**def jam fight for ny cast: Def Jam, Inc.** Stacy Gueraseva, 2011-03-30 In the early '80s, the music industry wrote off hip-hop as a passing fad. Few could or would have predicted that the improvised raps and raw beats busting out of New York City's urban underclass would one day become a multimillion-dollar business and one of music's most lucrative genres. Among those few were two visionaries: Russell Simmons, a young black man from Hollis, Queens, and Rick Rubin, a Jewish kid from Long Island. Though the two came from different backgrounds, their all-consuming passion for hip-hop brought them together. Soon they would revolutionize the music industry with their groundbreaking label, Def Jam Records. Def Jam, Inc. traces the company's incredible rise from the NYU dorm room of nineteen-year-old Rubin (where LL Cool J was discovered on a demo tape) to the powerhouse it is today; from financial struggles and scandals—including The Beastie Boys's departure from the label and Rubin's and Simmons's eventual parting—to revealing anecdotes about artists like Slick Rick, Public Enemy, Foxy Brown, Jay-Z, and DMX. Stacy Gueraseva, former editor in chief of Russell Simmons's magazine, Oneworld, had access to the biggest players on the scene, and brings you real conversations and a behind-the-scenes look from a decade—and a company—that turned the music world upside down. She takes you back to New York in the '80s, when late-night spots such as Danceteria and Nell's were burning with young, fresh rappers, and Simmons and Rubin had nothing but a hunch that they were on to something huge. Far more than just a biography of the two men who made it happen, Def Jam, Inc. is a journey into the world of rap itself. Both an intriguing business history as well as a gritty narrative, here is the definitive book on Def Jam—a must read for any fan of hip-hop as well as all popular-culture junkies. From the Hardcover edition.

**def jam fight for ny cast: Historical Dictionary of African American Cinema** S. Torriano Berry, Venise T. Berry, 2007-01-26 On 4 July, 1910, in 100-degree heat at an outdoor boxing ring near Reno, Nevada, film cameras recorded\_and thousands of fans witnessed\_former heavyweight champion Jim Jeffries' reluctant return from retirement to fight Jack Johnson, a black man. After 14 grueling rounds, Johnson knocked out Jeffries and for the first time in history, there was a black heavyweight champion of the world. At least 10 people lost their lives because of Johnson's victory and hundreds more were injured due to white retaliation and wild celebrations in the streets. Public screenings received instantaneous protests and hundreds of cities barred the film from being shown. Congress even passed a law making it a federal offense to transport moving pictures of prizefights across state lines, and thus the most powerful portrayal of a black man ever recorded on film was made virtually invisible. This is but one of the hundreds of films covered in the Historical Dictionary of African American Cinema, which includes everything from *The Birth of a Nation* to *Crash*. In addition to the films, brief biographies of African American actors and actresses such as Sidney Poitier, James Earl Jones, Halle Berry, Eddie Murphy, Whoopi Goldberg, Denzel Washington, and Jamie Foxx can be found in this reference. Through a chronology, a list of acronyms and abbreviations, an introductory essay, a bibliography, appendixes, black-&-white photos, and hundreds of cross-referenced dictionary entries on actors, actresses, movies, producers, organizations, awards, film credits, and terminology, this book provides a better understanding of the role African Americans played in film history.
