crazy days la grande oregon: *Before We Were Strangers* Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you

like to get a drink with me and catch up on the last decade and a half? M

crazy days la grande oregon: Saint-Saëns Roger Nichols, 2008-10-27 Camille Saint-Saëns is a memorable figure not only for his successes as a composer of choral and orchestral works, and the eternally popular opera Samson et Dalila, but also because he was a keen observer of the musical culture in which he lived. A composer of vast intelligence and erudition, Saint-Saëns was at the same time one of the foremost writers on music in his day. From Wagner, Liszt and Debussy to Milhaud and Stravinsky, Saint-Saëns was at the center of the elite musical and cultural fin de siècle and early 20th Century world. He championed Schumann and Wagner in France at a period when these composers were regarded as dangerous subversives whose music should be kept well away from the impressionable student. Yet Saint-Saëns himself had no aspirations to being a revolutionary, and his appreciation of Wagner the composer was tempered by his reservations over Wagner the philosopher and dramatist, suspicious as he was of what he called the Germanic preoccupation with going beyond reality. Whether defending Meyerbeer against charges of facility or Berlioz against those who questioned his harmonic grasp, Saint-Saëns was always his own man: in both cases, he claimed, it was not the absence of faults but the presence of virtues that distinguishes the good composer. Saint-Saëns's writings provide a well-argued counter-discourse to the strong modernist music critics who rallied around Debussy and Ravel during the fin de siècle. And above all, they demonstrate a brilliantly sharp and active brain, expressing itself through prose of a Classical purity and balance, enlivened throughout with flashes of wit and, at times, of sheer malice. In this generously annotated volume, renowned scholar, seasoned translator and radio broadcaster Roger Nichols brings some of the composer's most striking and evocative writings brilliantly to life in English translation, many for the first time. Nichols has carefully chosen these selections for their intrinsic interest as historical documents to create a well-balanced and engaging view of the man, the music, and the age.

crazy days la grande oregon: Between Composers Brian Cherney, 2024-10-15 In the fall of 1959 Norma Beecroft, a twenty-five-year-old composition student, left her home in Toronto and travelled to Rome to study with the eminent Italian composer Goffredo Petrassi. She left behind her lover and mentor, the thirty-four-year-old Harry Somers, by then recognized as one of Canada's leading young composers. For the next six months they wrote each other almost every day. Their intense and intimate correspondence documents lives lived apart but shared on the page, until the relationship came to an abrupt end. Selected from the full extant correspondence, the letters show both composers at pivotal moments in their careers, processing music and culture in their respective environments in ways that would remain influential for themselves and to each other. Beyond illuminating a tempestuous love affair, their wide-ranging letters capture the development of Canadian arts and culture of the period. They record observations about significant figures in their circles; the performances, theatre, and art Somers experienced in Toronto; and Beecroft's attempts

to forge a viable compositional approach through contact with important artists and composers abroad. Somers eventually realized that what he wanted most was for Beecroft to give up her studies and return to Toronto to marry him. She turned him down and remained in Italy to study and write music, cementing her commitment to the vocation that would shape the rest of her creative life. She would break ground as a woman in her field, a producer for the CBC, and a composer and early champion of electroacoustic music. A window into cultural life in Canada and Rome at the end of the 1950s, *Between Composers* is a striking record of a turning point in the lives and careers of two young artists that would mark them and their music for decades.

crazy days la grande oregon: *Masr* Roger H. Guichard, 2015-11-18 Visitors have often remarked on the light of Egypt. There is something about the soft diffusion of sunlight in the country that makes it visually special. Beginning in the early nineteenth century a combination of that light and the new, more sensitive technology of lithography conspired together to allow artists to capture with unprecedented fidelity the country's monuments, Pharaonic as well as Islamic. But there is another way in which the word light captures the reality of Egypt. In Arabic it is said that the blood of a people is either light or heavy. Where the blood of others in the region could be said to be heavy, that of the Egyptians is emphatically light and it always seems to have been that way. Here, the word serves as a proxy for cheerful or optimistic. The book that follows captures some of that fundamental Egyptian buoyancy and optimism, and it was not very hard to do. The attitude is infectious and anyone who has lived for any length of time in the country is in danger of succumbing. The pieces reflect a sometimes wry, occasionally humorous, but always affectionate view of an essentially unchanging Egypt.
