

Define Clear And Present Danger Test

Define Clear and Present Danger Test: A Comprehensive Guide

Introduction:

Have you ever found yourself questioning the line between a perceived threat and a genuine, imminent danger? Understanding the legal concept of "clear and present danger" is crucial in various contexts, from workplace safety to national security. This comprehensive guide will dissect the "clear and present danger test," exploring its definition, historical context, applications, and limitations. We'll delve into the nuances of the test, offering practical examples and clarifying common misconceptions. By the end, you'll have a robust understanding of this vital legal principle.

What is a Clear and Present Danger?

The "clear and present danger" test is a legal doctrine used to determine when limitations on First Amendment freedoms, particularly freedom of speech, are justified. It's not a rigid, universally defined standard, but rather a flexible principle applied differently across jurisdictions and contexts. The core idea is that the government can restrict speech only when it poses a direct, immediate threat to a substantial government interest. This isn't just any potential harm; the danger must be both clear (easily discernible and probable) and present (imminent and immediate). A vague or hypothetical threat doesn't meet the standard.

Historical Context and Evolution:

The phrase "clear and present danger" gained prominence in the landmark Supreme Court case *Schenck v. United States* (1919). During World War I, Charles Schenck distributed leaflets urging men to resist the draft. The Court, recognizing the wartime context, upheld his conviction, establishing the "clear and present danger" test as a benchmark for permissible restrictions on speech. However, the test's application has evolved significantly over time. Subsequent Supreme Court decisions refined and clarified the standard, acknowledging that free speech is a fundamental right deserving robust protection. The Court now tends to apply a more stringent test, often requiring a higher level of imminence and a more direct causal link between the speech and the alleged danger.

Elements of the Clear and Present Danger Test:

To satisfy the clear and present danger test, several crucial elements must be present:

Imminence: The danger must be immediate and likely to occur without delay. A remote or hypothetical threat doesn't qualify.

Probability: The threat must be more than a mere possibility; it must be highly probable that the harm will occur. Speculative or unsubstantiated claims are insufficient.

Substantial Government Interest: The government interest the speech threatens must be significant and substantial, outweighing the importance of protecting free speech in the specific circumstances.

Direct Causation: There needs to be a clear, direct link between the speech and the anticipated

danger. The speech must be a direct and proximate cause of the harm.

Applications of the Clear and Present Danger Test:

The clear and present danger test is relevant in various settings:

National Security: The government may restrict speech that directly threatens national security, such as revealing classified information that could compromise military operations or endanger lives.

Public Order: Speech inciting immediate violence or riot can be restricted under this test. However, mere criticism of the government or advocacy for unpopular ideas generally does not meet this standard.

Workplace Safety: While not directly related to the First Amendment, the principle of imminent danger applies to workplace safety regulations. Employers have a duty to provide a safe working environment, and failure to address a clear and present danger to employee safety can lead to legal liability.

School Environments: Schools can restrict student speech that creates a substantial disruption to the learning environment or threatens the safety of others. However, this authority is subject to First Amendment limitations.

Limitations and Criticisms of the Clear and Present Danger Test:

Despite its importance, the clear and present danger test isn't without its limitations and criticisms:

Subjectivity: Determining what constitutes a "clear and present danger" can be subjective, leading to inconsistent applications. The test's flexibility allows for judicial interpretation that may vary depending on the specific circumstances and the judge's individual perspectives.

Vagueness: The lack of precise definition can lead to uncertainty and chilling effects on speech. Individuals and organizations may self-censor to avoid potential legal repercussions, even if their speech doesn't actually pose an imminent threat.

Balancing Competing Interests: Applying the test requires a delicate balance between protecting free speech and safeguarding other important societal interests. This balance can be challenging to achieve, particularly in emotionally charged situations.

Conclusion:

The clear and present danger test remains a crucial legal doctrine, albeit one that requires careful application. Its evolution demonstrates the ongoing struggle to balance the fundamental right to free speech with the need to protect legitimate government interests. Understanding its nuances, limitations, and historical context is essential for anyone interested in free speech, constitutional law, or the interplay between individual rights and societal safety.

Article Outline: Defining the Clear and Present Danger Test

I. Introduction: Briefly defines the clear and present danger test and its significance.

II. Historical Development: Traces the origin and evolution of the test through key Supreme Court cases.

III. Defining the Elements: Explains the key components: imminence, probability, substantial

government interest, and direct causation.

IV. Practical Applications: Provides real-world examples of the test's application across various contexts.

V. Limitations and Criticisms: Discusses the challenges and controversies associated with the test.

VI. Conclusion: Summarizes the key takeaways and emphasizes the ongoing relevance of the test.

(Now, the detailed explanation of each point in the outline is already incorporated in the main article above.)

9 Unique FAQs:

1. Q: What is the difference between a "clear and present danger" and a "potential threat"?

A: A clear and present danger is an immediate, highly probable threat, whereas a potential threat is a possibility that may or may not materialize.

2. Q: Can the government restrict speech that is offensive or unpopular?

A: Generally, no. The government can only restrict speech that meets the clear and present danger test.

3. Q: How does the clear and present danger test apply to online speech?

A: The principles apply similarly, but the speed and reach of online communication may necessitate a more immediate response to certain threats.

4. Q: What happens if a court determines speech does not meet the clear and present danger test?

A: Any restrictions on that speech are likely to be deemed unconstitutional.

5. Q: Is the clear and present danger test used only in the United States?

A: While originating in the US, similar principles of imminent threat exist in many other countries' legal systems, though the specific terminology and application may differ.

6. Q: Can a private entity (not the government) invoke a "clear and present danger" to justify restricting speech?

A: Private entities have more leeway to restrict speech on their property or platforms, but they may still face legal challenges if those restrictions are deemed discriminatory or violate other laws.

7. Q: How has social media impacted the application of the clear and present danger test?

A: Social media's rapid spread of information complicates the assessment of imminence and necessitates quicker responses to potential dangers.

8. Q: Are there any alternative tests used besides the "clear and present danger" test?

A: Yes, other tests, such as the "incitement" test, may be used depending on the specific type of speech and the nature of the alleged danger.

9. Q: Can a person be held liable for speech that does not meet the clear and present danger test but still causes harm?

A: Yes, depending on other legal theories like negligence or defamation, they can be held liable even

if their speech did not meet the clear and present danger standard.

define clear and present danger test: *Clear and Present Danger* Tom Clancy, 1990-07-01 Don't Miss the Original Series Tom Clancy's Jack Ryan Starring John Krasinski! In this #1 New York Times bestselling thriller from Tom Clancy, Jack Ryan gets caught in a war between the United States and a Colombian drug cartel and uncovers a shocking conspiracy. When Colombian drug lords assassinate both the U.S. ambassador and the visiting head of the FBI, their actions trigger a covert response from the American government—a response that goes horribly wrong... As the newly named Deputy Director of Intelligence for the CIA, Jack Ryan should be privy to operations like the one in Colombia, but he's been left completely in the dark. With the help of field officer John Clark, Ryan intends to find out what's really going on. But while they expect danger from without, the greatest threat of all may come from within.

define clear and present danger test: Is There a Right of Freedom of Expression? Larry Alexander, 2005-06-06 A sceptical appraisal of the claim that freedom of expression is a human right.

define clear and present danger test: Bill of Rights Douglas M. Rife, 1997-03-01 Interpret political cartoons, analyze court decisions, read current legislation, examine the origins of each of the 10 amendments and give contemporary examples. Handouts and primary source materials included.

define clear and present danger test: Freedom for the Thought That We Hate Anthony Lewis, 2010 More than any other people on earth, we Americans are free to say and write what we think. The press can air the secrets of government, the corporate boardroom, or the bedroom with little fear of punishment or penalty. This extraordinary freedom results not from America's culture of tolerance, but from fourteen words in the constitution: the free expression clauses of the First Amendment. In *Freedom for the Thought That We Hate*, two-time Pulitzer Prize-winner Anthony Lewis describes how our free-speech rights were created in five distinct areas—political speech, artistic expression, libel, commercial speech, and unusual forms of expression such as T-shirts and campaign spending. It is a story of hard choices, heroic judges, and the fascinating and eccentric

defendants who forced the legal system to come face to face with one of America's great founding ideas.

define clear and present danger test: The Great Dissent Thomas Healy, 2013-08-20 A Kirkus Reviews Best Nonfiction Book of the Year: "Fascinating . . . A magnificent book about a magnificent moment in American legal history." —The Atlantic A Winner of the Robert F. Kennedy Book Award No right seems more fundamental to American public life than freedom of speech. Yet well into the twentieth century, that freedom was still an unfulfilled promise, with Americans regularly imprisoned merely for speaking out against government policies. Indeed, free speech as we know it comes less from the First Amendment than from a most unexpected source: Supreme Court justice Oliver Wendell Holmes. A lifelong skeptic, he disdained individual rights, including the right to express one's political views. But in 1919, it was Holmes who wrote a dissenting opinion that would become the canonical affirmation of free speech in the United States. Why did Holmes change his mind? That question has puzzled historians for almost a century. Now, with the aid of newly discovered letters and confidential memos, law professor Thomas Healy reconstructs in vivid detail Holmes's journey from free-speech opponent to First Amendment hero. It is the story of a remarkable behind-the-scenes campaign by a group of progressives to bring a legal icon around to their way of thinking—and a deeply touching human narrative of an old man saved from loneliness and despair by a few unlikely young friends. Beautifully written and exhaustively researched, *The Great Dissent* is intellectual history at its best, revealing how free debate can alter the life of a man and the legal landscape of an entire nation. "Compelling [and] charming." —The Wall Street Journal "A beautifully written history, capturing the lively and passionate debate as Holmes came to see the abiding imperative of free speech and defend it at great cost to his own reputation at the time." —Booklist "A stirring mix of intelligent biography and truly significant social and legal history." —The Christian Science Monitor

define clear and present danger test: The First Amendment Ronald J. Krotoszynski, Wells, Christina E., Lyrrisa C. Barnett Lidsky, Caroline M. Corbin, 2017-07-19 This book is about sex offenders. Whereas most books will focus on either sex crimes or sexual deviance, this book examines the entire etiology of sex crimes. This includes discussions of the nature of sex crimes, sexual deviance, and, maybe most importantly, the processing of sex offenders through the criminal justice system. This includes sex offender interactions with law enforcement, the courts, and corrections. Corrections for sex offenders encompasses a myriad of programs: prison, sex offender registration and notification, civil commitments, residence restrictions, and treatment. One unique aspect of this book is its focus on criminal justice system's treatment of sex offenders, given scant if any coverage in other books. The book also emphasizes two of the most common sex crimes, rape and sex offenses against children, and addresses the impact of sex crimes on victims. In sum, this book offers a comprehensive approach to the study of sex offenders.

define clear and present danger test: Main Themes in the Debate Over Property Rights James W. Ely, 1997 When BBC producer Jan Harding arrives at the small idyllic Suffolk village to begin production of the Palm Sunday broadcast of *Songs of Praise*--a television program featuring hymns sung by real congregations--she finds out that the vicar, Clive Linton, is hopelessly absent-minded and not impressed that the top BBC religious program chose to come to his church. His practical wife, Helen, however, gets on well with the television team--perhaps a little too well, where the charming, enigmatic rigger Michael is concerned. Soon the whole village gets involved. Bunt Maddocks, queen of every local committee, plots to get around the ban on church flowers during Lent; retired, lonely accountant Jack Diggins finds purpose, faith, and friendship as he plans tickets and seating; teenage soloist Anna surprises herself with her success; and obstructive Charles, chairman of the Parish Council, resents the enthusiasm of other villagers--including his wife, Betty. This delightful story, full of memorable characters and inspiring music, will make you laugh and cry and gives a fascinating insight into the making of a major television broadcast. Very readable. . . . Warm and witty --Woman's Weekly A gripping story which touches some very basic emotions. . . . Captures wonderfully the two extremes of village life. . . . This is very powerful stuff.

--Barbara Erskine Very moving, very powerful intimate moments. . . . I really did enjoy it. --Lynn Parson, BBC Radio 2 The characters and situations were so good that I got lost in the book. All I can say is, well done, Pam --The Lincolnshire Echo

define clear and present danger test: *The Supreme Court and the Mass Media* Douglas S. Campbell, 1990-07-30 This book presents comprehensive summaries and clearly focused analyses of virtually all U.S. Supreme Court decisions on libel and privacy since 1964. The author goes beyond the obligatory outline and review of each case and presents the full arguments, often verbatim, of the justices. He presents each case in a broad based yet comprehensive summary allowing the reader to review and understand not just isolated and disjunctive points of law, but the case in its entirety. Covering such cases as the landmark *Times v. Sullivan* (1964) and the provocative and timely flag burning case of *Texas v. Johnson* (1989) this book is ideal for students of journalism, especially as a reference for courses in media law. Anyone interested in privacy and First Amendment issues will find *The Supreme Court and the Mass Media* a source of stimulating ideas. The case summaries are divided into six sections: historical background and legal context; immediate circumstances; narrative summary of the Court's opinion; ruling; narrative summary of concurring and dissenting opinions; significance of the case. The book places each case in its historical and legal context, often connecting particular issues to past and future decisions. More often than not the summaries of the decisions include the Court's own words allowing the reader an objective review.

define clear and present danger test: *The State and Federal Courts* Christopher P. Banks, 2017-01-26 How does the American judiciary impact the development of legal and social policies in the United States? How are the state and federal court systems constructed? This book answers these questions and many others regarding politics, the U.S. courts, and society. This single-volume work provides a comprehensive and contemporary treatment of the historical development of state and federal courts that clearly documents how they have evolved into significant political institutions. It addresses vital and highly relevant subjects such as the constitutional origins of courts, the nature of judicial selection and service, and the organization of courts and their administration. The book explains civil and criminal legal proceedings, the political impact of judicial rulings, and the restraints placed upon the exercise of judicial powers. Readers will come away with an understanding of the key principles of constitutional interpretation and judicial review as well as judicial independence, what factors affect access to courts, the underlying politics of state judicial campaigns, and the confirmation of presidential appointments to the federal bench. The book covers historical and contemporary court perspectives on major issues, such as same-sex marriage, the Affordable Care Act, campaign financing, gun rights, free speech and religious freedom, racial discrimination, affirmative action, criminal procedure and punishments, property rights, and voting rights.

define clear and present danger test: Deciding Communication Law Susan Dente Ross, 2004 This advanced-level communication law text provides guided readings, introductory legal material, case reading lists, and questions to guide student reading, in addition to the cases. For graduate communication law courses in media and law programs.

define clear and present danger test: The Law of Public Communication William E. Lee, Daxton R. Stewart, Jonathan Peters, 2024-08-01 This thoroughly updated classic textbook provides an overview of communication and media law, including the most current legal developments. It explains laws affecting the daily work of writers, broadcasters, public relations practitioners, photographers, bloggers and other public communicators. By outlining statutes and cases in an accessible manner, even to students studying law for the first time, the authors ensure that readers acquire a firm grasp of the legal issues affecting the media. The book examines legal topics such as libel, privacy, intellectual property, obscenity and access to information, considering the development and current standing of relevant laws and important cases. It examines how these laws affect public, political and commercial communication. The 13th edition covers contemporary U.S. Supreme Court cases, including the *true threats* case *Counterman v. Colorado*, the *Andy Warhol* fair

use case and the Jack Daniel's trademark parody case. It also presents the Biden administration's revision of policy on the use of subpoenas and search warrants to uncover reporters' confidential sources along with the gag orders imposed by courts handling criminal and civil trials in which Donald Trump is a defendant. Further cases explored include the attacks by legislatures against the LGBTQ community, exemplified by a Tennessee law banning drag performances, and the emerging issues presented by artificial intelligence and the content moderation policies of social media platforms. The Law of Public Communication is an ideal core textbook for undergraduate and graduate courses in communication law and mass media law. A test bank for instructors is available at www.routledge.com/9781032676388

define clear and present danger test: Untangling the Web of Hate Brett A. Barnett, 2007 The Internet has provided hate groups with a relatively easy and cost-effective way to make their rhetoric of hatred available to an audience of millions. Realizing the Internet's communication potential, hate groups have posted an increasing number of online hate sites, websites containing content that disparages a particular class of people. As the number of Internet hate sites has increased, the U.S. government has been called upon to ban these controversial websites. This comprehensive study explores whether there is a First Amendment basis for regulating U.S.-based hate sites. It identifies the various First Amendment tests developed by the federal courts for assessing the constitutionality of both non-mass-mediated hateful speech and Internet content, then examines a sample of U.S.-based hate sites to ascertain whether they contain constitutionally proscribable content under those standards. The study is unique in that it examines websites maintained by several different kinds of U.S.-based hate groups: Ku Klux Klan, neo-Nazi, racist Skinhead, Christian Identity, Black separatist, neo-Confederate, White conservative, and pro-Jewish. Untangling the Web of Hate: Are Online Hate Sites Deserving of First Amendment Protection? is a valuable resource for anyone seeking to learn more about the content and constitutionality of Internet hate sites.

define clear and present danger test: **AmGov** Christine Barbour, 2020-11-29 All the fundamentals. No fluff. Learn more with less! AmGov: Long Story Short helps students learn the nuts and bolts of American Government. Unlike competitors, this bestseller responds to the need for quick studying and skimming by design—the succinct ten chapters are separated by tabs that make it easy to flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations, and arrows walk students through important facts and break up the material in short, engaging bites of information. Though brief, the Second Edition of this core book is still robust and current enough to provide everything that students need to be successful in their American Government course. Whether for the on-the-go student who doesn't have time to read and digest a lengthy chapter, or for the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, AmGov provides a perfectly simplified foundation for a successful American Government course. This title is accompanied by a complete teaching and learning package. Contact your SAGE representative to request a demo. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. Assignable Video with Assessment Assignable video (available with SAGE Vantage) is tied to learning objectives and curated exclusively for this text to bring concepts to life. Watch a sample video now. LMS Cartridge: Import this title's instructor resources into your school's learning management system (LMS) and save time. Don't use an LMS? You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. Learn more. Access this week's topic.

define clear and present danger test: **The Law of Public Communication** Kent R.

Middleton, William E. Lee, Daxton Stewart, 2016-07-07 The Law of Public Communication provides an overview of media law that includes the most current legal developments today. It explains the laws affecting the daily work of writers, broadcasters, advertisers, cable operators, Internet service providers, public relations practitioners, photographers, bloggers, and other public communicators. Authors Kent R. Middleton, William E. Lee, and Daxton R. Stewart take students through the basic legal principles and methods of analysis that allow students to study and keep abreast of the rapidly changing field of public communication. By providing statutes and cases in a cohesive manner that is understandable, even to students studying law for the first time, the authors ensure that students will acquire a firm grasp of the legal issues affecting the media. This 2017 Update brings the Ninth Edition up to date with the most recent cases and examples affecting media professionals and public communicators.

define clear and present danger test: Free Speech On Trial Richard A. Parker, 2003-07-21 Describes landmark free speech decisions of the Supreme Court while highlighting the issues of language, rhetoric, and communication that underlie them. At the intersection of communication and First Amendment law reside two significant questions: What is the speech we ought to protect, and why should we protect it? The 20 scholars of legal communication whose essays are gathered in this volume propose various answers to these questions, but their essays share an abiding concern with a constitutional guarantee of free speech and its symbiotic relationship with communication practices. Free Speech on Trial fills a gap between textbooks that summarize First Amendment law and books that analyze case law and legal theory. These essays explore questions regarding the significance of unregulated speech in a marketplace of goods and ideas, the limits of offensive language and obscenity as expression, the power of symbols, and consequences of restraint prior to publication versus the subsequent punishment of sources. As one example, Craig Smith cites *Buckley vs. Valeo* to examine how the context of corruption in the 1974 elections shaped the Court's view of the constitutionality of campaign contributions and expenditures. Collectively, the essays in this volume suggest that the life of free speech law is communication. The contributors reveal how the Court's free speech opinions constitute discursive performances that fashion, deconstruct, and reformulate the contours and parameters of the Constitution's guarantee of free expression and that, ultimately, reconstitute our government, our culture, and our society.

define clear and present danger test: Speaking Freely Philippa Strum, 2015-11-09 Anita Whitney was a child of wealth and privilege who became a vocal leftist early in the twentieth century, supporting radical labor groups such as the Wobblies and helping to organize the Communist Labor Party. In 1919 she was arrested and charged with violating California's recently passed laws banning any speech or activity intended to change the American political and economic systems. The story of the Supreme Court case that grew out of Whitney's conviction, told in full in this book, is also the story of how Americans came to enjoy the most liberal speech laws in the world. In clear and engaging language, noted legal scholar Philippa Strum traces the fateful interactions of Whitney, a descendant of Mayflower Pilgrims; Supreme Court Justice Louis D. Brandeis, a brilliant son of immigrants; the teeming immigrant neighborhoods and left wing labor politics of the early twentieth century; and the lessons some Harvard Law School professors took from World War I-era restrictions on speech. Though the Supreme Court upheld Whitney's conviction, it included an opinion by Justice Brandeis—joined by Justice Oliver Wendell Holmes, Jr.—that led to a decisive change in the way the Court understood First Amendment free speech protections. Speaking Freely takes us into the discussions behind this dramatic change, as Holmes, Brandeis, Judge Learned Hand, and Harvard Law professors Zechariah Chafee and Felix Frankfurter debate the extent of the First Amendment and the important role of free speech in a democratic society. In Brandeis's opinion, we see this debate distilled in a statement of the value of free speech and the harm that its suppression does to a democracy, along with reflections on the importance of freedom from government control for the founders and the drafters of the First Amendment. Through *Whitney v. California* and its legacy, Speaking Freely shows how the American approach to speech, differing as it does that of every other country, reflects the nation's unique history. Nothing

less than a primer in the history of free speech rights in the US, the book offers a sobering and timely lesson as fear once more raises the specter of repression.

define clear and present danger test: The Encyclopedia of Civil Liberties in America David Schultz, John R. Vile, 2015-04-10 Driven by the growing reality of international terrorism, the threats to civil liberties and individual rights in America are greater today than at any time since the McCarthy era in the 1950s. At this critical time when individual freedoms are being weighed against the need for increased security, this exhaustive three-volume set provides the most detailed coverage of contemporary and historical issues relating to basic rights covered in the United States Constitution. The Encyclopedia of Civil Liberties in America examines the history and hotly contested debates surrounding the concept and practice of civil liberties. It provides detailed history of court cases, events, Constitutional amendments and rights, personalities, and themes that have had an impact on our freedoms in America. The Encyclopedia appraises the state of civil liberties in America today, and examines growing concerns over the limiting of personal freedoms for the common good. Complete with selected relevant documents and a chronology of civil liberties developments, and arranged in A-Z format with multiple indexes for quick reference, The Encyclopedia of Civil Liberties in America includes in-depth coverage of: freedom of speech, religion, press, and assembly, as outlined in the first amendment; protection against unreasonable search and seizure, as outlined in the fourth amendment; criminal due process rights, as outlined in the fifth, sixth, seventh, and eighth amendments; property rights, economic liberties, and other rights found within the text of the United States Constitution; Supreme Court justices, presidents, and other personalities, focusing specifically on their contributions to or effect on civil liberties; concepts, themes, and events related to civil liberties, both practical and theoretical; court cases and their impact on civil liberties.

define clear and present danger test: Eternally Vigilant Lee C. Bollinger, Geoffrey R. Stone, 2018-06-01 While freedom of speech has been guaranteed us for centuries, the First Amendment as we know it today is largely a creation of the past eighty years. Eternally Vigilant brings together a group of distinguished legal scholars to reflect boldly on its past, its present shape, and what forms our understanding of it might take in the future. The result is a unique volume spanning the entire spectrum of First Amendment issues, from its philosophical underpinnings to specific issues like campaign regulation, obscenity, and the new media. With group efforts, such as this collection of essays, it is almost inevitable that there will be a couple—and often several—duds among the bunch, or at least a dismaying repetition of ideas. Such is not the case here. . . . Whether one agrees with a given author or not (and it is possible to do both with any of the essays), each has something to add. Overall, Eternally Vigilant is a thoughtful and thought-provoking book, consistently intelligent and, at times, brilliant.—Richard J. Mollot, New York Law Journal Contributors: Lillian R. BeVier Vincent Blasi Lee C. Bollinger Stanley Fish Owen M. Fiss R. Kent Greenawalt Richard A. Posner Robert C. Post Frederick Schauer Geoffrey R. Stone David A. Strauss Cass R. Sunstein

define clear and present danger test: *Proposed Internal Security Act of 1968* United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1968

define clear and present danger test: The Supreme Court in Conference (1940-1985) Del Dickson, 2001-07-12 The Supreme Court in Conference offers a fascinating and unprecedented look at the private debates between Justices on nearly 300 landmark cases from 1940-1985. Major decisions such as *Roe v. Wade* and *Brown v. Board of Education* are covered and the notes of Justices Felix Frankfurter, William O. Douglas, Frank Murphy, Robert Jackson, Harold Burton, Tom Clark, Earl Warren and William Brennan are opened to shed light on what goes on behind the closed doors of the secretive conference room. In this unique and revealing work on some of the most profound rulings made at a turbulent time in American history, the reader is given insight into how and why certain decisions were reached. With expert editing by Del Dickson—who provides annotations and an introduction to each case, placing them in legal and historical context—cases on issues such as free speech, the rights of the accused, religion, Presidential power, equal protection,

affirmative action and the death penalty are discussed. Dickson also includes a lively and incisive history of the Supreme Court, from its beginning to the present, illuminating how the conference works, how it has evolved, its various animosities, triumphant successes and glaring failures. As the first major reference work on this subject, this easy-to-use book offers the most reliable evidence available on the internal workings of the Supreme Court. It is the ideal source for scholars, law students, historians and anyone interested in how Supreme Court decisions are truly made.

define clear and present danger test: The Mass Internment of Japanese Americans and the Quest for Legal Redress Charles J. McClain, 2013-09-05 In 1942 U.S. military authorities, invoking a presidential order and an Act of Congress, forcibly evacuated over 110,000 persons of Japanese ancestry, most of them U.S. citizens, from their homes on the West Coast to what in fact were prison camps inland. The essays and articles in this volume explore this most extraordinary episode in American constitutional history.

define clear and present danger test: *American Government* Cal Jillson, 2018-06-13 American Government: Constitutional Democracy Under Pressure highlights the necessary tension between our constitutional principles and institutions and the populist heat that sometimes roils our national politics, especially at the current political moment. Our constitutional democracy has been under pressure for some time, but few would deny that fears for its fate have deepened in just the past few years. We assume that our political institutions will limit and contain contemporary populism, just as the Founders intended and as they have in the past, but will they? An increasingly polarized electorate, urging their representatives to fight and never to compromise, may be stressing Constitutional limits. This new, compact core text offers to help American government teachers lead their students to a nuanced theoretical and practical understanding of what is happening in the politics of their Constitutional democracy today. A new, brief edition of Jillson's American Government text that is compact yet comprehensive. The Constitutional Democracy Under Pressure theme is timely and provocative. Puts contemporary trends toward polarization and populism in context.

define clear and present danger test: *Learned Hand's Court* Marvin Schick, 2019-12-01 Originally published in 1970. This is a study of one of the most highly respected tribunals in the history of the English-speaking world—the United States Court of Appeals for the Second Circuit. Situated in Manhattan, the Second Circuit Court, serving New York, Connecticut, and Vermont, is the most important commercial court in the country. But, like other inferior courts, it has never been studied in depth. Marvin Schick provides a comprehensive analysis. From 1941 to 1951, Learned Hand presided over the Second Circuit as chief judge, and the court bore his stamp. But on its bench sat other men of great competence, judges Thomas W. Swan, August N. Hand, and Harrie B. Chase, as well as Charles E. Clark and Jerome N. Frank, whose constant disagreement characterized much of the court's work. Schick studies the Second Circuit Court from several angles: historical, biographical, behavioral, and case analytical. He tells a history of the court from its origins in 1789. He provides biographical sketches of the six judges who sat during Learned Hand's tenure as chief judge. He analyzes the many decisions handed down by the court, including the precedent setters. He examines the court's decision-making process, especially its unique procedures such as the memorandum system, which requires from the judges preliminary opinions in the cases they hear. A novel feature of this book is the correlation of votes of the Second Circuit judges with subsequent decisions of the Supreme Court. Schick was aided in his study by having access to the private papers of Judge Clark. These thousands of memoranda and letters throw much light on the workings of the Second Circuit Court and reveal the bargaining that went on among the judges in difficult cases. The Clark papers make possible a clearer understanding of the incessant conflict between Clark and Frank and show how this unusual relationship gave vitality to the Second Circuit.

define clear and present danger test: *Illustrated Great Decisions of the Supreme Court* Tony Mauro, 2005-12-07 Acclaimed by researchers, students, and general readers, this informative, lively, and easy-to-use volume fills the public need for information about key recent and historical cases before the U.S. Supreme Court. Now significantly updated, this new edition includes all the new major cases-over twenty five in total-handed down by the Court since the first edition was published in 2000. The new entries include many high-profile cases that have stirred public controversy, including: *Boy Scouts of America v. Dale* (2000), granting the right to exclude homosexuals from leadership positions in the Boy Scouts; *Bush v. Gore* (2000), ceasing ballot recounts in the 2000 presidential election; *PGA Tour v. Martin* (2001), obliging the PGA to accommodate a disabled golfer; *Lawrence v. Texas* (2003), stating that a law criminalizing same-sex sodomy violates due process; *Gratz/Grutter v. Bollinger* (2003), stating that an affirmative action program to achieve diversity in universities may or may not violate the equal protection clause, depending on how it's implemented. In each of the over 100 cases summarized, author Tony Mauro succinctly describes the decision, provides background and facts of the case, the vote and highlights of the decision with verbatim excerpts, and, in conclusion, discusses the long-term impact of the decision on United States citizens and U.S. society. Topic search aids let readers easily trace the evolution and impact of rulings in particular issue areas. Added features also enhance the volume, including many new portraits, political cartoons, and drawings, a comprehensive bibliography and an easy-to-access case/subject index. A perfect starting point for research on Supreme Court decisions, this newly updated volume is an essential addition to every public, high school, and college library.

define clear and present danger test: *Encyclopedia of American Civil Rights and Liberties [4 volumes]* Kara E. Stooksbury, John M. Scheb II, Otis H. Stephens Jr., 2017-09-21 Thoroughly updated and featuring 75 new entries, this monumental four-volume work illuminates past and present events associated with civil rights and civil liberties in the United States. This revised and expanded four-volume encyclopedia is unequalled for both the depth and breadth of its coverage. Some 650 entries address the full range of civil rights and liberties in America from the Colonial Era to the present. In addition to many updates of material from the first edition, the work offers 75 new entries about recent issues and events; among them, dozens of topics that are the subject of close scrutiny and heated debate in America today. There is coverage of controversial issues such as voter ID laws, the use of drones, transgender issues, immigration, human rights, and government surveillance. There is also expanded coverage of women's rights, gay rights/gay marriage, and Native American rights. Entries are enhanced by 42 primary documents that have shaped modern

understanding of the extent and limitations of civil liberties in the United States, including landmark statutes, speeches, essays, court decisions, and founding documents of influential civil rights organizations. Designed as an up-to-date reference for students, scholars, and others interested in the expansive array of topics covered, the work will broaden readers' understanding of—and appreciation for—the people and events that secured civil rights guarantees and concepts in this country. At the same time, it will help readers better grasp the reasoning behind and ramifications of 21st-century developments like changing applications of Miranda Rights and government access to private Internet data. Maintaining an impartial stance throughout, the entries objectively explain the varied perspectives on these hot-button issues, allowing readers to draw their own conclusions.

define clear and present danger test: Freedom of Expression in the 21st Century Robert Trager, Donna L. Dickerson, 1999-01-25 An ideal supplement for any course with the goal to make free speech issues meaningful and relevant to young media professionals today. Features of the text: INTERACTIVE - it helps instructors engage students in meaningful discussions about current free speech issues. It presents situations, often taken from court cases, followed by questions that challenge students to clarify and justify their own beliefs about freedom of expression. INTERNATIONAL - communicates how and why countries and governments, other than the United States, deal with free speech issues in different ways. NEUTRAL- not a flag-waving catechism for the American way. Asks difficult questions as to whether the freedoms many U. S. citizens take for granted are the best approach to some issues. It develops critical thinking skills.

define clear and present danger test: Nomination of Robert H. Bork to be Associate Justice of the Supreme Court of the United States United States. Congress. Senate. Committee on the Judiciary, 1989

define clear and present danger test: The First Amendment KROTOSZYNSKI, Lyrrisa Barnett Lidsky, Caroline Mala Corbin, Timothy Zick, 2022-09-14 Buy a new version of this textbook and receive access to the Connected eBook on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities, plus an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. The First Amendment: Cases and Theory, Fourth Edition is a comprehensive and up to date First Amendment casebook that covers freedom of speech, freedom of association, and religious liberties. The First Amendment: Cases and Theory, Fourth Edition, uses the case method to elucidate theory and doctrine. In an area rife with multi-factor tests, mastery of First Amendment theory and doctrine requires more than rote memorization of three- and four-part tests; it requires a firm foundation in the underlying theories and purposes that animate the Supreme Court's decisions. No less important, the casebook also includes Theory Applied Problems at the end of each major section. These Theory Applied Problems provide an easy and convenient means to assess students' mastery of the relevant theories and precedents. The editors also have included carefully targeted coverage of how other constitutional democracies, such as Canada and Germany, have reached very different conclusions regarding the scope and meaning of expressive freedom. All major contemporary free expression and religious liberty controversies receive coverage, with helpful notes to answer student questions and deepen their understanding of the subject areas. The First Amendment: Cases and Theory is a highly teachable casebook suitable for a standard three-hour survey of the First Amendment, but also for more focused courses on the Speech, Press, Assembly Clauses, and the Religion Clauses. New to the 4th Edition: Revised chapters on basic free speech doctrines including low value speech, content neutrality, symbolic conduct, and freedom of association Addition of recent major Supreme Court decisions on free expression, free exercise of religion, and the Establishment Clause Consideration of how social media affects freedom of expression Professors and students will benefit from: Completely revised and updated coverage - including coverage of the Supreme Court's major First Amendment decisions since publication of the Third Edition Comprehensive coverage of contemporary major free speech and religious freedom controversies that are likely to generate future landmark Supreme Court precedents in the years to come Suitable for adoption in comprehensive First Amendment survey courses as well as more

narrowly focused courses on the Speech, Press, and Assembly Clauses or the Religion Clauses The perspective of Tim Zick, a noted expert on freedom of expression, as a new casebook coauthor Covers cutting edge free speech controversies such as sexting, revenge porn, racist trademarks, government speech, and student speech rights in the age of the internet Places doctrinal developments into a coherent historical narrative that shows the evolving nature of First Amendment doctrine Includes targeted coverage of free speech rules in foreign jurisdictions that have considered, but rejected, the U.S. approach in important areas such as libel, hate speech, national security, and sexually explicit speech Reorganized and updated coverage of foundational free speech and association doctrines Completely reorganized and updated coverage of the Religion Clauses Includes up-to-date coverage of the growing conflicts over religious exemptions to anti-discrimination laws for individuals, churches, and businesses. Includes dedicated coverage of the Religious Freedom Restoration Act (RFRA) and state RFRAs Presents the Lemon, endorsement, coercion, and history and tradition tests for Establishment Clause challenges Separation of church and state cases in multiple areas from vouchers to creationism in schools to government sponsored Latin crosses to legislative prayers. Provides comprehensive coverage of the First Amendment in a casebook that can still be taught cover-to-cover in a standard three-hour survey course format without requiring the instructor to make selective coverage decisions

define clear and present danger test: Balancing Constitutional Rights Jacco Bomhoff, 2013-12-19 The language of balancing is pervasive in constitutional rights jurisprudence around the world. In this book, Jacco Bomhoff offers a comparative and historical account of the origins and meanings of this talismanic form of language, and of the legal discourse to which it is central. Contemporary discussion has tended to see the increasing use of balancing as the manifestation of a globalization of constitutional law. This book is the first to argue that 'balancing' has always meant radically different things in different settings. Bomhoff uses detailed case studies of early post-war US and German constitutional jurisprudence to show that the same unique language expresses both biting scepticism and profound faith in law and adjudication, and both deep pessimism and high aspirations for constitutional rights. An understanding of these radically different meanings is essential for any evaluation of the work of constitutional courts today.

define clear and present danger test: Reform of the Federal Criminal Laws United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Criminal Laws and Procedures, 1971

define clear and present danger test: Corwin on the Constitution Edward S. Corwin, 2019-06-30 Edward S. Corwin (1878-1963) is widely recognized as the most eminent commentator on the Constitution in our century. Largely because Corwin died before he could write the single definitive work he had planned, the political scientist Richard Loss has spent over a decade compiling and editing a three-volume collection of Corwin's major essays. Loss has chosen twelve essays for the final volume that state Corwin's arguments in political thought and constitutional law. They are responsive to the theme of limitations on governmental power. The editor has organized the essays under the headings The Limits of Governmental Power over Property and Business, Governmental Action and Personal and Social Rights, and A Nation and the States. He has also included Corwin's spirited and previously unpublished address The New Deal in the Light of American Political and Constitutional Ideas.

Define Clear And Present Danger Test Introduction
