The pantheon of big-budget, commercially successful films encompasses a range of genres, including biblical films, war films, romances, comic-book adaptations, animated features, and historical epics. In *Epics, Spectacles, and Blockbusters: A Hollywood History* authors Sheldon Hall and Steve Neale discuss the characteristics, history, and modes of distribution and exhibition that unite big-budget pictures, from their beginnings in the late nineteenth century to the present. Moving chronologically, the authors examine the roots of today's blockbuster in the feature, special, superspecial, roadshow, epic, and spectacle of earlier eras, with special attention to the characteristics of each type of picture. In the first section, Hall and Neale consider the beginnings of features, specials, and superspecials in American cinema, as the terms came to define not the length of a film but its marketable stars or larger budget. The second section investigates roadshowing as a means of distributing specials and the changes to the roadshow that resulted from the introduction of synchronized sound in the 1920s. In the third section, the authors examine the phenomenon of epics and spectacles that arose from films like *Gone with the Wind*, *Samson and Delilah*, and *Spartacus* and continues to evolve today in films like *Spider-Man* and *Pearl Harbor*. In this section, Hall and Neale consider advances in visual and sound technology and the effects and costs they introduced to the industry. Scholars of film and television studies as well as readers interested in the history of American moviemaking will enjoy *Epics, Spectacles, and Blockbusters*.

**creve coeur amc 12 showtimes: *The Girl Who Fell to Earth*** Sophia Al-Maria, 2012-11-27 Award-winning filmmaker and writer Sophia Al-Maria's *The Girl Who Fell to Earth* is a funny and wry coming-of-age memoir about growing up in between American and Gulf Arab cultures. Part family saga and part personal quest, *The Girl Who Fell to Earth* traces Al-Maria's journey to make a place for herself in two different worlds. When Sophia Al-Maria's mother sends her away from rainy Washington State to stay with her husband's desert-dwelling Bedouin family in Qatar, she intends it to be a sort of teenage cultural boot camp. What her mother doesn't know is that there are some things about growing up that are universal. In Qatar, Sophia is faced with a new world she'd only imagined as a child. She sets out to find her freedom, even in the most unlikely of places. *The Girl Who Fell to Earth* takes readers from the green valleys of the Pacific Northwest to the dunes of the Arabian Gulf and on to the sprawling chaos of Cairo. Struggling to adapt to her nomadic lifestyle, Sophia is haunted by the feeling that she is perpetually in exile: hovering somewhere between two families, two cultures, and two worlds. She must make a place for herself—a complex journey that includes finding young love in the Arabian Gulf, rebellion in Cairo, and, finally, self-discovery in the mountains of Sinai. *The Girl Who Fell to Earth* heralds the arrival of an electric new talent and takes us on the most personal of quests: the voyage home.

**creve coeur amc 12 showtimes: *A Siegel Film*** Don Siegel, 1996 Don Siegel was one of Hollywood's most controversial directors. *Invasion of the Body Snatchers* is one of the very few acknowledged science-fiction classics, and *Magnum Force* - with its catch-phrase 'Make my day' - has become part of our modern consciousness. Siegel's five-film collaboration with Clint Eastwood created a body of films that are as distinctive as they are different, and enriched the reputation of both of them. This autobiography has all the fun and energy one would expect from Don Siegel. From his first days as an assistant editor in the Warner Brothers cutting rooms, Siegel charts his rich and varied career. This is a wonderful book of reminiscences, told in a lively and vivid style, whose cast of characters includes John Wayne, Lee Marvin, Steve McQueen, Bogart and Bacall, studio head Jack Warner and other luminaries of the golden age of the Hollywood studios (including a fading film star called Ronald Reagan, whose last film, *The Killers*, was directed by Siegel). At the centre of the book is Siegel's relationship with Clint Eastwood, whose directing career was encouraged by Siegel, and who supplies an amusing and appreciative foreword to the book.
