### Introduction:

Are you ready to conquer Midgar and beyond, not just as Cloud Strife, but as a true trophy hunter? The FF7 Remake boasts a rich tapestry of trophies, ranging from simple story progression to challenging feats requiring meticulous gameplay. This comprehensive FF7 Remake trophy guide is your ultimate weapon in securing 100% completion. We'll break down every trophy, offering strategies, tips, and warnings to help you navigate the complexities and secure that platinum trophy with pride. Forget scouring the internet for fragmented information – this guide provides a streamlined, efficient path to glory. Prepare to delve into the deep end of Midgar's challenges and emerge victorious.

### I. Understanding the Trophy System:

Before we dive into individual trophies, let's understand the structure of the FF7 Remake trophy system. The game features a mixture of Bronze, Silver, Gold, and the coveted Platinum trophy. Bronze trophies are typically awarded for completing story milestones, while Silver and Gold trophies often require specific actions, challenges, or mastery of gameplay mechanics. The Platinum trophy, the ultimate prize, is unlocked only after obtaining all other trophies. Note that many trophies are missable, so careful planning is key.

### II. Story-Related Trophies (Easy Wins):

These trophies are earned naturally as you progress through the main story. Don't worry about missing these; simply enjoy the game, and they'll unlock organically. Examples include trophies awarded for completing chapters, reaching certain story points, and defeating major bosses. However, even story-related trophies require some level of engagement, ensuring you are actively participating in gameplay and cutscenes rather than passively watching.

### III. Missable Trophies: A Cautious Approach:

This category is crucial. Several trophies can be easily missed if you're not paying close attention. Key examples include:

**Chapter-Specific Challenges:** Certain chapters present unique opportunities for trophies that may not be repeatable. Our guide will pinpoint these critical junctures.

**Item Collection:** Some trophies require collecting specific items or materials. Missing these during your initial playthrough can mean an entire second playthrough to obtain them. Our detailed walkthrough will help identify these rare items.

**Dialogue Choices:** Specific conversations or dialogue choices may trigger unique trophies. Our guide

will explicitly detail where these critical choices exist.

#### IV. Combat-Focused Trophies: Master the Materia:

Several trophies revolve around mastering the combat system. These aren't just about brute force; they demand strategic thinking and skillful use of Materia and abilities. We'll detail:

**Materia Mastery:** Strategies for maximizing damage, utilizing elemental weaknesses, and effectively employing various Materia combinations.

**Character-Specific Challenges:** Some trophies involve specific character achievements, such as hitting certain thresholds with Cloud's Limit Breaks or utilizing Tifa's unique abilities.

**Boss Battles:** Detailed strategies for challenging boss battles, often requiring a mastery of character roles and Materia combinations. This section will detail specific strategies, item usage, and recommended Materia combinations.

#### V. Hidden Trophies and Secrets:

These are the most challenging trophies to unlock. They often involve exploring every nook and cranny of Midgar, uncovering hidden secrets, and completing optional objectives. This segment will provide detailed walkthroughs, maps, and hints to help you locate:

**Hidden Items and Locations:** Pinpointing the locations of hard-to-find items and secret areas that unlock hidden trophies.

**Optional Challenges:** Providing specific instructions on how to complete optional challenges that may not be immediately obvious.

**Unconventional Strategies:** Highlighting less intuitive strategies that may be required to unlock some of the more obscure trophies.

#### VI. Speedrunning and Efficiency:

For those seeking a platinum trophy with maximum efficiency, this section will outline strategies for streamlining your gameplay:

**Optimal Materia Combinations:** Choosing the best Materia combinations for various scenarios to minimize playthrough time.

**Chapter Skipping Strategies:** Learning when and how to skip unnecessary content to save time.

**Efficient Item Acquisition:** Prioritizing item collection to minimize the time spent on backtracking or repeat playthroughs.

#### VII. Conclusion: Claiming Your Platinum Victory:

Securing the Platinum trophy in FF7 Remake is a significant achievement. This section will recap key strategies, offer additional tips, and congratulate you on your hard-earned victory. We will highlight the most commonly missed trophies and emphasize the importance of planning your playthrough to avoid needless repetition.

Dive into this unique volume that explores the games' origins and provides an original analysis of each installment. Discover a complete analysis of the three installments of the BioSchok Saga! The video game will not have secrets for you anymore ! **EXTRACT** After years marked by total abstruseness, the early 2000s saw the transition of PC games to the world of consoles. In market terms, game consoles had reached a general-public status, ensuring high popularity—but the PC market put up strong resistance, in particular by selling downloadable games through stores such as Steam. Numerous PC-based developers, such as Warren Spector (Deus Ex, Epic Mickey), Peter Molyneux (Populous, Fable), and of course Ken Levine, began developing for consoles. In the same vein, numerous genres that were typically destined for PC gaming began migrating to consoles. This change certainly had numerous causes, one being Microsoft's arrival on the console market with Xbox (with architecture close to a PC). In addition, typical inconveniences in PC development were eliminated (games no longer had to be designed for a wide variety of configurations, as a console by nature has a stable internal architecture). Finally, there was the question of pirating—even though it exists on consoles, it is much more common on PCs. **ABOUT THE AUTHORS** Nicolas Courcier and Mehdi El Kanafi - Fascinated by print media since childhood, Nicolas Courcier and Mehdi El Kanafi wasted no time in launching their first magazine, Console Syndrome, in 2004. After five issues with distribution limited to the Toulouse region of France, they decided to found a publishing house under the same name. One year later, their small business was acquired by another leading publisher of works about video games. In their four years in the world of publishing, Nicolas and Mehdi published more than twenty works on major video game series, and wrote several of those works themselves: Metal Gear Solid. Hideo Kojima's Magnum Opus, Resident Evil Of Zombies and Men, and The Legend of Final Fantasy VII and IX. Since 2015, they have continued their editorial focus on analyzing major video game series at a new publishing house that they founded together: Third. Raphaël Lucas - Raphaël has over fifteen years of experience in the world of video game writing. A reader of Tilt and a fan of a renowned French video game journalist AHL, he first pursued a university éducation. After obtaining a master's degree in history from the University of Paris 1, he then became a freelancer for PC Team before working for Gameplay RPG and PlayMag. In October 2004, he joined the group Future France and worked for Joypad, PlayStation Magazine, Consoles + and Joystick, not to mention a few other

contributions to film magazines. Today, he writes for Jeux Vidéo Magazine as well as the magazine The Game. He is also the co-author of The Legend of Final Fantasy IX.

**ff7 remake trophy guide: Like Killing Rats** Cpl. Osborn R. E. 2258512 USMC survived, 2016-02-02 I Corps, Republic of South Vietnam, bloody 1968 Live the harrowing highs and traumatic lows of one marine youth who finds his seven-month in country war-weary self carrying a field radio burden for a suspect glory-minded forward observer artillery officer who'd yet to learn the undeclared war was a government sham, a political ruse that would one tragic day force the FO team's command structured relationship to a who's responsible head over a short round of friendly artillery, which put their field commander permanently out of action. The resolve-testing war with the North Vietnamese Army, the near immobilizing, ever-swelting jungle mountains and sandy flatlands, the thought-friendly villages, the two of our people executed, the four enemy prisoners executed in turn, as well as President Johnson's bombing halts and retaking enemy positions are the nerve-pickling building blocks shackled themselves together like a confrontation-packed novel about combat-weary vets not taught to run from a political fight either. Experience the combative days, literally sweat the chancy nights, devour the popular songs . . . when lucky enough to hear such haunting sounds as Get Off My Cloud by the Rolling Stones. For one can't simply throw their rifle down and quit! The corps will toss said shameless in the brig for untold years; though a panicked one can steal away into the masking jungle and surrender, yet hard-core enemy will put a bullet through a deserter's enlisted head like a pesky bunker rat, unless one's a commissioned officer, then the VC might keep said alive as a peace-bargaining chip. One may understand the historic reason why many the combat marine during such oh-so-questioning times likened themselves to the politically used, if not correct, title of Uncle Sam's misguided children--know what it's truly like to stalk and be stalked, kill or be killed, fear and be feared.
