finnfest 2023 duluth mn: *A Notion of Pelicans* Donna Salli, 2016-09-19 On a windblown bluff above Lake Superior sits a fieldstone church. Founded one hundred years ago after a puzzling encounter with a flock of pelicans le'aves Lavinia with a curious notion, Pelican Church still draws inquisitive souls to its pews with the legend that one solitary bird still circles overhead, watching. These people have notions of their own -- a pastor's wife wants a honeymoon, a professor has harebrained ideas, a business owner is in everyone's face, a young actress can do or be anything onstage yet struggles with every real-life decision -- and their stories, tucked away for years, unfold and glide onto the pages of Donna Salli's intimate debut novel. The people of Pelican Church are oh-so-human and expose their mix of shifting hopes and obsessions, protected infidelities, and notions gone awry as one October day swings from sun-up to sundown under the watchful gaze of a single pelican.

finnfest 2023 duluth mn: *Jean Sibelius* Daniel M. Grimley, 2025-03-15 An illuminating investigation into the interdisciplinary impact of the beloved modern classical composer. Few composers have enjoyed such critical acclaim—or longevity—as Jean Sibelius, who died in 1957 aged ninety-one. Always more than simply a Finnish national figure, an “apparition from the woods” as he ironically described himself, Sibelius’s life spanned turbulent and tumultuous events, and his work is central to the story of late-nineteenth- and early-twentieth-century music. This book situates Sibelius within a rich interdisciplinary environment, paying attention to his relationship with architecture, literature, politics, and the visual arts. Drawing on the latest developments in Sibelius research, it is intended as an accessible and rewarding introduction for the general reader, and it also offers a fresh and provocative interpretation for those more familiar with his music.

finnfest 2023 duluth mn: *Anarchist Pedagogies* Robert H. Haworth, 2012-08-01 Education is a challenging subject for anarchists. Many are critical about working within a state-run education system that is embedded in hierarchical, standardized, and authoritarian structures. Numerous individuals and collectives envision the creation of counterpublics or alternative educational sites as possible forms of resistance, while other anarchists see themselves as “saboteurs” within the public arena—believing that there is a need to contest dominant forms of power and educational practices from multiple fronts. Of course, if anarchists agree that there are no blueprints for education, the question remains, in what dynamic and creative ways can we construct nonhierarchical, anti-authoritarian, mutual, and voluntary educational spaces? Contributors to this edited volume engage readers in important and challenging issues in the area of anarchism and education. From Francisco Ferrer’s modern schools in Spain and the Work People’s College in the United States, to contemporary actions in developing “free skools” in the U.K. and Canada, to direct-action education such as learning to work as a “street medic” in the protests against neoliberalism, the contributors illustrate the importance of developing complex connections between educational theories and collective actions. Anarchists, activists, and critical educators should take these educational experiences seriously as they offer invaluable examples for potential teaching and learning environments outside of authoritarian and capitalist structures. Major themes in the volume include: learning from historical anarchist experiments in education, ways that contemporary anarchists create dynamic and situated learning spaces, and finally, critically reflecting on theoretical

frameworks and educational practices. Contributors include: David Gabbard, Jeffery Shantz, Isabelle Fremeaux & John Jordan, Abraham P. DeLeon, Elsa Noterman, Andre Pusey, Matthew Weinstein, Alex Khasnabish, and many others.

This book explores Finnishness, multilingualism and identities of young people with Finnish background in Sweden. What does it mean to grow up in a Finnish family in Sweden? Who are real Finns and what does it take to be(come) one? Is a shared minority language essential for the survival of the minority, or can a minority culture stay viable without it? What is Finnishness and who, in the end, can define ethnicity? How to make sense of, and how to present interviews that are rich with imitations of accents, jokes and laughter? *Representations of Finnishness in Sweden* is an ethnographic interview study in the domain of applied language studies. This book is aimed at readers interested in sociolinguistics, linguistic ethnography, and the study of identities. finnfest 2023 duluth mn: Johnny's Pheasant Cheryl Minnema, 2019-11-01 An encounter with a pheasant (which may or may not be sleeping) takes a surprising turn in this sweetly serious and funny story of a Native American boy and his grandma Pull over, Grandma! Hurry!" Johnny says. Grandma does, and Johnny runs to show her what he spotted near the ditch: a sleeping pheasant. What Grandma sees is a small feathery hump. When Johnny wants to take it home, Grandma tries to tell him that the pheasant might have been hit by a car. But maybe she could use the feathers for her craftwork? So home with Grandma and Johnny the pheasant goes . . . It's hard to say who is most surprised by what happens next—Grandma, Johnny, or the pheasant. But no one will be more delighted than the reader at this lesson about patience and kindness and respect for nature, imparted by Grandma's gentle humor, Johnny's happy hooting, and all the quiet wisdom found in Cheryl Minnema's stories of Native life and Julie Flett's remarkably evocative and beautiful illustrations.

finnfest 2023 duluth mn: *The Midwest Survival Guide* Charlie Berens, 2021-11-16 New York Times Bestseller A hilarious full-color guide to Midwestern culture, from comedian and journalist Charlie Berens, creator of the viral comedic series *The Manitowoc Minute* Have you ever had a goodbye lasting more than four hours? Do you lack the emotional capacity to say "I love you" so you just tell your loved ones to "watch out for deer"? Have you apologized to a stranger because she stepped on your foot? If you answered yes to any of these questions, there's a good chance you're a Midwesterner—or a Midwesterner at heart. Even if you answered no, you probably know someone who held the door for you from two football fields away. He likely waved at you and said, "Hey there," like you organized the church bar crawl together. That was a Midwesterner in the wild. We understand that your interaction was strange—but it's likely to get stranger. Don't wait until they stick their head in your second-floor window to invite you over for a perch fry because they climbed on your roof to clean your gutters. There's no need to pull the pepper spray; this species is helpful by nature. And the relationship could be very symbiotic—but only if you let it happen. And that's where this book comes into play. Inspired by my comedy tours across the Midwest and life growing

up in Wisconsin, this book is an exploration into my favorite region on Earth. Some may think the Midwest is just a bunch of bland flyover states filled with less diversity than a Monsanto monoculture. But scratch that surface with your buck knife and you'll find rich cultures and traditions proving we're more than just fifty shades of milk. So whether you're a born-and-bred Midwesterner looking to sharpen your skill at apologies or a costal elite visiting the in-laws for the holidays, this book will help you navigate the Midwest, with everything from the best flannel looks to dating and mating rituals (yes, casserole is involved) to climbing the corporate corn silo to how to handle a four-way stop—and every backyard brat fry in between. And for those of you who don't like reading, don't worry—we've got pictures! Toss in illustrations, sidebars, quizzes, and jokes worthy of a supper club stall and *The Midwest Survival Guide* is just the walleye-deep look into this distinctive, beautiful, and bizarre American culture you've been looking for.

finnfest 2023 duluth mn: **Gichigami Hearts** Linda LeGarde Grover, 2021-10-26 Award-winning author Linda LeGarde Grover interweaves family and Ojibwe history with stories from Misaabekong (the place of the giants) on Lake Superior Long before there was a Duluth, Minnesota, the massive outcropping that divides the city emerged from the ridge of gabbro rock running along the westward shore of Lake Superior. A great westward migration carried the Ojibwe people to this place, the Point of Rocks. Against this backdrop—Misaabekong, the place of the giants—the lives chronicled in Linda LeGarde Grover's book unfold, some in myth, some in long-ago times, some in an imagined present, and some in the author's family history, all with a deep and tenacious bond to the land, one another, and the Ojibwe culture. Within the larger history, Grover tells the story of her ancestors' arrival at the American Fur Post in far western Duluth more than two hundred years ago. Their fortunes and the family's future are inextricably entwined with tales of marriages to voyageurs, relocations to reservation lands, encounters with the spirits of the lake and wood creatures, the renewal of life—in myth and in art, the search for meaning in the transformations of our day is always vital. Finally, in one man's struggles, age-old tribulations, the intergenerational traumas of extended families and communities, and a uniquely Ojibwe appreciation for the natural and spiritual worlds converge, forging the Ojibwe worldview and will to survive as his legacy to his descendants. Blending the seen and unseen, the old and the new, the amusing and the tragic and the hauntingly familiar, this lyrical work encapsulates a way of life forever vibrant at the Point of Rocks.

finnfest 2023 duluth mn: **Terraria Gigantica** Dana Fritz, 2017-10-01 In a new approach to environmental photography, Dana Fritz explores the world's largest enclosed landscapes: Arizona's

Biosphere 2, Cornwall's Eden Project, and Nebraska's Lied Jungle and Desert Dome at the Henry Doorly Zoo. In these vivaria, plants are grown amid carefully constructed representations of the natural world to entertain and educate tourists while also supporting scientific research. Together, these architectural and engineering marvels stand as working symbols of our complex relationship with the environment. Giant terraria require human control of temperature, humidity, irrigation, insects, weeds, and other conditions to create otherwise impossible ecosystems. While technical demands inform the design of these spaces, the juxtapositions of natural and artificial elements generate striking visual paradoxes that can go unnoticed. Here Fritz turns away from visitors' prepared sight lines, revealing alternate views that dispel the illusion of natural conditions. Inviting questions about what it means to create and contain landscapes, *Terraria Gigantica* inspires contemplation of our ecological future.

finnfest 2023 duluth mn: Dostoyevsky Reads Hegel in Siberia and Bursts into Tears

Laszlo F. Foldenyi, 2020-02-18 An exemplary collection of work from one of the world's leading scholars of intellectual history László F. Földényi is a writer who is learned in reference, taste, and judgment, and entertaining in style. Taking a place in the long tradition of public intellectual and cultural criticism, his work resonates with that of Montaigne, Rilke, and Mann in its deep insight into aspects of culture that have been suppressed, yet still remain in the depth of our conscious. In this new collection of essays, Földényi considers the fallout from the end of religion and how the traditions of the Enlightenment have failed to replace neither the metaphysical completeness nor the comforting purpose of the previously held mythologies. Combining beautiful writing with empathy, imagination, fascination, and a fierce sense of justice, Földényi covers a wide range of topics that include a meditation on the metaphysical unity of a sculpture group and an analysis of fear as a window into our relationship with time.

finnfest 2023 duluth mn: Esther Bubley Bonnie Yochelson, Esther Bubley, 2005 This monograph is dedicated to the career of Esther Bubley, one of America's leading photojournalists. Bubley's mentor was Roy Stryker, for whom she worked at the Office of War Information in Washington, D.C., and at Standard Oil in New York City. Under Stryker, Bubley learned to document the spectacle of modern industry and the lives of ordinary people in a fast-changing world. From the early 1940s to the late 1960s, she also freelanced for national magazines, producing 40 photo-essays for *Life*, a dozen more for the *Ladies' Home Journal's* famous series, *How America Lives* and numerous projects for non-profit organizations and major corporations alike. At a time when career options for women were limited, Bubley rose to the top of an overwhelmingly male-dominated field. The 5,000-word essay by photo historian Bonnie Yochelson explains the working life of a photojournalist during the pre-television era when picture magazines dominated the national media. In collaboration with Yochelson, Tracy Schmid, archivist of the Bubley estate, and Jean Bubley, executor of the estate, contribute original research and interviews with Esther's colleagues and contemporaries, highlighting her achievements and accomplishments. The book includes 75 of her finest images as well as magazine layouts, which illustrate how Bubley's photographs were originally seen by millions of Americans. While Bubley's talent was well recognized at the time--her work was shown in three Museum of Modern Art exhibitions--she was not a celebrity and did little to promote herself. Having received far less attention than she deserves, this book aims to introduce a selection of her best work to a wider audience. Bonnie Yochelson is a photographic historian and freelance curator. In 2001, she co-curated *Esther Bubley: American Photo-Journalist*, at the UBS/PaineWebber Art Gallery in collaboration with the Bubley archive and estate. She is the author of *Berenice Abbott: Changing New York*, *The Complete WPA Project* (1997) and is co-author of *Rediscovering Jacob Riis*

(2005).

Stephen Kuusisto was born legally blind—but he was also raised in the 1950s and taught to deny his blindness in order to pass as sighted. Stephen attended public school, rode a bike, and read books pressed right up against his nose. As an adult, he coped with his limited vision by becoming a professor in a small college town, memorizing routes for all of the places he needed to be. Then, at the age of thirty-eight, he was laid off. With no other job opportunities in his vicinity, he would have to travel to find work. This is how he found himself at Guiding Eyes, paired with a Labrador named Corky. In this vivid and lyrical memoir, Stephen Kuusisto recounts how an incredible partnership with a guide dog changed his life and the heart-stopping, wondrous adventure that began for him in midlife. PICKERING, Stephen Schaitberger, 2021-04-06 Discover the life and legacy of Enmegahbowh, the first Ojibwe Episcopalian priest in the United States who, during the turbulent frontier days of the 1800s, worked for peace, opportunity, and cooperation among peoples. Enmegahbowh was an extraordinary American. He spoke both Ojibwe and English, lived among the Ojibwe, endeavored as a Christian missionary, and participated in the politics of relations and treaties between the Ojibwe, the US government, and the settlers who desired land to log and farm. While Enmegahbowh's first mission was with the Methodists, he eventually connected with Reverend J. Lloyd Breck and was made an Episcopal priest by Bishop Henry Whipple, the first Episcopal bishop of Minnesota. Importantly, Enmegahbowh left a written record of his work, a plenitude of which is presented for the first time in this book. *Stands Before His People* recreates the story of Enmegahbowh's life, from about 1813 to 1901.
