cancer horoscope today astrostyle: Mars in Aries Alexander Lernet-Holenia, 2003 Although this story of a romance between an aristocratic Wehrmacht officer and a mysterious woman in

Vienna set against the 1939 invasion of Poland was deemed unacceptable fare for Third Reich readership due to its ambiguity, lack of heroic military images, and the sympathetic portrayal of a suffering Poland, the novel's actual purpose and highly subversive quality were hardly suspected by the Ministry of Propaganda.--Jacket.

cancer horoscope today astrostyle: *Postcolonial Astrology* Alice Sparkly Kat, 2021-05-18 Tapping into the political power of magic and astrology for social, community, and personal transformation. In a cross-cultural approach to understanding astrology as a magical language, Alice Sparkly Kat unmask the political power of astrology, showing how it can be channeled as a force for collective healing and liberation. Too often, magic and astrology are divorced from their potency and cultural contexts: co-opted by neoliberalism, used as a force of oppression, or distilled beyond recognition into applications that belie their individual and collective power. By looking at the symbolic and etymological histories of the sun, moon, Saturn, Venus, Mercury, Mars, and Jupiter, we can trace and understand the politics of magic--and challenge our own practices, interrogate our truths, and reshape our institutions to build better frameworks for communities of care. Fearless, radical, and fresh, Sparkly Kat's *Postcolonial Astrology* ushers in a new wave of astrology revival, refusing to apologize for its magickism and connecting its power to the spirituality and politics we need now. Intersectional, inclusive, and geared towards queer and POC communities, it uses our historical and collective constructs of the planets, sun, and moon to re-chart our subconscious history, redefine the body in the world, and assert our politics of the personal, in astrology and all things.

cancer horoscope today astrostyle: *Something in the Sky* Brooke Dabalos, 2020-12-07 The sky is a reflection of the constant transformation we experience on earth. Humans change just as

much as the sky, even if we don't notice. Change is more natural than staying the same. The sky and our lives are a creative canvas of unknowns. Our days are filled with opportunities to evolve, or resist evolving. Much of our suffering stems from resistance, and untended wounds. As the year 2020 has shown us, nothing is ever certain, and it never has been. But as we dwell in questions about what personal or global heartache might arise next, we have a chance to grow, to be gentle, to reflect, to grieve, and find out why we are here. Through sharing true stories, transformation tools, and space to breathe, Something in the Sky is here to be a companion during lonely hours. It is a guide to self-compassion, initiating and sustaining personal growth, and how to approach transitions with strength and equal tenderness. May this bring you comfort in the storm, and remind you that you are not alone.
