#1 NEW YORK TIMES BESTSELLER • A special 25th anniversary edition of the beloved book that has changed millions of lives with the story of an unforgettable friendship, the timeless wisdom of

older generations, and healing lessons on loss and grief—featuring a new afterword by the author “A wonderful book, a story of the heart told by a writer with soul.”—Los Angeles Times “The most important thing in life is to learn how to give out love, and to let it come in.” Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was his college professor Morrie Schwartz. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn’t you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man’s life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final “class”: lessons in how to live. “The truth is, Mitch,” he said, “once you learn how to die, you learn how to live.” Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie’s lasting gift with the world.

Three years later, an angel guides him to an ancient record buried in a hill near his home. With God’s help, he translates the record and organizes the Savior’s church in the latter days. Soon others join him, accepting the invitation to become Saints through the Atonement of Jesus Christ. But opposition and violence follow those who defy old traditions to embrace restored truths. The women and men who join the church must choose whether or not they will stay true to their covenants, establish Zion, and proclaim the gospel to a troubled world. Kuypers, 2011 ... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called zones, with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD.--Publisher's website.

They then move to a closer look at what it means to belong to the family of God and culminate in a series of lessons on love and how it informs and changes our relationships. The writer of the teacher book is Taylor Mills. Unit 1 Power and Vulnerability God’s incarnation was into a poor family from a village of no consequence, vulnerable to the whims and machinations of the mighty Roman Empire. While some people reading this Bible study can relate to the poverty and obscurity, most will read it as citizens of a great world power. Some people know from experience that power can be abused even against a government’s own citizens, but others have known only the protection and benefits of that power. These lessons invite us to read the Nativity stories from the vantage point of the victims of empire. Scriptures: Judges 9:1-15; Matthew 1:1-25; Matthew 2:1-12; Matthew 2:13-15 Spiritual Practice: Acts of Mercy Unit 2 Power and Belonging The lessons in this unit follow the trajectory of biblical imagery for faith development from adoption through baptism and infancy in faith, into youthful excitement and exuberance, and then to a mature faith that struggles, challenges, and questions. In the early

twentieth century, a great deal of ink was spilled trying to distinguish agápe love by which we become channels of God's love from philía, friendship in which reciprocity is important, and éros, a passionate sort of love. Recent scholarship finds that Greek and biblical thought blurs the lines of agápe and philía and finds a greater emphasis on relationships. While we should enact our love without thoughts of personal gain, the ultimate goal of loving our enemies is becoming their friend.
