bad spies with an even shadier cast of characters: the politicians, lobbyists, and misinformation agents pulling the levers of government policy. "Confirms Mick Herron as the best spy novelist now working."—NPR's *Fresh Air* Now an Apple TV+ series starring Gary Oldman and Kristin Scott Thomas. In London's MI5 headquarters a scandal is brewing that could disgrace the entire intelligence community. The Downing Street superforecaster—a specialist who advises the Prime Minister's office on how policy is likely to be received by the electorate—has disappeared without a trace. Claude Whelan, who was once head of MI5, has been tasked with tracking her down. But the trail leads him straight back to Regent's Park itself, with First Desk Diana Taverner as chief suspect. Has Taverner overplayed her hand at last? Meanwhile,

her Russian counterpart, Moscow intelligence's First Desk, has cheekily showed up in London and shaken off his escort. Are the two unfortunate events connected? Over at Slough House, where Jackson Lamb presides over some of MI5's most embittered demoted agents, the slow horses are doing what they do best, and adding a little bit of chaos to an already unstable situation . . . There are bad actors everywhere, and they usually get their comeuppance before the credits roll. But politics is a dirty business, and in a world where lying, cheating and backstabbing are the norm, sometimes the good guys can find themselves outgunned.

**bluey cast of characters:** Graphic Indigeneity Frederick Luis Aldama, 2020-06-04 Honorable Mention Recipient for the Comics Studies Society Prize for Edited Book Collection Contributions by Joshua T. Anderson, Chad A. Barbour, Susan Bernardin, Mike Borkent, Jeremy M. Carnes, Philip Cass, Jordan Clapper, James J. Donahue, Dennin Ellis, Jessica Fontaine, Jonathan Ford, Lee Francis IV, Enrique García, Javier García Liendo, Brenna Clarke Gray, Brian Montes, Arij Ouweneel, Kevin Patrick, Candida Rifkind, Jessica Rutherford, and Jorge Santos Cultural works by and about Indigenous identities, histories, and experiences circulate far and wide. However, not all films, animation, television shows, and comic books lead to a nuanced understanding of Indigenous realities. Acclaimed comics scholar Frederick Luis Aldama shines light on how mainstream comics have clumsily distilled and reconstructed Indigenous identities and experiences. He and contributors emphasize how Indigenous comic artists are themselves clearing new visual-verbal narrative spaces for articulating more complex histories, cultures, experiences, and narratives of self. To that end, Aldama brings together scholarship that explores both the representation and misrepresentation of Indigenous subjects and experiences as well as research that analyzes and highlights the extraordinary work of Indigenous comic artists. Among others, the book examines Daniel Parada's *Zotz*, Puerto Rican comics *Turey el Taíno* and *La Borinqueña*, and *Moonshot: The Indigenous Comics Collection*. This volume's wide-armed embrace of comics by and about Indigenous peoples of the Americas and Australasia is a first step to understanding how the histories of colonial and imperial domination connect the violent wounds that still haunt across continents. Aldama and contributors resound this message: Indigeneity in comics is an important, powerful force within our visual-verbal narrative arts writ large.
