**capricorn female horoscope today: Madame Clairevoyant's Guide to the Stars** Claire Comstock-Gay, 2020-04-21 A fresh, profound, and fun way to look at all things astro while also making spot-on observations about your pop culture faves. —Cosmopolitan A soulful exploration of the twelve astrological signs embodied by our living “stars”—from divas to philosophers, poets to punks—and the ways they can help us better understand ourselves and each other, from the wildly popular astrology columnist for New York magazine’s The Cut. Whether you believe in it or not, astrology’s job has never been to give us a preordained vision of the future, nor to sort us into twelve neat personality types, but to provide the tools and language for delving into our weirdest, best, most thorny contradictions, and for understanding ourselves and each other in our full complexity. The stars and the planets then are more like mirrors that show us who we are, that give us an understanding of how to be and how to move through the world; how certain people do it differently, and what we can learn by studying them. In Madame Clairevoyant’s Guide to the Stars, Claire Comstock-Gay brings the sky down to Earth and points to our popular “stars”—from Aretha Franklin to Mr. Rogers, from poets in Cancer to punk singers in Scorpio—to reveal what the sky has to teach us about being human. In this wise, lyrically written guide, she examines the twelve astrological signs, illuminating the ways each one is more complicated, beautiful, and surprising than you might have been told. Claire suggests that actually it’s okay, and even important, to be a seeker, to hunger for self-knowledge, and if astrology is the vehicle for that inquiry, so be it. Madame Clairevoyant’s Guide to the Stars offers a clear introduction to the basics and an innovative new framework for creatively using astrology to illuminate our lives on earth. It’s a road map to our internal world, yes, but Claire also reminds us that it’s still our job to navigate it. Combining both heavenly insights and the earthly wisdom of writers like Cheryl Strayed and Heather Havrilesky and the poetry of Patricia Lockwood and Mary Oliver, Madame Clairevoyant’s Guide to the Stars offers a fresh, profound, and fun way to look at ourselves and others, and perhaps see each more clearly. And in that way, this book is not just beautiful, but transformative.

**capricorn female horoscope today: Aquarius Ascendant Secrets** Saket Shah, 2020-01-05 There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move, so the entire zodiac can be observed in a span of 24 hours day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional and spiritual attributes more with rising sign at times.

**capricorn female horoscope today: Postcolonial Astrology** Alice Sparkly Kat, 2021-05-18 Tapping into the political power of magic and astrology for social, community, and personal transformation. In a cross-cultural approach to understanding astrology as a magical language, Alice Sparkly Kat unmask the political power of astrology, showing how it can be channeled as a force for collective healing and liberation. Too often, magic and astrology are divorced from their potency and cultural contexts: co-opted by neoliberalism, used as a force of oppression, or distilled beyond recognition into applications that belie their individual and collective power. By looking at the symbolic and etymological histories of the sun, moon, Saturn, Venus, Mercury, Mars, and Jupiter, we can trace and understand the politics of magic--and challenge our own practices, interrogate our truths, and reshape our institutions to build better frameworks for communities of care. Fearless, radical, and fresh, Sparkly Kat's Postcolonial Astrology ushers in a new wave of astrology revival, refusing to apologize for its magickism and connecting its power to the spirituality and politics we need now. Intersectional, inclusive, and geared towards queer and POC communities, it uses our historical and collective constructs of the planets, sun, and moon to re-chart our subconscious history, redefine the body in the world, and assert our politics of the personal, in astrology and all things.

**capricorn female horoscope today: Manthi** Tirupur S. GopalaKrishnan (GK), 2023-01-21 Recognizing the contributions of others, I got the fortunate chance to translate the beautiful novel, Manthi, into English, which was a lovely experience. I was awestruck the whole time I was reading them. If there were nine planets in the astrological chart, we would have heard a lot more. This is all owing to one of Manthi's sub-planets, which I discovered thanks to an alternate approach taught by my astrological instructor. Salutations to my astrological father, who instilled in me the ability to think in this manner. Several real concepts are revealed in each of his works, not just in terms of

astrology but also in terms of science, and this Manthi book is no exception. My mind was blown by how you employed science as if it were the greatest method to approach every situation. So far, more than 72 volumes have been authored by our revered Tirupur GK, who is creating history by achieving a milestone in the history of astrology. So far, he has more than 42,000 pupils studied astrology under his guidance. He has devoted more than three-quarters of his life to the study of astrology and other related subjects. Not just students from Tamil Nadu, but also students from other states. It's not only about Indian pupils. Our Tamil Nadu is proud of the fact that foreigners came to him to study astrology with him as well. I have no doubt that any book he produces will serve as a model for others in the area of astrology for many years to come. His writing style is quite exquisite, and he provides a straightforward practical explanation of the principles for using the sub-planets of Manthi, the horoscope, and Prasanam. I was astounded by his astrological knowledge, which I found to be extraordinary in the wide realm of astrology. He did an excellent job writing about the sub-planet Manthi. As a student at Tiruppur GK, I am also really happy with my accomplishments.

**capricorn female horoscope today: Retrograde Jupiter - Part IV** Himanshu Shangari, 2021-09-27 A retrograde planet may not change its functional nature in a horoscope, in most cases. Hence if a benefic planet goes retrograde in a horoscope, it may still give benefic results. Likewise, if a malefic planet goes retrograde in a horoscope, it may still give malefic results. When a planet goes retrograde, it may undergo some changes in its style of working, rather than in its nature of working. Due to such changes in its style of operation, retrograde Jupiter may produce results, which may be different than those given by forward moving Jupiter. This book deals with the placements of retrograde Jupiter in the 10th, 11th and 12th houses of horoscope. Benefic as well as malefic effects of retrograde Jupiter have been discussed in each one of these houses in different signs, along with relevant examples from horoscopes.

**capricorn female horoscope today: Kaal Sarp Yog** Himanshu Shangari, 2016-09-03 If in a horoscope, all seven planets are placed within the axis of Rahu and Ketu; Kaal Sarp Yog is formed in such horoscope; provided both Rahu and Ketu are functionally malefic in the horoscope. It means that even if one of them is benefic in such horoscope, Kaal Sarp Yog may not form in such horoscope.
