BuzzFeed Quiz: Am I In Love? Deciphering the Signs and Feelings

Introduction:

Are you experiencing those fluttery feelings, the constant texting, the longing glances? Is it just infatuation, or could you be falling head over heels in love? The internet is awash with quizzes promising answers, and while BuzzFeed quizzes offer a fun, lighthearted approach, they often lack the depth needed for true self-reflection. This comprehensive guide dives deeper than any BuzzFeed quiz, examining the key signs and feelings associated with love, helping you navigate the complexities of your emotions and understand whether you're truly in love. We'll explore the psychological and emotional aspects of love, compare it to infatuation, and provide tools for honest self-assessment—all to help you answer the crucial question: Am I in love?

Chapter 1: Beyond the BuzzFeed Buzz: Defining Love

Many BuzzFeed quizzes oversimplify the complexities of love, reducing it to a checklist of superficial behaviors. True love is far more nuanced. It's a multifaceted experience involving deep emotional connection, intimacy, commitment, and a profound sense of caring for another person's well-being. It goes beyond the initial spark of attraction and encompasses long-term growth and shared experiences. We'll explore several key components:

Emotional Intimacy: This involves vulnerability, trust, and open communication. Do you feel comfortable sharing your deepest fears and vulnerabilities with this person? Do you trust them implicitly? Is your communication open, honest, and respectful?

Physical Intimacy: This isn't just about physical attraction; it's about a comfortable and loving physical connection that reflects the emotional intimacy you share.

Commitment: Love involves a conscious decision to invest in the relationship, weathering challenges and celebrating successes together. Are you both committed to working through disagreements and building a future together?

Shared Values and Goals: Do you share fundamental values and have compatible long-term goals? Compatibility in this area is crucial for long-lasting love.

Unconditional Support: Do you support each other's dreams and aspirations, even when they differ from your own? True love involves unwavering support during both triumphs and tribulations.

Chapter 2: Differentiating Love from Infatuation

It's easy to mistake infatuation for love, especially in the initial stages of a relationship. Infatuation is characterized by intense passion and attraction, often accompanied by idealization of the other

person. Love, on the other hand, is built on a deeper foundation of emotional connection, mutual respect, and enduring commitment. Key differences include:

Idealization vs. Acceptance: Infatuation often involves idealizing the other person, overlooking flaws and imperfections. Love accepts imperfections and embraces the whole person.

Short-Term vs. Long-Term Focus: Infatuation is often short-lived, fueled by passion and excitement. Love endures through challenges and changes, focusing on the long-term.

Self vs. Shared Identity: Infatuation may lead to a loss of individual identity, as one becomes consumed by the other person. Love fosters a sense of shared identity while maintaining individual autonomy.

Passion vs. Commitment: Infatuation is driven by intense passion, while love incorporates commitment, loyalty, and a willingness to work through conflicts.

Chapter 3: Honest Self-Reflection: Are YOU In Love?

Beyond the superficiality of BuzzFeed quizzes, true self-reflection is crucial. Ask yourself these probing questions:

How do you feel when you're apart from this person? Do you experience genuine longing and miss their presence, or is it simply a lack of stimulation?

How does this relationship impact your life? Does it enrich your life, bringing joy, fulfillment, and personal growth? Or does it cause stress, anxiety, or a sense of imbalance?

What are your long-term goals for this relationship? Do you envision a future together, or are you uncertain about its longevity?

How do you handle conflicts and disagreements? Do you communicate openly and respectfully, or do conflicts lead to resentment and distance?

Do you prioritize this person's well-being? Do you genuinely care about their happiness and success, even when it doesn't directly benefit you?

Chapter 4: Moving Forward: Actionable Steps

Once you've engaged in honest self-reflection, take proactive steps to nurture the relationship if you believe you are in love. This might involve:

Open Communication: Express your feelings openly and honestly to your partner.

Quality Time: Prioritize spending quality time together, fostering intimacy and connection.

Shared Experiences: Create shared memories through new experiences and adventures.

Conflict Resolution: Develop healthy strategies for resolving conflicts and disagreements.

Continuous Growth: Work together to grow individually and as a couple.

Icarus, the murderous Medea, and, of course, wily Odysseus. buzzfeed quiz am i in love: The Personality Brokers Merve Emre, 2018-09-11 An unprecedented history of a personality test devised in the 1940s by a mother and daughter, both homemakers, that has achieved cult-like status and is used in today's most distinguished boardrooms, classrooms, and beyond. The Myers-Briggs Type Indicator is the most popular personality test in the world. It has been harnessed by Fortune 100 companies, universities, hospitals, churches, and the military. Its language--of extraversion vs. introversion, thinking vs. feeling--has inspired online dating platforms and BuzzFeed quizzes alike. And yet despite the test's widespread adoption, experts in the field of psychometric testing, a \$500 million industry, struggle to account for its success--no less to validate its results. How did the Myers-Briggs test insinuate

itself into our jobs, our relationships, our Internet, our lives? First conceived in the 1920s by the mother-daughter team of Katherine Briggs and Isabel Briggs Myers, a pair of aspiring novelists and devoted homemakers, the Myers-Briggs was designed to bring the gospel of Carl Jung to the masses. But it would take on a life of its own, reaching from the smoke-filled boardrooms of mid-century New York to Berkeley, California, where it was honed against some of the twentieth century's greatest creative minds. It would travel across the world to London, Zurich, Cape Town, Melbourne, and Tokyo; to elementary schools, nunneries, wellness retreats, and the closed-door corporate training sessions of today. Drawing from original reporting and never-before-published documents, *The Personality Brokers* examines nothing less than the definition of the self—our attempts to grasp, categorize, and quantify our personalities. Surprising and absorbing, the book, like the test at its heart, considers the timeless question: What makes you you?

The widowed Diana, Lady Templeton and Jeremy, Marquess of Willingham are infamous among English high society as much for their sharp-tongued bickering as their flirtation. One evening, an argument at a ball turns into a serious wager: Jeremy will marry within the year or Diana will forfeit one hundred pounds. So shortly after, just before a fortnight-long house party at Elderwild, Jeremy’s country estate, Diana is shocked when Jeremy appears at her home with a very different kind of proposition. After his latest mistress unfavorably criticized his skills in the bedroom, Jeremy is looking for reassurance, so he has gone to the only woman he trusts to be totally truthful. He suggests that they embark on a brief affair while at the house party—Jeremy can receive an honest critique of his bedroom skills and widowed Diana can use the gossip to signal to other gentlemen that she is interested in taking a lover. Diana thinks taking him up on his counter-proposal can only help her win her wager. With her in the bedroom and Jeremy’s marriage-minded grandmother, the formidable Dowager Marchioness of Willingham, helping to find suitable matches among the eligible ladies at Elderwild, Diana is confident her victory is assured. But while they’re focused on winning wagers, they stand to lose their own hearts. With Martha Waters’s signature “cheeky charm and wonderfully wry wit” (Booklist, starred review), *To Love and to Loathe* is another clever and delightful historical rom-com that is perfect for fans of Christina Lauren and Evie Dunmore.

buzzfeed quiz am i in love: Ace Angela Chen, 2020-09-15 An engaging exploration of what it means to be asexual in a world that’s obsessed with sexual attraction, and what the ace perspective can teach all of us about desire and identity. What exactly is sexual attraction and what is it like to go through life not experiencing it? What does asexuality reveal about gender roles, about romance and consent, and the pressures of society? This accessible examination of asexuality shows that the issues that aces face—confusion around sexual activity, the intersection of sexuality and identity, navigating different needs in relationships—are the same conflicts that nearly all of us will experience. Through a blend of reporting, cultural criticism, and memoir, Ace addresses the misconceptions around the “A” of LGBTQIA and invites everyone to rethink pleasure and intimacy. Journalist Angela Chen creates her path to understanding her own asexuality with the perspectives of a diverse group of asexual people. Vulnerable and honest, these stories include a woman who had

blood tests done because she was convinced that “not wanting sex” was a sign of serious illness, and a man who grew up in a religious household and did everything “right,” only to realize after marriage that his experience of sexuality had never been the same as that of others. Disabled aces, aces of color, gender-nonconforming aces, and aces who both do and don’t want romantic relationships all share their experiences navigating a society in which a lack of sexual attraction is considered abnormal. Chen’s careful cultural analysis explores how societal norms limit understanding of sex and relationships and celebrates the breadth of sexuality and queerness.

buzzfeed quiz am i in love: Under the Same Stars Rose Christo, 2018 A heartbreaking and wryly hopeful memoir of surviving the NYC foster care system—and how one girl’s “masterpiece of literary disaster” (io9.com) connected her to a community that could help her find her lost brother. In the early 2000s, Rose Christo was separated from her five-year-old brother and shuttled between foster homes in Brooklyn to the Bronx and back again. Desperate to be reunited with her sibling, she traveled the five boroughs, unable to find any trace of him, as New York state’s child care agencies failed to help her time and again. Then, with the help of one beloved foster sister, Rose created an infamous piece of Harry Potter fanfiction titled *My Immortal*, posting it online under the pseudonym XXXbloodyrists666XXX. The “forty-four chapters and 22,000 words of hysterical, typo-laden hyperbole” (BuzzFeed.com) went viral as the most notoriously terrible fanfic ever read by the community. For years, fans, writers, and editors researched, debated, and contested the story’s origin and its mysterious author: was this grammatically-challenged rant actually written by a suicidal Goth teenager named Tara Gilesbe living in Dubai, or was this a hoax perpetrated by a group of professional authors making fun of fanfiction? The truth is a gripping, compelling, and surprisingly funny story of how a young girl infiltrated and used the fan fiction community to search for her brother by baiting their attention with a deliberately badly written tale, creating a ten-year mystery that garnered pop culture media attention and remained unsolved—until now.

buzzfeed quiz am i in love: How to Fall in Love with Anyone Mandy Len Catron, 2017-06-27 “A beautifully written and well-researched cultural criticism as well as an honest memoir” (Los Angeles Review of Books) from the author of the popular New York Times essay, “To Fall in Love with Anyone, Do This,” explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, “Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation” (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists’ research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she’d read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. “Perfect fodder for the romantic and the cynic in all of us” (Booklist), *How to Fall in Love with Anyone* flips the script on love. “Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship” (The Toronto Star).

already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back. • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

buzzfeed quiz am i in love: *A Man of Good Hope* Jonny Steinberg, 2015-01-08 When Asad was eight years old, his mother was shot in front of him. With his father in hiding, he was swept alone into the great wartime migration that has scattered the Somali people throughout the world. This extraordinary book tells Asad's story. Serially betrayed by the people who promised to care for him, Asad lived his childhood at a sceptical remove from the adult world, living in a bewildering number of places, from the cosmopolitan streets of inner-city Nairobi to towns deep in the Ethiopian desert. By the time he reached the cusp of adulthood, Asad had made good as a street hustler, brokering relationships between hardnosed Ethiopian businessmen and bewildered Somali refugees. He also courted the famously beautiful Foosiya, and married her, to the astonishment of his peers. Buoyed by success in work and in love, Asad put \$1,200 in his pocket and made his way down the length of the African continent to Johannesburg, whose streets he believed to be lined with gold. So began an adventure in a country richer and more violent than he could possibly have imagined. *A Man of Good Hope* is the story of a person shorn of the things we have come to believe make us human – personal possessions, parents, siblings. And yet Asad's is an intensely human life, one suffused with dreams and desires and a need to leave something of permanence on this earth.
